1. The Amazing Son In Law Chapter 6401

said Here, Zhou Liangyun said with some excitement, "I hope people can remember that their ancestors used extremely shameful means to plunder a large amount of wealth from the East and China. This

and caused countless tragic casualties. I hope people will always remember that the sins of their ancestors are too numerous to describe!

"So, I can't ask for their money, let alone want it! " "

The justice was a little embarrassed for a moment. If Zhou Liangyun really doesn't want a penny, then his refusal to compensate will definitely trigger public discussion again, and when people discuss this matter, they will think in their hearts that it must be The Rothschild family has caused him too much harm, so he completely ignores the temptation of high money and is determined not to get a penny from the Rothschild family.

In this case, the Rothschild family will be even more passive in public opinion.

.

At this time, the prison staff who had been silent for a long time came up quickly and said respectfully, "Hello, Mr. Zhou, I am Brian, the deputy warden of Brooklyn Prison." White, on behalf of the Brooklyn Jail, I would like to sincerely apologize for all the injustice you suffered in the Brooklyn Jail, and I would like to say that if you need it, we will also pay compensation for the unfair treatment you have suffered... .."

Zhou Liangyun said, "Don't worry, after this incident passes, I will not seek compensation from any party, whether it is the Rothschild family, the Brooklyn Prison, or the entire judicial system of the United States. "

As he spoke, he asked Brian, "Now that I have been acquitted, can my personal belongings be returned to me?

"Yes, yes, of course! " "

Brian nodded repeatedly without thinking, and then took out a prison-specific storage bag from the suitcase he carried with him. It also had a seal and Zhou Liangyun's personal information on it.

He handed the storage bag to Zhou Liangyun and said, "Zhou Liangyun Sir, your personal belongings are all here. Please check them to see if there is anything missing. "

Zhou Liangyun opened the storage bag and rummaged around inside. He mainly cared about his mobile phone, and other things didn't matter.

Then he tried to open his mobile phone. After long pressing the power button, the mobile phone entered The startup page appeared.

Zhou Liangyun looked up at the justice and Brian and asked, "Has anyone read the information on my phone? "

"how could be? Brian said quickly, "These things have been sealed in Brooklyn Prison since you were arrested. We have never opened them, so how could we read your mobile phone information." "

As he spoke, Brian pointed to the seal on it and said, "Look at the information on the seal, it was affixed on the day you were sent to Brooklyn Prison. Zhou

Liangyun said calmly, "The seal can be faked. You are colluding with the Rothschild family. You can even put the entire prison at their disposal, not to mention my mobile phone." "

Before I was arrested, my mobile phone had automatically shut down due to low battery, but now it can not only be turned on, but also has 70% of the battery. This proves that someone has connected this mobile phone with a data cable;"

"Since you collected my personal belongings and sealed them in this storage bag, who was so considerate as to help me charge my phone? "

Brian was speechless for a moment.

In fact, he knew very well that not to mention Zhou Liangyun's mobile phone, even Zhou Liangyun's home had been searched by the Rothschild family countless times. Of course, they don't know how to use mobile phones. Important clues that had been missed.

1. The Amazing Son In Law Chapter 6402

In fact, this phone had long been cracked by Rothschild hackers and all the data and information in it had been copied.

However, when Zhou Liangyun switched the package to Sifang Baozhuang, he guessed that the phone must be It's the other party's key investigationThe target, so I prepared a response in advance and deleted all valuable clues.

The battery on his phone was out of order, and he did it on purpose, in order to prove whether the other party would check his phone and whether the other party would act as carefully as he did.

Right now, the phone still has 70% of power after it is turned on, which means that the other party is not as careful as you are in doing things. If you do it yourself, since the phone is out of power, you must also copy the data after copying the data. Let the phone drain all its power and shut down automatically.

Therefore, at this moment, Zhou Liangyun was completely relieved.

Seeing the neglectful side of the Rothschild family, he firmly believed that charlie Wade must have a way to take the Sifang Treasure House out of New York under the strict defense of the Rothschild family.

Maybe, it is already on its way back to China!

At this time, the justice on the side was also embarrassed and quickly promised, "Mr. Zhou, please don't worry, I will report this matter to the New York police and let them investigate it thoroughly to see who has used your mobile phone. "

Zhou Liangyun smiled slightly and said magnanimously, "Forget it, Chief Justice, I won't pursue this matter."

The Chief Justice and Brian let out a sigh of relief at the same time. If this matter spreads, it will be another scandal in the judicial department. , if it triggers a chain reaction again, the consequences will be really unbearable.

So the chief judge quickly handed the document to Zhou Liangyun and said, "If Mr. Zhou has no objection to the acquittal, please sign this. After signing, the document will take effect immediately and you will be free."

Zhou Liangyun nodded . , picked up the pen and signed his name on the signature.

The justice collected the documents and asked, “Now that Mr. Zhou has regained his freedom, what are his plans next? Should he stay here to continue treatment, or should he leave here and go elsewhere?”

Zhou Liangyun hesitated for a while.

He knew that if he left here, he would be targeted by the Rothschild family.

However, his injuries had long been healed by charlie Wade, so there was no point in staying here. He couldn't stay in the hospital for the rest of his life just because he was afraid of retaliation.

At this time, the person in charge of the FBI said, “Now that Mr. Zhou has been acquitted, our work has come to an end. Our people will evacuate in ten minutes.” The

FBI is not really here to stay. In order to protect Zhou Liangyun.

Prior to this, Zhou Liangyun was a prisoner with a sensitive identity who was seeking medical treatment outside the country. The FBI really did not dare to let him make any mistakes, otherwise the entire American judicial system would be in disgrace.

But the situation is different now. Zhou Liangyun has regained his freedom, and the FBI naturally has no need to continue to protect him. If there is any problem with his personal safety in the future, the pressure will naturally be on the New York police or other local police, and Of course the FBI has nothing to do with it.

Zhou Liangyun naturally knew that the FBI would not always protect him, but he had already put his life and death aside. Now that he had regained his freedom, he thought about it and decided to buy the earliest ticket to leave the United States and return to China.

Since the Rothschild family members have already released themselves, there is a high probability that they will not be able to stop them from leaving the United States. Anyway, they set off empty-handed, as long as they can make sure that they have not taken away the Sifang Treasure Building.

At this moment, his mobile phone suddenly received a message from an unknown number. The content of the message was Uncle Zhou. After the FBI leaves, go directly to the rooftop of the hospital. I will take you back to China. “

Uncle Sean felt somewhat uneasy.

He still didn't quite believe that this task could be accomplished so easily.

So, he warned himself in his heart, “You must keep an eye on the person named Zhou, and you must be careful about the surrounding environment. Be careful and careful, there must be no mistakes or mistakes! “

A few minutes later, a helicopter fell from the sky and landed steadily on the apron on the top floor of Manhattan Hospital.

In the cockpit of the helicopter, in addition to the pilot, there was also Chen Zhimin.

Chen Zhimin drove in advance according to Charlie Wade's request. After meeting the pilot, they took a helicopter to the roof of Manhattan Hospital.

As soon as the helicopter landed, Chen Zhimin said to the pilot, “There is no need to turn off the helicopter. You go first. I will just wait here.”

The pilot asked with a puzzled look on his face, “Mr. Chen...you...can you fly a helicopter?” Chen

Zhimin said lightly, “Nonsense, if I didn't know how, why would I let you go first?” “

The pilot is not a member of the Qingqing Association. He is just a pilot for a general aviation company owned by Anjia. The company he works for and the helicopter he drives are all Anjia's properties.

Moreover, this general aviation company has always been managed by Chen Zhimin, so the pilot did not dare to disobey him.

So, the pilot quickly said, “Okay, Mr. Chen, I will leave first. If you need anything, call me anytime.” “

After that, he took off his noise-canceling headphones, waved to Chen Zhimin under the roar of the helicopter, opened the door and jumped in. The roar

of the helicopter engine made Uncle Sean on the 17th floor start to fight. He was very energetic.

He knew that Zhou Liangyun might leave here soon, so he focused all his attention on Zhou Liangyun in Ward 1701, for fear that anything would happen to this person again. At

this time, the FBI had also packed up its equipment. They were preparing to evacuate one after another.

charlie Wade knew very well that Uncle Sean's aura was mainly monitoring Ward 1701 and Zhou Liangyun in the ward. With limited energy, it was impossible to monitor many people at the same time, so he left Ward 1708 in a big way. , first went to the emergency room, and then repeated his old trick, disguised as a doctor, came out of the emergency room and went directly to ward 1701.

When he was approaching ward 1707, charlie Wade could feel that Uncle Sean was monitoring him with spiritual energy, but He was not worried, because he had already interacted with Uncle Sean before, and he should not arouse his suspicion.

So, he stopped at the door of ward 1707 and lightly knocked on the door.

Uncle Sean quickly came out from inside Opening the door, he asked charlie Wade warily, "Is something wrong, doctor?" charlie Wade said, "

Hello, sir, Mr. Chen asked me to take the patients from 1701 to the rooftop. He asked me to say hello to you first, saying that the helicopter has been prepared on the rooftop, and asked you to follow him."

Uncle Sean frowned and asked, "What else did he say? " "

charlie Wade shook his head. "I didn't say anything else. Why don't you call him and ask. I'll just send you a message on his behalf. "

Uncle Sean looked at charlie Wade and saw that he

It didn't look like he was lying, so he thought this was Chen Zhimin's arrangement.

After all, Chen Zhimin had just told him the specific plan, which coincided with what charlie Wade said.

In his opinion, Chen Zhimin just asked him to come over and convey a message to him in a subtle way so that he could be prepared.

1. The Amazing Son In Law Chapter 6405

If he arranges for himself and Peter Zhou to ride in his helicopter later, then this matter can be regarded as a matter of course.

Thinking of this, he said to charlie Wade, "Okay, I understand. You can go and do other things that Mr. Chen has assigned you."

charlie Wade nodded, and after saying goodbye, he continued to walk towards the door of 1701.

Standing outside the door, charlie Wade knocked on the door, and then said, "Mr. Zhou, your friend has come to pick you up. The helicopter is on the rooftop. He asked me to take you up now."

Zhou Liangyun instantly recognized charlie Wade. He heard Chen's voice, so he quickly opened the door and looked at charlie Wade, who was dressed as a doctor. He felt relieved and asked him quickly, "Are you going up now?"

charlie Wade nodded and said with a smile, "He is already waiting above. I'll take you up."

Zhou Liangyun immediately said, "Okay, thank you for your hard work!"

Then, Zhou Liangyun took his belongings and followed charlie Wade walked out of the ward and walked towards the elevator.

As soon as he entered the elevator, Zhou Liangyun wanted to ask charlie Wade about the news about Sifang Baozhuang. charlie Wade didn't wait for him to speak and directly handed him the cell phone with a line of text entered.

Zhou Liangyun took it and read the text, immediately handed the phone back to him, and at the same time made an OK gesture to him with a firm expression.

On the other side, as soon as the two of them entered the elevator, Uncle Sean walked out of the ward, hurried to the elevator hall, and took another elevator to the top floor.

When he came to the rooftop, Charlie Wade had already led Zhou Liangyun towards the helicopter.

Charlie Wade carried Zhou Liang outside the helicopter door against the huge wind force of the helicopter's rotor.

Zhou Liangyun was about to go up, but suddenly realized something was wrong, and quickly shouted to Charlie Wade despite the huge engine sound, "This is not the helicopter arranged by my friend!"

Charlie Wade also shouted, "Mr. Zhou, this is your friend. It's arranged, so hurry up!"

"No!" Zhou Liangyun shook his head firmly and said, "This is not arranged by my friend! I'd better go by myself in the car!"

After that, he turned around and left.

Uncle Sean, who came up behind, saw Zhou Liangyun was about to get on the helicopter but suddenly turned his head, and realized that Zhou Liangyun must have noticed something.

However, at this time, it would be useless even if Zhou Liangyun noticed.

In Uncle Sean's eyes, he was just like an ant. He could step forward now and easily bring Zhou Liangyun into the helicopter.

So, without hesitation, he took a few steps quickly, walked up to meet Zhou Liangyun, and blocked Zhou Liangyun outside the helicopter door.

Seeing that the way forward was blocked, Zhou Liangyun immediately asked, "Who are you?"

Uncle Sean smiled slightly, "Mr. Zhou, if you don't want to die, just follow me on the helicopter!"

After that, he immediately stretched out his hand without waiting for Zhou Liangyun to respond. He took action and planned to catch Zhou Liangyun directly on the helicopter.

The current situation has reached the final stage. Sean Bo knows that as long as he takes Zhou Liangyun on the helicopter, the mission will basically be completed.

Therefore, in this case, he would never give Zhou Liangyun a chance to escape.

Moreover, he did not take Zhou Liangyun seriously at all, because he could see that Zhou Liangyun did not. Regardless of his cultivation level, such a person has absolutely no ability to resist in front of him.

But just when Uncle Sean thought everything was a foregone conclusion, Charlie Wade, who was less than two meters away from him, suddenly released extremely strong spiritual energy in an instant. He poured all the spiritual energy into his hands, and at the fastest speed, in the blink of an eye, He rushed in front of Uncle Sean.

1. The Amazing Son In Law Chapter 6406

Uncle Sean's attention was focused on Zhou Liangyun, and he never expected that the doctor next to Zhou Liangyun turned out to be a master who had been hiding his aura!

For a moment, he was so frightened that he quickly mobilized all his spiritual energy to prepare for the fight.

But Charlie Wade struck first after all, and his strength surpassed him!

Therefore, when Charlie Wade immediately used his hands filled with powerful spiritual energy to tightly hug Sean's arms from both sides, the powerful spiritual energy and body merged into one, like a super strong steel body. The iron pliers clamped down on Uncle Sean!

Sean was shocked. Only then did he realize that he had fallen into the trap of this fake doctor!

Terrified, he resisted with all his strength and roared loudly, “Shameless villain, how dare you sneak attack me without martial ethics! I’m going to kill you!”

After that, he used his spiritual energy with all his strength, trying to get rid of charlie’s bondage.

However, charlie Wade came up and directly controlled him. The only thing he could do was to compete with charlie Wade for strength, but he was no match for charlie Wade. No matter how hard he struggled, he was still unable to move.

charlie Wade sneered at this time and said loudly in his ear, “Uncle Sean, right? Remember, the person who is sending you on your way today is bruce Wade’s son, charlie Wade!” When

Uncle Sean heard this, he was instantly shocked. Horrified, cold sweat flowed uncontrollably all over his face.

In the flash of lightning, he subconsciously yelled, “Boy, do you think you can kill me if you are one level stronger than me? Watch me open the Niwan Palace!”

After that, he began to use his mental skills to prepare to open the Niwan Palace to save himself.

But charlie Wade sneered at this moment and said contemptuously, “F*ck your mother!”

After saying that, he suddenly exerted force on his arms and actually lifted Uncle Sean’s body upward!

Sean, who was working on his mental skills, was still surprised in his heart, “This kid is obviously much stronger than me, why doesn’t he fight with me? He keeps hugging me tightly, what kind of weird fighting method is this?”

Just after he finished speaking, he felt There was a sudden chill on the top of my head, as if the hair on my head disappeared instantly.

In doubt!

He suddenly came back to his senses. He was so frightened that he subconsciously looked up...

all of a sudden!

There was a sharp pain in his forehead!

It turns out that the helicopter's rapidly rotating rotor is already very close at hand!

The moment he raised his head, a layer of his forehead and skull were cut off!

At this moment, he realized that Charlie Wade never thought about fighting with him from beginning to end!

He was going to use this extremely fast, sharp helicopter rotor to behead himself!

Although he is strong, his neck is no match for this helicopter rotor!

And the body is no match for Charlie Wade!

At this moment, he could only watch helplessly as Charlie Wade lifted himself higher and higher!

Extremely frightened, he broke down at the last moment and shouted, "Ye... you... you have such a vicious wrist..."

The next second, his neck was instantly cut off by the huge rotor!

The unwilling head was thrown several meters high by the huge force of the rotor. A few seconds later, it landed heavily on the ground with a bang!

After Chen Zhimin flew away, Charlie Wade said to Zhou Liangyun, "Uncle Zhou, I didn't expect that the Sifang Baozhuang incident would disturb the Posing Association. Even Sara was already on the way over. Now Sifang Baozhuang was taken over by her. Keep an eye on her, until I fail to kill her, I'm afraid you can only live in anonymity."

Zhou Liangyun smiled slightly and said calmly, "It doesn't matter, Master Wade, where you go or how you live, it doesn't matter to me, as long as you don't. It doesn't matter if you leave the name of a fugitive and be reviled. It doesn't matter if you keep your name anonymous. From now on, I will obey your arrangements."

Charlie Wade nodded and said, "I will send you to Canada first, and then take the road back to Canada. Sifang Baozhuang is expected to arrive in Eastcliff in a few hours. By then, the news of its return to China will be announced through official channels. By then, even if the matter of Sifang Baozhuang has been settled, I think there is a high probability that they won't bother to hunt you down. As long as you don't show up, they probably won't look for you."

"Okay!" Zhou Liangyun was obviously much more relaxed after hearing this, and sighed, "As long as the Sifang Baozhuang can return when I arrive in China, I can die in peace."

Charlie Wade said, "I will arrange for you to settle in Jinling first. I also have some connections in Jinling, and I will settle you in the safest place first."

Zhou Liangyun handed over his hand, said respectfully, "Thank you for your hard work, Master Ye!"

At this time, another helicopter flew over from a distance.

This helicopter is the vehicle of Steve Rothschild.

Previously, Charlie Wade took this helicopter to send Chen Zhaozhong and Sifang Baozhuang to Canada.

And this time, Charlie Wade will take this helicopter and fly to Canada again with Zhou Liangyun.

Steve Rothschild is sitting in the cabin at the moment, waiting for the helicopter to land smoothly on the roof.

After falling behind, he quickly opened the door, jumped out of the cabin, came to Charlie Wade with a diligent look, and said respectfully, "Mr. Wade, please!"

charlie Wade nodded, Zhou Liangyun stretched out his palm with his palm facing the side and said, "You should know Mr. Zhou, don't you need me to introduce you?"

Steve smiled awkwardly and said quickly, "I know you, of course you know me!"

After that, he hurriedly added He politely said to Zhou Liangyun, "Mr. Zhou, please do the same!"

"

The helicopter climbed quickly and flew quickly towards Canada.

In the cabin, charlie Wade asked Steve, "Does your old man have any objections to your trip to Canada this time?"

Steve hurriedly said, "No objections, of course no objections. Later yesterday, Quanzi was invited to attend the Queen Helena At the private dinner, Queen Helena also expressed her intention to further cooperate with the Rothschild family. As you might expect, the first thing my father thought of was me. He hoped that I could go to Canada this morning to meet Helen. Let's meet and chat with Queen Helena."

charlie Wade asked Chen Zhimin to arrange a private jet to fly to China, mainly to deceive others and release smoke to confuse Sara. However, the exit route he planned for Zhou Liangyun was actually to follow Steve to meet Helena first. , and then let Zhou Liangyun follow Helena's special plane to Northern Europe.

1. The Amazing Son In Law Chapter 6409

As the Queen of Northern Europe, Helena has the right to diplomatic immunity and can easily take Zhou Liangyun out of Canada.

That's why he asked Helena to help send out friendly messages and give Howard a reason to rush to Canada, so that he and Zhou Liangyun could take his helicopter to Canada.

Using Chen Zhimin is to build the plank road openly, but using Steve is to cross Chencang secretly.

At this time, charlie Wade asked him again, "New York is still under martial law?"

"Yes." Steve nodded, "My father is still hoping that Sifang Baozhuang has not left New York, as long as Sifang Baozhuang's whereabouts have not been made public. , New York should continue to be under martial law."

As he spoke, he glanced at Zhou Liangyun on the side, and continued, "He is planning to use a two-pronged approach this time. While continuing to block New York and investigate clues, he will release Mr. Zhou and let Hank keep an eye on him. Keep him close."

charlie Wade smiled and said, "It seems that these two moves he made are bad moves. Hank doesn't have time to help him keep an eye on Mr. Zhou now. He should be processing the entire Manhattan Hospital's monitoring system. Before dawn, Manhattan Hospital All surveillance videos will be completely destroyed with no possibility of restoration, and Mr. Zhou will also temporarily disappear from the American world. No outsiders will know his whereabouts for some time to come."

Steve laughed along with him and nodded repeatedly. This time he cooperated with charlie Wade and tricked his own father.

Not only did he help charlie Wade transport the Sifang Baozhuang out, but now he also helped charlie Wade transport the Sifang Baozhuang out. The culprit Zhou Liangyun was also transported out. If his father knew these inside stories, he would probably kill him himself and clean up the family.

Thinking that he and charlie Wade were completely welded to death in the same boat, he subconsciously asked, "Mr. Wade , when will the news of the Sifang Baozhu's return to China be made public? "

charlie Wade looked at the time and smiled and said, "It should be almost done this morning. Don't worry, I have arranged this matter well and there will never be any mistakes. "

Steve finally breathed a sigh of relief.

As long as Sifang Baozhu doesn't come back, his position as heir will not be affected in any way, and this stage is over.

At this time, Charlie Wade looked at Steve. He smiled and said, "By the way Steve, your father values Sifang Baozhuang so much. If the news of Sifang Baozhuang's return to China spreads, will his body be able to handle it at such an old age?"

When Steve heard this, he immediately beamed with joy and said, "Mr. Wade, my father has been having trouble sleeping and eating for the Sifang Baozhuang these days. If the Sifang Baozhuang returns to China inexplicably under his nose, I'm afraid he will. It was a big hit."

Charlie nodded and said with a smile, "Your father is an old man after all. After this blow, even if it is not life-threatening, he will probably have to stay in bed for a long time to recuperate. He may never recover from this." If you can't regain your former radiant state, in that case, you may have to take over the important task of running the Rothschild family in his stead. "

Having said this, Charlie Wade looked at Steve meaningfully and said with a smile, "Steve, don't forget each other if you want to be rich and noble!"

When Steve heard what Charlie Wade said, it made so much sense!

The old man had been feeling very anxious during this period. If he was really anxious, maybe he could succeed to the throne in advance.

Even if he couldn't officially succeed, at least he would be able to succeed. Being able to take care of family affairs, once he can take a step forward, his position as the heir will basically be secure!

Thinking of this, he couldn't hide his excitement and said to Charlie Wade, "Mr. Wade, don't worry, if I become Rothchild one day. The leader of the De family will definitely never forget the help given by Mr. Wade!"

Charlie Wade nodded. Seeing Steve's face full of excitement and expectation, he couldn't help but think to himself, "Let's let you be excited for a few days. If you really can't stand this blow and fall down, I have to find a way to keep it secret." Give him a hand. Without his checks and balances, you won't be able to listen to me honestly in the future. "

1. The Amazing Son In Law Chapter 6410

Steve was already a little impatient at this time, impatiently looking forward to the moment when the news of Sifang Baozhuang's return to China was made

public. He wanted to see if his old father, who regarded Sifang Baozhuang as his darling, would be greatly affected by this.

Although he was embarrassed to say such words, his biggest wish now was to hope that his old father would become paralyzed or simply die under the huge blow.

In that way, he can immediately become the helmsman of the entire Rothschild family. From now on, no one in the Rothschild family can challenge his status and majesty.

When he was full of expectations, he didn't know that Charlie Wade, who was smiling in front of him, was plotting against him in his heart.

At this moment, Chen Zhimin had already driven the helicopter carrying Uncle Sean's body back to the helicopter airport of Anjia General Aviation Company.

Hank, a former top agent, has also quietly sneaked into the monitoring room of Manhattan Hospital.

After Chen Zhimin landed on the tarmac, he asked the staff to drag the helicopter into the hangar, and then sent the staff out.

Then, he took out his mobile phone and notified the crew waiting for him at JFK Airport, asking them to apply for takeoff directly.

The crew chief was a little confused and asked respectfully: "Mr. Chen, aren't you going to board the plane?"

Chen Zhimin said: "I have something to do at the moment, so I won't board the plane. You fly to China first. My wife is there. She will contact you when she arrives. You can just bring her back."

When the crew chief heard this, he thought that Chen Zhimin had arranged the plane to pick up his wife in China. It was reasonable for Chen Zhimin to let the crew go to China on his own because he had something to do. So the doubts in his mind disappeared and he said respectfully: "Okay Mr. Chen, let's apply to the tower for launch now and line up for takeoff. I will contact you after we arrive."

"Okay." Chen Zhimin hummed and then hung up the phone.

After Hank skillfully destroyed the entire hospital's surveillance storage system, making all surveillance videos disappear and irrecoverable, he did not return to the ward, but went directly to the top floor of the hospital to clean up the blood stains and some flesh and blood tissue on the top floor. .

After doing all this, he called Howard Rothschild, and his first sentence was: "I'm sorry, sir, Peter Zhou has escaped."

When Howard heard this, he was furious and blurted out: "Where has he gone? Didn't I ask you to keep an eye on him in Manhattan Hospital?!"

Hank explained: "He was picked up by a helicopter arranged by An's son-in-law Chen Zhimin."

"Chen Zhimin?!" Howard asked angrily: "What? Did the An family also get involved in this matter?!"

Hank said: "I can't confirm this yet, but it was indeed Chen Zhimin who picked him up, and the helicopter he used was also registered under the name of Anjia's own general aviation company."

"Bastard!" Howard gritted his teeth and said, "Is the An family trying to fight against me?"

Hank said: "Sir, as far as I know, direct members of the An family have been to China for a long time, and they have not returned to the United States during this period. Chen Zhimin has the final say here in the United States. I think the An family and This matter should have nothing to do with it."

Howard said angrily: "I must get to the bottom of this matter! And that Chen Zhimin, find out his whereabouts for me immediately and find out where his helicopter flew to!"
