Jacob raised his eyebrows and said disdainfully: "I'm afraid of him? He's not the general manager of Ji Qingtang anymore. Am I afraid of him? He just got a hole in his eye and even lost his pants. I'm afraid of him? I, Jacob, am also a calligrapher and painter. The executive vice-president of the association is just an old guy who can't get along. Am I afraid of him?"

After saying that, Jacob straightened his collar and snorted: "I want to see him in person. f*ck him! Isn't he awesome? I'll see if he's even better this time!"

Zhang Ermao (Cade) chuckled, "You're right, you're right! You have to f*ck him in person! f*ck him hard!"

After saying that, he quickly said: "But President Jacob, I will follow you quietly in a moment. If he attacks you, I will rush in and help you. If he doesn't If you dare to do it, just f*ck him as much as you want."

"Okay!" Jacob is also afraid that someone will attack him directly when they meet in a narrow road. With his body, he is really tough to beat anyone.

So, he waved his hand: "Let's go, I'll go first, you follow me and act accordingly!"

...

charlie in the teahouse felt relieved when he saw that Zhou Liangyun must have picked up a big leak.

The father-in-law wanted to trick him, but unexpectedly he shot himself in the foot. Although charlie guessed that his father-in-law must have made some money, there would be no actual loss. But with his character, once he knew that he had given it to others Giving away tens of millions of profits would probably make him unable to eat for a few days.

However, charlie thinks this is a good thing.

At the very least, the father-in-law must be taught a lesson. Even if he has earned 200,000 yuan, he would rather not earn 200,000 yuan than Zhou Liangyun earn more. Therefore, this matter will definitely become his long-term nightmare. and inner demons.

As for Zhang Ermao (Cade), charlie also planned to find an opportunity to teach him a lesson. This man was really smart, but he must use it on the right path, otherwise he would have to find an opportunity to whip him.

Just when charlie was relieved and ready to leave the teahouse and go home, a familiar figure suddenly appeared at the corner of the intersection downstairs.

It turned out to be his father-in-law, Jacob, walking over with a proud look on his face.

Immediately afterwards, Zhang Ermao (Cade) also appeared sneakily behind Jacob.

charlie couldn't help but thought to himself: "Is this a slap in the face?"

So he sat back on his seat again, planning to watch the fun.

Zhou Liangyun was taking pictures of the Bronze Buddha in the store at this time. He knew some websites where antique collectors from all over the world communicate with each other. He planned to send the Bronze Buddha to a local Chinese website and quoted a price that was more favorable than the market price to see if there were any. No one wanted to take over right away.

This kind of website is generally relatively private. The operator does not take the initiative to do any large-scale promotion. It relies entirely on face-to-face invitations to high-end players offline. It is very similar to a high-end club. However, this kind of club is only online. Only after you reach a certain rank will you know the existence of this kind of website.

On this kind of website, big guys will post some buying and selling information. Many times, high-end players like to keep a low profile when exchanging collections and do not want to go through auctions, so they will do it one-on-one through this channel. Contact each other, and if they are interested in each other, they will also conduct undisclosed offline transactions.

This is why, for many collections, everyone only knows that they exist, but they don't know who owns them.

Zhou Liangyun registered a new account on this website and paid a registration fee of 10,000 yuan. The website is anonymous, so it is very safe.

After registering the account, he planned to post the photos and information of the bronze Buddha, and then quoted a price of 20 million.

In his opinion, this price is not high. If the gilt bronze Buddha was still there, its valuation would be around 100 million. But now that the gilt is gone, a 30% discount is reasonable.

On the basis of the 30% discount, I have reduced the price by another 10 million or 20 million, which should be said to be a very good deal.

Moreover, there are very few bronze Buddhas from the Northern Song Dynasty, and sometimes not a new one can be produced in a year. Collectors who really want it will even be willing to pay a premium, so he believes that as long as the things are sent out, they should be available tonight. Can be ordered away.

Just as he was writing the introduction, there was a knock on the door.

He raised his head and looked outside, and saw Jacob standing outside the door, looking in through the glass window.

Zhou Liangyun naturally recognized Jacob. In order to attract Charlie to Jiqingtang, he had been deliberately trying to get close to Jacob. Now when he saw Jacob suddenly appearing outside the store, he immediately understood what happened today.

At this moment, he couldn't help but laugh in his heart, thinking to himself: "It turns out that person was ordered by Jacob..."

Thinking of this, he put down his mobile phone, shook his head and walked to the door with a smile and opened it.

After opening the door, Zhou Liangyun looked at Jacob who looked proud outside the door, and smiled politely: "Oh, it turns out to be Mr. Willson, long time no see."

Jacob let out a disdainful smile between his breaths, smacked his lips and said: "Oh, Manager Zhou, when did you come back? Why didn't you say hello on WeChat? You have my WeChat account."

Zhou Liangyun cupped his hand: "I'm sorry, Mr. Willson, I came back in a low-key manner this time, and no one informed me."

Jacob said with a smile: "You are so low-key, you just want to make a fortune quietly, right?"

Zhou Liangyun said with a smile, "Don't dare, I don't. I just want to go back to Aurous Hill to do some small business, and I do

n't dare to expect to get rich." You have just picked up a big leak, and you are telling me that you don't expect to get rich. Who would believe it?"

Zhou Liangyun was slightly stunned, and then said with a smile: "Oh, Mr. Willson is so well-informed. I just received something, and you heard about it."

He said with some humility: "I was also lucky and received a pretty good thing. To be honest, this was completely unplanned. I didn't expect to find a leak just after I opened my business."

Jacob said disdainfully, "Oh, you haven't woken up from this dream yet?"

"Me?" Zhou Liangyun asked in surprise, "What do you mean by this?"

Jacob said sarcastically: "Look at the short video website, you are already famous in the Aurous Hill antique circle! Now people in the circle have given you a nickname, called 'Antique Street Old Boy', you, Manager Zhou, This time it's really awesome!"

"Old boy who spreads wealth?"

When Zhou Liangyun heard this, he laughed sarcastically and said to himself: "I am only middle-aged, and I don't seem to be worthy of the title of old boy..."

After that, he pretended to be curious. He asked: "Mr. Willson, I wonder how I got such a nickname?"

Jacob saw that he was still in the dark and didn't know it, so he sneered and said: "Didn't you just accept a bronze Buddha from the Ming Dynasty?"

Zhou Liangyun nodded: "I received one, but strictly speaking, it is not a Ming Dynasty bronze Buddha, but a Northern Song Dynasty bronze Buddha with a Ming Dynasty base."

Jacob burst into laughter: "Northern Song Dynasty... hahaha... ..You...you stopped laughing until I died, my manager Zhou!"

Zhou Liangyun said seriously: "Mr. Willson, that bronze Buddha is indeed from the Northern Song Dynasty. If you don't believe it, come in and get started. Take a look?"

"I don't want to take a look." Jacob curled his lips and said, "It has been spread outside that someone made a fake Ming Dynasty bronze Buddha and wanted to make a big splash in the antique street. He went to Jiqing Hall first, but it turned out that Manager Chen from Jiqingtang saw something was wrong with the item, so he didn't buy it. Then the person brought the item to you, and you bought it, right?"

Zhou Liangyun suddenly realized, thinking: "It seems that he is targeting me. It's not just Jacob and Zhang Ermao, Chen Yufei from Ji Qingtang must also be involved."

However, he smiled and said: "Everyone says that the bronze Buddha is fake, but I don't think he is fake at all. Ah, if you find the right buyer, you can still sell it for a very high price."

He said very seriously: "If the owner of this thing knew the true value of this thing, he would probably regret it for the rest of his life. Selling this thing at such a low price is just a matter of buying and selling antiques, so it's too late for him to regret it now."

"Regret?" Jacob seemed to have heard a big joke. He laughed for a long time before sarcastically saying: "Oh, Manager Zhou, I didn't expect that you are becoming more and more amateur after not seeing me for such a long time. Look at how you look now, don't you look like me?" Like those idiots on the treasure appraisal show who use dog shit as treasure? A hundred thousand experts have said that that piece of shit is only worth one yuan at most, but he still thinks it is worth 100 million, which is totally crazy."

Zhou Liangyun smiled. Said: "Mr. Willson, the antique industry tests your eyesight. Some things may cost 100,000 to you, but may cost 10 million to

others. Those who look too much may not necessarily be wrong. Only those who look right can He is the real winner.”

“Oh, yes, yes!” Jacob nodded repeatedly, pointing his fingers like a Parkinson’s patient, and said impatiently: “You are obsessed. Xinqiao is no longer in the professional circle. I can’t talk to you. It’s just a chicken-and-duck talk. So, don’t you think that thing is from the Northern Song Dynasty? You try to sell one, and you sell the other. Let’s see if there are any bad guys who want to buy it!”

Zhou Liangyun said with a smile: “To tell you the truth, Mr. willson, I was just looking for a buyer. If it was fast, it would probably be sold in one night. If it was slow, it would be the same. It can’t be more than three days.”

Jacob’s face was full of sarcasm, and his tone was full of disdain: “Zhou Liangyun, you got a slap in the eye today, and you are famous for carrying people and things. Now everyone in the market knows that you have it. It’s a fake. Even a fool can’t buy it. How do you expect to sell it? I’m telling you, you can’t sell it for even fifty thousand yuan.”

After that, he looked at it. Zhen Baoxuan, who had no good luck in the week, sarcastically said: “I think you have spent all the capital to open a store, right? If you step on this trap, you will have a longer memory. From now on, be a low-key person, others will beat you up.” If you have a broken vase, you will be chased and beaten, and you will be punished for doing those bad things.”

Zhou Liangyun knew that Jacob must be resentful that he had offended him in the first place. In fact, that was not his intention, but just to make others happy. charlie got the “Nine Mysterious Scriptures” and had no choice but to do it.

So, he bowed his hand to Jacob and said very frankly: “Mr. willson, it was Zhou who was most offended in the past, but the situation was special at that time. Zhou was also working for others, and he had to do many things. I’d like to apologize to you.”

After saying that, he took a step back, bowed slightly to Jacob, and said: “I hope you have a lot of knowledge and don’t be like Zhou. Zhou may have to stay in Aurous Hill for a long time to beg for food. , I hope we can put aside our past grudges and become friends.

Jacob said with a smile: "It's okay to let go of the past grudges, but it's impossible to become friends. You are so unlucky, and I can't hold any grudge against you anymore."

After saying that, he changed the topic and said coldly: "It's just that, this Aurous Hill, You can't stay if you want. After this incident, you probably won't be able to survive in this industry. If I were you, I would leave Aurous Hill with my tail between my legs, or even leave this province for a place a thousand kilometers away. , start over in a place where no one knows you, and maybe you can still have something to eat."

Zhou Liangyun smiled and said: "Why did Zhou eat in Aurous Hill? I don't care about you, Mr. willson. I just hope you won't worry about it after you leave here. Regarding Zhou Mou, Zhou Mou said thank you first! "

Jacob curled his lips and said: "I have a lot of money, I don't want to argue with you, just ask for it!"

Said, Jacob looked at Zhou Liangyun with a look of hatred. With a steely look, he smacked his lips and said: "Tsk tsk... I thought you were a master, but I didn't expect you to be so weak. It's really disappointing. Forget it, let's go home. Bye!"

After that, he He turned around, put his hands behind his back, and left Zhen Baoxuan with leisurely and proud steps.

Zhou Liangyun looked at his back, sighed softly, and thought to himself: "Looking at his current posture, he should be satisfied and won't argue with me anymore. But if he knows how much this thing sold for, I'm afraid he will You will hate me even more than before..."

...

Seeing Jacob leave, charlie didn't stay any longer, and came down from the teahouse and left the antique street.

When charlie got home, Jacob was one step ahead of him and had just parked the car.

“No.” Jacob said with a smile: “The two of us went to discuss our own business, but we just came back.”

After that, he said with a proud and excited look: “Wife, this is my business today. Earned 200,000! And it was a net profit!”

“Really?” Elaine’s eyes suddenly widened and she blurted out: “Husband, you are so awesome! ” How did you earn this money?”

Claire, who was sitting in the living room, was also a little surprised and came over and asked, “Dad, what kind of business are you doing again?”

Jacob said with a smile, “It’s not that big of a deal. Son, I found an antique with my sharp eyes, and I made twenty yuan from it after selling it.”

As he said, he said with some regret: “It’s just that the buyer’s financial strength is not too strong, I originally wanted to make a profit. He has 400,000 yuan, but he doesn’t have that much money anymore, so he can only earn a little less.”

Elaine said quickly: “Oh my god, a net profit of 200,000 yuan is quite a lot! It’s not that much money.”

After saying that, she quickly asked: “Husband, our flight plan has not changed tomorrow morning, right?”

Jacob said: “No change, don’t worry, the flight will fly to Dubai at 10:30 tomorrow morning, first class. ! The tickets have been bought!”

“Awesome!” Elaine clapped her hands happily: “We haven’t gone out to play together in many years! We must have a good time this time!”

charlie said, “Dad! , Mom, the flight is at 10:30, and there are a lot of international flight procedures. We should be at the airport around 8:30, right?”

“Yes.” Jacob said: “I got it at 8:30 at the latest, and I will board the plane at 9:50.”

charlie nodded: “Then I will go with Claire to see you off tomorrow morning.”

Claire also He quickly said: "Yes, we will take you to the airport together."

Jacob smiled and said: "That's great!"

After that, he couldn't help but said: "You don't need a visa for Dubai, as long as nothing happens to you two Why don't you come with us? It would be great for us to go on a trip as a family."

Elaine also felt that it was very reliable when she heard this. The key is to bring charlie with her. charlie will definitely pay for the shopping, so charlie and her daughter will pay for it. Wouldn't it save money for yourself and Jacob?

Claire subconsciously said at this time: "Dad, I have been in the United States some time ago, and I didn't ask much about the company's affairs. I am not the boss, and the employees have been herding sheep one by one. If I don't hurry up and keep an eye on Hurry up and get their working status back, we won't be able to work in this company anymore."

After that, she quickly added: "Besides, aren't you and mom going on your honeymoon? We're going to have fun with you. It's not fun, so you go and play first this time, and we'll go out together as a family when we get the chance next time."

Upon hearing this, Jacob stopped pressing and said with a smile, "Okay, you young people! You have to put your career first, and it's not too late to take a break when your career reaches a certain level!"

He said happily: "I made a small fortune today. I'm in a great mood now. I'm sure I'll go out for fun this time!" It will be so fun! It's perfect!
