

The Amazing Son In Law Chapter 6206 -

Seeing that the eight men were lying on the ground instantly, with blood flowing all over the floor, Antonio thought he had seen a ghost, and was so frightened that he turned around and ran away, but at this time His legs had become weak in extreme fear, and he could not move at all.

He was like this, and the same was true for Aman Ramovich.

He stared at charlie in stunned silence, and kept telling him in his heart Himself "I must be dreaming, I must be dreaming! "

Gunbir and Julia were also stunned for a long time, completely unable to believe what they were seeing.

At this time, charlie reached out and took the Beretta pistol from Antonio's hand. He took it over, pointed it at his head, and asked with a smile, "You like to point a gun at other people's heads, don't you?"

Antonio was frightened to death, and he murmured in extreme panic, "No... no... "

When Aman Ramovich saw this situation, he quickly and quietly wanted to exit, but at this time, charlie suddenly pointed the gun at his right knee and decisively pulled the trigger!

boom!

Another gunshot was heard in the wine cellar, and Aman Ramovich hugged his knees and fell to the ground, wailing in pain.

charlie said expressionlessly, "Mr. Aman Ramovich, if you take another step outside, I will hit your Tianling Cap directly with the next shot. Do you think I can knock your Tianling Cap away with one shot?" Aman

Lamovich Vicky quickly cried and said, "I won't leave, I won't leave. Don't worry, Mr. Wade, I will never leave..." "

Mr. Wade?" Antonio, who was covered in cold sweat, came back to his senses and looked at Aman who collapsed on the ground. Ramovich asked in shock, "You...you know him?!"

Before Ramovich could speak, charlie said with a smile, "He called me Mr. Wade when he saw me. Have you forgotten?" "?"

"I...I can't remember clearly..." Antonio was a little stunned and couldn't recall it in his mind.

charlie sneered and said, "Your IQ is indeed very low."

After that, he looked at Aman Ramovich and said with a smile, "Mr. Aman Ramovich, you are good at borrowing a knife to kill someone, but you want to borrow a knife to kill someone." Isn't it a bit too natural to use the same knife that kills chickens to slay dragons?"

Aman Ramovich said in panic, "...Mr. Wade...I didn't mean that..."

charlie waved his hand, "It's not time for you to settle the bill. When we go, I'll pay for this Mr. Zano first."

After that, he looked at Antonio again and said with a smile, "You always said that your daughter should see blood. Now she has seen the blood of so many people, but I haven't seen your blood yet, do you think it's appropriate?"

Julia on the side came to her senses and said quickly, "No! Please don't hurt my dad!"

charlie looked at her and said coldly, "Here You have no right to speak! Your father wants you to watch how he kills me, and I can also let you watch how I kill him!"

Antonio's legs softened with fright, and he knelt on the ground with a thud, crying. Mr. Wade, spare your life... I... I don't dare to be disrespectful to you anymore..."

charlie smiled and said, "Don't be nervous, I don't plan to take your life just yet. I told you that I will take you to see someone later. I want you to have a good chat."

"Thank you, Mr. Wade, thank you, Mr. Wade!"

Upon hearing that charlie did not intend to take his own life, Antonio breathed a sigh of relief and quickly cried and thanked him.

But before he could breathe out, charlie suddenly raised his gun, and there was a bang! A bullet hit his left knee directly, smashing his left knee to pieces, leaving only the flesh and skin stuck together.

Antonio held his left thigh and cried out in pain, but charlie asked him calmly, "Just because I won't kill you yet doesn't mean I won't let you bleed. What are you happy about so early?"

The Amazing Son In Law Chapter 6207 -

Antonio couldn't help but tremble with charlie's ferocity and chill.

And charlie's words made him even more frightened, because he knew that charlie only said that he would not kill him for the time being, but whether to kill him or not, everything depends on his mood.

Thinking of this, he burst into tears and cried to charlie, "Mr. Wade, we really just had a small misunderstanding today. Now you have broken my knee, and I have paid a heavy price." , I hope you can take my sincerity into account and don't be as knowledgeable as me... I really know I'm wrong..."

charlie smiled and said, "Look, why are you crying? Men in Sicily bleed and sweat but don't shed tears. You cry like this in front of your daughter, are you worthy of the Sicilian folks?"

Antonio suddenly felt ashamed.

Although he often talked about the Sicilian spirit, when he was really pointed at a gun and had already received a shot, he just wanted to beg charlie to let him go. At this time, what else could he care about? With the Sicilian spirit, as long as charlie could spare his life, let him take off his pants and run from here to Manhattan, and run three times around Manhattan's Central Park, he would be willing to do so.

There are very few people who are quite successful in a certain field who are not afraid of death.

Even though Antonio has grown up from fighting all the way to today, he is not as brave and fearless as he was when he was young.

When Antonio was young, he was just like those fourteen-year-old and fifteen-year-old young men. His family was impoverished, he had no money, and he

had never enjoyed a good day. When he went out to kill people, he couldn't even afford to take a taxi. You can take a bus with a machete on your back, and you have to evade the fare when taking the bus.

This kind of person doesn't even understand the meaning of life. When alive, he can only take the bus to kill people. When he is dead, he can still lie in an ambulance, so even if he is hit on the forehead with a knife, he is not afraid either.

However, Antonio has hacked his way step by step until today, when he has become the largest mafia boss in New York, he is most afraid of death.

His bravery will only be shown when he absolutely crushes the opponent. For example, ten minutes ago, when he felt that Charlie was just an ant and that he could crush him to death at will, he was completely fearless.

However, when he was at an absolute disadvantage and was likely to lose his life, his bravery had long since disappeared without a trace.

In order to survive and suffer less, Antonio could only cry and said, "Mr. Wade, if you are still not satisfied, I am willing to compensate you with five million US dollars. It is a small gesture..." Charlie

smiled. Laughing, he asked him, "Antonio, how much money do you have in total?"

Antonio looked flustered. While avoiding Charlie's eyes, he hesitated and said, "I... I... I have a net worth of tens of millions of dollars..."

Charlie raised his pistol, put the muzzle against his right cheek, and sneered, "I don't understand. Are you afraid of death or afraid of spending money?" Antonio

trembled with fright, and quickly changed his words, "No, no... I said it wrong... I said it wrong!" Mr. Wade, I... I probably have hundreds of millions of dollars..."

After saying that, Antonio quickly added, "But most of them are real estate..."

Charlie looked at him with a cold expression, and suddenly pulled the trigger in his ear. The huge vibration made Antonio's right ear buzz. He didn't know whether it was the vibration of the gun or other reasons. He only felt his ears

numb. Before he could recover, he felt a stream of heat running along his ears. It flowed onto his cheeks and chin.

He was shocked and subconsciously touched it, only to find that his right ear had been shot off! The

Italian-made Leta 92f pistol has always been the most proud of the Italian Mafia. It is a light weapon, and the power of this pistol is really impressive. The powerful kinetic energy of the muzzle did not pierce Antonio's right ear, but directly smashed it into pieces.

Antonio covered his ears in pain and screamed desperately, and Julia also Crying, she covered her father's ears with her hands and angrily asked charlie, "Are you crazy?" ! Are you a fascist? !

"Fascist? " charlie smiled and said, "I am a Chinese, how can I be a fascist? Unlike your father, this great Sicilian man may have some relatives with Mussolini." "

After that, charlie looked at Julia with a sharp expression and scolded sternly, "This lady from Sicily, I advise you to be more objective. It was your father who had the murderous intention to kill me first. Just now he wanted to face me. I was shot in the head, and you all saw it. If I hadn't been a bit capable, I would have turned into an unrecognizable corpse. And although I gave him two shots, I didn't want his dog yet. Fate, compared to him, I have been too kind! "

Julia was speechless for a moment.

She also knew that it was entirely her father's fault for this incident, and it was also his intention to kill him first. To a certain extent, this was his own fault.

However, this victim The man who was shot twice was her father after all, so she could only bite the bullet and said to charlie, "Although he wanted to kill you, no matter what, he actually didn't hurt you at all!" But you broke one of his legs and one of his ears! In comparison, you are a fascist!

charlie looked at her and asked calmly, "Do you think your words are objective? "

Although Julia felt guilty, she still pretended to be firm and said, "Of course it's objective!" "

Okay." "charlie nodded expressionlessly, the muzzle of the gun suddenly passed across Antonio's face, and he pulled the trigger again!

This

sound!

Antonio only felt that what happened just now was repeated on his left ear. He reached out and touched it and found that his left ear was also covered in blood. He almost collapsed and cried, "My ear! My ear is gone." Yes!"

charlie looked at him, then looked at Julia who looked horrified, and said calmly, "If I hear even half a sentence from you to excuse your mafia father, I will interrupt. His limbs, if you continue to defend him, I will chop him into pieces and feed them to the dogs. Then you can watch him being cannibalized by the dogs while continuing to accuse me of being a fascist." When Antonio heard this, he was immediately frightened

. He almost fainted, and he cried and said to Julia, "My good daughter, from now on, you won't say anything..."

Julia was also extremely frightened. When her father said this, she could only keep saying He nodded, not daring to speak another word.

charlie ignored her and asked Antonio, "Are you going to tell the truth now, or will you continue to tell lies?"

Antonio was extremely frightened and cried, "I tell the truth... I tell the truth... everything I have The assets are approximately more than 2 billion U.S. dollars... There are about a quarter of real estate, a quarter of various fixed assets, and another quarter of various assets in cash, deposits, stocks, and trusts. They exist in various forms, and the remaining quarter are all drug addicts and various smuggled goods..."

The Amazing Son In Law Chapter 6209 -

charlie sneered, "It's only two billion, what are you doing so secretly? Are you afraid that I will steal your money? Antonio

shook his head subconsciously and blurted out, “No, no, that’s not what I meant...”

charlie pulled Gunbir beside him, looked at Antonio and said, “Here you go.” Let me introduce, this is Gunbir. He opened a roast goose shop in Chinatown. A gang called Burning Angel came to him and demanded three thousand dollars a month from him. What does this Burning Angel have to do with you?
“

“They have nothing to do with me...” Antonio subconsciously wanted to excuse himself, but before he finished speaking, he suddenly realized that this might be the reason why charlie came to find him!

In other words, charlie already knew about his relationship with Burning Angel!

Aman Ramovich on the side also completely collapsed!

He cried in his heart, “Damn it, what kind of bad luck did I have! charlie clearly came to trouble Antonio today, how could I just happen to come to Antonio’s place today! I came half an hour late, said Maybe Antonio is already dead, and I don’t have to offend charlie anymore, let alone get shot...”

Antonio was already scared to death. He never expected that charlie deliberately acted in front of his house today. Its real purpose turns out to be to settle accounts with myself!

 When he thought that he had been shot three times by charlie, if he continued to use forceful words at this time, he might get shot again, so he could only say truthfully, “Mr. Wade... I’ll tell you the truth... this burning Angels are a small gang controlled by me... Although they are loyal to me, I really don’t know that they are so blind that they dare to offend you. I hope you will give me a chance. I will call the boss of Burning Angel over and kill him with my own hands. Let him give you an explanation!”

charlie looked at Julia again and asked her, “Do you see clearly? Who is the fascist who is always willing to kill people? In order for your father to survive, he will kill others to please me. , say it yourself, is such garbage still a fucking human? Even worse than a fucking dog! Dogs are more loyal than him.” Julia was too ashamed to

raise her head, while Antonio quickly explained, “Mr. Wade... I...I also want to vent your anger with this Gunbir...”

charlie ignored him and asked Gunbir, "Gunbir, how much money can your store make in a month?"

Gunbir said. "Mr. Wade, the store can only earn up to four thousand US dollars a month, because it has to pay rent and hire someone to wash the dishes. It also needs to hire someone to help during the day, and Huabang also has to pay a share. Protection fee, so four thousand US dollars is already the limit..."

charlie nodded, looked at Antonio, and asked, "Do you mafia like to ask for 75% of other people's profits as protection fee?"

Antonio shook his head repeatedly, "No, no. ...There may be a misunderstanding here... It may be a decision made by Burning Angel without my permission..."

charlie waved his hands, "I don't care about this. From now on, Gunbir will be the boss of the Chinese Gang. You local gangs, You have to pay him 75% of the profit as protection fee, no matter how much you pay! Do you understand?"

Antonio's eyes widened, but he didn't dare to say a word "no".

Now he just wanted to get through the difficulties first, so he could only nod and said, "I understand... Mr. Wade, don't worry, I will personally hand over the monthly protection fee to Brother Qiang from now on..."

charlie waved his hand, "You don't have this chance. If you behave well today, tomorrow morning, there will be a ship that will take you and Mr. Aman Ramovich out of New York alive. As for the protection fee, you can ask your daughter to pay it on time every month. But if you don't perform well today, you won't survive tomorrow."

Antonio asked in horror, "Mr. Wade...you...where are you going to send me and Aman Ramovich?!"

charlie said casually "Go to Syria. A friend of mine has organized a war experience summer camp there. You two can go there and experience it. It includes transportation, food and accommodation, and you can participate in war experience projects. You don't have to pay a penny. I'm treating you. !"
