

## The Amazing Son In Law Chapter 6140 -

When charlie asked him if he had gone to the temple, Stephen Thompson couldn't help but be shocked.

He didn't know what charlie meant when he asked him, whether he knew his whereabouts, or whether he knew exactly who he was meeting.

However, he was very smart. Since he was surprised, he did not hide his surprise at all. Instead, he asked with surprise, "Master, how do you know?" charlie casually said, "You smell like incense

."

Stephen Thompson suddenly realized, At the same time, I felt relieved.

However, he did not dare to show any relief, but said with a smile, "I went to Yonghe Temple this afternoon. I happened to have nothing to do in the afternoon, so I went to the temple to pay my respects."

charlie nodded without any suspicion in his heart.

Stephen Thompson's status in the Wade family is the highest among all the Wade family members. For him, the job of housekeeper also has a high degree of freedom. It is reasonable for him to take time to burn incense and worship Buddha.

As for why he went to burn incense and worship Buddha, charlie didn't think much about it.

After all, Chinese people go to temples, just like Europeans and Americans go to church, it is a very daily behavior.

So, charlie turned over this topic directly.

But Lin Wan'er on the side glanced at Stephen Thompson a few more times.

She didn't notice much abnormality, but she felt that Stephen Thompson's appearance and impression were more like a staunch atheist. It seemed a bit inconsistent for such a person to go to the temple.

What's more, based on her understanding of Buddhism, although people who devoutly believe in Tantric Tibetan Buddhism are very devout, most of them have a strong utilitarianism, and the vast majority of them seek wealth and power.

This is also the reason why almost all celebrities believe in Tibetan Buddhism.

In Lin Wan'er's opinion, Stephen Thompson's appearance did not look like the kind of person with a strong utilitarianism, so this was somewhat inconsistent.

However, Lin Wan'er is still a human being after all. Not a god, so she just felt strange, but it was difficult to guess more from just a few words.

At this time, Lord Wade on the side asked Charlie, "Charlie, how long do you plan to stay in Eastcliff this time?"

Charlie said truthfully, "I haven't decided yet. The fastest thing is tomorrow afternoon. I want to go there in the morning." Lingshan, go pay homage to your parents."

Lord Wade asked in surprise, "So hasty? It's hard to come here once, why not just stay here for a few more days."

Charlie waved his hand, "It's still not possible. To tell you the truth, I'm here. This time, I mainly want to see if the things my parents left behind can give me some tips or guidance. I plan to take some time to gradually walk all the roads they walked when they were young and visit all the places they visited. ."

Lord Wade nodded slightly and sighed, "Your parents were always mysterious back then, and I didn't understand many things. Since you have the idea of finding out, grandpa also supports you." After that, he

added "Your parents' room and study room have remained the same as they were twenty years ago. I haven't let anyone touch the things inside. Stephen has always been responsible for maintaining them. After dinner, you can go in and look for them. Look, if there's anything unclear, just ask Stephen ."

...

At this moment, Yonghe Palace.

This popular temple is now closed to all visitors.

Lydia (Ava) ( Charlie's mom ) stood in the courtyard, smelling the dense scent of incense in the temple, looking at the bright moon in the sky, with mixed feelings in his heart.

In her heart, she was only thinking about her son charlie , whom she had not seen for twenty years.

At this moment, the distance between Yonghe Temple and the Wade family's old residence is only one or two kilometers. From here, it takes ten minutes to drive to the door of the Wade family's old residence.

But even so, Lydia (Ava) ( Charlie's mom ) still repeatedly told himself that it was not the time to meet his son yet.

Seeing her melancholy alone in the courtyard, the false teacher came forward and asked respectfully, "Madam is only a few streets away from the young master. She must really want to see the young master, right?" Lydia (Ava) ( Charlie's mom ) nodded, "My

son, twenty We haven't seen each other for years, how can we not think about it."

After saying that, Lydia (Ava) ( Charlie's mom ) added, "But thinking about it, now is not the time to meet charlie . Besides, today is not the time when charlie and I are closest. Not long ago, Nannan was there During the concert in New York, I was sitting in the stands, and charlie and Claire were in the box above my head. That was the closest charlie and I had been to each other in the past twenty years." The fake teacher couldn't help but sigh,

" My subordinates were really scared that time... Your parents, younger brothers and sisters were all present at the scene. A slight mistake could lead to a tragedy..."

Lydia (Ava) ( Charlie's mom ) smiled slightly and asked her, "Were you worried that charlie wouldn't be able to do it? Take action?"

The fake master thought for a moment, nodded and said, "My subordinates were a little worried at the time, because you said that the young master

seemed to have some prejudice against your parents, and before that, the young master only gave Miss Gu the pill that could save your father. However, we did not give her the elixir that could cure your father, so I am afraid that if the young master hesitates for a moment, it may be too late. In that case, we must take action in the shortest possible time, but If the young master had not taken action at the first time, we would have missed the best opportunity, and I am afraid casualties would have been unavoidable.”

Lydia (Ava) ( Charlie’s mom ) said seriously, “Although bruce arranged a safe environment for charlie back then, she did not arrange anything for him. Privilege, he has struggled in the mud of Aurous Hill for nearly twenty years, so sometimes he does have some perverseness and gangsterism. His punishment methods for some evildoers are often a little more severe than those for evildoers, but his character I still understand very well that no matter how many misunderstandings and dissatisfaction charlie has in his heart, he will definitely take action immediately.”

<br> After saying that, Lydia (Ava) ( Charlie’s mom ) smiled slightly and said with relief, “Actually, I like charlie’s gangsterism. He has clear love and hate and is rarely restrained by others;” “bruce lacked a bit of gangsterism back then

. He always restrains himself with very high moral standards, so he is restricted by himself in every aspect;”

“charlie is different, he kidnaps himself from an immoral

point of view;” “So what if my grandpa is critically ill? When there is a gap in the heart, The most you can do is save his life. This is the ultimate act of benevolence. No matter how much more, it will be gone.” “

The same thing, if it were a long tassel, he would rather swallow the fly himself than cure my father’s disease in one step.”

False teacher Tai agreed and said, “Master bruce pursues to convince people with virtue, while Master charlie is ‘people respect me one foot, I respect others ten feet; if someone destroys me a drop, I take three measures from them’.” Lydia (Ava) ( Charlie’s mom ) nodded and

said “This is what I appreciate most about charlie . bruce paid so much for the Wade family back then. He is the most qualified and deserving person to

succeed the Wade family's head." After saying that, Lydia (Ava) ( Charlie's mom ) changed the topic and said, "It's a pity,

I At that time, my father-in-law felt that he was strong and was unwilling to delegate power to him early. bruce was also unwilling to take away the inheritance rights of his eldest brother Corran, so everyone kept silent and he never became the head of the Wade family. ;"

"But charlie doesn't have so many worries."

"So what if Corran is his uncle? You have to kneel on Yeling Mountain when you should. So what if Cynthia Wade is his aunt? He should be under house arrest in Aurous Hill City Village. Don't even think about it for a moment;"

"So what if my father-in-law doesn't want to delegate power? It's not up to him whether he wants it or not. charlie can help himself to get the upper hand. What charlie did is very popular with me!"

"Who stipulates that the previous head of the family must agree to be the head of the family? To put it another way, as long as he doesn't dare to object, wouldn't it be fine?"
