

## charlie wade - The Amazing Son In Law

### 1. The Amazing Son In Law Chapter 6391

At this moment, Chen Zhimin did not realize what was special about the Chinese doctor wearing a mask in front of him.

He felt that with his rank, even if the chairman of this hospital came, he would still have to kowtow to him.

As for the little emergency room manager here, he just wanted to find an opportunity to get to know himself and to curry favor with him.

Therefore, he did not take charlie Wade in front of him seriously.

charlie Wade smiled faintly at this time and said to Chen Zhimin, "Hello Mr. Chen, I am the person in charge of the emergency department. We are here mainly to find the patient's family. Are you a family member of the patient?"

Chen Zhimin nodded and said arrogantly, "He is my assistant, and I am his family member. If you have anything, please tell me."

charlie Wade smiled slightly and said, "That's it, Mr. Chen, because you are our Distinguished guests of the hospital, in order to show our respect for Mr. Chen, we have decided to transfer this patient to the ward on the top floor, which is much larger and has complete facilities and is more convenient for you and your companions to accompany you."

With that, charlie Wade also waved his hand towards the expressionless middle-aged man inside, seemingly saying hello attentively.

He knew that that person was Uncle Sean .

Moreover, Uncle Sean did not contain his spiritual energy at all.

This is also because charlie Wade has been using the restrained mental method of spiritual energy. Uncle Sean did not notice any abnormality, so he was not too cautious.

Uncle Sean was so proud that he didn't even look down on Chen Zhimin, so how could he look down on Charlie Wade who was dressed as a doctor in front of him, so he completely ignored Charlie Wade's overtures.

Chen Zhimin never expected that Charlie Wade came here to change the ward for his "assistant". He specifically asked the chairman to make arrangements, and then asked the doctor to assign the assistant to this floor, saying that he could not leave under any circumstances.

So he said lightly, "Your good! understand, but there is no need to change the ward. The conditions here are not bad, and there will be no problems with our care here. Please come back. Ye

Charlie said hurriedly, "Don't worry, Mr. Chen. The environment upstairs is really much better than here, and you don't have to worry about anything. We will arrange for someone to help you change wards, and there will also be dedicated people to guide you." Go up. "

"No need!" "Chen Zhimin said impatiently, "If there is nothing else, please go out and don't disturb the patient's rest.

Seeing that he was a little angry, Charlie Wade deliberately lowered his voice and said helplessly, "Mr. Chen, to tell you the truth, the situation in our ward on this floor is quite special today! "

When Chen Zhimin heard this, he immediately glanced at Charlie Wade warily, and asked pretending to be curious, "What situation is more special? "

Charlie Wade quickly explained, "Mr. Chen, you don't know something. There is a prisoner living in ward 1701, and he is the prisoner who has attracted more attention in the past two days. He is guarded by the FBI..."

Chen Zhimin was surprised when he heard this. At the same time, he also lowered his vigilance towards Charlie Wade himself, because what Charlie Wade said was the actual situation he knew.

So he pretended to be surprised and asked, "What does that prisoner have to do with us?" Will we be in their way here? "

Charlie Wade nodded and said seriously, "To be honest, the person in charge of the FBI has very clear requirements for us, that is to clear the wards on the seventeenth floor as much as possible and transfer patients to other floors.

Patients who really cannot be transferred, The number of caregivers must also be strictly limited, with no more than one relative allowed to accompany them. “

charlie Wade deliberately revealed the truth about Zhou Liangyun and the FBI in order to deceive him with the most sincere appearance.

Chen Zhimin and Uncle Sean.

His purpose was to physically separate the two people.

Only by separating them can we defeat them one by one.

### 1. The Amazing Son In Law Chapter 6392

Therefore, he deliberately moved out of the FBI and made up a so-called “requirement” that did not exist.

However, with the truth told before, the lie later seems very credible.

Chen Zhimin and Uncle Sean didn’t even have any discussion, they both felt that charlie Wade must be telling the truth.

They also felt that the FBI must have strictly limited the number of people accompanying patients in order to reduce potential risks as much as possible. This requirement is well-founded and convincing.

However, Chen Zhimin naturally didn’t want to just give in. Although

he initially thought that Uncle Sean might not be able to meet him, the opportunity to make a difference is right in front of him. If there is one person who must leave, it will be for sure. It’s me. In that case, if this thing comes to pass, wouldn’t my own credit be greatly diluted?

So, he said to charlie Wade, “It’s okay, you don’t have to worry about them. If they come to me, I will communicate with their leaders and won’t make it difficult for you.”

charlie Wade said hurriedly, “Mr. Chen, this is not okay! The requirements from the FBI are very clear. If you two are unwilling to separate, you will have no choice but to move to a ward on another floor.”

As he said, he deliberately proposed a plan, "Okay, Mr. Chen, I will arrange for you to be in a ward on the 10th floor. For the ward on the sixth floor near the elevator, you only need to walk a few dozen meters and you will be able to change quickly."

Upon hearing this, Chen Zhimin immediately said, "No! My assistant has just been injured, so we must not torment him in this situation! "

charlie Wade deliberately took out the assistant's emergency medical records and said, "Mr. Chen, your assistant is actually fine. It's okay to be hospitalized for observation, or to go home for recuperation. If you think it's not possible, I can arrange for a few doctors and nurses to monitor him 24 hours a day at his home. At home, the injured person's mood and recovery speed will definitely be better than It's much better in the hospital. Chen

Zhimin was a little annoyed and immediately said, "You don't understand what I say, do you?" I said the injured should not be tormented! He is in this ward and not going anywhere! Seeing him getting angry, Ye

charlie could only say helplessly, "Mr. Chen, if the patient doesn't leave here, then one of you or the gentleman behind you must leave first. This is a death order from the FBI. If you If they refuse to cooperate, then I can only tell them the truth and let them communicate with you.

" Asshole! " "Chen Zhimin gritted his teeth angrily!

He didn't expect that charlie would not give him any face, and even told the truth to the FBI.

Although he was very popular in New York, everyone now knew that the New York police and FBI If their reputation is in serious danger, they will definitely try their best to ensure that Peter Zhou doesn't have any problems again, so if they go against them, they will definitely not give themselves a chance.

And Sean next to them will not do anything good for a while. method, let alone directly take action against those FBI, so the current situation is really a bit passive.

Sean did not doubt charlie Wade's words. He had already found out that there were at least ten or twenty FBI around Peter Zhou. Moreover, the FBI is armed with live ammunition. It is reasonable for them to make security

requirements for the hospital. If Chen Zhimin continues to refuse to cooperate and attracts the FBI, it will definitely be a trouble. Thinking of

this, Sean said without hesitation, " Mr. Chen, one thing is better than one thing less. It's a troubled time in New York right now. We'd better not get in trouble with the FBI. I'll be with you here. You'd better go back and rest early. "

## 1. The Amazing Son In Law Chapter 6393

In Sean's opinion, Chen Zhimin's staying would certainly be helpful to him. If he succeeded, he would also need his help to cover his retreat and help find a safe place to stay.

Therefore, Uncle Sean did not want Chen Zhimin to leave.

But at the moment, Uncle Sean doesn't dare to cause trouble.

He sees form clearly and knows what is important and what is important.

First of all, I definitely can't leave.

Because only he has the ability to snatch Peter Zhou away from the FBI;

secondly, he does not dare to let Chen Zhimin stay and challenge the FBI's requirements; Because

if it is true It attracted the attention of the FBI. If the FBI came to force them to change wards, they would be in a difficult situation. They had little chance of winning if they took action directly. But if they really changed floors, I'm afraid they wouldn't have a chance to take action.

So after careful consideration, Sean decided to let Chen Zhimin go first to avoid attracting the attention of the FBI.

When Chen Zhimin heard what Uncle Sean said, he felt very unhappy, even ten thousand unhappy.

But he also understood that in this case, he definitely couldn't dwell on it.

After all, the FBI is just a few wards away from here. If they were really provoked, the mission might not be completed, and the British master would definitely punish him by then.

So, he could only nod helplessly and said to Uncle Sean, "Old Zhang, please take care of me here. I'll go back first. If you need anything, call me."

Uncle Sean pretended to be respectful and said, "Okay, Mr. Chen." , please walk slowly."

Chen Zhimin felt resentful in his heart, rolled his eyes at charlie Wade, then snorted coldly, waved his hands and left.

When charlie Wade saw him going out, he pretended to be relieved and said to Uncle Sean, "Thank you both for your cooperation. We are all here for work. Please understand."

Uncle Sean did not doubt charlie Wade, so he also ordered He nodded and said, "It's understandable that everyone is here for work. We follow the FBI's requirements. Doctor, try not to let the FBI disturb us. "

"good! "charlie Wade nodded, and then whispered, "Then I won't disturb you! "

With that said, charlie Wade turned around and walked out with Dr. Pitt.

Sean glanced at Dr. Pitt who was following him, and felt that this doctor seemed a little dazed, but because he was not proficient in psychological suggestion, so He didn't pay much attention to it.

After charlie Wade came out, he happened to see Chen Zhiming walking to the elevator entrance angrily, so he immediately took a few steps to follow him. The

elevator door opened and as soon as Chen Zhiming stepped into the elevator, charlie Wade walked directly He followed in.

Seeing charlie Wade follow him into the elevator, Chen Zhimin felt very angry. He tugged on his collar and asked with a stern face, "What are you doing following me?" Are you qualified to ride in the same elevator as me? go out! "

charlie Wade chuckled and said quickly, "Mr. Chen, please don't be angry. I asked you to leave one of the two. This is the request of the FBI. The FBI doesn't do much business all day long. It's the bullshit that ruins the situation." A lot. Think about it. A big shot like you is one of the most distinguished guests in our hospital. If the FBI hadn't been nagging there, give me the courage, I wouldn't have dared to offend you. You said so? no? "

charlie Wade's two compliments made Chen Zhimin's angry mood ease a little.

He thought to himself that the doctor in front of him must be acting under orders. No one else would be able to ignore the FBI's request, and this doctor's attitude can be considered I am humble, I speak nicely, and the anger in my heart has somewhat dissipated.

This

## 1. The Amazing Son In Law Chapter 6394

Yes, he said expressionlessly, "You are right, these FBIs, every one of them, are all F\*cking trash! If you can't handle your own business for nothing, why don't you take care of other F\*cking things?" The patient's family members are here, what a F\*cking bastard!"

charlie Wade nodded and said with an apologetic smile, "You're right!"

After saying that, he quickly lowered his voice and continued, "Mr. Chen, don't be too anxious. I'll wait until tonight. Observe the activities of the FBI. If they relax and are not so strict at night, if you want to come and visit, I will find a way for you."

When Chen Zhimin heard this, his eyes suddenly lit up and he subconsciously asked, "This method Is it feasible?"

charlie Wade said attentively, "I don't think the problem is big, but we still have to wait until night to observe and observe. They are a bunch of people who are tight and loose at one time. They will be stricter when the leader comes, and looser when the leader leaves."

Chen Zhimin thought The doctor wanted to curry favor with him, so he immediately said, "If you can help me handle this matter, I will definitely put in a good word for you in front of your chairman later."

charlie Wade said excitedly, "Oh, Mr. Chen , thank you so much!"

After saying that, seeing the elevator reaching the underground garage, charlie Wade said, "Mr. Chen, I will take you to the car, and we will chat on the way.

” First, he didn’t take a driver with him when he went out this time. He drove to the airport to pick up Uncle Sean himself, so it was much more convenient for the two of them to talk.

As Chen Zhimin walked towards his Rolls-Royce, he asked charlie Wade, “When do you think they will be more relaxed?”

charlie Wade hurriedly said, “I guess it will be about the same in one, two, two or three hours.” .”

Saying that, charlie Wade said again, “I suggest you, don’t...”

Before charlie Wade finished speaking, Chen Zhimin saw someone coming towards him and immediately interrupted, “Ahem, I’ll leave the patient to you. I’m sure you can rest assured, but my requirement is that the patient must receive the best treatment and use the best medicine, and the patient must not be left with any sequelae! “

charlie Wade nodded quickly following his words, “That’s right, that’s right. Don’t worry about that. We are quite thorough in what we do. “

Chen Zhimin hummed with satisfaction and walked to the Rolls-Royce at this time, so he said to charlie Wade, “Get in the car and talk. “

“good! “charlie Wade nodded repeatedly. Seeing that the Rolls-Royce had automatically unlocked, he took the initiative to open the door for Chen Zhimin. After asking him to sit in, he went around to the passenger seat, opened the door and got in.

After entering, charlie Wade Chen immediately used his spiritual energy to check the Rolls-Royce.

This Rolls-Royce was different from most Rolls-Royces. The glass, door panels and chassis of the entire car were extremely thick and bullet-proof and explosion-proof. Eavesdropping, and there were no other electronic eavesdropping devices in the car, so the security was very strong.

At this moment, charlie Wade was relieved, and Chen Zhimin next to him felt as relaxed as if he had arrived at home. He picked up a bottle of Fiji water and took a sip. He said to charlie Wade, “If you can get me back to the ward within two hours, I will reward you greatly.” “

charlie Wade smiled slightly, took off his mask, looked at Chen Zhimin, and asked with interest, “I wonder what kind of reward Mr. Chen said about rewards? “

Chen Zhimin chuckled, stretched out a finger, and said arrogantly, “If you can solve the problem within two hours, I will give you one million U.S. dollars; if you can solve the problem within one hour, I will give you two million U.S. dollars. ! “

After saying that, he suddenly looked at charlie Wade, frowned, and said subconsciously, “Eh? Why do you look familiar to me? Have we met before? ”

...

s: I wish you all a Happy New Year in advance! May 2024 be celebrated!

## 1. The Amazing Son In Law Chapter 6395

When bruce Wade passed away, Tablita was still a student.

Therefore, Chen Zhimin has never met bruce Wade himself.

However, he has been tailor-made for Tablita by Poqing Club since he was a student.

At that time, there were more than twenty young male “scholars” who were tailor-made with him. Most of these people were of pure Chinese descent, and a small number were of mixed Chinese and other descents. There were even a few white and Black people.

The reason why some mixed-race or even white and black people were selected was because the Qingqing Association was not sure what Tablita’s views on mate selection would be when she became an adult. Therefore, they selected more than twenty young male “scholars” with good looks and good looks, and then began to subject them to rigorous training. Rigorous study and training.

Tablita still doesn’t know that the outstanding boys who appeared around her in the past, who had extremely good grades, extremely rich knowledge, and gentlemanly demeanor far beyond ordinary peers, were almost all scholars from the Qinghui.

The purpose of breaking the Qinghui is also very simple.

Surround Tablita with a large number of high-quality men who have undergone rigorous training. In this way, there will always be one who can penetrate into the An family.

And Chen Zhimin is the final winner.

Chen Zhimin was actually familiar with the information of everyone in the An family in the early years.

Even though he has never met bruce Wade, he has seen all of bruce Wade's information, including video information.

However, after all, bruce Wade died many years ago, and in the years since he married Tablita, he has not reviewed the lessons he did back then, so he has somewhat forgotten about bruce Wade's appearance.

But after all, it was information that he had memorized more than ten years ago, so he felt that charlie looked familiar, as if he had seen him before.

charlie saw his slightly confused look at this moment and asked with a smile, "Mr. Chen, do you think I look familiar?"

"Yes." Chen Zhimin didn't feel that he was being deceived, but said very seriously, "I do look familiar. I seem to have seen him somewhere, but I couldn't remember it for a moment."

charlie smiled, threw the mask on the console of the Rolls-Royce, lay down on the back of the seat carelessly, spread his hands, and said calmly, "Since Mr. Chen looks familiar to me, I will simply stop pretending and show my cards." . "

Chen Zhimin noticed something unusual at this moment, and while quietly reaching for the storage compartment on the main driver's door panel to take out a gun, he frowned and asked charlie, "What do you mean? Who are you?"

charlie smiled and said, "Mr. Chen, Strictly speaking, I still want to call you uncle, after all, your marriage to my aunt is still in existence."

Chen Zhimin was shocked by charlie's words, and he blurted out, "You... you are charlie! "

Huh?" charlie asked curiously, "My uncle, do you know my name?"

Chen Zhimin said with excitement while clenching the pistol, "We have been looking for you for so many years, but we didn't expect you to be in New York! This is really great." Okay! I'll call your grandpa right now. He will be very happy to know!"

After that, he pretended to take out his cell phone, but the next second, he took out his pistol and pointed it at charlie's head. He said in a cold voice with a ferocious expression, "charlie, right? Why are you here?! You know that I am your uncle, and you still try your best to play this trick with me. So, you know my true identity?" !"

Seeing the murderous look on his face, charlie completely stripped off his disguise and said with a smile, "You are just a scholar from the Po Qing Society. You seem to be quite famous, but in fact, aren't you just a chain that is a little longer and needs to be tightened regularly? A dog that took the antidote?"

"F\*ck!" Chen Zhimin's expression was extremely gloomy. He stared at charlie and gritted his teeth and said, "It seems that you understand it very clearly! Believe it or not, I can kill you with one shot right now, and then go to Xiang Ying. Master the reward?"

charlie said calmly, "I understand far better than you think."
