The frightened Gustavo no longer had the arrogance and pride he had before. He retreated toward the window and begged bitterly, "Everyone, if you have anything to say, please tell me. Don't be impulsive! If you want money, I can give you a lot of money. How about one million US dollars per person? I'll give you ten million!" After that, he hurriedly said, "By the way, don't you want to drink

? Do you want to eat steak and caviar with red wine? Starting today, I'll cover all your steaks, red wine, caviar, and other high-end ingredients! How about black truffles? I'll arrange for them to be delivered tomorrow, and The best bluefin tuna! And the best Chinese and Japanese food in the United States!" "

By the way, do you like sushi? There is a little old man in Japan who makes sushi very well and is quite famous. As long as you say a word, I asked him to come here tomorrow and make sushi for you with his own hands! If he doesn't come, I will kill his whole family!"

Joseph sarcastically said, "Gustavo, are you interested in writing a bad check here? You said you would give us money, right? ? Then take it out now! Don't give me 10 million specifically. I don't want any of your 10 million. Just give these brothers two million dollars each. Give it now!"

Gus Tavo said with a sad face, "Joseph, we are in prison now. How can I have so much money to give to you right away? But as long as you give me a little time, I will definitely arrange the money!" Joseph walked to

Gu In front of Stavo, he smiled sarcastically and said, "Gustavo, you are a little confused about the situation. Let me tell you the truth, even if I give you time, you can't come up with the money." Gustavo said quickly

. "Impossible, this little money is nothing to me. I just need to make a phone call to my son, and by this time tomorrow at the latest, he will be able to arrange all the money, whether it is cash or transfer."

At this time, Joseph turned his head and looked around, and saw that the prison guards did not come to interfere, and the others did not dare to step forward. He knew that even if God appeared tonight, it would be impossible to save Gustavo.

So, he winked at his men, and a group of people immediately moved Gustavo's unable to move men out and threw them dozens of meters away.

At this time, Joseph smiled and said to Gustavo, "GustavoWo, stop struggling. To tell you the truth, you must die today. Gustavo

shuddered and blurted out, "Joseph, if you kill me, the Rothschild family will not let you go, nor will my son or the entire Sanchez family let you go!" Joseph

snorted and curled his lips and said, "Gustavo, before you die, I will make you understand that the person who wants your life is not me, but your son." "

This is impossible! " Gustavo refuted without hesitation, "My son will never do such a thing. The Sanchez family will never harm their relatives!"

Joseph smiled and said, "Your son asked me to tell you before you die that the Sanchez family is a great family and cannot be led by the U.S. government and the Rothschild family because of you. While you are alive, the Sanchez family can only be controlled by it. " They, and you die, the Sanchez family will be able to break this shackles, so now is the time for you to sacrifice for the Sanchez family. "

As he spoke, Joseph asked him, "Which country's crown prince do you think is still willing to stay in the position of crown prince and wait wholeheartedly for his biological father to come back when his biological father is kidnapped by the enemy? Isn't that stupid? "

Gustavo was stunned on the spot.

Joseph approached him and continued to ask, "Gustavo, do you think your son can do it? "

Gustavo lowered his head and didn't dare to speak.

Seeing his arrogance, Joseph sneered, "f\*ck, aren't you an idiot? "

When speaking, Joseph specially emphasized the pronunciation of the word 'you'.

Gustavo on the opposite side was shocked when he heard this! This is really murderous and heart-breaking! It's really murderous and heart-breaking. !

He looked at Joseph with great fear and begged, “Joseph, I beg you, for the sake of my fellow prisoners, give me a way to live. Even if you let me have a phone call with someone from the Rothschild family, they will definitely Will help me regain control of the Sanchez family.

the right to face (2/2). By then, I can give you whatever you want. I can even let you get out of this prison! “

Joseph smiled and said, “How is it possible? Gustavo, the reason why I tell you this is because you must die today. I will burn the boat and never give you any chance to bewitch or bribe me. My reason tells me Me, if I don’t kill you today, your son will kill me tomorrow. And my reason also tells me that even if you can leave Brooklyn Prison and leave the United States, your son will definitely not let you return to Mexico alive, so you must die no matter what. “

At this moment, Gustavo’s heart is filled with despair.

He knows that if Joseph can tell him so much, he will definitely not let him go. He is cutting off his retreat

. The conversation between the two people fell into charlie’s ears word for word.

Lucas did not have such a good hearing, so he could only look at the human walls three floors outside and couldn’t help but be surprised. He said, “Why does it feel like something is not quite right? If they just wanted to teach Gustavo’s men a lesson, it should be over by now. Could it be that there is something new going on in this matter?” “

charlie then stood up and said with a smile, “Instead of guessing here, why not just go over and take a look? “

f\*ck...” Lucas was startled and quickly stopped charlie, saying, “Brother, don’t join in the fun. These two groups of people are not good people. We can’t afford to offend them!” “

charlie smiled and said, “I’m not here to watch the excitement. I’m here to be a peacemaker. You sit here for a while and I’ll come back as soon as I can. “

When Lucas saw Charlie turn around and walk towards the crowd, he was so frightened that he quickly shouted in a low voice, "Brother, it's okay, I'm not being a peacemaker. Whoever steps forward will be in trouble at this time, come back quickly!"

Charlie smiled at him, waved his hand and strode out.

At this time, Gustavo in the middle of the crowd was still pleading, "Joseph, if you kill me today, you will be the thief who has fallen in love with my son. The ship is over, think about how the Rothschild family could spare you? I am them! The hostages! With me here, many of their activities in Mexico can proceed very smoothly. If I die, they will definitely blame you! Joseph

smiled and said, "It doesn't matter. After you die, your son will immediately renegotiate with the Rothschild family, and by then he will bail me out." Gustavo

blurted out, "How is it possible? Joseph, he even wants to kill his own father, how can he keep his word to you?" Big body, small brain! You are so stupid!

"You know nothing." Joseph said disdainfully, "Gustavo, do you really think I'm a fool?" All my brothers know that we were instructed by your son to kill you. If he doesn't protect me or us, then the news of his killing you will spread, and he himself will not be able to stand firmly in the Sanchez family. ! "

As for the Rothschild family, it is impossible for them to avenge you after you die, because their family's purpose for hundreds of years has been to put profits first. If you die, they will definitely cooperate with your son as soon as possible, otherwise if so, wouldn't there be nothing? You don't even understand how you can be so tyrannical in Mexico for so many years. "

Gustavo is completely desperate at this moment. He knows that he will definitely die today, because his son has already set a certain death situation for him, and Joseph has also made up his mind to kill himself. At this moment, no one around him could protect him, and he had no other possibility except death.

At this time, Joseph had also lost the patience to continue communicating with him, so he gestured to his subordinates and said coldly, "Kill him! "

As soon as he finished speaking, several young men holding sharp weapons immediately came to double-team Gustavo.

Seeing the cold tip of the knife, Gustavo couldn't imagine how miserable his death would be today.

At this time, the young men looked ferocious, waving the daggers in their hands, and were about to stab Gustavo in the heart and back of the head.

At this critical moment, a voice suddenly came from outside the crowd, saying loudly: " You guys, give me some face! Stop with your hands! "
