

## The Amazing son in law ( charlie wade ) - The Amazing Son In Law Chapter 6350

charlie's words made Steve involuntarily startled.

Thinking about it carefully, what charlie said makes sense. Whoever takes it back will be the first heir, so what he thinks about is to take back the Sifang Baozhu quickly. So as not to be robbed of opportunities by others.

But think about it from another direction, what if no one can take the Sifang Baozhu back? He was originally the first heir, but if he cut off other people's promotion opportunities, wouldn't he still be the first heir?

Of course, the only difference is that in this case, although he is still the first heir, the Sifang Mansion no longer belongs to the Rothschild family.

However, I have no choice now.

Right now, my life is in the hands of others, so I am grateful to God for surviving.

So, he subconsciously asked charlie, "Sir, can you guarantee that this square treasure building will never fall into the hands of other Rothschild family members again?" Steve nodded heavily without hesitation, clenching his hands into fists charlie nodded with satisfaction and asked him, "So are you willing to help me bring the Sifang Baozhu back to China, even if you are the first in line to the Rothschild family? Heir, even if your father is the patriarch of the Rothschild family and desperately hopes that the Sifang Palace can return to the Rothschild family, you are still willing to go against his wishes and help me facilitate this matter, right? ?" Steve thought that charlie was Testing myself and

letting myself express my attitude, I immediately said in a righteous and awe-inspiring manner, "Sir, to be honest with you, my father's mind is still full of great-power doctrine. He feels that if something is snatched from him, it belongs to him." , how is this possible? We are a civilized society now! This square treasure building came from a wrong way back then. Now it is natural for it to be returned to its original owner. I have received a modern legal education. This sense of justice is still Yes!"

Marven asked again, "Your father always dreamed that the Sifang Baomaan would return to your Rothschild family. Why are you not of the same mind as him?" Steve quickly said, "This square treasure building is originally from China, so it would be best to return to China..." charlie asked him with a smile, "What's so good about it?" He kept rubbing his hands happily and murmured, "It's great, it's really great..." When Steve heard this, he felt relieved and an uncontrollable smile appeared at the corner of his mouth. meaning. After saying that, charlie looked at Steve and said, "So you don't have to worry too much. As long as the Sifang Baozhuan returns to China, China will naturally take care of it. We will protect this national treasure and never let this national treasure leave the land of China again." charlie glanced at him and said calmly,

"You robbed the Sifang Baozhu from China, so what I have to do is to return it to its original owner and return it intact to Zhao. Go to China." Steve quickly wiped the cold sweat from his forehead and said hesitantly, "I...I just want to know...what do you plan to do with Sifang Baozhuang?" ..." charlie asked aggressively, "Then what do you mean?" Steve hurriedly apologized, "I'm sorry, I'm really sorry, that's not what I meant, please don't misunderstand..."
