“Looking for someone?” After hearing Steve’s explanation, Charlie raised his eyebrows and asked curiously with a half-smile: “Who are you looking for? Do you need a rich and powerful prince like you to come to China in person? Are you looking for someone? Is the young master of your Rothschild family lost outside?” Steve said with a smile: “Mr. wade, you are joking. Our Rothschild family values bloodline more than anything else. How can there be any lost young master? Bloodline.” As he spoke, he deliberately lowered his voice and said seriously: “Mr. wade should have heard that when the President of the United States goes out, even a hair lost and a mouthful of spit must be taken away by special personnel. Our Rothschild family The same goes for male tadpoles. Where they have been used and with whom they have been used, they must be made clear. Those left in the rubber cases must also be taken away. Anyone who dares to have an illegitimate child outside will be the public enemy of the entire family. Once discovered , I will never be able to stand up again.” Don Albert on the side asked in surprise: “Isn’t it, such an exaggeration?” Steve said seriously: “It’s not an exaggeration at all. Men of the Rothschild family, especially men who are direct members, Once the seed is left outside, you may have to pay a price of tens of billions of dollars. If this situation is not prohibited, there are countless women in the world racking their brains to give birth to a child for the Rothschild family. She only needs to give birth to it. , that is a lifelong golden job, so our family is particularly concerned about this. Anyone who dares to mess around will get out.” Charlie did not doubt the importance that such a super family attached to blood, especially when it involved a huge amount of asset inheritance. Naturally, Be absolutely cautious. So, he pretended to be curious and asked: “Then since you are not looking for an illegitimate child, who else is worthy of you looking for yourself?” Steve sighed softly and said: “To be honest, Mr. wade, you must also know, Our family is very old, and the collateral families have more hair than ordinary people. Among our Rothschild family relatives, there is a collateral family named Hogwitz, who is not very close to us, and is considered a collateral blood relative. It’s more ordinary;” “Two days ago, my father held a family meeting, and the heads of all the collateral families were also there. The old man may have wanted to take the opportunity to win over the hearts of the collateral families, so he made a “Speak up if I have anything to say” ‘, as a result, this person from the Hogwitz family complained to my father in public, saying that a father and son from his family disappeared in Aurous Hill last year.” Speaking of this, Steve said helplessly: “I am The eldest son is also the father’s confirmed heir

to the clan leader, so he asked me to come in person to find out the specific situation here.” “Oh...” Charlie looked like he suddenly understood, nodded slightly, and said: “Since they disappeared last year, it’s hard to be sure whether they are dead or alive!” Steve said: “Hey, I’m too lazy to care about their life and death. Anyway, the old man wants to see people alive and alive. See the corpses.” Charlie asked again: “Then if these two people were killed, wouldn’t you stay and avenge them?”

“What revenge...” Steve waved his hand: “I’ll do it. Even if we are looking for clues about these two people, I don’t need to take revenge. The family will send people over to find out the real culprit and take revenge at the same time.” Charlie asked again: “Then how do you usually take revenge when you encounter such a thing? ?” Steve snorted coldly and said without hesitation: “Of course it will be paid with blood. Let alone anyone who dares to provoke a Rothschild family, even if we dare to provoke a dog of the Rothschild family, we will never let him go. Overtake each other! There is no one in the world who can bully the Rothschild family and make Rothschild family swallow their anger. So far, no one has been born!” After saying that, Steve raised his head and looked at Charlie, his eyes instantly a little uncomfortable. Too comfortable, he quickly said: “Mr. wade, don’t get me wrong, what I said has nothing to do with those of us sitting here, especially you.” Charlie curled his lips: “There is something in your words, does it mean that I bullied you?” Steve quickly said: “No! Absolutely not!” As he said that, Steve took advantage of the fact that he was already drunk, so he simply filled a glass of wine, drank it in one gulp, and said with an aggrieved look on his face while the wine was still strong: “Mr. wade, there are no outsiders here. Let me say this from the bottom of my heart. You really hurt me by asking Helena to go to New York to fight back! It’s useless for me to go and pick Helena up personally. That’s not what you told me at the beginning. In this way, you said that as long as I help you, after my father is stimulated, I will inherit the position of patriarch. I never expected that you asked Helena to give him medicine. This does not mean you are cheating. ...” Charlie said calmly: “Yes, I am just lying to you.” Steve looked at him in astonishment and murmured: “You...why are you...” Charlie said: “It’s very simple, Steve, because you can’t be trusted. From the way I look at people, you definitely can’t keep your word. Steve said aggrievedly: “Mr. wade! ” You’ve got me wrong! I’m really not that kind of person! “ Charlie smiled and said: “I know exactly what you are planning later. If you are really allowed

to successfully inherit the position of patriarch, the first thing you do is to weaken the brothers who threaten you to the greatest extent. After you take full control of the family, drive them out one by one to consolidate your position as the patriarch. The second thing you have to do is to destroy the covenant between us, because by that time you have already Completely stand firm and won't care if I expose the inside story of Sifang Baozhuang, right? " Steve was stunned, then silently filled a glass of wine and drank it in one gulp. Charlie's words made him completely lose his intention to defend himself. At this time, Charlie continued: "I always do things the same way. Be a villain first, then a gentleman. If I didn't have to control your father's health, how could you be willing to be shorter than me in front of me today? " Steve was speechless for a moment. Charlie said again at this time: "Steve, I think you and I should be more sincere in the future. There is no point in pretending to be confused or innocent. Steve nodded with some shame: "Mr. wade, you are right..." Charlie smiled and continued: "Steve, in fact, you have an advantage over your father here. " As soon as Steve heard this, his eyes regained their luster, and he hurriedly asked: "Mr. wade, what kind of advantages are you talking about? " Charlie said lightly: "You and I have a direct connection, but your father does not. Whether it is theoretically or physically, you are closer to me. If it weren't for your lack of sincerity, how could I abandon the near and seek the far away? Helena, go and establish an indirect connection with your father for me that requires a middleman? "/ Speaking, Charlie added: "Look, if you are the owner of a supermarket, and you find that the people living opposite you do not choose to come to your house to buy things, but go to a farther block to buy things. , you can't find fault with the buyer, but you have to find problems within yourself. Either others have what you don't have; The problem is, you can't stop a customer and ask him why he doesn't come to buy something from you, right? Steve nodded in shame: "Mr. wade, you are right... I will be 100% sincere to you in the future and will never hide anything!" " Charlie smiled and said, "You can observe it. " After that, Charlie brought the topic back to the direction of finding someone and asked him: "By the way, you just said that you want the other party to pay with blood, but this is China, not the United States. Your Rothschild family really wants someone else. Blood debt must be paid with blood, so you can't just send people here to run wild, right? " Steve was warned by Charlie. Although he was still frightened, he also wanted to get close to Charlie, so he said without any concealment: "Mr. wade, we will definitely not do this kind of dirty work ourselves. If not, it will lead to diplomatic disputes or public opinion crises. We usually like to ask Mexicans to do this for us. You see, those members of Mexican criminal groups are not afraid of anything all day long. In fact, they are most afraid of Americans."

"Mexicans . . ." Charlie thought of the criminal group he had wiped out in Mexico before, and said with a smile: "I didn't expect that your Rothschild family would cooperate with the criminal group in Mexico." Steve hurriedly said: "It's nothing. Cooperation is nothing more than simply taking advantage of it. This is no secret in the United States. After all, every criminal group in Mexico makes money from Americans by selling drugs to the United States. Don't look at the fact that they can kill innocent people indiscriminately and commit crimes in Mexico. They are powerful, but in their eyes, the United States is their God of Wealth. In order to ensure that goods and money enter and exit the United States without causing trouble, they will be willing to do things for the Americans." Charlie nodded and smiled: "It seems that Rothschild The De family is indeed very skillful." After saying that, Charlie asked him: "Since the person you are looking for disappeared in Aurous Hill, do you want me to help you find clues?" Steve was delighted when he heard this He said endlessly: "It would be great if Mr. wade is willing to help! Your connections in Jinling are definitely incomparable to ours. As long as we have your help, I believe we will find valuable clues soon! Thank you so much Ye Sir!" Charlie smiled and said to Steve: "Don't be so polite. Let's eat first. After eating, I will take you to a place. Maybe there will be the clues you want to find there." With that, Charlie He deliberately asked Don Albert: "Don Albert, do you think so?" "Yes, yes!" Don Albert smiled and nodded repeatedly, and then asked Steve: "Mr. Rothschild, are you afraid of dogs?" "Dogs ?" " ?" Steve didn't know why Don Albert asked himself this, but he still answered " firmly: "To be honest with mr. Albert, my favorite animal is a dog. Dogs are such loyal animals, and few people don't like them." Don Albert smiled and said: "That's good, that's good, let's eat quickly and set off after eating!"

After one hour.

Steve, who was full of wine and food, felt dizzy.

It is true that he drinks a lot, but fortunately he has a good drinking capacity, and he talks a lot, so he is still relatively sober.

charlie Wade saw that Steve could only lean on the back of the chair with his belly after eating so much, so he asked him with a smile: "Steve, how do you feel? Do you need to order more dishes?"

Steve waved his hand quickly. , said with a hint of drunkenness and a smile: “No... no need, no need, Mr. Wade... Mr. Wade, I’m full. It’s been a long time since I’ve eaten so much food and drank so much wine.”

charlie Wade nodded and said with a smile: “Now that we have almost eaten, let’s go and do some business. Tell your men that you are here to catch up with us and ask them to wait in the parking lot. We Take you through the back door and go to the place I said!”

Because Steve was a little drunk, his brain thinking was not as cautious as before. Otherwise, with his status, if charlie Wade wanted to leave his men and take him If he goes to a place he has never been to before, he will definitely inform his security adviser first.

However, alcohol does affect people’s judgment. He almost didn’t think much, and immediately said cheerfully: “Okay! Okay, Mr. Wade! I’ll tell them right now!”

After that, he took out his mobile phone and made a call. past.

As soon as the call came through, without waiting for the other party to speak, he said directly: “You...you all are waiting in the parking lot and don’t wander around. I still...have to catch up with Mr. Wade!”

When the other party heard this, he was obviously already excited. When he was drunk, he knew that he would definitely not be able to leave for a while, so he said respectfully: “Okay sir, we are always here. If anything happens, please inform us at any time.”

Steve said OK and went directly Hang up the phone.

Then, he said to charlie Wade: “Ye... Mr. Wade, let’s go?”

”Let’s go!” charlie Wade nodded, stood up, and said to Don Albert: “Don Albert, give Steve a hand .”

Don Albert said hurriedly: “Okay, Master Wade, leave it to me!”

After saying that, he quickly came to Steve, picked up one of her arms, and led him out of the box.

At the back door of Tianxiang Mansion, a commercial vehicle with all black second and third rows had started its engine and was waiting.

According to the normal routine of Steve's bodyguards, they must monitor all the entrances and exits of Tianxiang Mansion, but this time the situation is a bit special. Everyone was left in the parking lot in front, so they monitored what happened at the back door. Know nothing about any situation.

When charlie Wade and the four of them arrived at the business car, the electric sliding doors in the back two rows suddenly opened. Don Albert took Steve directly into the car and went to the third row. charlie Wade and Isaac Cameron followed closely. car.

When the door was closed, Steve discovered that all the windows in the commercial vehicle were opaque, and there were physical partitions between the rear two rows and the driver's cab. Sitting in the car meant that you could see everything in full view. There was no sign of anything going on outside.

He couldn't help being a little surprised and asked charlie Wade: "Mr. Wade... this car... is too private?"

charlie Wade smiled and said: "The place I want to take you to is highly confidential. Naturally, you have to be more cautious. But don't worry, your people all know that you have entered Tianxiang Mansion, so I can't blatantly harm you, so wherever I take you, just follow me without any worries. After everything is done, I will take you Returned unscathed."

The little worry in Steve's heart disappeared instantly. At the same time, he pretended to be very indifferent and laughed loudly: "I have no worries about you, Mr. Wade. Please take me there. I won't blink an eye anywhere!"

...

The commercial vehicle left through the back door, and there was another road leading directly to a street behind Tianxiang Mansion, so there was no encounter with Steve's men at all.

Vehicles leave the city and go straight to the outer suburbs. Due to noise and odor problems, places like dog farms are located a certain distance from residential areas to ensure adequate safety.

don's dog farm has been secretly upgraded since last year, and now it has been basically upgraded. After the upgrade, the area, facilities, safety and privacy of the upgraded dog farm have been greatly improved. Among them, the most important thing is safety. In the underground part, in Don Albert's words, the law does not allow raising Tyrannosaurus rex. Otherwise, even if two were raised here, the outside world would not know any news.

On the way here, Steve's drunkenness eased slightly, but the fear in his heart was inversely proportional to his drunkenness. The less drunk he was, the more panicked he felt, wondering where charlie Wade was taking him.

After being anxious all the way, the vehicle finally slowed down.

Steve could hear the sound of the electric door opening. From the sound of the motor running and the low friction sound, he could tell that the door must be big and heavy, which made his bad premonition even stronger. .

As soon as the car entered the gate, it felt as if it had stabbed a doghouse. The surrounding area suddenly heard the barking of dogs one after another. The barking was loud and deep, and it sounded like a large breed of dog.

This made Steve even more panicked, thinking to himself: "Big iron gate, big dog, where did charlie Wade get me..."

Just as he was thinking about it, the car stopped.

Immediately, the electric sliding doors on both sides opened, and the sound insulation of the doors was lost, and the dog barked instantly became louder.

Steve quickly looked outside and found that he was under a huge factory shed, surrounded by iron cages with an area of two to three square meters, and almost all of them were large fighting dogs.

Steve is indeed a person who understands dogs. After all, Americans are the most fond of raising dogs in the world. He is also a top rich man and knows all kinds of dogs very well, so he just glanced at the doors on both sides and recognized him. There are Tibetan Mastiffs, Pitbulls, Dogos, Tosa,

Rottweilers, and various terrier dogs that look familiar but cannot be distinguished.

This made Steve look a little pale, because he found that the dogs here were, without exception, fierce dogs with strong fighting capabilities. Many breeds are also banned in the United States. If so many dogs were released together, there would be eight Stallones. Can't beat it either.

At this time, Charlie Wade had already got out of the car first and waved to him outside the car: "Come on, Steve, we are here."

Steve walked down cautiously, looked around, and asked Charlie Wade cautiously: "Charlie Wade Sir, what exactly is this place?"

Charlie Wade said to Don Albert who got off the car: "Come Don Albert, introduce yourself to Steve."

Don Albert said with a smile: "Mr. Rothschild, this is my The dog farm I run mainly breeds some more aggressive dog breeds. Before I worked with Master Wade, I relied on the dogs bred in this farm to participate in underground dog fighting competitions to make money to support my family. Later, I worked with Master Wade. , the purpose here is basically no longer for profit."

Upon hearing this, Steve relaxed a little and asked curiously: "It seems that Mr. Hong is sincere in raising so many dogs if it is not for profit. I like dogs."

"Not that much." Don Albert said casually: "The main purpose here is to deal with some disobedient bastards. In order to cultivate the bloody nature of these dogs, I have always fed them raw meat here, as you know , Dogs are generally not picky about their food. As long as it is meat, no matter what kind of meat it is, it will eat it."

"Hiss..." Steve just breathed a sigh of relief and asked Don Albert to mention it again.

As the second-in-command of the Rothschild family, he has experienced many bloody things, but at this moment, he is on someone else's territory, and there is not even a bodyguard around him. Hearing what Don Albert said again, he was naturally frightened. Very.

Don Albert became interested at this time, pointed at these vicious dogs, and said to Steve: "I tell you, these dogs are very useful."

As he said, he deliberately approached Steve and said with a smile: "Sometimes I get anxious when watching the gangster movies made by you Americans. When those people grab each other's men and ask for information, they just keep hitting them with their fists. While beating them, they ask, 'Will you tell me?' Don't tell me, the method is too low-end. In fact, you only need to get a few of these dogs, starve them for a day, and then strip the guy to be interrogated naked. Put an iron bucket on the upper body, wear a motorcycle helmet, and the lower body. He doesn't even wear any clothes and is locked up with these dogs. As long as he doesn't tell the truth, the dogs will bite everything off his legs and crotch, but they won't die for a while. Who do you think can survive this method? Go over there?"

"Hiss..." Steve tightened his crotch in fright and said nervously: "Mr. Albert is really good..."

Seeing that he was a little confused, Charlie Wade said with a smile: "Shi Don't be afraid, Steve. I brought you here mainly for a visit. I won't pose any threat to you, so don't worry."

Steve took a deep breath and couldn't help complaining in his heart: "Can you tell me earlier next time? , my sphincter almost made relax..."

Don Albert beside him chuckled, pointed to the factory not far away, and said with a smile: "Mr. Steve, this floor is mainly for outsiders to see, it's fun. In fact, they are all on the floor below."

"One floor below?" Steve pointed to his feet and asked curiously: "Is there any more below here?"

"Yes." Don Albert nodded and said, "The ones below are all newly built. Yes."

Charlie Wade also smiled and said: "Yes, Steve, the lower level is more fun. Let's go and see it together."

"Okay, okay." Seeing that Charlie Wade didn't hurt him, Steve didn't He was so scared before. Although he didn't understand why Charlie Wade took him to visit a dog farm, as long as there was no threat to him, he would just keep it in his heart and let the guests follow him as they pleased. .

So, under the leadership of Don Albert, a group of four people walked towards the house at the end of the factory shed.

...

The despicable and insidious Hogwitz father and son have been living here for a long time.

His son Walter has been relying on dialysis to maintain his life due to kidney failure. While the old man is imprisoned, he also has to act as his son's caregiver. The father and son can say that it is quite miserable.

When they first came in, the father and son were still hoping that people from Hogwitz or even the Rothschild family would come to rescue them.

But after waiting and waiting, the magic weapon did not come from the sky. Instead, Don Albert's dog farm became more hidden and stronger as it was upgraded. They gradually gave up on this unrealistic fantasy and just wanted to survive here. Go down.

At this time, Walter had just finished dialysis and was lying weakly on the hospital bed, eating the white porridge his father fed him.

Jiro Kobayashi, the second young master of the Kobayashi family who was working here, was pushing a small cart over and asked: "Hey, Mr. Hogwitz, please bring the tableware after you finish your meal!"

Walter's old man The father quickly took the tableware to the iron fence. After Jiro Kobayashi came over, he threw the tableware into a plastic bin for recycling.

Just as Jiro Kobayashi was about to leave, Walter's father quickly said: "Mr. Kobayashi, wait a minute!"

Jiro Kobayashi asked him: "Is something wrong?"

Walter's father said pleadingly: "Mr. Kobayashi, tomorrow is my son's birthday, no. Do you know if you can ask the manager to order a cake for him?"

After saying that, he quickly added: "It doesn't have to be a big one, just an ordinary cupcake. He hasn't eaten cake for a long time."

Walter on the hospital bed He also looked at Jiro Kobayashi expectantly, hoping to get his consent.

Jiro Kobayashi chuckled: "For a cunning, vicious and nasty bastard like Walter, it's already good to be alive, but he still wants to eat cake? It's easier to eat shit than this."

Walter's father said with a very embarrassed expression: "Mr. Kobayashi...Walter...has already paid the price for his wrong behavior, so don't humiliate him with this attack anymore..."

Jiro Kobayashi curled his lips: "If you don't make unreasonable demands, how can I do it?" Humiliate him?"

Walter's father argued with a red face: "But aren't you locked up here because you made a mistake? Last time Mr. Wade came here, he not only gave you beer, but also allowed others to prepare astringent for you. Porn magazine, my son only wants a cupcake worth a few dollars for his birthday. Is this too much to ask for?"

Jiro Kobayashi sneered: "I can get beer and magazines because I have a good attitude about admitting my mistakes and have been working hard. Work, what about you? Have you made any contribution? Not only has there been no contribution, your useless son also consumes dialysis equipment and medicines. Master Wade has already given you face without asking you for medical expenses, and you are still embarrassed You want to eat cake?!"

Walter's father was speechless for a moment and had to say: "I'm sorry, Mr. Kobayashi, just pretend that I didn't say anything about what happened just now."

Jiro Kobayashi snorted coldly: "Don't talk nonsense like this in the future. Say it again!"

After saying this, he started to leave.

At the same time, Charlie Wade, Steve and a group of four people had arrived at the house on the ground.

As soon as they entered the hall, an open secret passage appeared on the side of the room against the wall.

The entire secret passage is designed with an electrically flipped upper cover. The upper cover is the same floor tiles as in the room and can be completely aligned with the gaps. There is also a three-seater sofa about the same size as the cover. As long as the floor tiles are covered, If you move the sofa up there, it will be very hidden. The four of them came to the stairs of the secret passage

. Don Albert, who was leading the way, was not in a hurry to go down, but shouted down: “Jiro! Master Wade is here! Get ready to greet

him!” Just now, he had looked coldly at Walter’s father . When Kobayashi Jiro heard this, he was filled with excitement and shouted loudly: “Master Wade, Fifth Master, wait a moment, Jiro is coming!”

## **The Amazing Son In Law Chapter 6586**

By / March 13, 2024

Soon, Kobayashi Jiro ran up from the sinking corridor.

Seeing charlie Wade and Don Albert, he was overjoyed and bowed quickly to say hello: "Hello Mr. Wade, hello Mr. Albert, !"

After saying that, Jiro Kobayashi saw the unfamiliar face of Steve Rothschild, Combined with the other person's white appearance, he couldn't help but be curious about the other person's identity.

However, Kobayashi Jiro still knows the rules very well. With his current status, he has no chance to ask questions, so he said to Steve very politely: "Hello, sir!" Steve

recognized that the other party's name was The Japanese are also curious about the other party's identity, and even more curious about what is underneath.

Seeing Jiro Kobayashi's face glowing red, charlie Wade asked with a smile: "Jiro, how are you living here recently?"

"It's very good!" Jiro Kobayashi said with a bright smile: "Everyone is very good to me, everything is fine. OK."

Now Jiro Kobayashi is half a free man in the dog farm.

Except that he can't leave here, he is relatively free in other aspects.

charlie Wade patted Jiro Kobayashi on the shoulder, pointed at Steve and said with a smile: "Xiaolin, this is Mr. Rothschild, from the Rothschild family in the United States. He is the guest I invited today. I'm going to take him down for a visit, and you'll make an introduction later."

When Jiro Kobayashi heard the name Rothschild, he was immediately startled and murmured: "Rothschild family?!"

The reputation of the Rothschild family is very high in Japan.

In Japan, the three most famous English surnames are MacArthur, Soros and Rothschild.

Needless to say, MacArthur, after Japan's defeat, this five-star general became the de facto occupier of Japan. He was nicknamed the "Emperor of Japan". After repeatedly humiliating Emperor Showa, he still dominated Japan. , as a result, when he left Japan with a cigar in his mouth, millions of Japanese people lined the streets to say goodbye. It was really puzzling. The reason

why Soros became famous in Japan was due to the powerful tactics of his elder brother, a financial giant, who single-handedly set off the Asian crisis in 1997. During the financial turmoil, just shoot the yen twice when there is nothing wrong. The Japanese suffered for a long time back then. Now those Heisei youths who have been lying down for a long time will occasionally drink too much in an izakaya and slam the table angrily and shout “Hachiga Road” ! If it weren’t for Soros, I would be the second generation of rich people now, how could I be reduced to working in 711!”;

As for Rothschild, in the minds of contemporary Japanese, he is a real devil-level existence Japan has been harvested by the United States several times, and the driving force behind the scenes is the shadow of the legendary Rothschild family. If Soros just came with a gun to snatch a wave of cash from the Japanese pockets, the Rothschild family would be like opening fire every time. As US tanks knocked down most of the Japanese houses, even three-year-old children in Japan knew that the Rothschild family was the undisputed first family in the world.

Kobayashi Jiro couldn’t figure out why charlie Wade brought the Rothschilds here, let alone what the Rothschilds were doing here.

In doubt, a sudden flash occurred in his mind, and he thought to himself: “Damn it! When the father and son at Hogwitz first came here, they called themselves relatives of the Rothschild family all day long. Could it be that this Mr. Rothschild, Are you here to take them back?”

Seeing Jiro Kobayashi’s expression changing from confusion to shock, charlie Wade said, “Jiro, what are you thinking about there?”

Jiro Kobayashi came back to his senses and said quickly: “It’s nothing, Mr. Wade. , nothing...”

After that, he quickly said attentively: “Mr. Wade, Mr. Rothschild, Fifth Master and Mr. isaac, if you are ready, let’s go down together!”

charlie Wade nodded, Then he said: “You lead the way.”

Kobayashi Jiro bowed ninety degrees, then turned and walked down the stairs. charlie Wade followed him. When he walked down, he turned back and waved to Steve, smiling: “Let’s go Come on, Steve, I’ll take you to meet two people.”

"Meet someone?" Steve asked in surprise: "Mr. Wade, who did you want me to meet here?"

charlie Wade smiled and said, "We'll find out when we get down. "

After saying that, he walked away.

Steve never thought that the Hogwitz father and son would be in charlie Wade's hands, and he didn't have time to think too much, so he quickly followed charlie Wade's pace and walked down.

After descending to the underground level, Steve discovered that this place turned out to be a miniature prison. There was a long corridor in front of him, and on both sides of the corridor, there were rooms sealed by reinforced concrete walls and iron bars. .

There is no wall on the side of each room facing the corridor, but iron railings that allow you to see everything inside at a glance. Even the simple bathroom inside only has a one-meter-high low wall, and people use the toilet inside. Sometimes, the head will also be exposed.

Although this place is completely underground, the air, temperature and humidity inside are no different from those above. charlie Wade thought that there would be a strange smell when he came down, but he didn't expect to feel any discomfort at all.

Don Albert on the side quickly introduced: "Master Wade, we installed a fresh air system when we were building the place. The air inside can be circulated twice an hour, and it is also equipped with central dehumidification. Even underground, it does not feel damp. Moreover, I also installed central air conditioning, which is warm in winter and cool in summer. It is very comfortable."

After that, he glanced at Steve deliberately and said with a smile: "What is the word that this old American likes to say most? Humanity. What's that?"

Steve casually said: "Humanitarianism."

"Yes, yes." Don Albert said with a smile: "We are very humanitarian here."

After that, he hurried to Charlie Wade. He said in a low voice: "Master Wade, I usually don't turn on the fresh air, air conditioning, etc. here. I just don't want those bastards to be too comfortable. This is because you said you were coming yesterday, and I just turned it on yesterday. I asked Jiro to open it in advance, and I will ask Jiro to close it after you leave."

Charlie Wade nodded and smiled, and praised: "It's you, Don Albert, you are indeed thoughtful."

Don Albert smiled and patted his jacket again. On his chest, he whispered: "Master Wade, I also brought the equipment for human calligraphy. As long as you say a word, even a member of the Rothschild family, I dare to put a few words on his forehead!" "

Charlie Wade smiled and said, "There's no need for this. There's no blood today."

After saying that, he turned around and said to Kobayashi Jiro: "Jiro, take us to meet the father and son."

"Okay!" Kobayashi Jiro went there diligently. He walked forward and stopped in front of the third cell. He turned around and said, "Mr. Wade, they are right here."

As he spoke, Charlie Wade had already arrived.

When Walter saw Charlie Wade on the hospital bed, his face turned pale with fright, and he couldn't help but tremble.

And his father was equally nervous.

Neither of them knew what Charlie Wade was going to do when he suddenly came over after such a long time.

At this moment, Steve Rothschild also arrived. He looked at the untidy father and son in the cell, and was a little stunned for a moment.

In fact, he was not familiar with the father and son, and even had no impression of either of them.

After all, the Rothschild family has too many relatives, and members of the main family like Steve themselves look down on them, so they don't have much interaction with them.

Although he had seen the information and photos of the father and son before he came, when he saw the father and son who had been detained for a long time in front of him, no one came out at once.

However, he did not recognize the father and son, but Walter's father recognized him.

It's normal for a master not to recognize his slave, but what slave doesn't keep his master in his heart?

The moment he recognized Steve, he was stunned at first as if struck by lightning. After a moment, he came back to his senses, thinking that Steve was here to save him and his son, so he instantly felt strong light and hope in his heart. !

In a desperate situation, he and his son looked forward to the stars and the moon, hoping that the Rothschild family would send someone to rescue them!

Now, it's finally time to welcome Master Wang!

So he knelt down on the ground with a loud bang, looked at Steve, and cried with tears: "Mr. Rothschild, you finally came to save us! Please make the decision for us, father and son! Let's let this The bastard named wade is in trouble!"

Steve was startled by the slovenly old man in front of him with a slovenly beard and gray hair.

When he heard that the other party recognized him as a member of the Rothschild family, he subconsciously asked him: "Do you know me?"

Walter's father cried and said: "Yes! Of course I know you! You are the patriarch, Howard Rothschild." Ed's eldest son, your name is Steve Rothschild, I... I am your distant relative, my name is Steve Hogwitz, and I am

the head of the Hogwitz family, just like you. , my name is Steve too... please... please save me and my son!"

After hearing this, Steve looked at the crying guy in front of him and the tearful and struggling man on the hospital bed. Looking at the sick man who wanted to sit up, he was completely horrified!

Although he was ordered to find the father and son this time, he never dreamed that he would find them on the first day he arrived in Aurous Hill? !

What shocked him even more was that the father and son were actually in charlie Wade's hands! And he was tortured so miserably...

He quickly turned around and asked charlie Wade: "Mr. Wade... what... is going on?!"

charlie Wade asked curiously: "What's going on? You want to ask What?"

Steve said hurriedly: "Why are they two here? They are the people I came to Aurous Hill to find this time!" "

Oh." charlie Wade smiled and said, "So you are relatives. Come on, Jiro, open the door and let their relatives reunite."

Kobayashi Jiro said diligently: "Okay, Mr. Wade, I will open the door right now."

After that, he took out a bunch of keys from his pocket and picked one of them. , open the iron door.

Inside, Walter's old father saw the iron door open and knelt down in front of Steve almost without thinking. He cried and said: "Sir! If we talk about blood relationship, I can be regarded as your distant cousin. Please take this for granted." For the sake of relatives, you have to take me and my son back to the United States no matter what, and if you leave us here, both our father and son will die soon."

Steve quickly turned around and said to charlie Wade: "charlie Wade Sir... that... these two are the people I am looking for this time..."

charlie Wade shrugged and said in a cold tone: "Congratulations, now you have found them, you can come to Aurous Hill this time. It is said that the

goal has been achieved and the merits have been completed. It will be Tianxiang Mansion tonight. Don Albert will set up a table for you to celebrate.”

Steve immediately begged: “Mr. Wade, these two people are from our Rothschild family. Relatives, I came here this time to find them and take them back. I also hope that you can be noble and let them go with me.”

charlie said with a smile: “Steve, you haven’t figured out why they were taken away. I imprisoned them here, and they dared to ask me to put them back without shame. How come you are so sure that I, charlie Wade, dare not let them go?” Seeing that charlie Wade was a little

angry, Steve quickly said in a pleading tone: “Mr. Wade, I definitely didn’t mean this. I was eager to save people just now, but I didn’t understand clearly. I wonder what mistake the two of them made to be locked up here by you?”

charlie Wade looked at the person kneeling on the ground. Steve Hogwitz pointed to Steve Rothschild next to him and said calmly: “Come on, you are also called Steve, and he is also called Steve. Come and talk to this Steve.” Tell me, what good things have you and your son done?”

As he spoke, charlie Wade warned in a cold voice: “You must tell everything you have done, otherwise, I will make you eat. A month’s worth of dog food.”

Steve Hogwitz said quickly: “Sir... here’s the thing... my son was confused for a moment...”

As he said, he explained how Walter fell in love with Doris Young and the people behind Doris Young. The Emgrand Group explained in detail how it poisoned Doris Young’s father, causing her father to suffer from kidney failure and dying, and how it used kidneys to force Doris Young into submission.

Because charlie Wade was by his side, he didn’t dare to hide or cover up at all.

After he finished saying this, charlie Wade on the side sneered: “You are really a shameless B\*tch. You yourself have made it very clear about your

son's series of despicable behaviors. The deliberate and deliberate actions here are all linked together.” , is enough to prove that he did it intentionally and even planned it for a long time. You first labeled your son as temporarily confused. Is this a temporary confusion? Is it at least a month of confusion? “

Steve Hogwitz's liver trembled with fright, and he quickly changed his words: “Mr. Wade is right. I used the wrong words. My son is indeed a scumbag. All of this has been planned by him for a long time...”

After that, he Then he quickly said: “Mr. Wade , please don't worry. We are very willing to apologize to Ms. Wang and her family and provide financial compensation. We just ask you to give us a chance. We will definitely be able to obtain their forgiveness...”

charlie Wade said sarcastically. : “I find that you people are very artistic in your speech. Whatever you say from your mouth can sound high-sounding. In line with the meaning of what you just said, do you want to express that this matter belongs to you, Doris Young and her family? The matter has nothing to do with me. As long as you can get the forgiveness of Doris Young and her family, this matter should be put aside?”

Steve Hogwitz did think so in his heart, but he absolutely Don't dare to admit it in public.

So he could only say with an aggrieved look: “Mr. Wade, you have misunderstood me. It does not mean that it has nothing to do with you. I just hope that I can have the opportunity to apologize to Ms. Wang and her father, and use practical actions to obtain their Forgive...”

charlie Wade looked at Steve Rothschild on the side and said calmly: “Look, you can blame me for treating you the wrong way. You guys are all f\*cking dicks. Look at the way he talks. , are we similar to you?”

Walter's father was slapped by Steve's slap.

He covered his face, looked at Steve in shock and grievance, sobbing: “but...but I am older than you... It was my first call Steve...”

Instead of letting go, Steve slapped another angry slap and swears: “ Why didn’t you change your name after your bastard father knew that I was also called Steve ? ! Who gives you the courage to commit the following crimes! ”

Walter’s father’s face was swollen on both sides, and his heart was even more wronged. He cried and said: “ Mr. Now is not the time to blame me and you for your name ! You have to find a way to rescue our father and son! ”

“Save you out?”Steve was laughed at by him, pointing at his anxious and corrupt curse: “ Your damn son committed such a crime, do you still want me to save you ? I wish I could kill you by hand to give Mr. Wade an explanation! ”

Steve is not angry.

For him, the task of coming to Aurous Hill himself has only completed and failed to complete these two options.

If you find a living person and take the living person back, this is done ;

If you find the dead person and bring the body back, this is also done.

If you find a living person and fail to bring it back, this is not done ;

And he knew very well that charlie Wade could never let himself take them back alive, so now if he wants to complete the task, the best solution is to kill them directly and then transport the body back to the United States.

Everyone is dead, and charlie Wade will definitely not keep his body.

Therefore, if charlie Wade agrees, he would rather kill the two bastards by himself.

In this way, the task can be completed without sin.

Thinking of this, he simply came down hard and said to charlie Wade: “Mr. Wade ! This is a sinful crime for father and son. You might as well give them to me. I will let my men kill them directly! ”

When Walter and his son heard this, they were scared.

They originally hoped that Steve would rescue himself, but never thought Steve would kill them !

This relative might as well come !

charlie Wade looked at Steve with a smile at this time and asked him: “ Are you serious ? Both of them are your relatives. As the saying goes, blood is thicker than water, and you also said in Tianxiang Mansion that anyone who offends the Rothschild family must let them pay for their blood. How do you want to treat your family Relatives started? ”

Steve said without hesitation: “ Mr. Wade, the Rothschild family is by no means the kind of stupidity. I am talking about blood debt repayment, that is the Rothschild family. Without making a mistake, I made a mistake, not to mention the dog breaks of two side families, Even the immediate blood relatives of the Rothschild family, I still kill the relatives! ”

Walter’s father scolded in a hurry: “ Steve, you bastard ! We are eagerly looking forward to you to save us, but you will kill us ! Are you F\*cking human? ”

Steve kicked Walter’s father far away and scolded: “ F\*ck, you are fortunate that this is not America ! Otherwise, I’ll just break your bastard ! And your bastard son! ”
