Jacob thought that Elaine didn't see the signature, so he quickly said: "Oh, let me tell you the truth. I don't have a good relationship with the person who is getting married, so I don't want to go at all."

After that, Jacob added: "I didn't want to accept this invitation in the first place. Xiao Wu from our club took it upon himself to get it for me, and He put it in my car on his own initiative, no, I just thought it would be fine if I didn't know about it, so there is no use keeping this invitation, so I might as well just throw it away." "

Oh... Elaine suddenly understood and nodded, and said: "It turns out that the invitation was sent by someone you don't know well. Then it's strange for you to say this. You are not familiar with them, why did they send you the invitation?" "

Jacob slapped his thigh: "Hey! What do you think they want to do by sending the invitation? Of course they want to collect money, right?"

Elaine nodded: "Then this person is really shameless, you are like At your age, I will send you an invitation and say that your share of the money will still have a chance to be returned to you in the future?"

After saying that, Elaine sighed to herself: "Oh, maybe there is a chance, aren't you? Do you always want to divorce me? After you divorce me, if you find another one, can you hold a wedding?"

Jacob waved his hands awkwardly: "Okay, honey, don't make fun of me. Those who said divorce before were just angry words, and you didn't agree to it! After thirty years together, how can we really divorce?"

Jacob didn't know that Elaine was deliberately setting a trap for him. He had really been looking forward to marrying Elaine before. Divorced, but Elaine is indeed fierce, always talking about dying together.

When Matilda was still waiting for her, she didn't have the courage to break up with Elaine. Now that Matilda was about to get married, there was no need for her to insist on divorcing Elaine.

If we get divorced now, wouldn't we lose both our wife and our troops?

Moreover, with Elaine's usual domineering and aggressive attitude, once she got divorced, she would definitely pack up and get out. Wouldn't she even have a place to live?

If she, Elaine, hates herself and goes to the Calligraphy and Painting Association to make a fuss, she will be completely doomed.

Therefore, in this situation, it is impossible to mention divorce again. Even if Elaine agrees, she cannot agree.

Elaine couldn't help but sneered at this time: "Oh, oh, Jacob, you don't plan to divorce me?"

Jacob quickly agreed: "We are an old husband and wife. How can a serious person still get divorced at such an old age? What if? If the news spreads, people won't laugh at you."

Elaine sarcastically said: "Oh, then I'm confused, then Matilda is so old, divorced and remarried, isn't she afraid of people laughing at her?"

Jacob subconsciously said He said: "Hey, Matilda is widowed..."

As soon as he finished speaking, Jacob's face instantly turned pale, and his heart that had just been relieved suddenly rose again, and he asked tremblingly: "Old... wife, you... you Why did you think of mentioning her?"

Elaine stopped pretending and scolded angrily: "Jacob, you can damn well do it. It's already this time, and you still pretend to be confused while pretending to understand. You are taking me, Elaine, for granted. What a fool, her name was clearly written on the invitation just now, do you think I didn't see it?!"

Jacob's heart suddenly thumped, and his whole heart sank to the bottom. He trembled and said: "Old...wife , you...listen to my explanation...I don't want to lie to you about this, I just don't...don't want you to know and affect your mood..."

Elaine turned sideways and slapped Jacob in the face, furious. She scolded: "Jacob, what are you farting with me here?! Why don't you want me to know that it will affect my mood? Do you think I will believe you?!" After that, she asked angrily: "What did you

say? ! When did Matilda come back?! When did you two hook up again?!”

Jacob was slapped, and he was angry and scared. His daughter and son-in-law were not in the car, and there was no one who could stop the fight. , and he didn't dare to hit Elaine back. Once he did it, Elaine would definitely fight him to the death. No matter what happened, he would attack him, not to mention that he was still driving on the highway... In

desperation, Jacob covered his face in grievance and said: “Honey, you saw it just now. They sent me a wedding invitation. They have a boyfriend, oh no, they have a fiancé, and they are getting married next week. I am sure with her. She is innocent, otherwise why would they send me an invitation... I also know her fiancé, who is a professor at our Jinling University of Finance and Economics...”

”Innocent?” Elaine asked sternly: “You are thirty! I slept with her countless times years ago. You, a shameless bastard, even had sex with her in the woods on the sweet spot at school. Do you think I don't know? You two have such a dirty past. You and I You two are innocent? Who the hell believes you?”

Jacob suddenly felt uncomfortable and stammered: “You...who did you listen to...it's nothing...”

Elaine said again He slapped his hand and shouted hysterically: “You still want to lie to me? Matilda told me this personally, and you still want to deny it?!”

Jacob ignored the pain and said nervously: “This... How is this possible...how could she tell you this...”

Elaine snorted coldly: “Don't forget, Matilda and I were good friends in the same dormitory back then! She is so silly and sweet, and there is nothing hidden on her face. Don't stop it! When I go back to the dormitory after doing that with you, my face will be red all night! I'll find a chance to trick her out with just a few words! The reason why I didn't mention it for so many years is that she went to the United States anyway, so there was no need for me to mention the dirty things between you two and make you have endless aftertaste! After saying that

, Elaine clenched her fists, trembling with anger, and said in a trembling voice: “You can tell from this!” You bastard never told me the truth! you say!

How on earth did you two hook up! When did you hook up? ! When did that slut Matilda come back? Did you two hook up as soon as she came back? ! “

Jacob knew that

he was in the wrong and did not dare to answer Elaine’s questioning. He just subconsciously moved his body to the left as far as possible to avoid being beaten again. As soon as Elaine saw that he had stopped talking, he knew that there was something wrong with him, so He unbuckled his seat belt like crazy, and immediately pounced on Jacob. His hands were like a crazy wild cat, and he tried his best to greet Jacob’s face, and said bitterly: “You bastard, how dare you give me this?” Cuckold, I will fight with you! “

Elaine has been fierce and arrogant in his life, but behind this strength, he is humble and sensitive beyond ordinary people.

She was afraid of being looked down upon by others, and even more afraid of being rejected and betrayed by others, and her biggest inferiority complex over the years came from Matilda.

When she was in school, Matilda stood out from the crowd. At that time, because she was close to Matilda, she was even deliberately approached by boys countless times. The real purpose of approaching her was to find opportunities to pursue Matilda.

At that time, Elaine was often looked down upon because she came from a rural area and her family was poor. She had always felt extremely inferior in front of Matilda.

But it was this inferiority complex that made Elaine feel competitive with Matilda deep down in her heart.

And Elaine thinks that the biggest win in her life is to snatch Jacob away from Matilda.

Originally, Elaine was able to face Matilda as a winner.

However, after marrying Jacob, Mrs. willson often used Matilda to ridicule her, saying that she was a scheming bitch who relied on her body to gain

power, that her toenails were worse than Matilda's, and even said that she had ruined Jacob's life. , so many years and months have accumulated, Matilda has become unmentionable sensitivity and pain in her heart.

Now, when she realized that Matilda, who had been in the United States for thirty years, had returned to Aurous Hill without her knowledge, the sensitivity in her heart was immediately stabbed by hatred, and her sense of inferiority at a loss suddenly made her The whole person was furious.

What was even more unacceptable to her was that her husband had known about her return for a long time, but he had always kept it a secret.

So she stormed off.

Even though she was on the highway now, she ran away recklessly, waving her arms with bastard fists that did not follow any rules or martial ethics, and greeted Jacob head-on.

Jacob could not have imagined that Elaine would actually attack him on the highway. In order to avoid a car accident, he braked and stopped the car in the fast lane of the highway. Then he quickly dodged Elaine's hands and shouted loudly: "Honey, don't be impulsive! This is on the highway, you don't want your life!" Elaine's eyes turned red and she gritted her teeth and said: "You want your life?! What the hell do you want ? Life! You and Matilda are already together, what more life do I need?! We both have to stop f*cking living, just let the car hit us to death!"

Jacob also realized at this moment that Elaine always said that he would fight to the death, and this was definitely more than just words.

He quickly begged for mercy: "Oh my wife! I really have nothing to do with her!"

At this time, there was the sound of emergency braking from behind, and a car slowed down awkwardly behind. Then it bypassed the Cullinan and started from the right. He overtook the car, hit the brakes again, lowered the window and cursed: "F*ck you, don't you want to live anymore? Why did you park your car on the highway?!"

Elaine was furious, lowered the window and faced the car.

The person yelled angrily : “Damn it, I just don’t want to live anymore. Why did you hit the brakes? Why didn’t you just hit us to death?” The one who plays the cards?

So he subconsciously said: “I... my car hit your Cullinan? It’s not sure whether you die or I die...”

Elaine immediately said: “Okay! Then let’s change, you drive this Did a car hit our head office? Why don’t we just get off the bus and let you hit me in front of the car? I’m so f*cking tired of living. If you don’t hit me to death today, I’ll beat you to death! You Don’t even think about running away. I don’t want to live anymore. I’m not afraid of anything. Even if the King of Heaven comes, I’m going to scratch his face! So don’t even think about running away. If you run away, I will Write down your license plate number, sell this car later, and use the money from the sale of the car to pay a murderer to kill you!”

That man traveled all over the world and was well-informed, but he had never seen such ruthlessness as Elaine. The character was so frightened that he could no longer hold the steering wheel. He clasped his trembling hands and faced the window, bowing and apologizing: “Auntie, I’m sorry, I was impulsive. You drive a Rolls-Royce, and I drive a Honda Civic. The red stickers on the car were all bought on Taobao for 50 yuan each. You can’t afford to be as knowledgeable as a person like me... I’m all to blame for what happened just now. You mustn’t take it personally... I have a superior and a subordinate., I really can’t afford to offend a rich man like you, please be kind to me...”

Elaine looked at the other party’s anxious and flustered look, knowing that her desperate play style had won the victory again, and she was too lazy to talk to a stranger. A common person would scold him directly: “Get out of here!”

As if he had received an amnesty, the man hurriedly said: “I’m going to get out of here, I’m going to get out of here!”

After saying that, he stepped on the accelerator to the bottom, and the car drove away slowly.

As soon as the man left, Elaine immediately targeted Jacob again, slammed his fist on the dashboard, and cursed angrily: “Jacob, you’d better tell the damn truth to me! When did Matilda come back? !”

Jacob was shocked and frightened, and explained tremblingly: “I...I really don’t know...I just met her at the University for the Elderly, where she was a professor, so I knew she was back. What exactly is it? When I came back, I don’t know at all!”

”You fart!” Elaine gritted her teeth and said, “Matilda has been gone for so many years, but she didn’t contact you when she returned to Aurous Hill?”

Jacob lied with a guilty conscience: “I said that It’s all true. We really met each other by chance at the University for the Elderly. And I told you, she has a partner and is about to get married. She and I must be innocent!”

Elaine frowned, thinking about something alone. , a moment later, she shouted as if she suddenly had an epiphany: “I know!”

After that, she pointed at Jacob and said angrily: “We have been together for so many years, you have mentioned divorce to me twice, once It was me who lost all my money playing cards, and there was another time when I was arrested and sent to the detention center for pyramid schemes.”

At this point, Elaine analyzed in a cold voice: “I won’t talk about playing cards. The fault is indeed mine. , but that time in the MLM, I suffered so much in it, you wanted to divorce me as soon as I came out, and since then, we have slept in separate rooms! We have not lived as a couple for such a long time, Tell me the truth, did Matilda come back around the time I was arrested?!”

Jacob suddenly broke out in a cold sweat.

At this moment, he didn’t recognize the woman in front of him. He couldn’t help thinking to himself: “Is this still Elaine? Does Elaine have such a strong logical analysis ability?”

However, he would not dare to admit it even to death. At this time point, he lied and said: “Honey, it’s really not what you think... During that time,

charlie and I almost turned Aurous Hill upside down to find you. How could we have time to meet others!” If you don’t believe it

, you can ask charlie face to face when you get to the airport later!” Jacob believed that charlie would definitely help him cover up his lies. After all, he was also present when he picked up Matilda. He knew the four, five, and six things involved, and he would definitely not Tell the truth.

Unexpectedly, Elaine was not led by him at this moment, but said coldly: “Why am I asking you? If I want to ask, I will ask Matilda! Isn’t she going to get married? Okay! On the wedding day, I Go to the wedding venue in person and ask her why she wanted to seduce my husband, Elaine!”

Jacob turned pale with fear!

If Elaine went to Matilda and hank’s wedding to cause trouble, and Matilda’s son was there, and maybe some old classmates were there, wouldn’t the secret be exposed immediately?

Moreover, if Elaine really went to make a big fuss at the wedding, then she would really have no shame hanging around in Aurous Hill from now on.

If he can’t survive in Aurous Hill and can’t stay at home, then doesn’t he have no choice but to go?

Jacob, who was extremely nervous, could only plead: “Honey, just believe me this time! We won’t say anything, just talk about the fact that they are getting married. There is nothing possible between me and her.” ! You can tell from this alone that I am innocent!”

Elaine said angrily: “If Matilda came back when I was arrested, a long time has passed! Such a long time, in the middle What can’t happen? Even if she is getting married now, it doesn’t mean that she and you were fine at that time! Maybe you two got together while I was caught. You asked me for a divorce and I didn’t agree, and then she asked for it. Someone else is getting married!”

Jacob’s heart trembled with fear: “Elaine is possessed by Sherlock Holmes? Doesn’t this solve the case?”

Seeing that Jacob didn’t speak, Elaine immediately asked: “I am even more determined. Guessing, he suddenly became furious, angrily tearing the

bar on Jacob, while cursing: “Okay! Looking at your posture, you really made me right, didn’t you? Jacob, you heartless bastard! I was bullied by your mother and Wendy in the detention center, and my legs were broken. You are so damn good! He actually hooked up with Matilda outside! Look, I won’t f*cking tear your face apart! Then I’ll pluck out your two eyeballs! “

After that, Elaine started fighting Jacob like crazy. Jacob only felt burning pain everywhere on his face. He was so broken that he was about to open the car door and escape when a siren suddenly sounded behind him. Immediately afterwards, the voice from the loudspeaker was heard: “What is that Cullinan in front doing? ! Who told you to stop on the highway? ! Pull over to the emergency lane immediately! “

As soon as Jacob heard that the police were coming, whether it was a civilian policeman or a traffic policeman, he quickly opened the car door and ran out. When he saw a police car roaring behind him, he quickly ran towards the police car, crying loudly as he ran: “Police Comrade, help! The

traffic policeman immediately stopped in front of him, stepped forward and asked, “What happened?” ! “

Jacob cried and said: “My wife wants to pick out my eyeballs...”

”Wife? The traffic policeman frowned and asked subconsciously: “Did you two stop and fight on the highway?” “

Jacob said aggrievedly: “She hit me, but I didn’t fight back...”

At this time, Elaine also opened the car door and ran out, shouting to the traffic police: “Comrade police, don’t listen to this bastard’s nonsense, he was the one who cheated on me. Lover, you cuckolded me! I’ll fight him! The

traffic policeman didn’t know whether to laugh or cry, and said with a cold face: “You really regard the highway as your home, don’t you?” If you don’t want your life, other drivers will too! “

After that, he looked at Jacob and said: “Bring the car keys here, our colleagues will help you drive the car to the traffic police station. You two go to my car and go to the station to accept the punishment! “

While charlie was waiting for Claire at the airport, Jacob and Elaine had already been taken to the high-speed traffic police team.

Elaine did not forget to greet Jacob frantically in the police car. In desperation, the police had to find another police car and take the two people back separately.

Seeing that Claire's plane was about to land, charlie didn't see Jacob and Elaine. He sent messages to them but no one responded. He didn't know what kind of evil these two people were up to.

Fortunately, the impression of these two people in charlie's mind is not reliable, so charlie doesn't care if they come or not. When they come, everyone will take a car back to the city. If they don't come, he will go back to the city. The same goes for taking a taxi back with Claire.

At around three o'clock in the afternoon, Claire's private plane landed at the airport. After charlie waited for about half an hour, she had completed the customs clearance and walked out pushing the luggage trolley.

Seeing charlie from all the way, she couldn't help but speed up her pace, with a happy smile on her face.

charlie also hurried up to meet Claire. When he was approaching Claire, Claire threw the car aside, threw himself into charlie's arms, and said coquettishly: "Husband, I miss you so much!"

charlie hugged her He looked at her and said with a smile: " misses you too. Fortunately, Miss Fei's project has encountered problems, otherwise I would have gone to the United States to find her for help."

Claire said with a smile: "Miss Fei asked me to convey to you, She is quite embarrassed that I have been helping there for so long. When she comes to China next time, she will treat you to dinner as a token of appreciation."

"Okay." charlie nodded and said with a smile, "That's right. Wife, my parents originally agreed to come to pick you up, but I don't know what happened. I can't contact them for a long time. How about we take a taxi back to the city first."

After saying this, the traffic policeman looked at Elaine and continued: “And you, no matter how big of a deal you say, you two got off the highway and stopped, slow down. Can’t you say it slowly? If you really have to do something, you can do it after parking the car. If you do it on the road and force him to stop the car, if there is really any danger, won’t you also be unlucky? We must have a sense of safety in everything. No? When a couple fights, they have to do it only after ensuring safety!”

Elaine said angrily: “He cuckolded me! Not to mention ensuring safety, I don’t care if we die together!”

The traffic policeman said helplessly: “Oh my god, why don’t you drive a good car? If something happens to you, you probably won’t die. But if you are seriously injured and have to lie in bed for ten or eight years, you What should we do? Lying in the same ward, turning our heads and arguing?”

Elaine waved her hand: “Then I don’t care, my Elaine’s style of acting is to avenge any grudge, and it must be retaliated at the time. This is called grudges and grudges. , even in ancient times, I was considered the number one heroine!”

”Hey...” The traffic policeman was completely helpless and said, “Well, let’s call your child and ask her to come and take you two back. Let her coordinate the relationship between you two!”

After that, the traffic policeman handed Elaine’s cell phone to her.

Just then, the phone rang, and Claire’s photo and the words daughter appeared on the screen.

When the traffic police saw that the call was from Elaine’s daughter, he quickly said: “Hurry up and answer the call!”

Elaine took the phone and pressed the answer button. Before he could speak, Claire asked nervously: “Mom, are you Where are you and dad? Are you okay?”

Elaine felt depressed and muttered: “It’s okay, I just asked the traffic police to catch the traffic police team.”

The Amazing Son In Law Chapter 6636

By / April 3, 2024

"Yes." charlie nodded: "I'm getting married next week, with Professor hank from Aurous Hill University of Finance and Economics. Dad is not in a good mood these days, maybe because he can't accept it. Maybe mom broke up with dad because of this."

Claire asked in confusion: "Isn't it good for Aunt Matilda to marry someone else? In the future, my dad will never have to think about those things."

charlie said helplessly: "But mom doesn't know Aunt Matilda Dad never dared to tell her about her return. Think about it, when Aunt Matilda came back, Mom was suffering in the detention center. Dad was so carefree and happy at that time. He wanted to file for divorce as soon as Mom came out. I I'm afraid that after Mom connects all these clues and wants to understand what's going on, she will definitely not give up..."

Claire has little experience in love. She doesn't know much about how women think about problems when they are involved in a triangle relationship, and how extreme their emotions can become. Library

But after charlie explained it, she understood the general situation.

She couldn't help but sigh: "Actually, dad behaved very badly when Aunt Matilda first came back. He didn't care about mom's life and death at all. He only thought about Aunt Matilda and even invited her to our house for dinner. If I were me Mom, you will definitely be very angry."

charlie said, "Let's not talk about this here and go to the traffic police team first."

"Okay!" Claire nodded, and then pulled charlie back. Said: "Husband, they are definitely not in personal danger in the traffic police team, and with the traffic police here, it is definitely impossible for them to fight there. We don't have to rush there yet."

charlie asked her: "Wife, what about your What do you mean?"

Claire said with some worry: "We have to think about how we can alleviate this crisis between them... If it is really like what you said, mom can

guess it herself, then he The fight between the two of us was early, and it was probably just the beginning. A fight on the highway was just an appetizer at most for my mother's personality. If this matter was not solved from the root, she might be violent when she got home. The knife..."

The Amazing Son In Law Chapter 6637

By / April 3, 2024

Claire said anxiously: "Oh, my husband, this requires you to use your intelligence! So many big people respect you as Master Wade, and you can help them solve no matter how difficult their problems are. But you can't find a way to solve this problem in our family. For a moment?"

As she spoke, she hugged Charlie's arm with a pleading look on her face and said pitifully: "Husband... please, think of a way, I really don't want them to divorce... That Aunt Matilda already wants Married to someone else. Even if my dad divorces my mom, there are no good candidates for remarriage. Not to mention my mom's character. If I divorce my dad, I will definitely end up alone in this life. You It was said that the couple who were originally able to support and take care of each other ended up being alone, without even a companion to live with. How miserable would that be..."

Charlie touched his chin and said with some embarrassment: "Wife, I don't want to work hard. The key is that this thing is really too difficult. I can't brainwash my mother and make her forget about it, right?"

Claire said quickly: "Husband, think about it again, think about it carefully, you will definitely be able to think of a solution!"

Charlie frowned and thought for a moment, and then said: "There is no way, but the success rate is not high, and you need to cooperate with me. You must not let anything slip, otherwise all your efforts will be wasted. You can do it. Are you there?"

"I can!" Claire nodded firmly, and then asked him: "Husband, what good idea do you have?"

Charlie said: "I don't have a specific plan yet, I can only improvise when the time comes. Let's go there first!"

...

The two of them left the airport and took a taxi to the Airport Highway Traffic Police Team. As soon as they entered the yard, they saw their Cullinan parked in the yard.

charlie asked Claire to go in first, and he took Claire's car The luggage was moved out of the car, and then he pushed the luggage to follow.

At this time, Elaine was crying in the room and shouted: "I have been married to him for so many years, how many grievances, how much suffering, how many sins I have suffered. , but it turned out that he hooked up with an old lover behind my back. Traffic police colleague, do you think it was wrong for me to hit him twice? "

The traffic policeman almost collapsed, but he still said patiently: "Madam, I have told you many, many times, what he did was indeed wrong, it was indeed immoral, and he should indeed accept the condemnation of society and conscience, and It's understandable that the couple is really angry but you can't do anything with them, but the only thing I want to explain is that we can't do it on the highway, right? "

Elaine said angrily: "Of course I would do it immediately if I knew about this kind of thing at the time. Not to mention on the highway, even if it was at the United Nations, I would have to deal with him on the spot! "

Hey..." The traffic policeman was helpless and could only say: "Okay, okay, I understand your mood, so I won't comment. After all, it is your husband we are punishing today, and all the points will be deducted." It's over and the fine information has been pushed. Just calm down and wait for your daughter to pick you and your husband up, okay?

Elaine gritted her teeth and said, "He is a bastard, not my husband! " "

Okay, okay..." the traffic policeman said patiently: "I mean, Mr. willson's side has already finished handling it. You can go back in a while."

Elaine asked back: "You won't catch him if he cheats on you during marriage? " "

The traffic policeman said helplessly: "It's not illegal for him to do this. What's more, we are the traffic police. For this kind of thing, the most we can do is to notify the local police station to coordinate..."

Elaine was furious: "I don't need to coordinate. ! What I want is to catch him!

As soon as Claire entered the traffic police team, she heard Elaine's voice. As soon as she entered, she followed the sound to look for her. A traffic policeman stopped her and asked, "Ma'am, who are you looking for? "

Claire said hurriedly: "I'm looking for Elaine. I'm her daughter. "

When the traffic policeman heard this, he took a deep breath and said quickly: "Oh, you are finally here! " Your mother keeps shouting that she wants to commit suicide, and three different people have tried to persuade her, but it's of no use at all! "

Hearing the traffic policeman saying that Elaine was going to commit suicide, Claire suddenly said nervously: "Take me over there quickly to see her!"

The traffic policeman also said hurriedly: "Come on, come on!"

After that, he quickly took Claire with him. Then walked to the room where Elaine was.

charlie Wade happened to follow him. He put his luggage at the entrance and chased after them. He stopped the two of them and asked, "Comrade Traffic Police, where is Mr. jacob who came here with Ms. ? Can I see him first?" "

The traffic policeman asked curiously: "Who are you?"

charlie Wade explained: "I am his son-in-law. I am not thinking that my wife will persuade my mother-in-law, and I will persuade my father-in-law. After they have been persuaded, that's it. We took it home together."

The traffic policeman said quickly: "Oh, that's great."

After saying that, he quickly waved to a colleague: come here, take this gentleman to Jacob's house!"

The man hurriedly said Said: "Okay."

charlie Wade entered the room where Jacob was first.

As soon as he entered the room, he saw Jacob with a messy face sitting on a chair and smoking heavily. Another traffic policeman advised him: "You, don't hide anything from your wife. You should talk about it, like you." I said it myself, you have nothing to hide from your old lover, so why didn't you tell her earlier? If you had told her clearly earlier, wouldn't this problem have been over?"

Jacob didn't. Realizing that charlie Wade had come in, he lowered his head and smoked while lying: "I...I don't want to cause trouble."

The traffic policeman smiled: "Come on, they are all men. If nothing goes wrong, I can't wait to tell this matter ." Why don't you let your wife know about it and keep it secret for so long? Is there something else on your mind?"

Jacob didn't know how to deal with it for a while.

At this time, the traffic policeman looked up and saw charlie Wade and the colleague who brought charlie Wade in, and gave each other a questioning look.

The man then said: "Jacob's son-in-law is here, let them chat for a while."

Jacob suddenly raised his head and suddenly saw charlie Wade. He rushed over and cried and said: "charlie Wade! My good son-in-law, you are really good this time." You have to give me a hand!"

The two traffic policemen hurried out, leaving charlie Wade and Jacob in the room.

charlie Wade asked helplessly: "Dad, what's going on?"

Jacob said angrily: "Hey! Don't f*cking mention it, that Xiao Wu in our meeting gave me the wedding invitation given by Matilda yesterday. Let it go in the car!"

"You said let it go, but today he called me so shamelessly to remind me of it, as if he was asking me to take credit for it!"

The Amazing Son In Law Chapter 6639

By / April 4, 2024

"It turned out well. Then Elaine sat in front of me. Didn't she see the invitation?"

"Then she started asking me when Matilda came back. I didn't say, but asked if I had an affair with her. , I said nothing, but it turned out that this bitch seemed to be enlightened. She sat there and babbled and babbled, and she guessed the whole thing. Then he started fighting with me on the highway..."

After that, he looked at charlie Wade for help: "Good son-in-law, give me a trick and see what I should do now. Not only is Elaine having trouble with me, but he is also going to Matilda's wedding. Asking when she came back, isn't this going to ruin my reputation in Aurous Hill?"/

charlie Wade sighed and said, "Dad, I told you that this matter might lead to a thunderstorm, but you didn't believe it. "

Jacob explained: "It's not that I don't believe it, I'm just lucky..."

charlie Wade asked him: "Then what do you want to do now? I can find a way to prevent mom from going to the wedding. Even if she goes, I also have a way to prevent her from entering the scene, but the key is what will you two do in the future? Do you want to leave, or do you want to live together?"

Jacob's eyes dimmed suddenly, he sighed, spread his hands and sighed: "Good morning If I can divorce, I've already been with Matilda, but if I divorce again now, who will I live with in the future? Can Elaine's character tolerate me continuing to live in Tomson Yipin? Isn't it time to kick me out of the house? I don't even have a place to stay, so I can't shamelessly go live next door with my mother and my brother, right?"

After saying that, Jacob sighed again: "He You damn sure won't let me go!"

charlie Wade asked him: "Does that mean you don't want to leave?"

Jacob smiled bitterly and said: "Hey, even when you're old, you should stay together if you can... It's because of this The matter is divorced, so let's not talk about my own efforts. I won't be able to bear it if word spreads. Besides, what should Claire think of me? How will I face her in the future?"

As he spoke, Jacob sighed again. Said: "People say that you can ride a donkey to find a horse, or ride a donkey to find a horse. You can only lose the donkey after you find the horse. My horse has run away with others. If I lose the donkey again, won't it be over? This The business has suffered a huge loss..."

charlie Wade smacked his lips and said, "Dad, to be honest, in this matter, not divorce is the most difficult thing to handle now. You don't want a divorce, you don't want to move out, and you don't want others to treat you badly. If you point fingers and don't want Claire to have any objections to you, then the key to solving this problem is that you have to let Mom completely get over this hurdle in her heart. Do you think it's easy to handle Mom's character of retribution?"

Jacob suddenly felt like an eggplant beaten by frost, lowered his head and murmured: "It's not easy... Good son-in-law, why don't you lend me some money, and I'll hide out for a while..."

charlie Wade asked again: "A period of time is How long? If you run away, do you think your mother will forgive you? If you run away, your circle will not run away. With her character, she will definitely list your crimes and denounce your crimes in front of everyone who knows you. Then don't think about coming back in the future."

After saying that, charlie Wade added: "But it doesn't matter if you don't come back. I know some people overseas who are quite powerful. I have a buddy who is a local emperor in the Middle East. How about you? Go to him?"

"I won't go, I won't go..." Jacob shook his head like a rattle and said repeatedly: "I just want to go out to avoid the limelight and come back after the news of this matter has passed. It is impossible not to come back in the future... and If you tell me this, I feel like I won't go out. If I leave, then she will just let her talk about it."

After saying that, he looked at charlie Wade with a pleading look on his face. Asked: "Good son-in-law, how can you let your mother get over this matter calmly? If you can help me get over this hurdle, you will be my savior. From now on, I will go through mountains of swords and seas of fire. Just one word, Whenever I blink, my surname is not willson!"

charlie Wade sighed and said: "If you really want this matter to end peacefully, I have a way. If you fully cooperate with me, maybe you can still

save it. Opportunity, but I can't guarantee you that this method will definitely work. If it works, our family of four will walk out from here and drive home with smiles. If it doesn't work, then you can just ask for it. I don't have any good ideas. .”

When Jacob heard this, he immediately asked: “Good son-in-law, what is the success rate of your method?”

charlie Wade said lightly: “Half and half.”

Jacob said with a depressed expression: “I understand, and so do you. Not sure.”

charlie Wade said: “I said, 50-50, if you succeed further, you can take a step back to be a benevolent person, and go home to live a life. If it doesn't work, I can't just ignore it. I will rent an apartment for you in the city when the time comes. , you move out first and let mom calm down. If she really wants to go to the Senior Citizens University or the Calligraphy and Painting Association, Claire and I will find a way to stop her.”

After hearing this, Jacob held charlie Wade's hand tightly and choked up: ” Good son-in-law, with your words, dad's heart will be half at ease! Tell me, what can I do?”

charlie Wade said seriously: “Dad, if you really want to use this method, you have to risk your life and be willing to cut off your talent. Okay.”

Jacob said resolutely: “I'm willing to give up, I'm willing to give up anything, as long as I can get over this hurdle, I will do my best no matter what you ask me to do!”

After saying that, he was unsure about charlie Wade's words, and hurriedly added Question: “Good son-in-law, if this thing doesn't work out, if you rent me a house, can you rent me a better community? Also, can Cullinan let me drive?”

charlie Wade was left speechless by Jacob.

They are about to be kicked out of their homes, but they still want to live in a mansion and drive a luxury car. Helpless

, he could only remind him: “Dad, if this thing doesn’t work out, I will definitely not be able to rent you a good house, let alone give you Cullinan.”

Jacob asked subconsciously: “Why...”

charlie Wade said: “Don’t forget, when the time comes that you leave this home, I will still live in this home!”

After saying that, charlie Wade said again: “If I give If you rent a mansion outside and open the library for you, Mom won’t be able to hold a grudge against me. I’ll have to protect myself by then. I’ll rent you a shabby little house. If Mom blames me, I can still do it. Justify yourself, after all, we can’t let you sleep on the street, right? Then Claire and I have committed the crime of abandonment?”

Jacob looked at charlie Wade’s serious look, sighed, and patted him on the shoulder, He said in pain: “I understand, I understand. If I were you, I wouldn’t want to offend Elaine...”

charlie Wade said: “Dad, I will definitely try my best to get you this time, but remember, you have no way out. Now, let’s fight for the last time. If we don’t succeed, we will be benevolent!”

Jacob gritted his teeth: “Okay! I will listen to you!”

...

On the other side, when Claire was taken to the room where Elaine was, Elaine Lan was still arguing with the traffic policeman with red eyes: “I don’t understand, why can’t we arrest all the cheaters? Why?”

The traffic policeman said helplessly: “Why not, what I said doesn’t count...”

This At that moment, Claire pushed the door open and shouted: “Mom!”

Elaine burst into tears when she saw Claire. She cried and rushed forward to hug Claire, wailing loudly: “Daughter, You’re finally here. That

bastard Jacob cheated on mom with his old lover. Mom doesn't even want to live anymore!"

Claire quickly comforted him: "Mom, don't think so extreme. From what I know about dad, he It shouldn't be possible..."

"No?" Elaine cried and said, "His old lover has been away for more than thirty years. I don't know how long it has been since he came back this time. He has not said a word to me. The two of them are still working together in college behind my back. Is that a f*cking job? That was an affair in the name of work! I don't know if they secretly lived together as a daytime couple behind my back! It's been so long Time has passed. I don't know how many cuckolds I have worn on my head, your mother!"

Claire quickly braced himself and tried to comfort him with embarrassment: "Mom, dad is not such a person, so don't get into trouble yourself. ..."

"Am I trying to get into trouble? This kind of thing is like seeing a cockroach. As long as you see it, there can't be only this one. There may be thousands of them in invisible places!"

Elaine said, suddenly thinking of something ,
