

The Amazing Son In Law Chapter 6273

At the moment, as long as the news that Gustavo's son wants to kill him is not leaked, his status in this prison will still be unmatched by anyone, not even Joseph.

Therefore, at this moment, he still has the unique status and privileges of Brooklyn Prison.

After he called and arranged for the two girls tonight, he made a direct call to the warden of Brooklyn Prison.

On the phone, he said cryptically, "Bruce, a new batch of goods has arrived tonight. I wonder if you have any arrangements. If not, you can help me inspect the goods." When the warden heard this, he suddenly became excited

. "I don't have any plans tonight, Mr. Sanchez, do you really have good goods to arrive?"

Although the warden is from the Rothschild family, in fact, he is also important to the Rothschild family. He's just a domestic slave with a foreign surname.

A domestic slave with a foreign surname, and he only holds the position of warden. From this, it can be seen that he does not actually enjoy the luxurious life of the upper class.

In order to ensure his privileges here, Gustavo has arranged for the other party several times before, which was an eye-opener for the other party. Therefore, when Gustavo When I told you that there were new products that needed to be inspected, the other party was naturally very excited.

Gustavo smiled at this time and said, "When did I, Gustavo Sanchez, never fulfill my words?"

The other party immediately said respectfully, "Yes, yes! You are right!"

Gustavo also said at the right time. "But it's best for us to meet each other later. I have a friend who has also come in. I want you to get to know him so that you can help me take care of him in the future." But the other

party is not a fool. I heard that Gustavo To arrange two beauties for himself, and they were Miss World, he knew that Gustavo must have something to do

by himself. After hearing that it was such a simple task, the other party readily agreed without any thought. He smiled and said, "This kind of thing couldn't be easier for me. Wait a moment, Mr. Sanchez. I'll have someone arrange the reception room. Then I'll ask you and your friends to come to the reception room and let's meet."

Gustavo breathed a sigh of relief and said, "No problem, then I'll wait for your news."

Gustavo hung up the phone, and Joseph looked at him and the iPhone in his hand blankly, and muttered again "I don't care, Gustavo, you must get me a mobile phone!"

Although Joseph was subconsciously given a psychological suggestion by charlie and thought that charlie was his long-lost uncle, in most cases he still He was able to maintain most of his normal thinking and had been looking forward to a mobile phone for a long time. At this moment, the strong desire for a mobile phone was still lingering in his mind.

Gustavo glanced at Joseph somewhat unhappily, and then said, "What I said doesn't count, and what you said doesn't count. It has to be Mr. Wade who has the final say." After saying that,

he looked at charlie, Asked "Mr. Wade, what do you mean?"

charlie looked at Joseph and said, "Why do you need a mobile phone? Aren't the public telephones in the prison enough for you to make calls? Mobile phones are too conspicuous in the prison, so I gave them to you You, you definitely can't control it, so don't worry about it."

Joseph naturally obeyed charlie's words, so he had to say submissively, "Okay, Uncle wade, I will listen to you."

charlie nodded with satisfaction, Then he looked at Gustavo and said, "By the way, say hello to the warden later and ask him to return my phone to me."

Gustavo patted his chest and said, "Mr. WadeDon't worry, I will take care of this little thing for you. If you have a sweetheart outside who you want to meet, I can also arrange for her to come over. "

charlie looked at him and said very seriously, "Gustavo, I can understand your eagerness to flatter you now, but I hope you won't draw inferences. Give me

whatever I want. If I don't ask, you don't want it. Do you know that you are good at making decisions? "

The Amazing Son In Law Chapter 6274

Gustavo suddenly thought of the scene when he pulled charlie's pocket just now. It was because he overthought and took the initiative, and got slapped instead.

He subconsciously covered his face and said hurriedly. "Don't worry, Mr. Wade, I understand, and I will definitely not make the same mistake again! "

charlie nodded with satisfaction.

At this time, several prison guards suddenly came outside the door of the restaurant leading to the prison guard's office area. They shouted loudly through the iron door, "Gustavo Sanchez, get ready to go out. Visitors!

Gustavo quickly said to charlie, "Mr. Wade, we can go there! " "

charlie nodded and told Joseph, "You have to remember what is going on here and ask your little brother not to tell anyone. Otherwise, I will only ask you. "

Joseph said respectfully, "Uncle wade, don't worry, if the news leaks out, I will twist off the head and play it as a rugby ball for you. "

charlie nodded and said, "In addition, you should settle Gustavo's younger brothers, just say it was a misunderstanding and tell them not to be nervous. "

With that said, charlie told Gustavo, "Go and say hello to your little brother. Don't reveal this matter to anyone outside, let alone ask for help from the outside world. You don't even know there are people around you now. How many people have been bribed by your son? Gustavo

asked nervously, "Mr. Wade, I'm afraid these people around me may not be trustworthy. Just in case, do you want to kill them all?" "

charlie glanced at him and cursed, "Are you f*cking mentally ill? Do your criminal groups kill people so casually?

Gustavo said aggrievedly, “Mr. Wade, I’m just taking precautions before they happen! ” If something happens, I might die...”

charlie said coldly, “Don’t worry, as long as I’m protecting you, no one can kill you except me. “

After that, he said to Joseph, “Tell me about Gustavo and these little brothers. If anyone shows his or her feet, I will arrest him. “

Joseph said quickly, “Okay, Uncle wade. charlie looked at Gustavo, “

Okay, let’s go.” “

Gustavo felt relieved and took charlie to the big iron gate.

On the way, charlie said to Gustavo, “When you introduce me to the warden later, remember to add, It is said that I come from a family of miracle doctors, and I am best at treating various difficult and complicated diseases. I am best at treating diseases with acupuncture. No matter what problem I have, I can cure it with acupuncture. “

Several prison guards who came to pick up Gustavo did not know charlie, but they also received a message from the warden and wanted to take Gustavo and one of his friends to the reception room. So let

them see When Gustavo walked over with the newcomer charlie, he was not surprised.

One of the prison guards asked Gustavo very respectfully, “Mr. Sanchez, is this person next to you your friend?” “

Gustavo nodded, “That’s right. “

Okay. ” The prison guard quickly asked someone to open the electric iron door, and then said to the two of them, “Please follow me, the warden is already waiting in the reception room!” “

The Amazing Son In Law Chapter 6275

The reception room of Brooklyn Prison is not strictly in the office area or the prison area, but is a transitional part between the two.

Because it is a transitional part, the reception room is not far from the prison area. Once you exit the iron gate and walk down a corridor for tens of meters to the end, the rooms on both sides are the reception rooms.

However, there are three levels of reception rooms in Brooklyn Prison.

The ordinary reception room is shared by all prisoners. There are at least ten or twenty reception tables in a reception room. The prisoners' family members or lawyers come here to meet here.

When meeting in this kind of reception room, there are constantly other prisoners and family members nearby, and there are also prison guards watching. Physical contact and the passing of items are not allowed, which is relatively less free.

Those with a slightly more special status can get a relatively secluded small private reception room. This kind of reception room is. There are no other prisoners or family members, and there is only one prison guard to supervise, so the freedom is relatively better.

However, there is also a rather elegant reception room here, which not only has a sofa and TV, but also some snacks and drinks. What is even more rare is that this room has also undergone special acoustic treatment, which is very soundproof, and does not have any monitoring facilities.

The most important thing is that when meeting here, the prison guards will not come in to interfere. Some of the items carried by the visitors, as long as they can pass the prison security inspection, can be handed over to the prisoners. Use this as a room for couples to visit and do some actual couple activities. Also completely uninhibited.

Every time the warden met with Gustavo, he would choose this reception room to ensure absolute privacy.

When Charlie and Gustavo were brought to the door of the reception room, he could already feel that someone was sitting inside. The

prison guard opened the door. A middle-aged man wearing a suit and gold-rimmed glasses, who was very elegant and in line with the image of the American upper class, was sitting on the sofa with his legs crossed. Holding a cigar.

Seeing Gustavo come in, the man stood up quickly and said with a very gentlemanly smile, "Mr. Sanchez, please come in!"

Gustavo walked in with charlie, and the prison guard outside closed the door tightly.

At this time, Bruce Weinstein looked at charlie next to Gustavo, smiled and said, "This must be Mr. Sanchez's friend, right? Hello! My name is Bruce Weinstein, and I am the warden of Brooklyn Prison. Chief."

charlie also smiled back and said, "Hello, Mr. Warden, I am an old friend of Mr. Sanchez. My surname is wade. I was imprisoned here for illegal immigration this time. I will treat you well in the future. Take care of me."

Bruce Weinstein said with a smile, "Illegal immigration is not a big deal. I think Mr. Wade will not stay with us for long, but don't worry, since Mr. Wade is a friend of Mr. Sanchez, as long as you stay here For one day, they are all VIPs of our Brooklyn Prison. I will definitely tell the people below to give Mr. Wade full care. If Mr. Wade has any needs, you can also ask me." Gustavo said at this

time "I won't hide it from you Bruce, but Mr. Wade came to see you just to let you get to know Mr. Wade in the future. If there is any need, you must give him enough convenience here." Bruce Weinstein said with a smile, "

This It's such a small thing, Mr. Sanchez, you can just say hello, so why bother coming over to meet me?"

Gustavo smiled and said, "To make friends, of course you have to meet first."

Then, he said to Bruce Wei Weinstein said, "By the way, Bruce, this good friend of mine is a very amazing miracle doctor. He is good at treating any disease. No matter what problem you have in your body, he can help you." Bruce Weinstein looked at

charlie , snorted, "I didn't realize that Mr. Wade was so young, but he was actually a miracle doctor. I wonder which medical school Mr. Wade graduated from?"

charlie waved his hand, "I am not from an academic background, I have been studying the ancestral traditions of my family since I was a child. Acupuncture

therapy, I am best at treating men's problems. Not strong enough, not hard enough, not long enough, not soft enough are all my areas of expertise."

Bruce Weinstein couldn't bear to leave

The Amazing Son In Law Chapter 6276

smiled and said, "Mr. Wade, the first three are not enough, I can understand it, but what does the fourth one mean? Does anyone still think that they are not soft enough? As a person A real man, who would think he is too tough?"

charlie smiled and said, "You don't understand this, Mr. Warden, it's scary if a man is not tough, but it's even scarier if he is too tough. There are some very special things that you have never encountered. When you encounter it, you will know how painful the situation I am talking about is."

Bruce Weinstein only felt at this moment that charlie should be the kind of barefoot doctor who specializes in deceiving people. He claims to be highly intellectual. It is impossible for molecules and elites to have any interest in this kind of pseudo-scientific stuff.

So, he smiled and said perfunctorily, "Then I can only hope that I will never encounter such a weird situation, otherwise I will have to trouble Mr. Wade to help me treat it." charlie also nodded with a smile and said, "Yes,

I I also hope that you will never encounter it, but if you are unfortunate enough to encounter it, then I am afraid that only I can cure it."

Gustavo saw that the two of them were talking about male abilities, so he raised his eyebrows and said Bruce Weinstein said, "By the way, Bruce, the two beauties I have arranged for you tonight are both very beautiful Latin American beauties. Both of them are over 58 feet tall. If you look at it, except for their legs, Breasts, perfect! I hope my arrangements tonight will not disappoint you!"

Bruce Weinstein was obviously very excited and couldn't hide his excitement and said, "Mr. Gustavo is so polite, even you The beauty who has been praised by everyone must be a first-class beauty. How could I be disappointed? Maybe this will be the happiest night in my life." The two men who regard women as their lives smiled at each other

. ,it is more than words.

At this time, charlie quietly transferred a spiritual energy into Bruce Weinstein's body. This spiritual energy was not to wash his brain, nor to give him any psychological hints, nor to make him impotent.

On the contrary, charlie's aura will give him extraordinary and powerful assistance when he does that kind of thing.

> If you compare a man's ability to pedaling a bicycle, no matter how powerful he is, he cannot pedal the bicycle with the power of a motorcycle.

There are even times when I can't pedal anymore and I have to secretly take two pills. It feels like a professional rider sneaking a micro electric motor into his bicycle to cheat during a competition. It's effective, but not much.

But charlie's aura is equivalent to directly installing an aerospace engine with a thrust of tens of tons on Bruce Weinstein's bicycle.

If a bicycle cannot be pedaled normally, the worst it can be is that it will collapse and stop pedaling. Although it is embarrassing, it will not kill anyone; but

once the bicycle is pushed to extreme speed by a huge thrust and cannot stop, although it is not embarrassing, it will not be fatal. But people will really die.

The reason why Marven did not directly give Bruce Weinstein a psychological hint and ask him to take him directly to his office, or even take him to the underground space under his office, is because Bruce Weinstein is a member of the Rothschild family. He is a very sensitive person, and his office is the only entrance and exit to the underground space. Even a person as big as Gustavo has never entered his office. If he gave him a psychological suggestion and asked him to directly If you take it to his office yourself, others will definitely be surprised.

The last thing charlie wants is to attract attention from others, especially the attention of the Rothschild family.

Therefore, in charlie's opinion, the best way is to first let this real man, Bruce Weinstein, have a huge unspeakable secret, so that when he is desperate, he can take the initiative to find a way to meet him as low-key as possible. Ask yourself for help.

In that way, Bruce Weinstein himself will do all the avoidance work in advance, and when he meets him again, there will be no risk of being noticed by others.

Since Bruce Weinstein is going to ride this bicycle tonight, as long as he takes the first kick, it is equivalent to pressing the start button for the aerospace engine he left for him.

By then, he will be desperate and must come back to beg for help.

The Amazing Son In Law Chapter 6277

After a while of pleasantries, Bruce Weinstein, who was eager to pick up girls, obviously couldn't hold it anymore and seemed to want to end the meeting as soon as possible.

So charlie said to Gustavo on the side, "Let's not waste the warden's precious time here. Let the warden make arrangements for changing cells and mobile phones before we go back." Gustavo

hurriedly Lowering his voice, he said to charlie, "Mr. Wade, why not move to my cell? My cell has the best conditions in the entire Brooklyn Prison, and it also has a TV and WiFi." charlie waved his hand, "I spent a lot of money

. It took a lot of time to set up the rules of our cell. How can we just leave? If you don't like my cell, then just stay in your own cell." When

Gustavo heard this, he quickly He waved his hand and said, "If that's the case, then I'll go to your cell, Mr. Wade!"

For Gustavo, what he fears most now is that his son will find someone else to kill him.

charlie has extraordinary strength, and Joseph obeys his instructions. As long as he stays by his side, I believe no one in Brooklyn Prison can hurt him.

As for the living conditions, these are all trivial matters. If your life is almost gone, the conditions are nothing.

Later, Gustavo was afraid that charlie would regret it, so he quickly said to Bruce Weinstein, "Bruce, please make some arrangements. I want to

temporarily move to Mr. Wade's cell for a few days. In addition, Mr. Wade's cell phone You arrange for someone to send it here."

Bruce Weinstein agreed without hesitation and blurted out, "This is too simple, I will help you arrange it. I wonder if Mr. Sanchez has anything else that he needs my help with. ?"

Gustavo waved his hand and said with an ambiguous look, "It's getting late. You'd better hurry up and set off. Don't let the beauties wait too long. I The person will tell you the location and room number, and you can enjoy yourself tonight. Let's talk about anything tomorrow."

Bruce Weinstein's thoughtsHe had already flown to the two Miss Worlds who had not yet met, and even Gustavo spoke. Naturally, he quickly agreed and said with a smile, "Mr. Sanchez, then I will arrange for someone to take you back to prison now." District, I will also make arrangements for changing cells."

Soon, a prison guard took charlie's mobile phone and charger, and then took charlie and Gustavo away from the reception room and sent them off. They returned to the prison area.

Because it was now release time and everyone was free to move around in the prison area, charlie and Gustavo did not return to their cells.

On the way back, Gustavo asked charlie in a low voice, "Mr. Wade, what do you want me to do next?"

charlie said lightly, "There is nothing you need to do for the time being. From today on, you will live in the same cell with me." , as long as I am still in this prison, your safety will be guaranteed."

There is another sentence that charlie did not say. In this prison, he will protect Gustavo, but he can There is no telling how many days he will stay in this prison. After he gets out, he will have to re-evaluate whether Gustavo is worth protecting.

As soon as the two returned to the prison area, the attentive Joseph came up to him and asked with a flattering look, "Uncle wade, how are you doing with your affairs?"

charlie said with a majestic look, "Joseph, it's the elders' matters that you... Junior, don't ask casual questions, got it?"

Joseph quickly said with shame, "Uncle wade, you are right, I am too talkative..."

At this time, Lucas, the know-it-all, mustered up the courage to come to charlie and asked "Sir...you...is everything okay with you?"

Before, charlie suddenly got involved in Gustavo and Joseph's affairs.

The Amazing Son In Law Chapter 6278

Although Cass was worried, he did not dare to step forward to ask what happened. Seeing that charlie left with Gustavo just now and then came back together, it didn't seem like they were. If there were any conflicts or dangers, he mustered up the courage to step forward and ask.

charlie thought he was quite clever, so he smiled and said, "Lucas, starting from today, Gustavo will move to my cell. Are you interested in moving here together?" Lucas heard this

. Shocked, he couldn't understand why the famous Gustavo took the initiative to move to charlie's cell.

After all, the conditions of the cell where Gustavo now lives are among the best in the entire prison. Only a fool would give up such good conditions to live in an ordinary cell.

However, when faced with charlie's invitation, he was very excited and readily agreed, saying repeatedly, "Sir, if you think highly of me, I will move in with you!"

In Lucas's view, a big man like Gustavo. It's something I can't usually come into contact with if I want to. Now that I have such an opportunity to live in the same cell with him, it might also be an opportunity in my life.

What's more, charlie, a young man with an oriental face, also gave him a great sense of mystery. He vaguely felt that charlie's background must be very big, even so big that he couldn't even guess it. He could get closer to charlie. That would be even better.

charlie searched the nearby crowd with his eyes, and soon saw Dean, his cellmate, who was quietly looking at him in a small group of people.

Ever since charlie took the initiative to find Joseph and Gustavo, Dean had been quietly paying attention to every move in Ye City. He saw him chatting and laughing with the bosses of the first and second prison districts, and even The two of them were still a little submissive to him, and Dean was even more shocked. At the same time, he was increasingly afraid of his own death-seeking behavior today.

He couldn't help but tremblingly thinking to himself, "Damn it, people say tiger's butt I can't touch it. I'm just a f*cking teddy dog. I'm so blind. I want to play with a tiger's ass... God bless you for not tearing off my head and stuffing it into the toilet today. ..."

As he spoke, he couldn't help but close his eyes, make a sign of the cross from his eyebrows to his chest, and from his left shoulder to his right shoulder, and said piously, "God bless... Amen..."

charlie saw him closing his eyes and praying, Then he shouted loudly, "Dean, come here!" "

Dean trembled, and he didn't care to continue praying. He hurriedly ran all the way to charlie and asked respectfully, "Mr. Wade, what are your orders?" "

charlie said calmly, "You are responsible for picking two losers with broken arms and legs from the dormitory, and they will change dormitories with Gustavo and Lucas. The two of them will be our roommates from now on. "

What? " ! Dean was frightened, glanced at Gustavo like lightning, and then asked nervously, "Mr. Wade... is everything you said true?"

Seeing him whining, Gustavo said with some dissatisfaction, "Are you f*cking deaf? " Do you still want Mr. Wade to say it twice? "

Dean was so frightened that he trembled and said, "No... no... I... I didn't mean that..."

charlie glared at Gustavo and reprimanded, "Gustavo, you have to figure yourself out. In my cell, there are only two classes, one class is me, and the other class is everyone else except me. From now on, you can only obey my

orders, and you are not qualified to manage or reprimand others of the same class as you. People, do you understand? “

Gustavo wanted to be a bitch, but he didn't expect charlie to look down on him, so he hurriedly promised, “Don't worry, Mr. Wade, I will never make similar mistakes again!” “

charlie said coldly, “You said it wrong again. It's not that you won't make similar mistakes again, but that you won't make any mistakes again. Otherwise, I can't forgive you! “

The Amazing Son In Law Chapter 6279

With Gustavo's face, Lucas quickly packed up his personal belongings and moved to charlie's cell when the break was about to end.

When Gustavo came to charlie's cell, the first thing he blurted out was, “Damn it, Mr. Wade why is your cell so clean?”

All the inmates couldn't help but look at each other, recalling the pain of cleaning today, Each one is still vivid in my mind.

charlie smiled slightly at this time and said, “In this cell, hygiene is the most important assessment indicator. I don't care whether they came in because of burning, killing, looting, or because of sexual assault and fraud. In this cell, , If anyone dares to do any unhygienic behavior, I will make him pay with blood.”

After saying that, charlie looked at Gustavo and said seriously, “The same goes for you.”

Gustavo didn't dare to do it . If there was any disobedience, he hurriedly promised, “Don't worry, Mr. Wade I will strictly implement all your instructions!”

For Gustavo, if he wants to survive now, he has to rely on charlie. In this case, he dare not give in to charlie. There was half a show of pretense in front of me.

Seeing that charlie's cell was clean and shabby, he immediately said to charlie diligently, “Mr. Wade I spent at least two hundred thousand dollars on Bruce Weinstein tonight, yes. This is This guy owes me a favor. If you need anything, just ask him, but he will not dare to say another word!”

charlie asked curiously, “Do you want two hundred thousand dollars for the two Miss Worlds tonight? ?”

Gustavo said in pain, “Both of them came here by plane. Each one costs tens of thousands of dollars a night, and the room costs tens of thousands of dollars, plus first class. For cabin tickets and the like, two hundred thousand dollars is a conservative estimate.”

As he spoke, Gustavo cursed and said, “Bruce Weinstein is actually a small character, but we just happened to fall within his jurisdiction. His rank is not worthy of enjoying such high-end services. He got lucky tonight.”

charlie said with a smile, “I don’t think so. Although beautiful women are very expensive, there is a chance that they will not be able to afford it. “

Really?” Gustavo asked curiously, “Mr. Wade why do you say that?”

charlie looked at Gustavo and said with a smile, “It won’t be long before Bruce Weinstein will encounter the most difficult thing in his life.” On the darkest night, he would be like a headless fly running into walls all over New York, and finally he would have no choice but to ask me for help.”

Gustavo asked in confusion, “He went to play with two women, what else could he do? Do I need your help?”

charlie pretended to be mysterious and smiled, “You’ll find out later.”

After saying that, charlie came to his bed and lay down. He took out his mobile phone and turned it on. He told Arman about his general situation on WeChat, and then began to wait patiently for the warden Bruce Wayne. Stan’s call.

At this time, Bruce Weinstein had just arrived at the Aman Hotel in downtown New York.

This is the center of Manhattan and the most expensive hotel in New York.

What Gustavo has reserved here tonight is the most expensive presidential suite in the entire hotel. The room rate for one night is tens of thousands of dollars.

Originally, Gustavo planned to indulge himself here tonight, but he didn't expect that all this would come at the expense of Bruce Weinstein.

The Amazing Son In Law Chapter 6280

When Bruce Weinstein arrived at the hotel, Gustavo's staff had already received the news in advance and were waiting here. When they saw him coming, they respectfully sent him to the presidential suite on the top floor.

And the two Miss Worlds who flew all the way from Latin America have been waiting here for a long time.

Both of them were dressed in very explicit sexy costumes. One played the role of a maid who obeyed her master, while the other played the role of a submissive and manipulated female prisoner.

The moment Bruce Weinstein entered the door, the two people immediately surrounded him. The maid said in a charming voice, "Dear master, you are back!" The female prisoner said with a slightly nervous voice, "Dear master, you are back!

"...Master Warden...you...you are back..."

The performance of the two men immediately made Bruce Weinstein's blood surge. Although he is also a well-informed love veteran, he has never experienced it in such a high-quality scene.

At this time, the two beauties in front of him were unparalleled, and the presidential suite they were in was extremely luxurious. Coupled with the two beauties' careful dressing and seductive charm, he immediately had a strong impulse.

This impulse didn't matter, he immediately felt as if his body was suddenly activated, and his fighting spirit immediately became high.

At this time, the two beauties also came forward, one on the left and the other on the right. One took off Bruce Weinstein's coat, while the other helped him unbuckle his belt.

Their movements were full of provocation, and their eyes were full of electricity, which made Bruce Weinstein's whole body tingle with excitement as if he had been electrified.

He can no longer

Unable to hold back, he took off all his clothes in three quick strokes. His majestic appearance made the two beauties who had seen a lot and eaten a lot amazed. .

Bruce Weinstein was also shocked that he was in far better than usual condition today.

It is said that the only person who knows a person best is himself, and Bruce Weinstein is no exception. He clearly knows where his shortcomings are. The main reason is that he is a little older, and his ability in that area is greatly reduced, just like It's not that an old car cannot start, it's just that it's troublesome to start. The aging starter motor has a loose belt, so it takes some effort to ignite it, and it's not possible to step on the accelerator immediately after igniting it. When accelerating or starting a cold car, you need to stop where you are and slowly keep the engine running. After the water temperature slowly rises and the engine oil is lubricated, you can actually start it in gear.

However, today's situation is completely different.

Today, he felt like he had been upgraded from a dilapidated old car to a top-notch new energy source. Before, it was difficult to ignite and he had to heat the car in place. Now he has skipped the ignition step and simply turned on the car. You can kick out a thousand horses of super power with just one foot, and it can accelerate from 0 to 100 hp in less than a second!

Bruce Weinstein also knew that this was obviously not the strength he should have. Even when he was eighteen years old, he did not have such surging motivation.

However, there were two hot and sexy beauties waiting for him to have fun, so he didn't think much about it. He put his arms around the two women and asked them with a smile, "Beauties, where is the biggest bedroom? Take me with you." Come over here!"

The Amazing Son In Law Chapter 6281

The two women each held one of his hands and led him to the master bedroom of the presidential suite in a very ambiguous manner. But

the moment Bruce Weinstein buried his feet in the room, he suddenly felt a sharp pain under his body. He looked down and saw that the closest comrade he was most familiar with, At this point it has become completely unrecognizable!

The “maid” on the side also noticed the abnormality. She looked down and backed away in fright. She couldn’t help but mutter to herself, “Is this... is this still a human...” The

other “female prisoner” was also frightened. He backed away, waving his hands and saying, “This...I...I’m afraid I can’t bear it...otherwise I’d better return the money to you...”

Bruce Weinstein’s face had turned livid at this time.

It’s not because I’m angry, it’s because it hurts terribly, and it feels like it’s going to explode anytime, anywhere.

That kind of severe pain was something he had never experienced in his life., every moment and every second is unforgettable!

At this time, the maid couldn’t help but remind, “Mr. Warden...Are you...are you sure you don’t need to intervene? It looks like it’s about to die...”

Bruce Weinstein broke into a cold sweat in pain. The increasingly intense pain swarmed out, making his legs become weaker and weaker, and even began to shake violently.

He desperately covered his body and wailed in pain, “Hurry... help me... I’m hurting... it’s... it’s going to explode...” The two

women were also frightened, and their psychological quality was relatively low. The poor “female prisoner” nervously said to the maid, “Camilla, let’s leave quickly! If something happens to attract the police, we will be doomed!” The “maid” named Camilla also responded instantly

. After a while, those who have no choice but to flee will flee.

Both of them are prestigious Miss Worlds. For them, although it is not uncommon to make some extra money from their bodies, this kind of thing must not be exposed, otherwise their image will be greatly affected and their future will be completely destroyed.

Therefore, seeing that Bruce Weinstein's situation was so weird, the two of them were really afraid of causing trouble and getting out of control, so they subconsciously wanted to leave here as soon as possible.

Bruce Weinstein was in so much pain that he almost fainted.

He rolled on the ground while yelling at the two of them with all his strength, "Don't forget, you two, you two! You were hired by Gustavo with money! You must be very clear about Gustavo's background! And you must be very clear about Gustavo's background!" I am Gustavo's distinguished guest, if something goes wrong with me here, neither of you will survive!!"

Bruce Weinstein's words immediately frightened the two women who had just wanted to escape, and they stood still. Screaming in fear.

They have long heard of Gustavo's cruelty.

When they thought that they were originally here to serve Gustavo, but were temporarily asked to serve Gustavo's friends, the two of them suddenly felt extremely frightened.

If something really happened to Gustavo's friend here, and the two of them abandoned it and ran away, they would definitely be hunted down by Gustavo's men... Both of them realized this

, The "maid" named Camilla forced herself to calm down and asked Bruce Weinstein, "How...how can I help you?"

Bruce Weinstein didn't know how the other party could help him now, so he just subconsciously shout, "Find me some ice cubes, the more the better!"
