

The Amazing Son In Law Chapter 6172 -

Seeing the nervousness on Gunbir's face, Charlie, who had been silent all this time, immediately realized that the sound of the motorcycle engine getting closer and closer outside was probably coming towards him.

At this time, Arman realized that Gunbir might have caused a big trouble, so he asked sternly, "Gunbir, tell me the truth, who did you offend?" Seeing that the matter could not be covered up, Gunbir had to

explain "Uncle Arman, these people here are all members of a new gang in New York..."

Arman exclaimed, "Do you owe loan sharks?!"

Gunbirzi quickly explained, "No, Uncle Arman! They just occupied it two days ago. He went to Chinatown and is now collecting protection money from door to door. He wants three thousand US dollars a month. If he doesn't pay, he will beat people and even threatens to destroy the store." Arman asked with a frown

. "Hasn't Chinatown always been managed by Chinese gangs? In the past few years, the protection fee has been three hundred dollars a month. Why was it suddenly robbed by others?"

Gunbir sighed helplessly and said, "The Chinese gangs followed them last week. There was a fierce battle and heavy losses. Big Viagra has already given up and handed over Chinatown to them..."

Arman was slightly surprised, and then asked him, "What is the background of the new gang? They offered three thousand US dollars a month at the beginning. Isn't it too dark?"

Gunbir said indignantly, "Who says it's not the case! We and several shops around us all start our business early in the morning and stay late at night. We have to pay rent and labor, and because we don't have legal status, we have to go around and do business for a month. You only earn a few thousand dollars after working hard. They want three thousand, which means that everyone is working for them!"

Arman asked again, "What is the origin of this new gang?"

Gunbir replied, “The name of the new gang is burnganl. The Burning Angels are mostly African-Americans and a small number of Latinos from Brooklyn and downtown. It is said that they are supported by Italians. Now the Italians have gradually retreated to the background, no longer come out to fight and kill, and they are unwilling to give up this With part of the profits, he supported a group of ruthless African Americans and established such a gang...”

Arman asked, “Did they beat you for the injuries on your face?”

“Yes...” Gunbir said angrily, “They came to collect protection money. I couldn’t afford that much money, so they beat me up and gave me My deadline is tonight. If I can’t give them the money tonight, they will destroy the store.”

Arman asked again, “Have you called the police?”

“Yes.” Gunbir said dejectedly, “But calling the police is of no use. “You know the situation in New York. The police focus mainly on wealthy areas. When I called the police, they just came to go through the motions and told me that they couldn’t find me.” Arman said angrily, “It’s really unreasonable!

“

Gunbirzi said helplessly, “I called the police and told them that they would come again. The police said that there were not enough police to keep an eye on them. They asked me to call 911 as soon as I saw them, but what’s the use... ...If the other party really came with a gun, I would have died eight times, and the police probably wouldn’t even arrive.”

As he said that, Gunbir sighed and said, “They are American citizens, we are illegal immigrants without status, and the American police don’t care.” Our life and death...”

As he spoke, the roar of the motorcycle had already reached the door of the roast goose shop. Gunbirzi suddenly became more nervous and quickly said to Arman and charlie, “Uncle Arman, Mr. wade, hurry up and go upstairs. !”

charlie simply sat down and said with a smile, “To be honest, I have never seen the underworld collect protection fees. This time it is just right. See what you have learned, Gunbir, go and get me some roast goose rice, and I’ll watch it while I eat.

Gunbir said quickly, “Mr. wade, they really dare to kill people! ” You still...”

Before Gunbir could finish his words, Arman interrupted him, patted him on the shoulder, and said, “The young master asked you to prepare a roast goose rice, so hurry up and prepare it. Get me one to see if your skills have deteriorated. “

At this time, five young black men wearing hip-hop arrogant clothes had already stepped in.

The leader was thin and tall, wearing a large hoodie, with the hood covering his head and half of his face. , with his hands in the front pockets of his hoodie, it looked like he was armed.

The man came in, saw Gunbir, and immediately sneered and said, “Wow, Mr. Goose from China, give me the money I want.” Are you ready? If I don’t get another \$3,000 tonight, I’ll feed you a few bullets, throw you into the Hudson River, and let your body float back to China! Gunbir

became extremely nervous for a moment. Just as he was about to speak, charlie, who was already sitting at the dinner table, interrupted him and urged, “Boss, go and prepare a meal for me. I’m already so hungry that I want to hit someone.” “

Gunbir was stunned and didn’t know what to do. Arman on the side urged him in a low voice, “Hurry up! Gunbir

gritted his teeth and made up his mind and said, “Okay...I’ll go right away...”

After saying that, he turned around and went into the back kitchen.

When the black man at the head saw charlie sending the boss to the back kitchen, he felt a little unhappy and sneered with his lips curled up. He said, “Okay, okay, okay, it seems we have some new business to do here.

After saying that, he sat in front of charlie in an exaggerated manner and said calmly, “Hey, Huaxia guy, who gave you the courage to interrupt before I collect protection money? ” “

charlie smiled, looked at him and asked, “What? If you charge a protection fee, you won’t let the guests eat? Don’t you know that the customer is God? “

Seeing charlie's joking expression, the man immediately realized that he might be with the shop owner, so he said sharply, "Boy, it seems that you don't know much about the situation here. The entire Chinatown, I mean the entire Chinatown in New York, from now on This is our Burning Angel's territory. If you Chinese guys still want to do business here, you must pay protection fees as required by us. Otherwise, I will kill you one by one!" charlie threatened him at all

. He didn't take it seriously, just raised his eyebrows and said with a smile, "I don't have a good temper. I hate being disturbed when eating, so I don't care whether you are a burning angel, a burning wild dog, or a burning rat. If you are If you don't disappear from my presence with your boyfriends quickly, I will let you know what life is worse than death." "

F*ck! Do you think I'm gay?" The man spat on the ground, and then left He took out a 9mm pistol from his pocket, held the trigger, turned it around on the table, then pointed the gun at charlie's head and shouted in a cold voice, "Boy, it seems you haven't tasted bullets. , believe it or not, I'll let you have a taste now?"

charlie raised his eyebrows and said with a smile, "I've made people eat shit, immersed people in iron cages and sunk across rivers, and done human body calligraphy, but I have never tried feeding bullets to others. Since you proposed this novel idea today, we can put it into practice." After saying that, charlie glanced at the gun in his hand and said calmly,

" This gun of yours should use nine millimeter bullets, right? There should be thirteen rounds in the magazine when it is full. With so many bullets, I wonder if you like to chew them or swallow them? "
