The manager Chen on the phone is now the general manager of Jiqingtang, and he is also a popular figure in the antique street.

When Zhou Liangyun was the general manager of Jiqingtang, Manager Chen was his deputy. His professional ability was average, but he was very tactful and had accumulated good connections in the antique street.

After Zhou Liangyun was fired by Jasmine, Manager Chen temporarily filled the vacancy of general manager.

Jasmine also knew that Manager Chen's professional ability was not qualified for this position, so her plan was to let Manager Chen take over for a while and then replace him when she found a more suitable candidate, so his position at that time was changed from deputy manager to deputy manager. Became acting general manager.

However, Jasmine's relationship with charlie became closer and closer. Thanks to charlie's help, her status and strength in the Moore Family continued to rise like a rocket, and Ji Qingtang's business became more and more important. I can't care anymore.

Now, Jasmine has become the head of the entire Moore Family and the helmsman of the family worth hundreds of billions of yuan. Naturally, a small side business like Ji Qingtang is even more insignificant, so she does not invest more energy in Ji Qingtang.

The owner didn't pay much attention to this business, so Manager Chen gradually took off his hat as acting general manager and became the real general manager.

In the Aurous Hill antique industry, Ji Qingtang is the well-deserved big brother, and Manager Chen is the talker here, so no one in the entire antique street does not give him some respect.

At this time, Manager Chen could not remember the person on the phone, so he said directly: "If you have any questions, just tell me."

The stall owner quickly said attentively: “Manager Chen, do you remember Zhou Manager, right? It was the manager Zhou of Ji Qingtang when you were the deputy manager...”

Originally, the Moore Group’s financial team had always suggested that Jasmine cut off Ji Qingtang and related antique businesses. After all, Aurous Hill itself is not the center of national antique exchanges, not even a hub. Ji Qingtang’s business is in this soil. In itself, it is difficult to grow.

Moreover, Ji Qingtang’s income situation is not optimistic either.

After Manager Chen took over, although Ji Qingtang’s business was not small, due to the lack of experience of the entire management team, Ji Qingtang has basically been struggling to maintain its capital during this period.

According to the financial department of the Moore Group, if the business line of Ji Qingtang is retained, not only will there be no room for profit, but it is likely to begin to suffer losses in the near future. If this business is stopped now, Ji Qingtang can also be packaged and sold. , fixed assets plus brand value, there is still a certain profit, but once Jiqingtang starts to lose money, its value will become lower and lower, and may even return to zero in the end.

Therefore, Jiqingtang is like a house in the period of plunge in house prices. Whenever it is sold, it is considered to be sold at the high price at that time, because if it is left in the hands, the value will only get lower and lower.

However, Jasmine has her own thoughts on this business.

It doesn’t matter if Ji Qingtang doesn’t make money, it doesn’t matter if it loses some money. She just hopes that Ji Qingtang can maintain it, because after all, this is the place where she and charlie first met.

Moreover, even if Ji Qingtang loses money, the money it can lose is nothing more than a drop in the bucket in Jasmine’s eyes. Keeping Ji Qingtang will not cost much at all.

Manager Chen’s performance in the first few months after taking over was not ideal, and he was particularly worried, fearing that Jasmine would take him

out. However, as time went by, he discovered that Jasmine did not seem to care about Ji Qingtang's performance. Although the profits were getting lower and lower, Everything here is still the same as before, and no one comes to hold me accountable or interfere with me.

Later, Manager Chen realized a truth: Jasmine Song didn't seem to care whether Ji Qingtang made money or lost money. She might just want to keep Ji Qingtang's brand name. It didn't matter if it didn't make money, and it didn't matter if it lost some money.

Therefore, Manager Chen was also very worried, fearing that when Zhou Liangyun came back this time, he was worried about his position as general manager.

So, he said to the vendor: "You continue to keep an eye on Zhou Liangyun for me. If you have anything to tell me immediately, I will definitely not treat you badly in the future."

The vendor immediately said: "Okay, Manager Chen, don't worry. , if anything happens, I will notify you as soon as possible!"

After hanging up the phone, Manager Chen immediately summoned several guys from Ji Qingtang to him.

These people are all the confidants he recruited and trained after taking over Ji Qingtang. During this period, Manager Chen has made little progress in business, but has made great achievements in personnel. He has replaced all the people who cannot obey his words. The remaining few people worked together with him in Jiqingtang, opened a lot of rat warehouses, and took away a lot of money from Jiqingtang's books in various names.

Their most common method is to buy high and sell low in the business of collecting antiques. For something that was originally worth half a million, a few of them would advance the money to get it, then find a vest and take it to the store, where they would then let a few of them take it. People decided to take it back for 700,000 yuan, and the difference in price naturally fell into their pockets;

and the price of the things that were originally taken back for 100,000 yuan a few years ago clearly increased to 200,000 yuan, but they deliberately They made some damage that could be repaired, and then sold them as defective products for tens of thousands of yuan, claiming to have recovered some of the losses, but the price difference was also pocketed by them.

Manager Chen's formal style focuses on spreading the rain and dew equally. All the remaining employees received money, and everyone naturally became a team.

At this moment, Manager Chen asked them to close the store first, and then summoned them to the manager's office. As soon as he came up, he said solemnly: "I just received the news that Zhou Liangyun is back."

All the employees were surprised.

Zhou Liangyun, who returned to Antique Street for the first time, didn't know that he was already being noticed as soon as he arrived here.

He walked to the center of the antique street, which was basically full of antique three-story buildings, and the largest three-story building in the entire antique street was the location of Jiqingtang.

At this time, Ji Qingtang has not closed yet. The rules of the antique street are that stalls open first in the morning and close first in the afternoon. Stores open in the morning and end in the afternoon and close in the afternoon.

In this way, the morning market is staggered by two or three hours, so that those customers who are not so strong in spending power, or who are only thinking about picking up the missing items, can go shopping in the morning market first, and wait until all those eager to pick up the missing items have left and have the spending power. The customers came in leisurely.

Zhou Liangyun came to the middle of the antique street and happened to arrive at the entrance of Ji Qingtang.

At this time, Manager Chen had just finished a small meeting with a few guys in the back, and then said to a few people: "Brother, is everything okay for the next few nights?"

Everyone shook their heads and said in unison: "Nothing happened."

Manager Chen nodded. Boss: "If there's nothing else, let's stay in the shop and work overtime. Let the lobster restaurant outside bring us some spicy crayfish, and some beer. It will be our working meal."

Ji Qingtang has always had a problem . There are written rules. Occasionally, if a customer comes or new items come, and the clerk needs to work overtime, overtime wages are generally not given, but the store will provide everyone with a dinner, and the manager can apply for 30,000 yuan from the finance department every month. The reserve fund of 30,000 yuan is included in the budget for overtime meals.

Manager Chen basically "spends" the 30,000 yuan reserve every month. Part of it is used to treat the guys to dinner and win people's hearts, and the other part is quietly found in various invoices and forged names to put into his own pocket.

After that, He looked at Zhou Liangyun and said: "Is Manager Zhou coming back for fun this time, or is he planning to stay permanently? If he is staying permanently, why not return to Ji Qingtang? I'll go talk to miss Jasmine and see if I can invite you back as a guest. General Manager!"

Zhou Liangyun has lived abroad for many years. Although he is experienced in antiques, his scheming between people is still far from that of people in the domestic business field.

He thought that what Manager Chen said was the true thought in his heart, so he quickly waved his hand and said: "No, no, no, no, no. I have no intention of returning to Ji Qingtang when I come back this time, so Manager Chen must not talk to miss Jasmine." Mention it."

The difference with Manager Chen is that what Manager Chen says is completely opposite to what he thinks, while what Zhou Liangyun says is exactly the same as what he thinks.

But Manager Chen didn't think so. He felt that Zhou Liangyun was just like him, but he was just hypocritical on the surface. The more Zhou Liangyun said that he didn't want to return to Ji Qingtang, the more he felt that Zhou Liangyun was coveting his position when he came back this time.

So, he pretended to be curious and asked: "What is Manager Zhou's plan to return to Aurous Hill this time?"

Zhou Liangyun said truthfully: "I am a little tired from wandering around for so many years, so I plan to do some small business in Aurous Hill, and I will probably do it in the antique street in the future. I'm begging for food, so I came over to Jiqingtang to say hello. I hope Manager Chen will take care of me in the antique street in the

future." Manager Chen nodded without thinking and said: "Don't worry, Manager Zhou. If you ever need me in the future, you can talk at any time, I will definitely help you if I can."

After that, he asked Zhou Liangyun again: "By the way, Manager Zhou, what kind of business do you plan to do? Is it literary toys, calligraphy and painting, or porcelain and antiques?"

Zhou Liangyun said: "I don't have much supply at hand, so I plan to open a shop first to collect some things. After receiving a certain amount, I will sell them as I collect them. Besides, I have some knowledge about antiques and toys, so I also plan to do a part-time job in paid treasure appraisal. I can supplement it to some extent. A little bit."

After saying that, he immediately called a few guys over and warned: "When you get back tonight, please contact me some trustworthy young men named Zhou. As long as the business is open, take turns to make trouble for me! In addition, try to get some fakes that ordinary people can't see, and see if you can trick him. If you can get this Zhou surnamed eye, not only you can defraud him of his money, and you can also embarrass him! Let him be ruined in the antique street!"

One of the waiters said with some embarrassment: "Manager, it's easy to ask a few people to trouble him, but it's not easy to deceive him with fake goods, right? This guy surnamed Zhou still has two brushes. When he was in

Jiqingtang , I have never had my eyes punched before.” Manager Chen of 138 Reading Network

couldn't help but grinned and said: “Damn, it's really not easy to get someone named Zhou to punch his eyes, you have to be a top-notch counterfeiter to be able to bluff him. After saying that

, he said with emotion: “The only person with such ability in the antique street is Zhang Ermao (Cade)! This guy is definitely a good hand at making old things!”

The guy nodded and said: “There is no way to say that Zhang Ermao (Cade) is fake, but this This guy is a dick now and has become a celebrity around Fifth Master. I'm afraid I can't get him to come out!”

Manager Chen said: “It's okay, I'm quite familiar with Zhang Ermao (Cade). I'll give him a call. Help me with this.”

After saying that, he immediately took out his cell phone and called Zhang Ermao (Cade).

In the past, Zhang Ermao (Cade) had to nod and bow in front of him and call him Manager Chen, but now Zhang Ermao (Cade) has reached the top, so Manager Chen did not dare to be disrespectful to him. As soon as the phone call came, he immediately said respectfully: “Brother Ermao , it's me, Chen Yufei!”

Zhang Ermao (Cade) snorted and asked curiously: “Why does Manager Chen have time to call me?”

Since Zhang Ermao (Cade) followed Don Albert, he has basically cut off all contact with people on the antique street. , and now Don Albert's business is busy every day, so I was a little surprised to receive a call from Chen Yufei.

Chen Yufei said diligently: “Brother Ermao, since you left the antique street, I have been looking forward to your coming back when you have time. I have always prepared good tea here and am waiting to entertain you!”

Zhang Ermao (Cade) said with a smile: “Okay, Manager Chen, we are all old acquaintances in Antique Street. If you have anything to ask me, just tell me directly. There is no need to beat around the bush.”

Upon hearing this, Chen Yufei smiled awkwardly and said, "What? I can't hide it from Brother Ermao's sharp eyes. I'm calling you because I want to ask you for a favor. I want to see if I can help me find some particularly realistic imitations. The more authentic the better."

Zhang Ermao (Cade) said with a smile: "Who are you planning to trick?"

Chen Yufei said hesitantly, "No, no, I just want to make some collections. I can't afford the real thing, so I just want to make some high imitations."

Zhang Ermao (Cade) said in a very serious tone. Said: "Chen Yufei, let me tell you the truth. I work with the Fifth Master. The Fifth Master has always respected Wanting Song and miss Jasmine. If you dare to do anything unnecessary in miss Jasmine's store, don't blame me. I didn't remind you in advance."

Chen Yufei said hurriedly: "Oh brother Ermao, you really misunderstood me! Although I, Chen Yufei, am not capable, but I am in Jiqingtang, so I am so sincere, how could I do anything that harms the interests of Jiqingtang and miss Jasmine? Things!"

After saying that, Chen Yufei did not dare to be secretive anymore and said quickly: "Brother Ermao, let me tell you the truth. I am asking you to find something because I intend to trick Zhou Liangyun from Ji Qingtang. This guy has been missing for so long. , suddenly returned to the antique street today, and said that he wanted to open a shop and do business. To be honest, brother, I really don't want him to hang around in front of my eyes. I want to drive him out of here as soon as possible for peace and quiet."

"Zhou Liangyun... .." Zhang Ermao (Cade) murmured to himself.

He naturally has a deep memory of Zhou Liangyun.

He knew that Zhou Liangyun did have two skills, but when he thought of Zhou Liangyun, what flashed in his mind was not Zhou Liangyun's personal ability, but that Zhou Liangyun had slapped Jacob, Master Wade's father-in-law!

Based on Zhang Ermao (Cade)'s understanding of Jacob, Jacob definitely still hates Zhou Liangyun in his heart. If he is really given a chance to avenge the slap in the face, maybe Jacob will have a better impression of him.

After all, he is Master Wade's father-in-law, so it would definitely be beneficial to find opportunities to build some connections!

Thinking of this, Zhang Ermao (Cade) immediately said: "Since you told me the truth, I must give you this face, and I have long disliked Zhou Liangyun. So, you keep an eye on Zhou Liangyun first to see when he will open a store. , you tell me when he opens the store, and I will go and meet him in person!"

The Amazing Son In Law Chapter 6657

At this moment, in Charlie Tangchen's first-class villa, a family of four really enjoyed a sumptuous family dinner for the first time.

Charlie Wade and Claire never quarreled, but Jacob and Elaine often taunted and exchanged cold words at each other at the dinner table, making the atmosphere at the dinner table always tense and awkward.

But this time, the two of them never quarreled even half a word from beginning to end. More importantly, they no longer disliked each other, and the atmosphere was quite harmonious.

Elaine also changed her past domineering and arrogant behavior, and even frequently brought Jacob food at the dinner table, letting him eat this and try that, completely acting like a good wife and loving mother.

As for Jacob, he had always looked down on Elaine in various ways in the past, and he would always lament in his heart that he had been famous all his life, but it was a pity that a good man did not have a good wife.

But now he has completely resigned himself to his fate.

With such a bird like him, it's normal for Matilda to look down on her, and Elaine can still follow her wholeheartedly, which is already pretty good.

Therefore, the look in his eyes when he looked at Elaine no longer contained the disgust and disdain that he could not hide in the past, but was instead a bit more gentle and touching.

After dinner, Elaine, who was familiar with Jacob's habits, said before Jacob got up: "Claire, help mom clean up the kitchen in a while. Mom will make a pot of tea for your dad first. Your dad likes to drink tea after dinner. ."

Claire was startled, and then said quickly: "Okay... okay, Mom, you don't need to take care of the dining table, I will clean it."

Jacob, who was sitting on a chair to eat, was stunned. Elaine personally Making tea, how could this be a treatment I deserved?

So, she quickly stood up and said, "Honey,

please stop working so hard. I'll just make it myself later." Elaine couldn't help but said, "You just finished eating and sit down for a while before you get up. I'll make the tea for you and bring it to the coffee table in the living room." Call you."

After saying that, Elaine walked out of the kitchen.

Jacob looked at her back and was almost moved to tears.

He looked at charlie Wade in disbelief, and then glanced at Elaine who was walking out of the kitchen. His expression was probably asking charlie Wade if he was dreaming.

charlie Wade was also amazed by what he saw. It seemed that his mother-in-law was really going to change her gender.

While sighing, he quickly stood up and helped his wife clear the dining table.

Claire hurriedly said: "Husband, Mom won't let Dad do any work, so don't reach out. Just sit down and rest for a while, and I'll take care of it."

charlie Wade smiled and said, "You just came back from all the hard work. I How can I just sit and watch you work?"

Jacob on the side regained his composure and couldn't help but sigh: "People say that everything is prosperous when the family is in harmony, and everything is prosperous when the family is in harmony. I didn't understand or feel it before, but now I really feel it. Got it! It's so damn good to have a harmonious home with no quarrels, no bickering, no internal strife, and a

standard sense of refreshment! This kind of family atmosphere will make people smack their mouths outside, but when they return home Everyone was so happy that they couldn't stop talking from ear to ear!" When

Claire saw Elaine go out, he whispered with a serious face: "Dad! Thanks to charlie Wade for helping you smooth things over today, otherwise if mom knew that she was in the detention center at that time, you You even went to the airport to pick up Aunt Han and take Aunt Han home for dinner. I'm afraid you asked the traffic police to take you in today!"

Jacob was so frightened that he trembled all over and looked outside the restaurant subconsciously. Seeing that Elaine had not come in, he lowered his voice. He said to Claire with a nervous voice: "Claire, for the sake of the harmony of our family, you must keep all those things in your stomach. The whole thing is the version that charlie Wade said. Do you remember it?"

" Claire curled his lips and muttered: "For the sake of family harmony, I will definitely not tell mom, but you have to know it in your heart and never do anything like that again in the future!"

Jacob nodded repeatedly and promised: "Don't worry, Dad will never do it again."

As soon as he finished speaking, the cell phone on the table suddenly rang.

He lowered his head and saw that the caller was actually Zhang Ermao (Cade). He was a little surprised and muttered: "It's really surprising. This Zhang Ermao (Cade) has been avoiding me for so long. Why did he take the initiative to call me today?" I'll call."

charlie Wade was also a little surprised. Normally, Zhang Ermao (Cade) left the antique street to help Don Albert take care of the business on the road, and had no contact with his father-in-law. Why did he call him at this time?

Although Jacob was confused, he still picked up the phone and pressed answer.

On the other end of the phone, Zhang Ermao (Cade) said respectfully: "President Jacob, it's me, Ermao, do you still remember me?"

"Nonsense..." Jacob muttered with a curse: "We have dealt with each other so many times, and I still Do you remember you? I collected a lot of good things before. I called you more than 10,000 times but couldn't get through. How come you know you have contacted me now?"

Zhang Ermao (Cade) smiled and said quickly: "No. To tell you the truth, President Jacob, I have quit playing antiques and am now working for Mr. Don Albert of Aurous Hill. You must know Mr. Hong that he has a very good relationship with you!"

Jacob hummed. He hummed: "Of course, what kind of friendship do I have with Mr. Don Albert? I had a meal in the diamond box of his Tianxiang Mansion two days ago."

The Amazing Son In Law Chapter 6659

By / April 10, 2024

Moreover, according to the news he received, Zhou Liangyun disappeared from Aurous Hill after that incident, and he had no chance to take revenge even if he wanted to.

Zhang Ermao (Cade) on the other end of the phone was still very angry when he heard Jacob mentioned Zhou Liangyun, and he felt relieved, knowing that he had read the pulse correctly, so he said flatteringly: "If President Jacob wants to take revenge, there is no chance!"

" There is a chance." Jacob couldn't hear what Zhang Ermao (Cade) said, but said angrily: "This grandson has disappeared a long time ago. I guess he is no longer in Aurous Hill. Where can I seek revenge from him?"

Zhang Ermao (Cade) hurriedly said He said like a treasure: "President Jacob, I am calling you to tell you the good news. Zhou Liangyun has returned to Aurous Hill, and he plans to open a store in Antique Street!"

"What did you say?" When Jacob heard this, he stood up immediately and asked in a somewhat excited tone: "The bastard named Zhou is going back to Aurous Hill Antique Street to open a shop? Is he just hanging around outside, or is he just messing around? Is it worse?"

In Jacob's mind, there are two possibilities for Zhou Liangyun to return to Aurous Hill. One is that he is very good outside, rich and powerful, and returns to Aurous Hill to open a shop, so as to get back the favor of Ji Qingtang. The face of being expelled; but the other is the complete opposite, that is, he can no longer survive outside, and has no choice but to return to Aurous Hill to beg for food.

If it is the former, then there is no hope of revenge;

but if it is the latter, then there is a chance for revenge.

Zhang Ermao (Cade) replied: "President Jacob, to be honest, I haven't seen Zhou Liangyu in person, but judging from the news I received, he shouldn't be doing well outside. He just wants to hang out in the antique street when he comes back this time." Doing some small business doesn't look like you've become a big man outside."

Jacob burst out laughing: "Haha! I think this bastard has been miserable outside and has no other way out, so he's calm Go back to Aurous Hill to find a job! It's God's will!"

Zhang Ermao (Cade) said with a smile: "President Jacob, if you want to find an opportunity to avenge the slap in the face by him, I can give you a helping hand!"

Jacob immediately said Said: "That's great! Aren't you working for the Fifth Master? Tomorrow, bring some more boys, find him, and give him a good beating!"

Zhang Ermao (Cade) said in astonishment: "President Jacob, this kind of thing is Isn't it a bit too unskilled?"

Jacob blurted out: "Isn't it also unskilled when he hit me?"

Zhang Ermao (Cade) quickly explained: "President Jacob, that's not what I meant. I just think that since he has offended you, , then if we want to punish him, we will punish him severely. At the very least, we must make him lose face in Aurous Hill, be unable to survive, and get out of the house! When he cannot survive and wants to leave, I will find him again. Beating him up is called beating a drowned dog. Only in this way can you relieve the hatred in your heart, don't you think?"

Jacob was overjoyed and immediately said: "It makes sense! What you said makes sense!"

Zhang Ermao (Cade) said. : "If you have no objection, President Jacob, then Ermao, I will start to do this?"

"Okay!" Jacob said without thinking: "I will do as you say!"

Zhang Ermao (Cade) smiled and said: "Okay, President Jacob , just wait for my good news!"

Jacob said: "I can't wait any longer. If you have any situation, just synchronize with me as soon as possible!"

"Okay!" Zhang Ermao (Cade) said: "I'm thinking about how to start, thinking about it. I 'll report to you as soon as I come out!"

"Okay! I'll wait for your letter!" Jacob said, and hung up the phone with Zhang Ermao (Cade) with satisfaction.

At this time, charlie Wade couldn't help but curse in his heart. This bastard Zhang Ermao (Cade) was so shrewd that he even remembered Zhou Liangyun's grudge for his father-in-law. Moreover, Zhou Liangyun had just arrived in Aurous Hill today and he had received the news. The efficiency was really fast. Amazing.

It's just that Zhang Ermao (Cade) wouldn't know his relationship with Zhou Liangyun even if he beat him to death. Otherwise, even if he was given a hundred courages, he wouldn't dare to think about causing trouble for Zhou Liangyun.

At this time, Claire on the side stopped collecting the dishes and said to Jacob righteously: "Dad, you caused such a big trouble in Jiqingtang, breaking millions of vases, and after all Just run away, if I were the manager there, I might not be able to control myself and hit people!"

Jacob snorted: "It's my business to run away, but he can't hit me, it's not right for him to hit me."

Claire shook his head helplessly and said seriously: "Dad, you must not let that Zhang Ermao (Cade) go find trouble with others, we can't do such an embarrassing thing!"

Jacob said impatiently: “Oh, Dad You know what you’re doing, so don’t worry about it!”

The Amazing Son In Law Chapter 6660

By _ / April 11, 2024

charlie Wade, who had been silent all this time, had multiple thoughts flashing through his mind.

He didn’t want to see Zhou Liangyun, a heroic figure who would rather risk his life in exchange for a square mansion from the Rothschild family, still being bullied in a rotten place like Aurous Hill Antique Street.

Therefore, his first thought was to call Don Albert and ask him to keep a close eye on the antique street. Anyone who dared to cause trouble for Zhou Liangyun would be killed in the cradle as soon as possible.

But he also knew that a person like Zhou Liangyun, who had seen big storms and even the Rothschild family dared to be tough, would probably not be willing to be protected in a place like Aurous Hill. This kind of person is good at solving problems, even the smallest details. The problem should still come easily to him.

After thinking about it again and again, charlie Wade decided not to interfere too much for the time being, and let Zhou Liangyun deal with the local snakes in Aurous Hill on his own. He was keeping an eye on it secretly. As long as the soldiers, including his father-in-law Jacob, didn’t go too far, I believed Zhou Liangyun would be able to deal with it.

So, he deliberately said to Jacob: “Dad, if that kid Zhang Ermao (Cade) comes up with any ideas, you should tell me when the time comes, and I will also give you some advice.”

How did Jacob know that charlie Wade and Zhou Liangyun were now together ? Because of the relationship, I thought that charlie Wade was also dissatisfied with the original incident, so he patted his chest and said: “Good son-in-law, don’t worry, dad will communicate with you in time if there is any progress in this matter.”

Claire was on the side. He couldn’t help but muttered: “Husband, Dad is ignorant, are you also ignorant? Don’t get involved in this kind of thing.”

"No." charlie Wade said with a smile, "I also want to help dad a little bit. , this kind of thing must not be above the law, otherwise if things get serious and dad is involved, I will not have the ability to get him out."

As he said, he also reminded Jacob meaningfully: "Dad, I understand that you are angry, but I heard that Zhang Ermao (Cade) is now following Don Albert. You must not let him use Taoist methods to solve this matter, otherwise, if something serious happens, If you get hurt, I'll sentence you to five or eight years, which will be a big loss. Mom has experience in this area, and life there is not easy."

Jacob didn't have any extra wisdom, so he couldn't think of any way to take revenge . , his idea was very simple, that is, let Zhang Ermao (Cade) take a few people to follow him to the antique street and beat Zhou Liangyun violently.

But now when he heard charlie Wade say this, he couldn't help but feel a little scared.

So he could only mutter depressedly: "Even if I can't beat him half to death, I should at least let me slap him dozens of times. Otherwise, wouldn't those slaps I received in the first place be in vain?"

Claire immediately Said: "You can slap people in the face, but if they call the police after the slap, then you are intentionally hurting and provoking trouble. At the least, you will be detained for 15 days, and at the worst, you will be sent to squat for a few months. You can weigh it yourself."

"I ..." Jacob argued with a red face: "When they beat me, why didn't the police arrest them?"

Claire asked him: "Then why didn't you call the police?"

"Should I call the police?" Jacob said angrily. : "I smashed their bottle, and they asked me to pay more than five million yuan. I was afraid of losing the money and ran away. You asked me to call the police?"

Claire looked at him and said very seriously: "You didn't call the police at that time? It's because you know that you are in the wrong and they have nothing to blame. If you go to beat them now, why don't they call the police?"

Jacob was speechless for a moment and could only look at charlie Wade and said expectantly: "Good son-in-law, you I show Feng Shui to rich and powerful people everywhere, so my connections must be very strong. If I hit Zhou Liangyun and he calls the police, can you help me find some connections?"

charlie Wade shook his head without hesitation and said, "I can't find any. You can't find them at all."

After that, he added: "I do have acquaintances in the detention center. When you go in, I can find someone to take care of you inside."

Jacob sighed dejectedly, always timid. He didn't dare to go through the torture of the detention center like Elaine.

However, he regained his composure after a while, clenched his fists and said: "It's okay, in the worst case, I'll find another way to get revenge. No matter what, since he dares to return to Aurous Hill, I will never spare him. If I don't get this situation back, I will How will Jacob hang out in the antique street in the future?" After

saying that, he turned around and left the restaurant without saying anything more.

Claire looked at charlie Wade helplessly and said, "Husband, you must always take good care of dad and don't let him cause trouble outside."

charlie Wade nodded lightly: "Don't worry, wife, I will do it."

The two cleaned up the restaurant together, and when they came out, Jacob was sitting on the sofa in the living room, drinking tea and watching TV.

As for Elaine, she stayed by Jacob's side with a rare smile on her face, constantly helping him refill his water and add tea.
