Hearing charlie's offer, the corners of Antonio's mouth twitched twice.

He gritted his teeth and smiled and said, "Okay, you are really capable of blackmailing the mafia!"

charlie asked curiously, "Hey, are you a mafia?"

Antonio sneered, "What? Did you just find out?"

After that, he took the thousand dollars back into his wallet and said to charlie with a arrogant look, "Since you know my identity, you can get out now."

charlie He said disdainfully, "You want to send me away without giving me any money. Are you awake?"

Antonio gritted his teeth and said, "Good boy, if you fail to seize the opportunity given to you, then don't blame me!"

After that, he ordered his subordinates. "Break his legs, then drive and throw him a hundred miles away. Move quickly, the VIP is coming soon." Several of his men

immediately walked towards charlie, gearing up.

At this time, a siren sounded, and several police cars quickly drove up.

After the car stopped, more than a dozen police officers got out of several cars. One of them came to Antonio and said, "Antonio, we received a call. Someone said that the Mafia crashed and killed people here. What exactly happened?" Antonio asked slightly

. Startled, then subconsciously looked at charlie.

charlie smiled evilly and immediately said to the police, "Officer, their man hit me with his car. Not only did they not deal with the problem, they also pulled out guns to kill me." As he said that,

he pointed at the mafia member who had just pointed the gun at him. He blurted out, "That's him! He has a gun in his hand!"

Several policemen immediately pointed their guns at the man, and one of them shouted loudly, "Lie down on the ground with your hands on your head, immediately!"

The man didn't know what to do. Well, he knows that shooting by the American police is more common than eating chewing gum. In this case, if he does not cooperate, the other party will probably shoot him to death.

However, the way the American police ask people to cooperate is very hurtful to people's self-esteem because they have so many guns here. The police must ensure that the other party does not pose any threat. They usually hold their heads with their hands, spread their arms, spread their legs, and lie on the ground in a large shape.

It doesn't matter to ordinary people, but to gang members who want to save face, it's no different than kneeling in the street.

Therefore, many face-loving gang members die every year in the United States because of their dignity.

The police asked him to take out his hands and lie on the ground, but he refused to cooperate. Some even put his hands into his pockets provocatively and said, "Can't I take out my phone?"

When the American police encounter such a pretentious person, they will not give him a chance to regret at all. No matter how many policemen are on their side, everyone will empty their magazines in the shortest possible time, and then go back and write a report saying that they think he inserted his hand into There is suspicion of a gun in his pocket, and he can go back to work the next day.

Antonio also felt that it would be a disgrace to his men to lie down here, so he said, "Officer, this is just an ordinary traffic accident. My daughter accidentally hit this gentleman with her car." We are negotiating how to compensate for the car."

The police officer didn't want to make too much trouble with Antonio, so he looked at Charlie and asked, "Sir, is the situation what he said?"

Charlie shook his head and said, "Of course not, he hit me. Not only did he not pay for it, but he also threatened to kill me."

After that, Charlie simply imitated his mother-in-law Elaine's style, sat down on the curb, and said calmly, "I don't care, I'm going to kill you today." Let's see how he kills me here! Also, they all have guns. If you don't deal with it, I will upload it all to the Internet! Let everyone see how the New York police protects the Mafia. ."

Not far away, Gunbir held up his mobile phone and said, "I have already broadcast live on the video website! I also told my friends to record the screen. Later they will record the chapter as unfinished.

The video will be posted to more video websites! When the

police officer heard this, he coughed awkwardly and said to Antonio, "You have also seen what happened today. First of all, you have to resolve this matter properly. Secondly, whoever took out the gun must go back with me to be investigated." "

Antonio was furious.

How could he have imagined that he would be blackmailed and manipulated at the door of his own house.

The key is that he has nothing to do yet.

this time, his confidant walked up to him and whispered He said, "Boss, the distinguished guest will be arriving soon. "

Antonio was suddenly a little nervous.

He didn't want the VIP to see him arguing with others at the door first.

The key was that his daughter hit someone with a car and he was unwilling to compensate for such an embarrassing thing.

In desperation, he just Neng nodded, pulled the subordinate over, took out his pistol from his waist and threw it on the ground, then pushed him to the police and said, "Take him away." After saying that ,

he looked at charlie again and said, "You want one hundred thousand US dollars, right? Wait, I'll have someone get it for you right now." When the policeman heard this

, he looked at charlie dumbfounded and blurted out, "You want \$100,000 from him?" "

Yes." "charlie said matter-of-factly, "I pay a lot for lost work time. One hundred thousand dollars is already a bargain for him.

The policeman swallowed and asked, "You don't know who he is, do you?" "

charlie curled his lips and said, "Do I need to know? The

policeman looked at charlie sympathetically and said seriously, "Listen, this man's name is Antonio Zano. We are here. Of course he won't do anything to you, but after we leave, you have to think about it yourself." I advise you not to rip him off, your car is not expensive, including repairs and lost time, ten thousand US dollars is enough. "

charlie disdainfullyHe said, "Antonio Zano, I've never heard of it. Besides, I don't know how much money I make in a day. Asking him for 100,000 US dollars is a discounted price after giving him face. He also has What are you dissatisfied with?"

Antonio was also confused. He really didn't expect this guy to be so confident and commit suicide like this. This was the only time he had ever seen him.

So, he said to charlie, "Since the police officer is here, don't give me a discount. Tell me the original price."

charlie was not afraid at all and said calmly, "The original price is at least one million! Antonio

noded and gritted his teeth and said, "You are really smart. Let's do this. If you want one million in cash, I may not be able to get it. Please leave me your contact information and address. After I collect the one million, I will send it to you." Go over there."

charlie said disdainfully, "Don't you think it's embarrassing to live in such a big villa and have to pay for one million yuan?"

The policeman just felt his head was buzzing. Fortunately, he didn't understand Chinese, otherwise it would be difficult to persuade him with a kind word. Damn it.

Antonio was also furious.

It's like the chairman of a listed group meets a security guard in a parking lot. You say a thousand things and use guns and sticks to intimidate and induce, but he refuses to let you in!

So, he suppressed the anger in his heart and asked charlie, "Well, you tell me how to solve it, and I'll listen to you." charlie

nodded, pointed to his manor, and said, "I'll go to your house and wait. You can collect one million." Give it to me, I'll take the money and leave, and this matter is over."

Antonio asked in surprise, "You mean, you want to go in and wait?"

"Yes." charlie nodded and said matter-of-factly, "Of course I do. I have to wait at your house, or if you close the door and hide from me, what will I do?"

Antonio suddenly laughed and said, "Okay, since you said so, please come in and sit for a while, and I will arrange someone right away. Go raise money!"
