

The Amazing son in law (charlie wade) - The Amazing Son In Law Chapter 6328

“What did you say?! Something happened to my father?! Really?!”

Hector, who was thinking about his father’s death, heard this sentence in a daze. As he spoke, the whole person was a little uncontrollably excited, and even when he spoke, he accidentally brought a bit of excitement.

Ricardo on the other end of the phone couldn’t help but asked with some doubts, “Hector, are you awake? I mean, something happened to your father. Why do you look so happy?”

Hector came back to his senses at this time, Realizing that he was indeed a little too excited, he quickly changed his words and said, “I really didn’t wake up. When I was dreaming just now, I dreamed that the Americans had released my father back, and I was very happy...”

After that, he quickly said “Uncle Ricardo, you said something happened to my father, what happened?”

Ricardo quickly said, “I sent you a video, take a look.” !”

Héctor quickly hung up the phone and clicked on the video. When his father told him that he was almost killed today, he was so scared that he almost peed.

He always thought that Joseph had not found an opportunity to take action for the time being, but he did not expect that Joseph had already taken action and failed.

Fortunately, the father in the video asked him for help, which meant that the father did not know that his son was going to kill him, which made Héctor feel a little relieved.

It seems that although Joseph failed, fortunately he did not betray himself.

But if this is the case, what should I do next?

Continue to look for opportunities to kill your father?

Or are you pretending that you just learned all this?

Just when Hector didn't know what to do, his military advisor and his most trusted right-hand man called him.

As soon as the phone call came through, Hector asked, "Jose, have you watched the video?!"

Jose on the other end of the phone quickly said, "Boss, I just watched the video, so I called you quickly. You also Have you seen it?"

"Have seen it..." Hector asked anxiously, "What do you think I should do now? Should I continue to let people kill the old guy, or should I just pretend to be stupid to the end?"

Jose asked him, "Old manBig, risk aside, which one do you prefer? "

Ector said without hesitation, "Of course I am inclined to kill the old guy, otherwise it will always be a big trouble! What if one day he finds out the truth of the matter, or if the Americans are out of mind and let him go, what will I do then? "

As he spoke, he asked tentatively, "Old guy, after this video was posted, the blame has been placed on Rothschild. As long as I do it cleanly, maybe I can solve the problem once and for all. What do you think? right? Jose

thought for a moment and then said, "Boss, theoretically it is what you think, but have you ever considered whether the Rothschild family is willing to take the blame?" Once they find out that you did this, they will not only make the truth public, they will even lobby the US government to target you. By that time, other members of the Sanchez family will be dissatisfied with you, and the Americans will also be dissatisfied with you. It will be full of hostility, and if they reach an agreement with your father, the Americans may try to find ways to replace you with him, and by then you may be the one in jail in the United States. "

With that said, Jose added, "Boss, don't forget, your father asked you for help in the video. This is seen by the whole world. If he still dies in an accident, wouldn't it be equivalent to telling the whole world? , you can't even protect your own father? "

"Hold! "Ector's expression changed and he asked in a low voice, "Then what do you think I should do? Jose

thought for a while and said, “Boss, I think the only way now is to publicly protest to the Rothschild family. First, behave as a filial son would do when his father is threatened with death, and then if you say harsh words again, as long as anything happens to your father, the entire Sanchez family will immediately launch revenge. Anyway, the reputation of the Rothschild family has collapsed now. This is the best time to add insult to injury. If most Americans feel that they are very Dirty, then they will take the blame! “

As he said, Jose added, “As for you saying you are afraid of the Rothschilds,

The clan finds out the truth. In fact, there is no need to worry about this. We only need to kill the person in charge of delivering the message. The chain of evidence for hiring Joseph will be broken, even if they find it from inside the prison. There is no point in breaking through. There is no evidence. Even if they come forward and say that you did it, we can still say that they are slanderous. We don’t need to care about what others say. What we really need to care about is what everyone believes. Hector

thought for a moment and asked, “Then according to your opinion, I can’t kill the old guy.” “

“yes. Jose explained, “Actually, in this situation, it doesn’t matter whether you want to kill him or not. Only when he is alive can he be good to everyone. If he dies, you will lose face and the Rothschild family will also lose its reputation.” , the U.S. government will also become the target of public criticism. As long as everyone is not impulsive, this matter will gradually be forgotten by the public. But if anyone kills him, the other two parties will definitely try their best to clear themselves of suspicion, and then we will be even more passive. . “

Ector sighed deeply, gritted his teeth and said, “This is the only way to go now. I hope the Americans won’t release the old things, and don’t threaten me with the old things. “

José said, “The Rothschild family has too much to take care of themselves now. Even Howard has to tuck his tail between his legs and be a good man. There will definitely be no more trouble in the short term. “

Soon, Héctor, on behalf of the entire Sanchez family, protested to the US government and the Rothschild family through a video.

In the video, in addition to angrily criticizing the Rothschild family, He also made harsh words, saying that if his father had any trouble, he would start a full-scale war with the Rothschild family.

On the Internet, the voices criticizing and insulting the Rothschild family have also reached an unprecedented new height.

The Rothschild family The reason why he has not spoken out is because Howard has become the number one target of attacks by netizens. If he speaks out now, it will be like hitting the target of the people across the country. We

have to wait for the results of the investigation to be made before making any plans.

...

Just in the Sanchez family While busy with the Rothschild family, Brooklyn Prison also ushered in an important event. Big changes.

The FBI that arrived temporarily took over this federal prison, which was already at the forefront of the United States. All previous prison guards and managers were suspended on the spot, pending investigation.

In the cell, charlie Wade could hear the prison guards on duty being replaced one by one by the FBI.

So he said to Gustavo, "Gustavo, if the FBI comes later, they may take you away and hold you in solitary confinement. Then you just go with them honestly."

Gustavo asked quickly "Mr. Wade, they won't keep me in a single cell all the time, right?!"

charlie Wade smiled and said, "If it can protect your safety, a single cell is also a good choice."

Gustavo said with a sad face . A single cell is just a small dark room. If you live there for a long time, you will become depressed..."

charlie Wade asked, "Would it be better to be depressed or to die?"

Gustavo said helplessly, "Then it is definitely better to be alive..."

charlie Wade nodded and said, "When you posted that video, you gave up all your privileges in this prison. Only in this way can you make your son and the Rothschild family fear you." , and at the same time, it can also make the US government pay more attention to your personal safety.

Although your privileges are gone, but you are still alive, isn't it the best outcome?"

Gustavo was speechless.

What charlie Wade said is indeed the truth. It is better to die than to live. As long as you can still live, who is willing to die like this?

So he asked charlie Wade, "Mr. Wade, what if they investigate what happened during the day? Do I tell them the truth about you?"

charlie Wade said casually, "It's almost dawn now. They shouldn't have so much time. Start the investigation immediately. I will go out as soon as dawn. No matter how they investigate in the future, it has nothing to do with me. Besides, I have nothing worthy of their investigation. It is not me who gives you privileges. It is not me who wants to kill you or use you. It's not me who controls Mexico, but I'm just an old friend of Joseph's father. I just said a few kind words at the critical moment and saved your life."
