By / March 1, 2024

Originally, Lydia (Ava) ( Charlie's mom ) felt that if charlie Wade came to the United States and rescued Peter Zhou, he would definitely get the Sifang Treasure Tower.

Even if charlie Wade doesn't take the Sifang Baozhu as his own, he can at least keep it in his hands for a period of time.

But she never expected that after charlie Wade obtained the Sifang Baozhu, he asked Arman to send it back to China as quickly as possible.

In such a short time, it is naturally impossible to comprehend any Taoism from it.

This is also something Lydia (Ava) ( Charlie's mom ) regrets very much.

She didn't want charlie Wade to keep the Sifang Baozhuang as his own, but this treasure was really rare, and charlie Wade also spent a lot of effort to take it out of New York. She felt that charlie Wade should keep the Sifang Baozhuang for the time being. After comprehending it in hand, it is not too late to send it back to China after gaining something.

Lin Wan'er smiled slightly at this time and said: "Young Master has his own ideas. Although he brought the Sifang Baozhuang from New York and sent it back to China, Mr. Zhou Peter paid more for it. What's more, this Sifang Baozhuang The treasure building itself is an important national weapon that the ancestors painstakingly built and related to the country. The young master does not want to keep it in his own hands, and he is ashamed of the world."  
Sister Sun

sighed softly: "Mr. Wade's mind is certainly admirable, but it's just that If you miss this opportunity, you don't know when you will meet the next one."

Lin Wan'er said: "Young Master has been in Taoism for a short time, but he has already achieved so much. If the time is longer, his future must be limitless, and he has missed the opportunity in all directions. The opportunity in Baozhuang doesn't matter, there will be more opportunities in the future."

Sister Sun nodded, looked at Lin Wan'er, and said seriously: "Miss Lin, the two things we are most worried about are that one is that Mr. Wade will go

to Shiwanda Mountain, and the other is that I'm worried that Mr. Wade's practice of "Nine Mysterious Heart Decisions" will bring you closer to Mr. Wade, so please take extra care and try your best to persuade Mr. Wade when he makes mistakes or makes impulsive judgments."

Lin Wan'er agreed without hesitation. , said: "Don't worry, this is what I want to confirm with you today. Since there is a threat to Mr. Wade, I will do my best to put an end to it."

Sister Sun nodded and said, "In that case, I won't disturb Lin too much." Miss, I hope Miss Lin will not tell anyone about today's meeting, including Mr. Wade."

Lin Waner hesitated for a moment, then nodded in agreement and said, "No problem."

Sister Sun was silent for a moment before looking towards Lin Waner asked her: "Ms. Lin, is it inconvenient for me to ask you something?"

Lin Waner thought for a moment and said, "Ask me. I won't hide anything if you can."

Sister Sun said, "We want to Do you know, what agreement did Mr. Wade reach with the Rothschild family when he went to the United States this time?"

After saying that, Sister Sun said: "Don't think too much, we don't want to inquire about Mr. Wade's situation, but we are concerned that he has always adhered to the Nvidia, which has commercial contracts, suddenly postponed the delivery dates of graphics cards for many companies without any reason, so I guessed that this matter may be related to Mr. Wade, so I asked you to confirm it."

Lin Waner thought to herself: "Mr. Wade and Rothchild The agreement reached by the De family was mainly about selling elixirs and exchanging AI models. Unexpectedly, they not only paid attention to Mr. Wade, but also the Rothschild family and NVIDIA. The graphics card Mr. Wade wanted was from the Rothschild family. Patriarch Howard solved it himself. Sister Sun and the people behind her have very good hands and eyes. Even if I don't tell them, I believe they will be able to find out in a short time..."

Thinking of this, Lin Waner said: "I'll tell you the truth, Mr. Wade. Using the elixir, we reached an agreement with Howard Rothschild. The Rothschild

family will build an AI model for Mr. Wade. The delayed delivery of the graphics card you mentioned is probably because of this matter. No matter how specific it is, I will not. It's not very clear anymore."

Sister Sun's eyes widened and she exclaimed: "The most powerful AI model on the market is actually controlled by the Rothschild family. Could it be... Could it be that the one Mr. Wade reached an agreement with Howard was that one? AI model?!"

Lin Wan'er nodded: "Yes, that's the one."

Sister Sun suddenly realized it and said excitedly: "Mr. Wade is indeed brave and resourceful! I was able to get a set of AI models from Howard. This will definitely be a great weapon against Po Qinghui and Sara in the future! It's really gratifying! "

Lin Wan'er could see that the other party was also sincerely happy for Charlie Wade, so she nodded and said: "No matter how strong the Po Qing Association is, it is still within the framework of today's society. The AI model absorbs data from the whole society, and they must also be there. Among them, this AI model should help Mr. Wade find them faster! "

Sister Sun nodded excitedly, and then said: "Miss Lin, since we have reached a consensus, we will leave Auros Hill later. If Miss Lin has something to ask me, you can come to Qixia Temple to burn incense as you did today. From now on, within 48 hours, I will be here to meet with Miss Lin. This is my promise to Miss Lin, and I hope that Miss Lin can also be honest with me. "

Lin Wan'er understood the hidden meaning of Sister Sun's words. She meant that she would trust her unconditionally and hoped that she would not take advantage of her trust and set a trap for her.

For Lin Wan'er, although she did not know Sun What are the origins of Sister and the people behind her, but she can also be sure that these people have no intention of harming Charlie Wade. As long as this premise is ensured, she must abide by the gentleman's agreement. So

she said very firmly: "You Don't worry, I will abide by the agreement. "

Sister Sun thanked her, opened the door and got out of the car.

In order to prevent Sister Sun from having any worries, Lin Waner drove directly out of the parking lot and towards the city after she got off the car without waiting for her to go far. The whole process was not sloppy.

The reason why I walked so neatly was because I didn't want people to think that I was delaying on purpose. I wanted to see which direction the other party would go after leaving the parking lot. Firstly, the other party might go in the opposite direction to confuse me. Secondly, , and it also seemed that she was not magnanimous enough.

So Lin Waner left decisively first to show her sincerity.

Sister Sun, and Lydia (Ava) ( Charlie's mom ), who was observing the whole parking lot in front of the surveillance camera, both saw Lin Waner's intentions, and they felt sorry for her. A little admired.

Lydia (Ava) ( Charlie's mom ) originally planned to leave Aurous Hill today and let Sister Sun stay here to wait for 24 hours, but she didn't expect Lin Waner to come so quickly, so she didn't leave in a hurry. Seeing that

Lin Waner had already left Qixia Mountain, she told those around her The young woman said: "Arrange the technical team to modify the parking lot surveillance, extract every frame of the picture, and completely erase Sister Sun from the picture. In addition, remember to modify the picture of the passenger door opening and closing twice. If someone checked today's surveillance, they could only see Lin Wan'er's car entering the parking lot, but she just stayed in the car alone for a moment and then left.

The young woman nodded immediately and said, "Okay madam, I will make arrangements right now. " An

Lydia (Ava) ( Charlie's mom ) couldn't help but sigh: "It would be great if I had my own mature AI model. With enough computing power, AI can completely complete this kind of thing."

The young woman quickly said: "Our technical team has begun to develop its own AI model based on Google's dit architecture in accordance with your requirements. I believe there will be a breakthrough in the near future. " An

Lydia (Ava) ( Charlie's mom ) pursed his lips, shook his head slightly, and sighed: "In addition to the internal algorithm architecture of today's AI, the hardware has also become a big trouble. In order not to attract attention, I can only use a few reliable small and medium-sized companies in Silicon Valley." The company went to get NVIDIA chips, and then queued up little by little to wait for delivery. After saving for so long, it only managed to save more than 3,000 chips. When it looked like it would get more than 1,000 chips soon, NVIDIA postponed the delivery date for no reason. , the hardware has not been set up, and the software is even further away. It is estimated that there is still a long way to go before your own AI model can run. "

Speaking of this, Lydia (Ava) ( Charlie's mom ) sighed: "Processing this kind of image work requires manual processing, which requires cutting out frame by frame, 24 frames per second, which will be difficult to handle in a while, but if it is left to AI, As long as the computing power is enough, I believe it will only take a few seconds."

Lydia (Ava) ( Charlie's mom ), who has been on the Internet for many years, is familiar with today's Internet technology. She looked at the surveillance screen and sighed: "If the AI is powerful enough, I am afraid it only takes two With a delay of three seconds, the front-end image data can be processed synchronously. In that case, if Sister Sun starts talking to Lin Wan'er there at 1 o'clock in the afternoon, then from 1:00:02, the AI-processed video The coverage can be completed, and no one who comes to check will find any clues;"

"If it is more direct, add the AI processing process between the surveillance camera, monitor and video recorder, and let the data captured by the camera be processed for two seconds. , and then transmitted to the monitoring room, then even if the security guards were sitting in the monitoring room and watching intently, they would not be able to see the whole process of Sister Sun's appearance. Moreover, there was a delay of several seconds from the camera to the monitor itself, and they would not be able to notice it at all. It can subvert the entire surveillance system without anyone noticing..."

The young woman also heard the feasibility of it and said quickly: "If it is as Madam said, then we can make a person completely evaporate on the data level. , or at the data level, a person is reborn. It was obviously me who set off from here to the airport, but what I saw on the surveillance camera was another person, and there was no sense of violation. This is very suitable for concealing identity. and whereabouts!"

"Yes!" Lydia (Ava) ( Charlie's mom ) nodded: "If we had this kind of technology, I might not need to be so cautious about hiding. As long as I can erase all whereabouts at the data level, I won't be afraid of Sara. You can discover my whereabouts."

As she spoke, Sister Sun ran all the way and ran in from the door.

Seeing that she was out of breath running at such an old age, Lydia (Ava) ( Charlie's mom ) couldn't help but ask: "Sister Sun, why are you still running back? Is there any emergency?"

Sister Sun couldn't hide her excitement and was out of breath. Said: "Husband... Madam! Lin... Miss Lin said..."

"What did you say?" Lydia (Ava) ( Charlie's mom ) hurriedly stood up and asked her to sit in his seat. While helping her along her back, he asked: "Sister Sun, what are you doing?" Don't worry, what did Lin Wan'er say?"

Sister Sun rested for a moment and said with an excited smile: "Madam... Miss Lin said... that she and the young master had deduced Meng Changsheng (Willie)'s intention, and the young master had promised not to give away 100,000 yuan. Dashan, no longer practices "Nine Mysterious Hearts"!"

Lydia (Ava) ( Charlie's mom ) breathed a sigh of relief and said with a smile: "Great! With charlie's current comprehensive strength, it is difficult for Sara to directly threaten him. I am not afraid of anything. , I'm just afraid of these two things. Lin Wan'er is really smart, and it's not difficult to deduce the logic. Now it's better, I can relax and have a good sleep!"

Sister Sun said quickly: "Madam, it's okay. There's good news! Great news!"

## **The Amazing Son In Law Chapter 6553**

By / March 1, 2024

"What great news?"

Lydia (Ava) ( Charlie's mom ) couldn't help but raise his eyebrows and asked curiously: "What kind of good news is it? Can it be called such great news?"

Sister Sun said happily: "Aren't you curious about what the young master is doing? Did the Rothschild family reach any cooperation? I asked Miss Lin, and she said that the young master had reached a secret agreement with Howard, the patriarch of the Rothschild family. Master Wade gave him a pill in exchange for part of his cash and A complete set of AI models."

"A complete set?" Lydia (Ava) ( Charlie's mom )'s eyes widened: "Is it the most powerful AI model currently invested by the Rothschild family?" "

Yes!" Sister Sun nodded heavily.

Lydia (Ava) ( Charlie's mom ) quickly asked: "This model is now the biggest trend in Internet technology. Its future market value will not be less than hundreds of billions of dollars, and it has also been elevated to a strategic level by the United States. From software to hardware, it is banned from external sales. How did charlie do it?"

Sister Sun said, "Miss Lin didn't reveal too much to her subordinates, but I believe that there should be some restrictions."

Lydia (Ava) ( Charlie's mom ) nodded slightly and said excitedly: "So It seems that Nvidia has recently delayed the delivery of graphics cards from other companies for no reason. It should be that the products are transferred to the Rothschild family, and only they have such influence." After saying that,

Lydia (Ava) ( Charlie's mom ) added: "Since everything is In a secret operation, the AI model promised by the Rothschild family to charlie will most likely not be announced to the public. In other words, charlie will most likely want an identical set of things, but the Rothschild family will not For commercial use, it will not be announced to the outside world. In this case, you can understand why the Rothschild family agreed." www..oΓg

Sister Sun smiled and said: "Madam, if the young master really gets a complete set of AI models, he will be in front of us in the future. I can definitely be more proactive when it comes to breaking up the Qing meeting."

Lydia (Ava) ( Charlie's mom ) smiled knowingly and sighed: "There are so many things that AI can do, plus charlie now has a Chinese detective named Li Yalin to assist him. , will definitely get twice the result with half the effort, and may bring unprecedented trouble to Wu Feiyan."

After saying that, Lydia (Ava) ( Charlie's mom ) stood up and said to Sister Sun: "Sister Sun, get ready, it's time to leave Aurous Hill."

Lydia (Ava) ( Charlie's mom ) came to Aurous Hill The purpose was initially to meet Nanako Ito and find a way to help her gain enlightenment.

After Nanako Ito gained enlightenment, she stayed in Aurous Hill and kept paying attention to charlie Wade's actions in the United States.

After Sifang Baozhuang officially announced that she had returned to the embrace of the motherland, she wanted to convey a message to charlie Wade not to practice the "Nine Mysterious Heart Decisions" in the "Nine Mysterious Sutra Preface".

Now that her goals have been successfully achieved, staying in Aurous Hill will only increase her risk of exposure.

After all, Aurous Hill not only has his son charlie Wade, but also Lin Waner, a wise and almost demonic being. Lydia (Ava) ( Charlie's mom ) is also afraid that they will find out if he continues to stay here, so it is best to leave as soon as possible.

...

When Lydia (Ava) ( Charlie's mom ) left Aurous Hill, charlie Wade was sitting at the dinner table at his grandma's house with some embarrassment.

Grandma kept asking him questions, and his uncle at the dinner table was also very enthusiastic, but his aunt An Yoyo had always been a little taciturn.

At first, charlie Wade was afraid that she would ask about Chen Zhimin at the dinner table, so he felt a little embarrassed from the moment he walked in. But seeing that she didn't speak much, the embarrassment in his heart became even more obvious.

Although grandma and uncle asked many questions, they did not ask about Chen Zhimin. It seemed that they had reached a tacit agreement and never mentioned this topic.

After lunch, charlie Wade chatted with his grandmother for a while before saying goodbye and leaving.

When the old lady saw that charlie Wade was leaving, she stood up and said, “charlie, grandma will take you out.”

At this time, Tablita, who had been silent, stood up and said, “Mom, please rest while I take charlie off.” Get out.”

charlie Wade knew that his aunt probably wanted to talk to him privately, so he nodded and said: “Yes, grandma, don’t bother, just give it to me.” Grandma also knew that her

little daughter must have He wanted to ask his grandson, so he nodded and said, “Okay, let your aunt see you off.” The aunt

and nephew walked out of the villa gate one after another and came to the yard. Tablita couldn’t bear it. He asked charlie Wade: “charlie, tell the truth to aunt, is Chen Zhimin dead?”

charlie Wade was not surprised at all by her question, and nodded very frankly: “Yes, aunt, Chen Zhimin is already dead.” Dead.”

Tablita pursed her lips and asked again: “How did he die?”

## **The Amazing Son In Law Chapter 6554**

By / March 1, 2024

charlie Wade replied: “He was burned to death in the fire, but there were no clues left, and the ashes were all disposed of, which is basically the same as Evaporated.”

Tablita nodded lightly.

She knew before that charlie Wade went to New York, and not long after charlie Wade went to New York, Chen Zhimin disappeared, so that several managers of the An family called her because they couldn’t find Chen Zhimin.

The moment she learned that Chen Zhimin was missing, she guessed that Chen Zhimin should be dead.

However, she has not waited for a clear message.

Now that she got charlie Wade’s confirmation, she felt mixed feelings.

Ultimately, though, there was a sense of relief.

So she asked charlie Wade: “charlie, you should have known for a long time that Chen Zhimin was a member of Po Qinghui, right?”

”That’s right.” charlie Wade nodded and said truthfully: “I guessed earlier that he should be a member of Poqing Society. He is a ‘scholar’, but there has been no direct evidence. However, when I went to New York this time, I accidentally discovered that he had secretly joined forces with a count from the Qing Dynasty Society to get the Sifang Baozhuang, so I looked for an opportunity to deal with both of them. “

After that, he said to Tablita apologetically: “Auntie, the incident happened suddenly and I didn’t have time to ask you for instructions. Please forgive me.” An

Tablita sighed softly and said to charlie Wade: “charlie, it’s my aunt. I want to thank you for getting rid of harm to the An family. Your brother-in-law and I almost brought disaster to the An family because of our carelessness. It was all thanks to you both times. If you hadn’t saved the An family from misfortune, maybe your brother-in-law and I would have done the same. Becoming the number one sinner of the An family...”

charlie Wade felt relieved when he saw that his aunt was very sincere. He actually didn’t know much about her. If she had a correct view of right and wrong, she would naturally not blame him for this matter. , I am afraid that if my aunt is a love brain, then I will kill her husband after all, and she will inevitably be dissatisfied with herself.

Fortunately, the An family has seen ups and downs, and the pattern is much greater than that of ordinary people.

So he opened his mouth and said: “Auntie, the ‘scholars’ of Po Qinghui are more penetrating than we imagined. Those who appeared around you and my uncle in the past have made you feel bright or somewhat appreciative. The opposite s\*x is probably all theirs. Even if it were me, it would be difficult to see through and guard against.”

Tablita nodded lightly, and charlie Wade’s words made her feel a little better.

charlie Wade knew that she needed some time to slowly adapt to digestion, so he said: "Auntie, you don't have to think about anything for these two days. Have a good rest. After a while, the situation between us and the Po Qing Association should be settled. A big change has occurred, allowing us to take more initiative. At that time, we may have to take the initiative. At that time, you and your uncle should also try to participate as much as possible." Tablita

clenched her fists and nodded firmly, Said: "Okay charlie, aunt understands!"

After bidding farewell to his aunt, charlie Wade drove to the Champs Elysees Hot Spring Hotel below to see the progress of the martial arts training.

As soon as the car drove out of the mountain villa, he received a call from Steve Rothschild.

It was late at night in the United States at this time. Steve simply packed his luggage and prepared to go straight to the airport at dawn.

In order to show his goodwill to charlie Wade, he called charlie Wade specifically.

charlie Wade answered the phone and asked with a smile: "Steve, why are you calling me so late?"

Steve quickly said respectfully: "Mr. Wade, I was thinking that it should be afternoon in China. I shouldn't bother you by calling you at this time."

charlie Wade hummed and asked him: "Do you have anything to do with me?"

Steve said with an apologetic smile: "That's right, Mr. Wade, my father just asked me to go I have something to do in Huaxia and will be leaving in three or four hours. I was thinking that you should be in Huaxia as well, so I wanted to ask if it would be convenient for you. I would like to visit you in person..."

"Visit me. ..." charlie Wade smiled and said: "Haven't the cooperation we should discuss already agreed? Just behave well, why bother coming to see me?"

Steve hurriedly said: “Mr. Wade, I am right now. You are absolutely loyal. In my mind, you are like a beacon of life. If I go to China and don’t see you, I will feel very sorry...”

charlie Wade knew that Steve must want to see him. Bye bye to the dock, he took a look at the situation, hoping to get a time from himself, a point in time as to how long his father could live.

Although charlie Wade didn’t really want to see him, he was still the second-in-command of the Rothschild family, so it was okay to always suppress him in various ways. He came to pay homage to the dock in person. If he didn’t see him yet, he was afraid that he would be attacked. If this guy thinks that he has no hope of succeeding in this life and is completely ruined, wouldn’t he lose the value of using him?

So, he said: “Since you have come from afar, I, the host, naturally want to express my gratitude. You tell me your destination in China this time and a time that is convenient for you, and I will make arrangements.”

Steve When he heard this, he suddenly became excited and said quickly: “Mr. Wade, I am going to Aurous Hill to do something in China this time, but this is not important. Please tell me your city. After I landed in Aurous Hill, my first See you later!”

charlie Wade said curiously: “Are you coming to Aurous Hill?”

”Yes.” Steve said: “My father asked me to go to Aurous Hill for business. If I don’t fly to Aurous Hill as my first stop, I’m afraid it will hurt him. I doubt it, but don’t worry, just give me an address and I’ll go see you after I land in Aurous Hill!”

charlie Wade smiled and said, “What a coincidence, I’m in Aurous Hill. When you arrive, I’ll pick you up.”

By [\\_](#) / March 2, 2024

Steve was naturally flattered when he heard that charlie Wade was going to take care of him. He thanked him repeatedly: “Mr. Wade, you have so many things to do and can still take the time to see me. Thank you so much!”

charlie Wade smiled and said, "Everyone is nice. Friends, you don't have to be so polite. When do you expect to land in Eastcliff?"

Steve thought for a while and said respectfully: "Back to Mr. Wade, I will take off in a few hours. The flight will take about fifteen hours and I will land in Aurous Hill. It will be around ten o'clock tomorrow morning local time."

charlie Wade said: "Let's do this. I will host a banquet at noon tomorrow at the most famous Tianxiang Mansion in Aurous Hill. This restaurant is very famous, and your men will definitely be able to find a place. , you can just come over when the time comes."

Although the Rothschild family does not have manpower in Aurous Hill, their Greater China headquarters is in Eastcliff, and it has a very high level and a lot of manpower, so Steve has notified them in advance The istrative staff there will arrange personnel and vehicles in advance to serve him in Aurous Hill.

It happened that the landing time was relatively close to lunch time. It was a very reasonable arrangement to go directly to see charlie Wade for a meal. Steve thought it was a very reasonable arrangement, so he said very cheerfully: "Okay, Mr. Wade, I will be out then." When you get to the airport, go directly to the Tian...Tianxiang Mansion you mentioned to meet you!"

charlie Wade smiled and said: "Okay, then we will meet tomorrow."

Steve said attentively: "Okay, Mr. Wade, see you tomorrow!"

After hanging up the phone, Steve was extremely excited. He originally thought that charlie Wade might not agree to see him, but he didn't expect that he would treat him to dinner. This was obviously a friendly signal. It seemed that his trip to China this time had a very good start. If everything goes well, it would be even more perfect if we can complete the task assigned by the old man and bring the two Hogwitz father and son back to New York.

His wife was packing his simple luggage for him. Seeing him finish the phone call, he quickly asked in a low voice: "Hubby, that bastard named Ye wants to treat you to dinner?"

Steve was startled and glared at her. He glanced at him and said fiercely: "What the hell are you talking about? That's Mr. Wade!"

The wife said disdainfully: "What are you doing? That bastard ruined your good deeds, and you still protect him? Are you suffering from Stockholm Syndrome? ?!"

Steve lowered his voice and said, "You know nothing! Mr. Wade's hands and eyes are astounding, and he is very capable. Your husband and I can't play with him at all. Didn't I tell you? There are ways to make the old man die. I'll go back. I'd rather offend the president than offend him!"

After saying that, Steve warned: "Don't think you can talk fast at home! There are some things that should be said at home. It's easy to talk, but you can't stop it when you go out. This is a potential factor for trouble in the future!" "

And you have to know that walls have ears! Mr. Wade may not be able to hear you when you scold Mr. Wade, but you can guarantee that the old man's confidant will be there. No one of my brothers can hear me? What if they report me? Wouldn't it be the end?"

His wife's expression became more frightened and ashamed, and Steve lowered his voice at this time: "You have to remember, In this family, even our son cannot be completely trusted!"

The wife couldn't help but said: "Husband... you don't doubt your children, right? We have watched them grow up, they are our flesh and blood! If even It would be too much to doubt your own flesh and blood."

"What does your own flesh and blood mean?" Steve asked her: "Our son is our flesh and blood, so am I not my father's flesh and blood? "

When the wife heard this, her expression was stunned.

After a long time, she sighed melancholy, nodded and said: "Husband, you are right... I will never be like this again..."

Steve was satisfied and told her: "After I leave, don't talk to anyone. When people mention Mr. Wade's affairs, I don't want anyone to know that I am going to meet with Mr. Wade."

"Okay!" The wife nodded heavily: "Don't worry, husband, I will keep it secret!"

Steve also relaxed, nodded slightly and then said: “Mr. Wade wants to treat me to dinner this time. This is a friendly signal. I think I will gain a lot from my trip to China this time.”

The wife said excitedly: “That’s great! You have to get to know the Chinese people quickly.” The rules for treating guests to dinner, don’t let Mr. Wade think you are rude.” Steve

nodded repeatedly: “Yes, yes, you are right! I have not participated in a real Chinese banquet, so I really need to study it carefully. Study it to avoid being abrupt!”

## **The Amazing Son In Law Chapter 6556**

As he said that, Steve immediately picked up his phone and searched for the rules at the Chinese dinner table.

His wife also quickly searched on her mobile phone.

...

At the same time, charlie Wade drove down the mountain and came to the Champs Elysees Hot Spring Hotel.

In order not to disturb the practice of most students, charlie Wade only called Don Albert to inform him.

After all, Don Albert himself was the weakest among many martial arts students, and he was mostly just for fun, so charlie Wade asked him to wait for him at the entrance of the hot spring hotel.

When charlie Wade arrived at the hotel, Don Albert, dressed in martial arts uniform, was already waiting at the door.

He came to the car in a few steps, opened the door for charlie Wade, and said respectfully: “Master Wade.”

charlie Wade nodded and said to him: “By the way, Don Albert, let Tianxiang Mansion temporarily close to the outside world during the day tomorrow. , prepare a table of good wine and good food, and remember to

pay a certain amount of compensation to the guests who were originally booked.”

Don Albert agreed without hesitation, and then asked: “Master Wade, do you have friends to entertain?”

charlie Wade He said casually: “You’re not really a friend, just an enemy who came from afar.”

”I understand!” Don Albert nodded and said with a smile, “Don’t worry, I will definitely make arrangements.”

charlie Wade smiled slightly . Nodding, he added: “If you have nothing to do tomorrow, come and entertain me. That guy’s family has a lot of money. If you know him, you can also accumulate some connections.” After

Don Albertyi heard this, he felt extremely grateful.

In addition to being absolutely loyal in front of charlie Wade, he also often felt very inferior.

The main reason for my low self-esteem is that I have a poor background and poor strength. The most important thing is that I have no knowledge and am just a rough guy.

As for charlie Wadegui, the head of the Wade family and the grandson of the An family, he was even more powerful. He often felt unqualified to work beside him.

However, charlie Wade has never disliked his origin, and even made him the spokesperson of the Wade family in Aurous Hill and even the whole province. Now, he even has to introduce other rich people to him, how can he not be moved? .

However, he knew in his heart that he did not have to say his words of gratitude to charlie Wade, so he said respectfully: “Okay, Master Wade, I will be waiting at Tianxiang Mansion tomorrow.” After that,

he asked again: “By the way, mater wade, what is the name of the wretch you are talking about? I will inform the staff in advance.”

charlie Wade said casually: “His name is Steve Rothschild.”

"Rothschild?" Don Albert asked in surprise. : "Is that the famous Rothschild family in the United States?"

"Yes." charlie Wade nodded and said, "This guy is the second-in-command of the Rothschild family, the eldest son of the current patriarch." "

F\*ck..." Hong He was dumbfounded and murmured: "Luo... the second-in-command of the Rothschild family... wants... to come to Tianxiang Mansion for dinner... this... this..."

Seeing Don Albert's shocked face, charlie Wade casually smiled and said: "What's so surprising about this?"

Don Albert said hurriedly: "How could I have imagined that the second-largest figure in the Rothschild family, worth trillions of dollars, I will come to Tianxiang Mansion to eat... I guess it's because Master Wade, your face is big enough!"

charlie Wade smiled and said: "It's not that I have great face, it's that I pose a great threat to him. He is sensible and will come to your Tianxiang Mansion to eat. If you are ignorant, just go to your dog farm to eat."

Don Albert suddenly understood and nodded heavily, then suddenly remembered something and blurted out: "By the way, Master Wade, there are still two Rothschilds locked up in the dog farm under my subordinates. Where are the father-in-law of the German family!"

## **The Amazing Son In Law Chapter 6557**

By / March 3, 2024

"Boss of the Rothschild family?"

Hearing Don Albert's words, charlie Wade frowned slightly, and then said, "Are you talking about Walter and his father?" "

Yes!" Don Albert nodded, He smiled and said, "That's the American guy who poisoned White's father and caused her father to have kidney failure. He is a piece of shit. Didn't he and his father always say that they are members of the Rothschild family? ?"

charlie Wade waved his hand and said: "They are not from the Rothschild family. It is impossible for a Rothschild family to have the surname Hogwitz."

After saying that, charlie Wade thought for a while and said: "Hogwitz This surname is probably a Jewish surname. They might be relatives of the Rothschild family."

At this point, charlie Wade suddenly realized: "I have probably figured it out. This Steve came to Aurous Hill to find this person. For father and son, his old man has just recovered and wants to be the clan leader for a few more years. He may be trying to win over those relatives."

Don Albert said hurriedly: "Master Wade, according to what you said, this kid came to Aurous Hill to fight against you. Ah! How about we give him a Hongmen Banquet, let him have a full meal tomorrow, and then tie him to the dog farm directly to keep him company with the two men!"

charlie Wade smiled and said: "No, Steve is the second in command of the Rothschild family, which is equivalent to the ancient prince. This Hogwitz is most likely the child of an old princess after she got married, and may not be Steve. My biological sister, this relative is far away. If we really have a close relationship, it's impossible for her to be locked up in your dog farm for so long without even the Rothschild family coming to look for her."

Don Albert nodded: "That's true. Also..."

After saying that, he quickly asked: "Master Wade, since this kid is here to find someone, he might be able to find the head of the dog farm! If he turns against you then, wouldn't that be a trouble in the future? Infinite?"

charlie Wade said with a smile: "Every dog you raise in the dog farm counts, even if you lend all their eggs to Steve, he won't dare to fall out with me."

After saying that, charlie Wade's expression He became serious and said: "Well, since they are here, let's not pretend to be stupid and cowardly in front of them. Just prepare a business car that can't be seen from the inside. I'll ask you during dinner tomorrow. Ask Steve, if he really comes to see the father and son, please get him in the car directly after dinner, take him to visit the dog farm, and let him meet Walter and his father by the way. I see that he has arrived Do you dare to fart one more time?"

Don Albert nodded heavily without thinking: "Sure! The commercial vehicles used by several underground casinos under me to pick up and drop

off guests are all from the back row and cannot be seen outside. When the time comes, I will have someone prepare one. vehicle.”

”Okay.” charlie Wade smiled slightly and asked, “What is Master Hong Tian doing?”

Don Albertdao said, “Master Hong Tian is teaching everyone martial arts in the martial arts hall.”

charlie Wade nodded and said to him: ” Go and tell Master Hong Tian that I’ll be waiting for him in the general manager’s office.”

”Okay!” Don Albert said, “Master Wade, please go to the office first, and I’ll inform Master Hong immediately.”

Champs Elysees Hot Spring Hotel Design There are hundreds of rooms, which can accommodate thousands of guests and hundreds of employees. Now it is no longer open to the public and only serves a few hundred martial arts students and supporting service personnel, so most of the rooms and venues are empty.

charlie Wade sat in the general manager’s office for a while. Hong Changqing, who was wearing a Tang suit, quickly came to the door. After knocking on the door and getting charlie Wade’s permission, Hong Changqing pushed the door open and said with excitement: “Master Wade, you But I haven’t been here to guide my subordinates in their work for a while!”

charlie Wade was slightly surprised, and then joked: “Master Hong Tian returned to China not long ago, but I didn’t expect that he learned the domestic scenes very quickly.”

”No, no, no.” Hong Changqing waved his hand quickly, He said seriously: “Master Wade, in the opinion of my subordinates, you have extraordinary talents. It is my honor and opportunity to listen to your teachings in person.”

charlie Wade saw that he was very sincere, but still He said very humbly: “Master Hong Tian, I know very little about martial arts. Unlike you, you have rich theoretical knowledge and practical experience. More importantly, you have taught so many disciples in Taizhen Taoism, and you are absolutely excellent in teaching.” As a senior person, how am I qualified to tell you about your teaching work.”

After saying that, charlie Wade asked him: "Is everything going well here recently?"

Hong Changqing cupped his hands and said respectfully: "Back to Master Wade, everything is going well here. They are all very good. With the follow-up tips of "Taizhen Hunyuan Dao" you gave me, everyone has a very solid foundation. The progress of this group of students is the fastest I have ever seen in all my years of teaching. One batch."

charlie Wade thought of his disciple Maxton. Previously, this girl had taken it upon herself to bring the entire Taizhen Tao to China. She had put it under her own sect, but she didn't have time to manage it, so she left it all to Hong Changqing. training, so he asked curiously: "How are your Taizhen Tao disciples practicing?"

Hong Changqing hurriedly said: "Back to Master Wade, the Taizhen Tao disciples are practicing much faster than before in the United States. Maxton is The girl is now just like the desperate Saburo. She practices every day in addition to practicing. She has made rapid progress, exceeding my expectations for her."

After saying that, Hong Changqing couldn't help but sigh: "But in terms of the speed of progress, Maxton can only be ranked second. Second, the one who has made the most progress is Miss Ito. Moreover, in the past two days, Miss Ito's state has undergone a radical change. Even her subordinates can't understand what kind of state Miss Ito is now. In fact, Unbelievable."

charlie Wade asked in surprise: "You said Nanako has undergone a radical change?"

"Yes!" Hong Changqing nodded heavily and praised: "Miss Ito's understanding is the best I have seen in so many years! She is It always gives people a sense of transcendence and is amazing."

charlie Wade couldn't help but become curious.

It stands to reason that Nanako has just entered the martial arts not long ago.

Although she had taken the rejuvenation pill she gave her before and her body had indeed improved a lot, she still had to walk step by step slowly to learn martial arts.

Even if his cultivation speed is faster than that of ordinary people, Charlie Wade feels that it will not make Hong Changqing feel so amazed.

So he said: "By the way, is Miss Ito here today?"

"Here." Hong Changqing said hurriedly: "Miss Ito is at the martial arts hall at the moment."

Charlie Wade nodded and said: "Master Hong Tian, you go inform Miss Ito and ask her to come here to see me. Also, after today's lecture, thank you for telling all the students that I have a gift for everyone tomorrow morning. You can also count the number of people and give me an accurate number. Numbers." /

Previously, in order to make the students here progress faster, Charlie Wade specially prepared some "oral liquids" for them. The active ingredients in them were naturally various elixirs refined by himself.

However, due to his busy schedule, Charlie Wade originally wanted to wait until Nanako, Aurora, Isaac Cameron and Don Albert all entered the martial arts sect, and then distribute the oral liquid to the students to help them speed up their training, but later things are quite busy and I haven't had time to distribute the oral liquid to the students here.

There are now many more students here than before.

Except for Nanako, Aurora and the other girls, they were mainly members of the Elms family and the soldiers of Wanlong Palace.

But later, Maxton, who had a bit of a tiger personality, directly moved the entire Taizhen Tao to China, so the number of people here was much larger. Fortunately, he had a simple oral liquid filling system in his mid-level villa in Champs Elysees. Install the equipment, and you can seize the time to fill another batch this afternoon.

Hong Changqing didn't know what gifts Charlie Wade had for everyone, so he said respectfully: "Don't worry, Master Wade, I will inform Miss Ito right away. As for the current number of people, if my subordinates remember

correctly, they should be 426.” , Isaac Cameron, Mr. has gone to Eastcliff during this time. If you include him, there are 427 people.”

”Okay.” charlie Wade nodded and said: “I will inform Isaac to come back later. At eight o’clock tomorrow morning, everyone will be there. Assemble at the Martial Arts Hall!”

Hong Changqing didn’t know what gifts charlie Wade wanted to give everyone, but according to his opinion, since everyone of more than 400 people had a share, it was probably something money could buy.

For Hong Changqing, he was not short of money, but he was not very interested in anything that money could buy. But since charlie Wade said it, he naturally wanted to support him, so he said very gratefully: ” Master Wade, who has so many things to do, is still thinking about us, which really flatters the subordinates. I would like to thank Master Wade on behalf of everyone!”

charlie Wade smiled and said: “Master Hong Tian, you don’t have to be so polite.”/

Hong Changqing said respectfully: “Master Wade, if you don’t say goodbye, As instructed, my subordinates will call Miss Ito first.”

”Okay.”

Hong Changqing said goodbye and left, then returned to the martial arts hall, called out Nanako Ito, and whispered: “Miss Ito, Master Wade is here. Office, let you go there to meet him.”

As soon as Ito Nanako heard that charlie Wade was coming, she immediately said with surprise: “Mr. charlie Wade is here! Then I will go there now! Thank you Hong Tianshi!”

After that, she said deeply to Hong Changqing Bowed deeply.

Hong Changqing was stunned for a moment and thought to himself: “I’m just passing on a message, what do you want to thank me for?”

Just as he was thinking about it, Ito Nanako had already run away.

Soon, Nanako Ito arrived at the door of the general manager's office. Before she could knock on the door, Charlie Wade said from inside: "Come in, Nanako." Nanako Ito carefully pushed the

door open, and first exposed her head and looked at Charlie Wade. He smiled sweetly, then entered the office, closed the door with his back, and asked Charlie Wade happily: "When did you come back?"

Charlie Wade smiled and said, "I just came back today."

After that, he looked at Nanako Ito, she was suddenly stunned and exclaimed: "Nanako, you...how do you have spiritual energy in your body?!"

Nanako Ito asked Charlie Wade with some excitement and shyness: "Did Charlie Wade see it?"

Charlie Wade He nodded heavily, and then asked her: "You... have you enlightened?"

Ito Nanako smiled, nodded and said: "I feel that my whole state has changed a lot, my senses are much stronger than before, and I can also do When you feel the surrounding things, you should be considered enlightened..."

Charlie Wade was excited and overjoyed!

Never in my wildest dreams did I expect that there would be people around me who could achieve enlightenment.

This gave him a feeling similar to that of a person who is forced to walk alone in the dark and suddenly meets like-minded friends to accompany him and walk hand in hand.

He was so excited that he subconsciously took Nanako's hand and transferred a trace of spiritual energy into his body. He immediately confirmed that Nanako Ito's sea of consciousness already had spiritual energy, and that she had truly realized the Tao and was like himself, and could control it. A spiritual person.

He couldn't help but ask: "Nanako, how did you do it?"

Ito Nanako said truthfully: “By chance, I heard that an eminent monk came to Aurous Hill to give lectures and could also consecrate people and bless amulets, so I went to Qixia Temple to meet him. , but he insisted that I have Hui Gen and wanted me to study Buddhism like him after I became enlightened. I said that I was not interested in studying Buddhism, but he told me the method of enlightenment. I tried it myself, but nothing happened. If you are careful, you will realize the truth...”

”If you are not careful, you will realize the truth...” charlie Wade was completely shocked and couldn’t help but sigh: “Did you know that some people can’t realize the truth for hundreds of years? You have been following the enlightened master all your life, but you have not been able to realize it, and you accidentally enlightened it...”

Ito Nanako thought that charlie Wade was exaggerating, and laughed softly: “charlie Wade really knows how to joke, who can’t realize it after hundreds of years? Yes, people who haven’t realized the Tao probably won’t be able to live for such a long time, right?”

charlie Wade smiled noncommittally.

Naturally, he couldn’t tell anyone about Lin Wan’er, including Nanako.

However, it is indeed true that Lin Wan’er took the Evergreen Pill and lived for so many years but still failed to enter Taoism.

Moreover, the ancestor of the Jiang family had served Meng Changsheng (Willie) all his life, and it can be seen from the image left in that painting that Meng Changsheng (Willie) at that time was indeed sincere to the ancestor of the Jiang family, otherwise he would not have After finding the opportunity, go back and fulfill your promise.

But even though the ancestor of the Jiang family was treated without reservation by Meng Changsheng (Willie), he still failed to realize the truth.

It is really incredible that Nanako Ito successfully attained enlightenment under the guidance of a Buddhist master.

So, charlie Wade asked her: “Nanako, can you tell me the details of your enlightenment?”

Nanako Ito smiled and said, “Of course, Nanako has no secrets in front of charlie Wadejun.”

After that, she said How I happened to meet that neighbor in the elevator, how I met Master at Qixia Temple, how I argued with Master Jingqing about selflessness and true self, and how I found the whole process of enlightenment in the sea of consciousness, I told them without reservation. charlie Wade.

After hearing this, charlie Wade did not have any doubts about Master Jingqing and the trigger of the whole incident.

After all, when Ito Nanako described it, she said that when she got off the elevator, she happened to meet a neighbor who was on the phone. After hearing the neighbor talk about the amulet, it was Ito Nanako who took the initiative to ask. I know Master Jingqing.

If someone took the initiative to tell Ito Nanako all this, it would naturally feel a bit deliberate.

But when Nanako Ito took the initiative to fight for all of this, both Nanako herself and charlie Wade, the bystander, felt that everything was natural.

Precisely because everything seemed flawless, charlie Wade directly focused his attention on Nanako Ito’s method of enlightenment.

This is the first time charlie Wade has heard of this idea of letting his spiritual consciousness blend into his own sea of consciousness.

Because there was almost no process for his enlightenment. After obtaining the “Nine Mysterious Heavenly Scriptures”, he had completed the entire process of enlightenment, so he did not experience how to enlighten himself.

Surprised, charlie Wade couldn’t help but sigh: “It seems that enlightenment really depends on talent and opportunity. Only a few people can do it by looking inside, and even fewer can look inside the sea of consciousness. There are few, let alone the integration of divine consciousness and sea of consciousness on these foundations... Nanako,

you have both talent and opportunity, so you can successfully realize the Tao so early.”

Ito Nanako nodded and said with a smile: ” Nanako is actually not very interested in enlightenment. She just thought that if I successfully enlightened, I would have more time and opportunities to accompany charlie Wadejun in the future, so I felt full of motivation.”

charlie Wade was moved in his heart, but he couldn't help but sigh. : “It's a pity that I don't have a mental method suitable for practicing Reiki. Otherwise, I can share it with you and make progress together.”

Nanako Ito smiled and said: “charlie Wade-kun, don't be depressed, there is still a long way to go, maybe You can find further opportunities within a certain period of time.”

charlie Wade nodded slightly in agreement and said: “Yes, don't worry about this, there will definitely be opportunities in the future.”

After that, he thought of something and quickly took out a Peiyuan Dan came, handed it to Nanako and said: “Nanako, although you have enlightened now, you don't have the mental method at hand, and there is no naturally existing spiritual energy around you. It is very difficult to improve your strength, even if you want to increase the spiritual energy in your body. , this elixir is specially used to replenish spiritual energy, please take it first and give it a try!”
