

The Amazing Son In Law Chapter 6264

When Joseph's men gradually surrounded Gustavo and his younger brother, these Mexicans also surrounded Gustavo. It became a circle.

Gustavo's expression was still cold, even cold, with a bit of anger.

He feels that he is the standard, and he will be bullied by dogs when the tiger falls down.

When he was outside, he had thousands of troops. If anyone dared to look at him on the street, he would take out his pistol and shoot him in the head without hesitation.

As a result, now, I am in an American prison, but I am forced to be so passive by a group of brainless muscular men.

Seeing that he was outnumbered, Gustavo couldn't help shouting, "Joseph, what do you mean?"

Joseph left his younger brother at this time, walked to the outside of the encirclement, looked at Gustavo, and pointed to one of his own. The boys said very seriously, "Gustavo, you are too high-profile in Brooklyn Prison. Some of my boys have not eaten real steak for more than ten years, but you enjoy it here every day." Serving the best high-end gourmet food!"

"Also, half of the guys like me don't know what caviar tastes like, but I saw you spend tens of thousands of dollars on it. Jars of caviar, stuffed whole into burgers and eaten;"

"Not to mention the tens of thousands of dollars a bottle of Romanée-Conti. It's only today that I know what the hell Romanee-Conti tastes like!"

At this point , Joseph said with an embarrassed look, "Gustavo, there is an old Chinese saying that worries not about scarcity but about inequality. You are trying to gain f*cking privileges here every day. My brothers see it and are anxious." In my heart! Now they quit! They also want to eat steak, they also want to eat caviar, and they also want to drink Romanee-Conti. I have no choice. I can't solve these problems. I can only let them solve it with you. !"

One of the boys immediately shouted, "Yes! Why are you the only one who can eat steak here? Drink red wine, why can't we! Gustavo

said with disdain, “That’s because you don’t have as much money as me. If you have tens of billions of dollars like me, you can sit here and eat steak and drink red wine. What the hell are you doing?” You have no money, and the boss you follow also has no money, but you end up blaming me? “

The little brother didn’t expect to be ridiculed by Gustavo so much, and he immediately cursed, “Gustavo, you son of a bitch!” How much money you have outside is your business. Even if you drink all the damn red wine in the United States, I have no problem with it! But when you get here, you must abide by the rules here!

“The rules here? ” Gustavo asked disdainfully, “Tell me what the rules are here?”

The boy scolded angrily, “Damn, the rule here is that if others can’t eat steak and drink red wine, then you can’t either! ” No matter how much money you have! “

That’s right!” “All of Joseph’s younger brothers immediately joined in and shouted, “You can’t have privileges in Brooklyn Prison! “

Gustavo is in danger right in front of him but he doesn’t know it. He still feels that these people are targeting his younger brother instead of himself. He has been proud for half his life. At this time, he said with a face full of sarcasm, “A bunch of Americans who don’t know the heights of heaven and earth! You may not have enough awareness of my strength. The privileges I enjoy here are much more than what you see! When I was using my scalp to f*ck, I was tasting it in the living room. My men carefully selected all kinds of beauties from all over the United States for me. Some of these beauties flew from thousands of kilometers away, and they would only let me f*ck three. hours, and then get out with tens of thousands of dollars. I can even ask my men to bring any of your wives over and have her kneel in front of me to serve me. This is you people.

It is impossible to enjoy this in a lifetime! “

Gustavo was feeling extremely happy both physically and mentally as he outputted information, while his younger brothers' expressions became more and more depressed.

They also thought that these people were targeting themselves, not their boss's car, so now the boss has The angrier they made them, the harder they would try to teach them a lesson

later. The younger brother was so angry that he gritted his teeth and said to Joseph, "Boss! I can't stand this Mexican rotten potato! I'm going to kill him today! Joseph

sneered and shouted, "Brothers, whatever you want to do today, just do it boldly!" If anything happens, I will take care of it! "

Joseph gave the order, and all the boys shouted, and then they rushed towards Gustavo's men like a tide!

Gustavo's men were all in danger, and they could only pick up the plastic ones. Dinner plates and spoons were used as weapons.

However, the opponent was, after all, an American muscular man who continued to pound iron for several hours every day. In front of this close range with no moves, the competition was to see whose fist was harder, and it was visible to the naked eye that Joseph's men Each of his fists wanted to be bigger than the face of Gustavo's men, and it was almost common for them to knock one of them unconscious with each punch.

So, after a few encounters, Gustavo's men were blasted by these muscular men. He knelt down and begged for mercy.

Gustavo watched the younger brothers beside him fall down one after another. When the younger brother fell halfway, he thought that the other party was about to stop, but the other party had no intention of stopping. . At

this time, Gustavo's previously arrogant face finally began to turn pale, and his face was filled with panic for the first time.

And as As Joseph's men continued to approach, Gustavo was frightened and subconsciously shouted, "Have you forgotten me?"Is it Gustavo? ! The famous Gustavo Sanchez! I have a net worth of tens of billions of dollars and

thousands of personal weapons! As long as I am willing, all of you included, remember! I can kill all of you family members, leaving no one behind! Joseph

said with disdain, "Come on Gustavo, it's useless even if you take advantage of the army in Mexico!" This is America, the United States of America! If you are really powerful, why don't you arrange for thousands of private soldiers to come to Brooklyn Prison to rescue you? You also know that there are only a few dozen armed guards in the entire Brooklyn Prison. "

Gustavo didn't know how to answer for a while, so he could only bite the bullet and said, "Joseph, I am a man who must retaliate. The number of people I killed in Mexico was not only tens of thousands but also thousands. If today's matter ends here, then I will never die." Stavo promises you that this matter will be settled like this, and I will not settle the score with anyone later. What do you think of this proposal? Joseph sneered and said, "

What do you think of the proposal? Let my brothers tell you!" "

As he spoke, Joseph spread his arms and waved gently to both sides.

One of the younger brothers directly shouted, "f*ck the proposal! Let's all join together and kill him directly! "

All the younger brothers immediately agreed, "Yes! Kill him! "

As soon as he finished speaking, several of the younger brothers who had hidden daggers had already pulled out their homemade daggers from their sleeves.

These daggers, without exception, are all made of angle iron. Although they look very simple, But it is extremely sharp, and its shape is at a 90-degree right angle. If this knife is stabbed, it can directly open a big hole! Seeing that the

opponent showed more than one knife, Gustavo, who could kill him, suddenly fell into the dark. Rock bottom.

At this moment, he suddenly understood that what Joseph wanted was actually his own life!
