Lin Wan'er's inference suddenly made Charlie Wade enlightened.

He was a little excited and nervous at the same time and said: "Miss Lin is right! If this was a game that was laid out more than three hundred years ago, the people who laid it out would never let any link go beyond their control. If all this is really what Meng Changsheng (Willie) did, then there must be a way in the "Preface to the Nine Mysteries Sutra" for me to have Dragon Grid like my father!"

After saying that, he looked at the photocopy of the "Preface to the Nine Mysteries Sutra" again and spoke. Said: "Ms. Lin, if it is convenient, you and I might as well study this book together."

Lin Wan'er nodded without hesitation, stood up immediately, and said to Charlie Wade, "Young master, help me to help the slaves and bring the tea." Let's move the table back to the main room, let's go in and discuss it."

Charlie Wade didn't hesitate at all, and immediately moved the tea table, and together with Lin Wan'er entered the main room on the top floor, which was the living room.

There is a long book table placed in the main room. This was specially prepared by Lin Wan'er when she was painting the landscape scroll. It has been left here since then and has not been moved away.

The two came to the book desk. Lin Wan'er continued to make tea for Charlie Wade, while Charlie Wade took apart the binding of the photocopied version of the "Nine Mysterious Heavenly Scriptures" and laid them out one by one on the book desk in order.

"Preface to the Nine Mysteries Sutra" contains a lot of content. The photocopied version is printed on a single side, with a total of more than 400 pages, and each page is filled with dense text.

At the beginning of this book, the meaning and characteristics of the path of spiritual cultivation are introduced in great detail. After a concluding opening remarks, there is a spiritual cultivation method called "Nine Mysterious Heart Decisions". This spiritual method is very detailed and takes up at least half of the entire book.

charlie Wade roughly went through the content of the mental method. It is indeed a very detailed set of mental training methods from shallow to deep. There is even a section on how to open the Niwan Palace.

After saying that, Lin Wan'er added: "Jiaoge is the fate closest to Longge. It is also the only fate that can 'turn into a dragon'. Once the dragon's pattern turns into a dragon, it will be a dragon's pattern. This means that when the young master's mother is pregnant with the young master and the young master's destiny has not yet been decided, the young master's father will become a dragon. He had divided his dragon grid into two dragon grids and gave one of the dragon grids to the young master;" "

Then, the young master's father experienced dragon transformation with the young master and became a dragon grid together!" "

This is how your father used it. Method, let the young master possess Longge!"

charlie Wade couldn't help but turn his eyes red, and murmured: "I heard Uncle Zhou say that the separation of fate is extremely painful, it is the most painful thing he has ever seen in his life, what is said here' One dragon divides into two dragons. Although it does not completely strip away the fate, it can at least half... This... must also be very painful... My father... actually... actually endured such an extraordinary amount for me twice. The pain..."

Lin Wan'er nodded lightly and said with emotion: "I have pity on the hearts of parents in the world. There are probably countless parents in the world who are willing to endure extreme hardships for their children... My father clearly had the opportunity to live for five hundred years, but he would rather Even if I die, I will leave this opportunity to the slave family. I think I feel the same as your father..."

charlie Wade murmured: "Why bother... When he used the "Dragon Dividing Technique", I was not born yet, why bother? You have to pay so much for me? Why hasn't he thought about it? Maybe I don't want the Dragon Gate, I don't want the Dragon Gate, and I don't want to live forever..."

Lin Wan'er smiled bitterly and said, "My father hasn't thought about it either. In fact, I don't want the Dragon Gate. The slave family does not want to

live for such a long time. I am afraid that no one in this world can imagine the hardships I have endured for more than three hundred years...”

charlie Wade sighed and asked her: “My father used the “Dragon Splitting Technique” After that, his fate retreated from dragon grid to dragon grid, and his own fortune must also be greatly affected, right?” “

That’s natural.” Lin Waner said: “If his fate retreats by one level, his fortune will naturally also decline by one level.”

charlie Wade felt mixed emotions in his heart, and quietly wiped away his tears, and continued: “Uncle Zhou said that my father gave me his destiny before he took me away from Eastcliff. That is to say, when I was eight years old, he I had already completed the transformation into a dragon, and returned to Longge from Jiaoge. And I must have completed the transformation into a dragon during those eight years, but I was too young at that time and didn’t remember anything special about my childhood life. This means that my father not only divided his own dragon grid into two dragon grids, he even used his own efforts to upgrade our two dragon grids to dragon grids. In just a few years I don’t know how much effort and price it will take to do this in a short period of time...”

When charlie Wade felt deeply guilty about his parents, Lin Waner beside him also felt extremely complicated.

She read the content at the end of “Preface to the Nine Mysteries Sutra” again, and the more she read, the more frightened she became.

She picked up one of the pieces of paper and said to charlie Wade: “Master, this section records how to find the Hundred Thousand Mountains... So the master’s parents should have found the Hundred Thousand Mountains based on this record. The secret of immortality, and in the secret of immortality, he brought out the “Nine Mysterious Heavenly Scriptures”...”

charlie Wade nodded and said: “Uncle Mason once mentioned the secret of immortality when he was fighting with me that day, and there are all kinds of clues. They are all consistent with your speculation.”

Lin Wan'er's expression changed and she said, "Sir... why do the Nu family always feel that the master started planning a huge conspiracy more than three hundred years ago?"

charlie Wade asked her "You mean, my present day was planned by him more than three hundred years ago?"

Lin Wan'er nodded heavily and said, "Perhaps, all of this is the longest fishing trip. It's just that the master's target is not the young master's father..."

charlie Wade answered: "His target is me..."

"Yes..." Lin Waner said firmly: "The slave family feels the same way! No one knows where the master comes from. He started planning this matter when he was young, but he would never do it just for the so-called inheritance."

charlie Wade asked her back: "Then what do you think he was doing all his efforts for hundreds of years ago? He himself clearly spent more than three hundred years He died a while ago..."

Lin Wan'er thought for a while and asked him: "The Rothschild family that the young master met in the United States this time is the richest family in the world, and the young master feels that Howard is currently What does he care about most?"

charlie Wade said: "What he cares about most is naturally life span."

After saying that, charlie Wade asked again: "Miss Lin means that Meng Changsheng (Willie) set up this trap for the sake of longevity?!"

Lin Waner He nodded and said seriously: "Father said that the master is actually a person with extremely weak material and s*xual desires. No matter it is the late Yuan, Ming or early Ming or the late Ming or early Qing, he has the ability to aspire to the Ninth Five-Year Plan, but he He doesn't care about worldly conflicts of interests at all. The only thing he cares about is longevity."

charlie Wade agreed and said: "I don't know much about him, but from some anecdotes I learned, it can be inferred that this person is indeed He is obsessed with immortality, but shouldn't he have died hundreds of years ago?"

Lin Wan'er said: "The slave family dare not arbitrarily infer the master's life and death, but the slave family can be sure that the master announced this trap full of conspiracy. , he must need a rising dragon like the young master to help him achieve his goal of immortality. It is possible that he hopes that the young master can go to Shiwanda Mountain and throw himself into a trap. The slave family guesses that this is why the fake man that day The master stopped the slave family and hoped for a reasonable explanation from the slave family to persuade the young master not to move forward."

After saying that, Lin Waner added: "So, regarding this trap, the slave family feels that there are two possibilities at the moment. One possibility is that the trap will be triggered when Timeliness, that is to say, it only makes sense if it is triggered when the master is alive, but the master himself did not expect that this trap would take so long. Until his death, he could not meet anyone who could trigger it. Even this trap was not officially opened until the moment your father discovered the "Preface to the Nine Mysteries Sutra". If this is the case, Shiwandashan should not pose any substantial threat to the young master;"

The Amazing Son In Law Chapter 6544

By / February 28, 2024

At

this point, Lin Waner spoke solemnly He got up and continued: "Another possibility is that the master knows that this trap will be triggered in unknown years and months, but for him, it does not matter when it is triggered, as long as it is triggered. If this is the case, then the master ...most likely not dead yet!

"Not dead yet? " "charlie Wade frowned and asked her: "If he hasn't died yet, then he should have mastered a way to increase his lifespan from a thousand years to longer, and if he hasn't died, he should be stronger than me now. , countless times stronger than Sara, why bother to stay silent in Shiwan Mountain for so many years? "

With that said, charlie Wade added: "In other words, if he needs me, a person with a rising dragon rank, to do something for him, he can come to me directly without having to go to all the trouble to lead me there. Lin

Wan'er looked at charlie Wade, then at the green and vibrant Mother of Pu Tea in the yard outside the window, and asked charlie Wade: "Master, think about the experience of the Mother of Pu Tea. For more than three

hundred years, , the Nu family always felt that she had long been wiped out in that catastrophe, but the Nu family never expected that she had her own way to preserve a glimmer of life for herself. Its vitality was like a seed that would be silent forever. , if she had not encountered the spring rain that belonged to her, she could have been silent in the soil for a hundred, a thousand, or even ten thousand years, but once the rain fell, she would be reborn and emerge from the earth. “

Speaking of this, Lin Wan'er met Charlie Wade's eyes and murmured: “Sir, the slave family feels that the master should also have his own way to silence his slim chance of life indefinitely in Shiwan Mountain like the mother of Pu Cha. Once when the spring rain he wants falls, he can be reborn like the Mother of Pu Tea, and the young master is the spring rain he wants to wait for...”

Charlie Wade looked at the Mother of Pu Tea, the branches in the sun. Although it is still very slender, it is already much stronger than when it first broke through the ground. At this moment, a curled bud slowly opened in the sun, revealing a smaller and more tender bud.

Charlie Wade's heart suddenly. There was an obvious feeling of falling, and she was slightly nervous and panicked.

Lin Wan'er suddenly took Charlie Wade's hand and asked with a somewhat frightened expression: “Master, do you still remember what you told the slave family on the day of the fight with Uncle? If?”

Charlie Wade nodded: “Of course I remember.”

The Amazing Son In Law Chapter 6545

By / February 28, 2024

Charlie Wade breathed out heavily and said, “So... what he needs is a body that ascends to the dragon level?”

Lin Wan'er nodded quickly: “That's right! The Nu family thinks this logic is reasonable, and it also echoes what the false teacher said. She said that anyone can go to the Hundred Thousand Mountains, but the Young Master can't go there, and she also said that person is better than Sara is much more terrifying. Now it seems that the person she was talking about is Master, and what he has been waiting for at Shiwanda Mountain is you, Master!”

charlie Wade also accepted this speculation, gritted his teeth and said: "What a great Meng Changsheng (Willie), raise him I have seen people who use voodoo, but this is the first time I, charlie Wade, have heard of people who throw away voodoo bottles to cultivate voodoo!"

After saying that, charlie Wade said again: "Now that we have seen through his wishful thinking, does that mean , as long as we never go to Shiwanda Mountain, he will have to wait there endlessly?"

Lin Wan'er agreed and said: "The slave family thinks so too!"

charlie Wade breathed a sigh of relief and said: "Okay, from now on, I just don't get even half a step closer to the Hundred Thousand Mountains. If it hadn't been reminded by that false teacher before, and you and I are discussing it together today, I'm afraid the first thing I would do after getting the Preface to the Nine Mysteries Sutra, oh no, the second thing The first thing I want to do is to go to Shiwanda Mountain again and find out for myself the so-called secret of immortality!"

Lin Wan'er asked curiously: "Then what is the first thing the young master has to do?"

charlie Wade said truthfully: "Of course, organize it well. Take a look at his "Nine Mysterious Heart Techniques", this should be his true spiritual cultivation method. If I want to open the Niwan Palace, I'm afraid this is the only method I can count on at the moment."

Lin Wan'er clicked . Nodding, he picked up the first section of "Nine Mysterious Heart Techniques" and read it carefully for a moment, then said: "My father once wanted the slave family to enlighten the Tao, but the slave family was indeed not the material for enlightenment. After repeated failures, my father gave up this idea. At that time, my father I once taught the slave family a piece of mental art, and the slave family knew it by heart more than three hundred years ago. Although so many years have passed, the slave family can be sure that its content is almost the same as what is written here."

After saying that, Lin Wan'er continued Said: "It's just that my father said that the master once told him and Sara that this spiritual method has no name. It is just the experience he summarized through many years of practice. Or my father felt that what the master has learned throughout his life should not have a name, so he named it after the master. Name it "Secret of Immortality"."

By / February 28, 2024

At this time, Charlie Wade looked at the pile of photocopied contents of the "Nine Mysteries Sutra Preface" and couldn't help but sigh: "If our guess is correct, then the false teacher last time saved my life."

Lin Wan'er nodded lightly, but she held her chin and muttered: "The slave family feels that the false teacher should have taken orders from others, and the person who really helped the young master should be the person behind her."

Charlie Wade was very satisfied with her point of view. Agreed, but said with some doubts: "This person can see through Meng Changsheng (Willie)'s careful plan, and can also stop me at the critical moment. His background must be extraordinary, but I can't figure it out. Since this person is willing to help me, he also knows why am I unwilling to show my true face to others? If we face each other face to face, we may be able to reach cooperation and fight against the Po Qinghui together."

Lin Wan'er smiled and said: "Perhaps each of them has their own secrets to protect, just like the slave family, if it weren't for Young Master Having saved the lives of the slave family and being sent here by my father's ring, the slave family will definitely not reveal their true identity and experience."

After saying that, Lin Wan'er added: "But what the slave family can be sure of is that this person must be observing in secret. Look at the young master, maybe when the time is right, this person will take the initiative to meet the young master."

Charlie Wade nodded and said: "I don't know who Butler Stephen has been working for over the years. Jing left without saying goodbye. I always felt that he was too similar to the false teacher we met in Shiwanda Mountain. They must be the same person behind them. What makes me a little ashamed is that the other person may have been paying attention to me many years ago, but I But I know nothing about them."

As he said that, Charlie Wade subconsciously took out the agarwood bracelet he got at the nunnery that day from his pocket. Twenty-eight precious Qinan agarwood beads were warm and smooth in his hands, and exuded. With a refreshing fragrance.

Looking at this object, Charlie Wade couldn't help but sigh: "Fortunately, the other party is not an enemy. He can't show his face now. Maybe he has his own reasons."

Lin Wan'er nodded and said, "Master, I have countless calculations, but I never thought about what I have been planning for hundreds of years." The plan will be blocked by others and discovered by the young master. At present, as long as the young master does not set foot on the Shiwan Mountain and does not practice the "Nine Mysterious Heart Decisions", he should not be affected by the master. In this case, the young master's biggest enemy at present is, it's still Poqinghui and Sara."

After saying that, Lin Wan'er asked him again: "Then what are the young master's plans next?"

The Amazing Son In Law Chapter 6547

By / February 28, 2024

Charlie Wade looked at the time and said to her: "Ms. Lin, I plan to go to the mountainside villa in Champs Elysees at noon to meet my grandmother and aunt. It's almost time. I'll take my leave first and come back to see you after I finish handling the matters at hand. Lin

Wan'er nodded in understanding and asked him: "Sir, what should I do with these photocopies?" Ye

Charlie thought for a while and said, "Let it be left to Miss Lin to handle. You can put it away or burn it on fire." Lin Wan'er nodded and said, "

Okay, let the slave family handle it." "

After Lin Wan'er sent Charlie Wade out and asked Qiu Yingshan to arrange for Sister Xian to drive Charlie Wade to the Champs Elysées, she returned to the top-floor courtyard alone and sorted out all the photocopies of "Preface to the Nine Mysteries Sutra".

Originally, she wanted to directly The papers were thrown into the stove and burned.

But after she meditated cross-legged on the futon for a few minutes, she suddenly stood up very simply, found her schoolbag, put all the papers into

the bag, and then put her schoolbag on her back. Stepping out of the courtyard.

After walking down the stone steps, Lin Wan'er said to Lao Zhang who was guarding here: "Ask Lao Qiu to prepare a low-key car for me, I want to go out!"

Lao Zhang hurriedly asked: "Miss, do you want me to accompany you?"
Lin

Wan'er waved her hands very firmly: "No, I'll go by myself!" "

...

At the same time, in the mountain villa of Qixia Temple.

The elderly sister Sun came to the Zen room where Lydia (Ava) rested and said respectfully: "Madam, the young master went to Zijin Villa after getting off the plane, probably to see Lin Wan'er. "

"Okay, I know. Lydia (Ava) nodded slightly and said with a smile: "It seems that in Charlie's mind, Lin Wan'er may be the best choice to share the secret." Sister Sun

agreed and said: "The young master and she are both people with many secrets, and the secrets of the two of them are different in terms of shocking the world. Once they open their hearts, there will definitely be many common topics."

Lydia (Ava) sighed: "The main reason is that Lin Wan'er is too smart. The more Charlie communicates with her, the lower the probability of making mistakes. Not everyone can have a person who has lived for nearly four hundred years to help him correct his mistakes all the time. " of. Sister Sun

nodded and asked again: "Madam, Master Bruce also left a photocopy of the "Preface to the Nine Mysteries Sutra" to Zhou Peter. This time the Master rescued him from New York and sent the Sifang Baozhu back to China. , I think he should have already obtained the photocopy of "Preface to the Nine Mysteries Sutra". Do you want to find a way to remind the young master not to practice the mental method in it? "/

Lydia (Ava) said: “Last time at Shiwanda Mountain, we had no choice but to contact Lin Wan’er. That was the last line of defense at that time. Once charlie got there and refused to stop, we would have to risk exposing ourselves. Interference, now we should try to avoid contact with charlie as much as possible. I believe that with Lin Wan’er’s intelligence, she will be able to figure it out, so we don’t have to worry for the time being. “

As he said this, Lydia (Ava) suddenly remembered something and said with a somewhat flustered expression: “Sister Sun, Lin Wan’er might come to Qixia Temple to find you. To be cautious, I will leave Aurous Hill later and go to Mount Putuo to rest for a few days. Are you here? Stay here for one more day. If Lin Wan’er hasn’t come to Qixia Temple by this time tomorrow, you can go to Putuo Mountain to find me. If Lin Wan’er comes and comes alone, you can find an opportunity to meet her and make sure whether charlie is there. What does it mean to practice “Nine Mysterious Hearts”?

The Amazing Son In Law Chapter 6548

By / February 28, 2024

In addition, I also asked her about charlie’s trip to the United States this time and what kind of cooperation she has reached with the Rothschild family. I received news this morning that several companies in Silicon Valley are waiting for Nvidia to supply graphics cards. Many companies have had their deliveries delayed without any reason. I always feel that this matter has something to do with charlie. Sister Sun

looked confused when she heard this, and asked in confusion: “Madam, why do you suddenly feel that Lin Wan’er has come back to Qixia Temple to find her subordinates?” “

Lydia (Ava) said: “Last time you stopped Lin Wan’er at Shiwanda Mountain. Although she didn’t know our identities, she must have known that we did this because we cared about charlie and were afraid that charlie would be in danger;” “

This time charlie Bringing back the “Preface to the Nine Mysteries Sutra” and going to Purple Mountain Villa to see her immediately, she would definitely open her heart to her. With her intelligence, she would definitely be able to see that all of this was a trap set by Meng Changsheng (Willie), and she would definitely be able to “I want to understand that “Preface to the Nine Mysteries Sutra” is full of dangers for charlie;”

"Last time Charlie was in danger, we took action. Although this time is not as urgent as last time, it is still equally important. She will definitely be able to. You can guess that we will most likely be paying attention secretly;"

"If she knows that we are paying attention to her and is sure that we are not in danger, she will most likely convey the information that she wants to meet us with practical actions;"

"Last time we saw you she is a fake master. If she goes to any temple or nunnery in Aurous Hill in the next 24 hours, she must be telling us that she wants to meet us. Qixia Temple is the most famous temple in Aurous Hill. If she wants to convey if you give us the information, there is a high probability that you will come here."

Sister Sun couldn't help but feel a little dazed. Although she had served Lydia (Ava) wholeheartedly for many years, her thinking still couldn't keep up with Lydia (Ava)'s rhythm. People say that one step will make you guess the next. Those who are masters and those who can guess ten steps by looking at it are a bit mysterious to the understanding of ordinary people.

However, although she didn't quite understand, she still didn't have any doubts about Lydia (Ava), so she said without hesitation: "Okay, madam, I'll wait for her here all day!"

"A young woman pretending to be a nun, named Jingchen, stepped in and said: "Madam, Aunt Sun, we saw from the surveillance below the Purple Mountain that the young master left the Purple Mountain ten minutes ago. After leaving the east gate, the car headed south. We got on the highway, most likely going to the Champs Elysees. Two minutes ago, Lin Wan'er also drove out alone, and now she has just driven out of Purple Mountain."

The Amazing Son In Law Chapter 6549

By / February 28, 2024

At this moment.

As Lydia (Ava) guessed, Lin Wan'er drove the car onto the elevated road to Qixia Temple.

What she was thinking right now was the same as what Lydia (Ava) had guessed.

She felt that since the fake teacher wife had been paying attention to Charlie and even protected Charlie at critical moments, then in this situation, they must also be paying attention to Charlie secretly.

Maybe, the other party is in Aurous Hill now.

If the other party is really in Aurous Hill, then they must be secretly monitoring his every move. If he suddenly goes to Qixia Temple alone at this time, once the other party knows about it, he will understand that he did this just to meet them. .

Of course, Lin Wan'er also knew that the situation might not be as she guessed, or that all this was just her own passionate guessing, and the other party was not paying attention to her at all.

But Lin Wan'er didn't care. Anyway, it didn't cost much to go out and give it a try. If she found nothing, she could just drive back.

Traffic was very smooth at noon on weekdays. Lin Wan'er drove for more than half an hour and arrived at the entrance of Qixia Mountain.

Although the Qixia Mountain Scenic Area is very large and has complete winding roads, tourists' vehicles must be parked in the parking lot outside the mountain gate, and then enter the scenic area on foot, and then choose to take the sightseeing bus in the scenic area, so Lin Wan'er drove the car directly. After entering the parking lot, I planned to stop the car, walk around Qixia Temple, fully express my intention to communicate, and wait for the other party to show up.

There were not many tourists in the scenic spot at noon, and there were still many empty spaces in the parking lot, so Lin Wan'er found a parking space with no cars on both sides and parked her car in it.

When she stopped the car and just opened the door to get out of the car, the passenger door was suddenly opened, and a figure sat in the passenger seat.

Lin Wan'er's heart skipped a beat, thinking that she was being targeted by Sara's people. She subconsciously looked at that person, and was surprised to find that the person sitting in the co-pilot was actually an old lady wearing a brown hat.

The next second, she recognized the appearance of this person. This person was the false teacher she saw in Qingzhao Temple of Shiwandashan that day!

Lin Wan'er's expression showed surprise for a second, and then returned to normal. She closed the driver's door again, smiled and said to the fake teacher's wife: "Hello, teacher, we finally meet again!"

Sister Sun looked at her Lin Wan'er smiled slightly and said: "Miss Lin must know that I am not a master, so it's better not to call me that. Miss Lin is a senior, so just call me grandson."

Lin Wan'er smiled knowingly and nodded lightly. Then he asked her: "You must know that I came to Qixia Temple to meet you, right?"

Sister Sun smiled and said: "Mr. Wade returned to Aurous Hill today. I think Miss Lin must be worried, so I came to meet with Miss Lin." When I meet you, I may be able to answer some of your doubts, Miss Lin."

Lin Wan'er asked her, "Can I ask a question?"

"Of course." Sister Sun nodded and said, "I will tell you everything I can tell you; what I can't tell you, Please also ask Miss Lin to

pay attention." Lin Wan'er nodded slightly and asked her: "You know that Mr. Wade is coming back, and you also guessed that I will be worried about Mr. Wade. You must also know that all this is related to the "Preface to the Nine Mysteries Sutra" Is it relevant?"

"That's right." Sister Sun said calmly: "The fact that all the treasures from all directions have returned to China proves that Mr. Wade must have obtained the "Preface to the Nine Mysteries Sutra". What I can tell Miss Lin is, "The Preface to the Nine Mysteries Sutra" For Mr. Wade, there are hundreds of harms but no benefit, and you must never practice it."

The Amazing Son In Law Chapter 6550

By / February 28, 2024

Lin Wan'er said: "I have discussed this issue with Mr. Wade, and we have reached a consensus on this issue. Mr. Wade does not know how to practice "Nine Mysteries". "The content in the Preface to the Sutra."

"That's good." Sister Sun breathed a sigh of relief and said: "Right now, as long as Mr. Wade doesn't go to Shiwanda Mountain and doesn't touch the "Nine Mysterious Sutra Preface", you can basically avoid the crisis. ."

Lin Waner asked her: "The crisis you are talking about is Meng Changsheng (Willie), right?"

"Yes." Sister Sun nodded and said, "It's Meng Changsheng (Willie), your master."

Lin Waner asked again: "He is really not dead?"

"Sister thought for a while and replied: "Dead, but not completely dead. Once the time is right, he can be reborn."

Lin Wan'er nodded and said: "It seems that he really wants to cultivate a Shenglongge for himself. This body is for me to seize."

"That's right." Sister Sun was not surprised that Lin Wan'er could see through this layer. She nodded and said, "Although Meng Changsheng (Willie) was lucky enough to live for a thousand years, that is what he could achieve with all the opportunities. It was the ultimate. Even if he was reborn ten times, he would not be able to live longer than a thousand years. If he wanted to aspire to the Heavenly Way, he must possess the Ascension Dragon Rank, and he could not change his destiny, so he found another way and planned to give himself Customizing a Shenglongge body. Based on his thousands of years of experience in cultivation, if he really has a Shenglongge body, it will no longer be difficult to aspire to heaven."

Lin Waner asked her: "As long as Mr. Wade doesn't go to Shiwanda Mountain, if he doesn't practice the determination in the "Nine Mysteries Sutra Preface", he won't be able to threaten Mr. Wade?"

Sister Sun shook her head and said: "I can't confirm this at the moment, but this is what I can think of at the moment. The best way."

Lin Waner nodded lightly, and then asked Sister Sun: "Who are you? Who is behind you?"

Sister Sun smiled and said: "I'm sorry, Miss Lin, I can't help this problem. Answer you."

Lin Wan'er asked in surprise: "Why? Instead of hiding and secretly helping Mr. Wade, you might as well have a face-to-face chat with Mr. Wade. Maybe both parties can find a new direction to eliminate Po Qinghui and Sara as soon as possible. Sister Sun

smiled and said: "The time is not yet ripe now. When the time is ripe, we will naturally explain everything face to face with Mr. Wade." "

Said, Sister Sun added: "I also hope that Miss Lin will not tell Mr. Wade about your meeting with me, because we can only help Mr. Wade better in the dark. Once we come to the light, not only we will be exposed, Mr. Wade may also be exposed.

After Lin Wan'er was silent for a moment, she asked tentatively: "Is Butler Tang one of yours? " Are you the former subordinates of Mr. Wade's parents? Sister Sun

smiled slightly and said seriously: "Ms. Lin, I really have no comment on these questions. You don't have to guess our identities, because once our identities are exposed, it will only bring unnecessary trouble to Mr. Wade." "

With that said, Sister Sun added: "Please also ask Miss Lin not to tell Mr. Wade about our meeting. He should focus on how to improve his cultivation and how to deal with Sara now, and don't waste it on us. Lin

Wan'er nodded slightly: "Don't worry, I won't tell Mr. Wade." "

For Lin Wan'er, she didn't want Charlie to be too distracted, otherwise she wouldn't have carried him to Qixia Temple alone.

So she asked: "What if Mr. Wade can't practice the heart in the "Preface to the Nine Mysteries Sutra"? Determined, how should he improve his strength? I often hear Mr. Wade lament that he has never had a complete set of cultivation methods, and it is difficult and slow to improve his strength. Aunt

Sun said helplessly: "We don't have any good suggestions on this point. We can only rely on Mr. Wade's own luck." "

Speaking of this, Aunt Sun said with some regret: "If Mr. Wade had left the Sifang Baozhuang behind, it might have been of great help to his cultivation. The Sifang Baozhuang integrates the cultivation and wisdom of the

ancient sages. It is a rare and top-level magic weapon. If he can gain some insights from it, he might suddenly become enlightened...”
