Just as he was talking, at the entrance of the second prison area, a group of muscular men with tattoos on their arms, necks and even faces strode out. Several muscular men

surrounded a strong man with some gray hair, who looked to be about 20 years old. He is in his forties or fifties, and he has only been working out, so he has maintained a very strong figure.

Lucas said to Charlie, "That guy with gray hair is the boss of the second ward, Joseph Norris.

Charlie asked him, "Does this person also cooperate with the Rothschild family?" "

Lucas shook his head, "He didn't. He has been in this prison for many years. Before the Rothschild family took control of this prison, he had already become the boss here. Later, the Rothschild family took over. After here, the prison was transformed into two wards, Norris was placed in the second ward, and the first ward was given to Gustavo. "

As he said, Lucas added, "According to my speculation, the Rothschild family just wants to use Joseph to check Gustavo. If Gustavo is allowed to dominate here, it will not be good for the Rothschild family. Just handle him directly. That way, he would live too comfortably. Gustavo would have to be a little wary of leaving Joseph here. After all, although Gustavo's strength is strong, most of it is in Mexico. Joseph's Although his strength is not as good as Gustavo's, he responds to everything here. If one day he really wants to break up with Gustavo, as long as he shouts, many prisoners in the first area will stand by him, including you just now. That Dean. "

Charlie nodded lightly and covered Gustavo, but he couldn't let Gustavo live too comfortably. He also had a whip to gesticulate with him from time to time. It seems that the Rothschild family has a strong interest in Gustavo. Tawo was also very shrewd in what he did.

At this time, as soon as Joseph came in, he took his younger brother and walked towards another area near the window on the south side. During this period, many gang members saw him and They greeted him very respectfully, and some of the more senior ones even shook hands and high-fived him.

When Joseph passed by Gustavo and his men, he suddenly stopped, looked at Gustavo's dining table, frowned and asked, "Gustavo, is Romanée-Conti delicious?"

Gustavo looked up at Joseph, chuckled, and said, "Why is

? Isn't there any store selling Romanee-Conti in New York? This kind of wine is not expensive, it only costs 50,000 US dollars. You have never drank it, right?"

Joseph was not angry either, but walked directly towards him.

Seeing this, Gustavo's men immediately stood up and stood in front of Joseph. One of them said coldly, "Don't come any closer, otherwise, be careful. I'm not polite to you!"

Joseph looked at him and said sarcastically, "Brother, this is not Mexico, this is New York, New York of the United States of America. How dare you be so fucking arrogant in New York? Do you really think Mexican drug traffickers can run rampant all over the world?"

That man was a desperado, and he never blinked when he was asked to kill more than a dozen people at once. Now that he was ridiculed, he was naturally filled with anger, and almost became furious. He pointed at Joseph and said, "I'm going to kill you, a Yankee!"

Joseph said disdainfully, "I know you have killed people, and you have killed a lot, but it's useless, boy, I said, this is New York, not a place for you Mexicans to be unbridled! No matter how ruthless you are, you can only be arrogant in Mexico. When you get here, don't you still have to be Gustavo's dog in prison?"

The man gritted his teeth and said, "If you humiliate us Mexicans, aren't you afraid of dying in my hands one day?"

Joseph said disdainfully, "You're a fucking fart! Believe it or not, if I just say a word, starting tonight, all the gangsters in New York will hunt down your Mexican drug dealers on the streets of New York? Your boss has many men. Can he bring thousands of people to New York?"

The man couldn't bear it anymore, and his clenched fist was about to hit Joseph immediately.

At this time, Gustavo suddenly shouted, “Alberto, shut your mouth! “The Mexican man called Alberto could only hold back the anger in his heart.

When Joseph saw that he stopped talking, he sneered disdainfully and stepped towards Gustavo. In front of him, he picked up his bottle of Romanée-Conti, which was still half full, and said to Gustavo, “I’ll take the wine and have a taste. Next time you have something good like this, remember to leave a bottle for me.” Gustavo

wasn’t angry either. He smiled and said, “It’s my fault. I’ll prepare a few bottles for you next time.”

After that, he asked Joseph, “Do you need a decanter and a wine glass? ” “

Joseph took a few sips directly from the bottle, then burped and said with a smile, “What kind of wine glass do you use? That’s not my style. “

After that, he actually reached out his hand, picked up the remaining half of the top steak from Gustavo’s steak plate, put it into his mouth in an exaggerated manner and took a big bite, chewing and cursing at the same time. “Shit, why don’t we have this steak to eat? Next time something like this happens again, I think we can have a riot in the prison to protest! Gustavo

laughed and said, “Joseph, if you want to eat steak, just tell me and I will arrange it for you. Why make such a big move?” “

Joseph nodded, pointed at Gustavo and said, “It’s better you go ahead. “

After that, he waved his hand and said lazily, “Let’s go, don’t forget what you said, prepare a few bottles of such good wine for me, I will need it tomorrow. “

Gustavo watched Joseph walk away and sat down in another area. His expression gradually fell into a haze.

The same Alberto asked him in a low voice, “Boss., do you want me to kill that American? As long as you say a word, I will directly insert the knife into his brain and stir it up several times!

Gustavo asked, “Don’t you see his intention yet? ” Alberto shook his head, “

Isn't he just here to cause trouble?"

Gustavo sneered and said, "He came to trouble me just to provoke disputes and trigger a fight between the two sides. " "

Alberto immediately said, "Boss, we are not afraid of them even if they fight! I have killed more people than he has played with women! Gustavo said coldly, "

Do you really think this is Mexico?" If you dare to kill someone here, the Americans will put you in a single cell where you can't see your fingers and keep you there until you die! "

As he said, Gustavo added, "Although you are all well-trained killers, in a place like this, there are no weapons or terrain advantages to hide yourself. Most of your skills are used. No, and we don't have the advantage in numbers. When the time comes, each of these Americans can throw a bench and crush you to death. If you die, I will have no protection here, and I will still ask for Rothschild. The family will arrange for a group of people to come in to protect me, but once more people come, the Rothschild family will support a new Joseph to consume me..." At this point, Gustavo said again, "Actually

, The Rothschild family's idea is very simple, just not to let me live here too comfortably. They must also know that we are arranging new personnel in the Brooklyn Prison through our own means, so they must also want to Let's consume it for a moment. You just heard what Joseph said. He wants to start a riot. I think he is not just talking about it, he is probably planning it. If you go to fight with Joseph at this time, you will just fall into his trap. trap.

Alberto asked, "Boss, are you just going to tolerate them like this? " Gustavo

noded and said helplessly, "I can only endure it now. I asked someone to investigate the background of this Joseph. All his family members are dead and he is the only one left. There is nothing outside that can control him." , and the people around him are also hard-core gang members. His family members ran away to death without any worries. It really drove him to panic, but we were passive! He is not afraid of death. I still want to find a chance to leave the United States alive! "

At this time, Joseph ate the steak while walking towards his specific dining area. Then he drank a few sips of red wine from the bottle and sat down in his exclusive seat. The younger brother next to

him They had brought lunch. Although each portion was large, it was essentially the same thing as what other prisoners ate.

Joseph looked at the prison food in front of him and cursed, “Damn, I just finished half a piece.” Delicious steak, and looking at these, they look like f\*cking shit. “

The other boys looked depressed.

The boss said like shit, should he eat or not?

At this time, Joseph’s most trusted brother asked him in a low voice, “Boss, how can that Mexican be so tolerant? Not fooled at all! Joseph

a

said coldly, “Gustavo is smarter than a ghost. I think he has already guessed my purpose.”

The younger brother asked hurriedly, “What should we do? ” Joseph

stretched and said, “If the fish doesn’t take the bait, then we have to find another way!” “
