### The Amazing Son In Law Chapter 6389

An Qishan expressed his attitude, and Asher on the side said without hesitation, "Dad, since charlie already has conclusive evidence, I have the same point of view as you!"

Homula nodded, "Dad, I and I Like a big brother, I firmly support your decision!"

Li Yalin on the side smacked his lips. He knew what the old man said was cryptic, so he said, "Uncle An, I also support you, but once this matter is done, will you blame in the future? Er?"

An Qishan waved his hand, "The An family will not lack this basic judgment. Tablita will definitely understand."

After saying that, An Qishan added, "However, except for charlie, there are only four of us in this matter. You know, after the matter is completed, no matter what Tablita thinks, we will never mention it, and everyone will understand it tacitly."

The three of them nodded together.

Tacit understanding is the best solution for this kind of thing.

So, An Qishan paused for a few seconds, quietly wiped the tears from the corner of his eyes, and sent a message to charlie Wade with a determined expression, "charlie, if your own safety can be ensured, Chen Zhimin will kill you if he can!"

Then, he sent another message to charlie Wade, "charlie, when you kill him, say hello to him for me!"

An Qishan used to think highly of Chen Zhimin.

He felt that although Chen Zhimin's family background was average, he was very talented, capable and knowledgeable when he was young.

In An Qishan's view, the shadow of bruce Wade can be seen in Chen Zhimin.

At that time, Bruce Wade and his daughter had been killed. Although he was sad, he felt somewhat comforted when he saw Chen Zhimin.

It was precisely because he had always been extremely guilty of Bruce Wade that An Qishan couldn't help but regard Chen Zhimin as his own, cultivated him with all his heart, trusted him absolutely, and completely regarded him as his own son.

However, when Charlie Wade told him that there was conclusive evidence that Chen Zhimin was an undercover agent of the Qinghui, he felt deeply betrayed and felt a little regretful.

That's because he thought that with Chen Zhimin, he had made up for the regret he felt towards Bruce Wade to a certain extent. But now, everything was in vain due to his own wishful thinking.

It even made him feel even more ashamed of Bruce Wade.

Because, such a good son-in-law is rare to find among ten thousand, but he himself failed him.

And Chen Zhimin, who he had treated sincerely for many years, turned out to be a wolf cub with deep hidden intentions and vicious intentions. This not only amplified his guilt towards Bruce Wade, but also amplified his complaints against himself.

Asher saw that his father seemed to have suddenly become slumped and aged. He thought that he was blaming himself for what happened to Chen Zhimin, so he quickly stepped forward to support him and said softly, "Dad, everything in the past is a foregone conclusion, so don't overdo it." I'm immersed in the past. Fortunately, these things can still be made up for."

An Qishan let out a long sigh and murmured, "A lot of things have passed. I'm sorry to Bruce Wade. I will never have the chance to make up for this matter in this life... .."

Asher was startled for a moment, and then he realized that his father was sad and blamed himself not because of Chen Zhimin, but because of Bruce Wade.

It has been twenty years since Bruce Wade passed away. There is indeed no chance to make amends for the mistakes made back then.

At this time, Homula stepped forward and whispered, "Dad, although brother-in-law has no chance to make up for it, charlie is still here. He is the blood of brother-in-law. From now on, our An family, from top to bottom, will do our best to make up for charlie. It's the best way to make up for your brother-in-law."

An Qishan nodded slightly, held the hands of his two sons for a long time, and then said, "Let's go, don't let people wait too long." When the four people came out of the room, Chen Zhimin's fate was already sealed.

..

When charlie Wade received the reply from his grandfather, he silently put away the phone and asked Dr. Pete in front of him, "What tests were done on the patients in 1707? Show me the medical records."

Doctor Pete immediately handed over the patient's medical records. He handed it to charlie Wade, who glanced at it for a few times before asking, "Do you have any extra white coats? Find me a set."

"There are some!" Dr. Pitt quickly handed over his spare set. The uniform was handed to charlie Wade.

After charlie Wade put it on, he said, "Let's go, come with me to 1707."

Dr. Pitt immediately nodded, "Okay, Dr. wade!"

In ward 1707 at this time.

Sean Bo was closing his eyes and using his spiritual energy to sense the situation in ward 1701 and several surrounding wards.

When he realized that there were more than ten or twenty people from the FBI ambushing here, he couldn't help but feel a little embarrassed.

Even charlie Wade felt that it was uncertain to take Zhou Liangyun away quietly from here, let alone Uncle Sean .

Therefore, Uncle Sean couldn't think of how to start for a while.

When Chen Zhimin saw Uncle Sean open his eyes, he stepped forward and asked him, "How is the situation?"

Uncle Sean shook his head, smacked his lips and said, "It's a bit tricky. They have many people. I'm worried that they won't be able to solve it quickly."

Chen Zhimin thought for a moment and said, "What if? There is really no chance to take action, so you and I will keep an eye on him here and wait for Mr. Wu's next instructions."

Uncle Sean said somewhat unwillingly, "Wouldn't that be a missed opportunity to make contributions?"

Chen Zhimin said hurriedly, "To make contributions is to make contributions. Just go with the flow. If you do something you know you can't do, if there are no mistakes and the British Lord punishes you, you and I will lose more than you gain."

Uncle Sean was about to speak when he suddenly frowned and whispered, "Don't talk yet, someone is coming. Come on!"

At this moment, Sean Bo felt two people walking towards the ward where he was.

However, Charlie Wade completely sealed his spiritual energy in his body, so Zhong Yongbo did not realize that Charlie Wade would be a master stronger than himself.

Soon, there was a knock on the door of the ward. Uncle Sean winked at Chen Zhimin. The moment the latter opened the door, he saw two doctors standing outside the door. One of them was a blond white man named Pete. The other one is Charlie Wade, a black-haired Chinese.

When Chen Zhimin saw that both of them were wearing doctor's uniforms, he didn't think much about it. Although Charlie Wade and Bruce Wade missed each other very much, Chen Zhimin had never really met Bruce Wade, not to mention that Charlie Wade was still wearing a medical mask, so he will not arouse the suspicion of the other party.

After Chen Zhimin looked at the two of them, he asked with a puzzled look, "Doctors, are you okay?"

charlie Wade looked at Chen Zhimin. Although this was the first time he saw his “little uncle”, charlie Wade still He recognized the other person at a glance.

After all, Chen Zhimin is also a very famous public figure, and his video materials can be easily searched on the Internet.

At this time, Chen Zhimin looked at charlie Wade and asked curiously, “What’s the matter with the two doctors?”

charlie Wade took the initiative to extend a hand to him, smiled and said, “This is the famous Mr. Chen Zhimin, right? It’s my first time. Nice to meet you!”

Chen Zhimin casually stretched out his hand to shake charlie Wade’s hand, and then went straight to the topic again, “What do you want to do here?”
