Yun Ruge said that among the four great earls, Willie was the strongest.

However, if Willie didn't blow himself up, he wouldn't be charlie Wade's opponent.

Therefore, charlie Wade felt confident about killing Uncle Sean.

However, whether there is a chance or not is another question.

charlie Wade also knew very well that if he wanted to kill Uncle Sean in New York, it would actually be very difficult.

Fighting with people in the city center of a first-tier city would do more harm than good. If you do it yourself, it may be broadcast live on the Internet before you can kill Uncle Sean.

Therefore, Shazhong Yongbo must not fight him head-on.

And I can't use magic to kill him with one blow.

Otherwise, if a thunderbolt suddenly struck a man to death in a Manhattan hospital, it would probably cause an uproar.

This means that if charlie Wade wants to kill Uncle Sean, he must find a way to catch him by surprise and kill him with one blow.

Before that, charlie Wade still had a thorny problem that needed to be solved as soon as possible.

That Sean Bo might be looking for an opportunity to attack Zhou Liangyun.

If I don't drive him out from here, he is likely to suddenly attack and make himself passive.

Once Uncle Sean takes action, charlie Wade will never sit back and wait for death. I'm afraid he will still have to fight with him in public.

Thinking of this, charlie Wade suddenly had a plan in mind.

He took a disposable mask from Hank's ward, put it on, walked out of the ward, took the elevator to the emergency room on the first floor.

At this time, a young female nurse was in charge of the emergency room.

He asked the female nurse, “Hello, a patient with a car accident was sent to Ward 1707 just now. Which doctor was responsible for the diagnosis and treatment of that patient?” The female nurse was

stunned for a moment, and asked with some vigilance, “Excuse me, who are you?” People? Family members of the patient?”

charlie Wade gave her a little spiritual energy and said calmly, “I am your new medical director of the emergency department. My surname is wade. Please call me Dr. wade.

The female nurse immediately said respectfully, “Hello, Dr. wade! ” Ye

charlie nodded and said, “Take me to that doctor. I have something to ask him.”

The female nurse immediately said respectfully, “Okay Doctor wade, please come with me. ” “

With that said, the female nurse took charlie Wade to the door of an office.

She gently knocked on the door, and a middle-aged man’s voice came from inside the door, “Come in.” The female

nurse opened the door and said to a male doctor sitting inside, “Dr. Pitt, Dr. wade is looking for you.”

” Dr. wade? ” Dr. Pitt looked at charlie Wade next to the female nurse in surprise, and asked curiously, “Which department are you from?” “

charlie Wade did not answer his question, but said to the female nurse, “It has nothing to do with you here. Go back to work and continue working. Remember not to tell anyone about my coming here. “

The female nurse nodded immediately, turned around and walked out.

Dr. Pitt was even more confused. He didn’t understand what this man wearing a mask was doing. The doctor named Ye didn’t even wear a doctor’s white coat.

Ye At this time, charlie walked up to Dr. Pete and also used spiritual energy to give him a psychological suggestion, reminding him, “Pete, right? I am now the boss of your emergency department. Later, you will come with me to see the patient in 1707. What should I do?” Say, you can agree to whatever I ask, and you can do whatever I ask for unconditionally. Do you understand?

Dr. Peter nodded without thinking, “I understand, Dr. wade! ” “

charlie Wade nodded with satisfaction, and then asked him, “Where is the medical record of patient 1707? Let me take a look. “

“good. “Dr. Peter immediately found 1707’s medical record and handed it to charlie Wade.

charlie Wade took a look and found that the patient’s name was Sun Ke. He was admitted to the hospital because he was hit by a vehicle. He had multiple cartilage contusions and skin trauma. This

but it didn’t hurt my muscles and bones, and it didn’t seem to be a big problem.

charlie Wade asked him, “This man’s illness is not serious. There is no need to admit him to the hospital, right? Can’t we just observe him in the emergency room?”

Dr. Pitt quickly said, “Mr. wade, you don’t know something. This Sun Ke is Chen Zhimin’s assistant. Chen Zhimin is the son-in-law of the An family and is very famous in New York. At that time, Chen Zhimin called the chairman of the hospital. The chairman paid special attention and arranged for him to be arranged in the comprehensive ward on the 17th floor for good treatment and recovery.”

charlie Wade suddenly frowned and said, “You What did you say? An’s son-in-law Chen Zhimin?”

“Yes!” Dr. Pitt nodded heavily, “That’s him!”

charlie Wade clenched his teeth subconsciously and clenched his fists.

It seems that among the three people in ward 1707 just now, one is the so-called injured person who was brought in before, the other is Uncle Sean among the four counts, and the third is his uncle, Chen Zhimin!

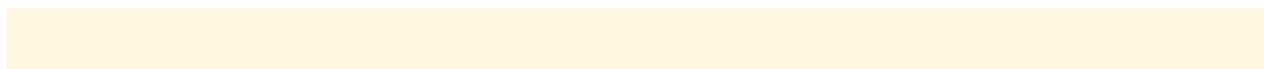

Before, Anjia only highly suspected that something was wrong with him, but there was no clear evidence.

However, today he actually appeared here with Sean Bo.

This completely confirms the fact that he is an undercover agent of the Qingqing Society!

Thinking of this, charlie Wade sneered and thought to himself, “It seems that Sara really wanted to get the Sifang Baozhuang this time and sent Chen Zhimin and Uncle Sean here.”

So, charlie Wade took out his mobile phone and sent a message to his grandfather, The content is “Grandpa, there is absolute evidence that Chen Zhimin is a member of the Qingqing Society. Now that I have the opportunity to kill him, do you think I should kill him or not?”

An Qishan, who was dressed very grandly, had just gone out to meet his two sons and Li Yalin when he received a text message from Charlie Wade.

As he looked at the phone, his expression suddenly became very shocked. Immediately, he said to the three people around him, "You guys come to my room first."

After that, he turned around and returned to his room without waiting for the three people to respond. .

The three of them didn't know why and quickly followed in.

After closing the door, An Qishan looked at the three of them, handed the phone to Li Yalin, and said, "Yalin, the three of you circulate it and don't say anything. After the circulation is completed, you just need to tell me whether you have any opinions or not." No objection, no matter whether you have it or not, don't give any reason."

The three of them were even more confused. Li Yalin quickly took the phone and read it first. After reading it, his expression suddenly changed.

However, he did not dare to delay and quickly handed the phone to Asher.

Asher was shocked after reading it and handed the phone to Homula.

Homula's eyes widened, and then he handed the phone to An Qishan silently, and then asked in a low voice, "Dad, who will express his stance first?"

An Qishan said lightly, "I will express my stance first!"

The three of them quickly looked at him, I didn't even dare to breathe.

An Qishan's expression flashed with a trace of cruelty, and he gritted his teeth and said coldly, "I have no objection!"
