The driver nodded: "Then let's go to Tiancheng. That one is said to be ranked second in strength."

...

Just when Jacob turned to go to the law firm, charlie Wade gave Shi Shi who was lying down in the hotel Steve Rothschild made a phone call.

This old boy had just finished enjoying a high-end Western meal delivered to the room and was lying lazily on the hotel sofa playing with his mobile phone.

Ever since we went to a dog farm with charlie Wade, we would lie down in the hotel every day when we came back, never leaving the door or even taking a step forward. We just waited for the Hogwitz video of the father and son to go to sea to be released before returning to the United States to become him. The eldest young master.

However, being in the hotel every day was indeed boring. He wanted to get close to charlie Wade, but when he thought about how ruthless this guy was, he didn't dare to rush to cater to him, for fear of accidentally offending charlie Wade again.

At this moment, he is more like a loser who is looking forward to getting close to the goddess, but is also afraid that the goddess will dislike him.

And he never expected that charlie Wade would suddenly call him.

He quickly answered the phone and said politely: "Hello, Mr. Wade!"

charlie Wade smiled slightly: "What are you doing, Mr. Rothschild?"

Steve hurriedly said: "Oh, just call me Steve. Don't call me Mr. Albert."

After saying that, he quickly added: "I have been in the hotel recently, Mr. Wade. I don't know about ." Where are the father and son now? "

charlie Wade said: "They are still floating on the sea. Let's go to the Middle East first. Don't worry, I will let you know when the video comes out."

“Okay, okay!” The husband said hurriedly: “I’m not in a hurry. I’m just waiting for news from you in Aurous Hill.”

“Yeah.” charlie Wade responded casually and asked him: “Have you eaten? If not, do you want to come out and eat something together? ?”

Steve subconsciously touched his round belly. She had just finished eating, and she really had no appetite at this time. Thinking of charlie Wade going out to eat with him, this was a rare opportunity, just like The woman asked him out, how could he miss it, so he quickly said: “Okay, Mr. Wade, where are you? I’ll go find you!”

charlie Wade said: “I’ll send you a location, just click on it and come here Okay, it’s getting late now, and Aurous Hill is not as dangerous as you in the United States. Don’t bring any bodyguards. Just come out by yourself.”

“Okay!” Steve knew that charlie Wade would definitely not kidnap him, and he did so in Aurous Hill. There was nothing to worry about, so he quickly said: “Mr. Wade, please send me your address, and I’ll be there right away!”

Tiancheng Law Firm.

At this time, most of the people and employees in the law firm have already gone off work.

However, several lawyers had just finished a meeting on a case and were about to leave when Jacob walked in.

He looked at several lawyers who were carrying bags and getting ready to get off work, and asked, “Are you still taking cases?”

The leading lawyer smiled and said, “Yes, but it’s a little too late today. How about you tomorrow? ” Come here in the morning.”

Jacob said impatiently: “This matter of mine is extremely urgent. I would like you to do me a favor. Listen to me first and see if it is feasible. My target for this matter is 30. Wan, if you can help me get this money back, I am willing to give you 20%!”

The target of 300,000 is neither too much nor too little, if the case is relatively small and relatively easy. A 20% risk agent would have a profit of 60,000 yuan.

The lawyer thought for a while and then said: "Okay, you can tell us briefly about the situation first, and we will evaluate the feasibility of this matter. If the feasibility is high, we will talk about it first. If the feasibility is low, Let's talk about it another day."

Jacob said quickly: "Okay, okay, here's the thing. I donated 300,000 yuan to the charity foundation today, but my hands shook accidentally. I originally wanted to donate 30,000 yuan. So I want to ask them to get the 270,000 yuan back."

As he said that, he quickly added: "Of course, if you have the ability to help me get the 300,000 yuan back, that would be even better."

After hearing this, the lawyer laughed dumbly and said, "You want to get all 300,000 back. It seems that you didn't make the wrong donation because your hands were shaking, but you regretted the donation, right?"

"It's not good!" Jacob didn't make any cover up and said straightforwardly: "I just regret it. It's not easy for me to make money these days. It's really a bit impulsive to donate so much in one go."

The lawyer smiled slightly and said: "I'm sorry. Ah, sir, we can't take this kind of case."

"Why?" Jacob asked subconsciously, "Do you think the odds of winning are too low, or am I giving you 20% too little?"

The lawyer said with a smile. To put it bluntly, the chance of winning cannot be said to be high, but it cannot be said to be impossible. As for the 20% risk agent, it is actually not low."

Jacob asked him doubtfully: "Then why do you say you can't take it? Isn't this a contradiction? "

The lawyer explained: "We don't accept all cases. In some cases, we focus on profits, and in some cases, we focus on reputation. If a case worth hundreds of millions of dollars is difficult, we will find ways to overcome it; but If a scumbag has kept a mistress for many years, played with her body and

emotions, and then dumped her, and sued the court to get back all the money he spent on her, although the winning rate of this case is quite high, but we usually don't accept it because I will get scolded."

As he said that, he looked at Jacob and said, "We really don't want to accept people like you who immediately regretted your donation and filed a lawsuit to get the money back. This kind of case usually attracts a lot of attention from society. Once the fight starts, it is likely to be reported by the media. At that time, you will not be able to hold your head up in front of the public, and we will not be able to stand up straight in front of the public. Let's stand together in court like They are like a pair of grandsons. To be honest, we don't want to lose face just for 60,000 yuan."

Jacob was shocked and blurted out: "What, will the media pay attention to this kind of thing?"

"Then ? Otherwise?" The lawyer asked him: "Isn't this kind of thing always very popular? If someone wins the lottery, they will definitely follow up and report how much he donated on the spot; if there is a natural disaster in a certain place, , people will also pay attention to whether public figures donate and how much they donate:

"To be honest, there is no such thing as regretting a donation to a charity and having to litigate to recover it. It is definitely a news worth reporting for the media, and all the court cases require It is open to the public and everyone can see the judgment documents. Even if you want to hide it, you can't hide it, so if you want to fight this lawsuit, you have to be prepared."

Jacob suddenly fell into deep despair . , he just wanted to get the money back, but he never thought that this kind of thing might be known to the public.

President Pei just said on the phone that he would withstand the pressure of this scandal and try his best to keep a vice president position for himself. If it was revealed that he had regretted his donation and filed a lawsuit to recover it, then Pei would probably be in trouble. The president can't save himself.

After thinking about it for a long time, Jacob sadly realized that it might be really difficult to get the 300,000 yuan back.

When he thought of this, he lost control of his emotions and cried: “What kind of evil have I done? What kind of evil have I done! After struggling for so long, not to mention 100,000 yuan, Aurous Hill, Dubai , Dubai, Aurous Hill, I flew back and forth, and all my money was wasted. The worst thing is that I can no longer keep my second-in-command position. Who in the world is worse off than me... Seeing Jacob’s emotional breakdown, the lawyer

quickly stepped forward and comforted him: “Don’t be too excited. If you really want to litigate this matter, it’s not difficult, as long as you can prove that the 300,000 yuan you donated has a clear origin.” There is no illegal crime or tax evasion, and then you can explain to the court that you made an impulsive donation, and the court might support your request.”

Jacob even broke down and asked him in tears: “Huh? Prove the origin of the 300,000 yuan?”

The lawyer smiled: “Of course, this is the top priority! Let’s use an analogy, what if you defrauded the 300,000 yuan through telecom fraud, and then wanted to use a charity? If you sue for recovery after donating money, doesn’t that mean you’re using the charity to launder money?”

“I...I...” Jacob cried in complete despair, “You’re bullying people! Ah! God is bullying people too!”

He turned around and walked out with tears in his eyes.

Steve, who had experienced the suffering of the people, took a car to the entrance of Antique Street.

After closing time, the antique street looked deserted like an unfinished building.

In this kind of place, there are the most people when the market first opens in the morning and when it closes in the afternoon. At other times, there are basically more staff than customers. This is especially true after closing time. Even stray dogs are not interested in digging for food in the antique street. Son, because he has no hair at all.

Steve didn't know what this place was for, so he followed the location given by Charlie Wade and found the door of Zhen Baoxuan.

After confirming that it was this place, he called Charlie Wade and said in a respectful and flattering tone: "Mr. Wade, I'm here. Please open the door."

"Okay, wait a moment." Charlie Wade putting down the phone, he said to Zhou Liangyun, who was loading dishes on the folding table: "Uncle Zhou, wait a moment, an old acquaintance is here."

After that, he stood up from the pony, walked to the door and opened it.

"Mr. Wade!" Seeing Charlie Wade, Steve smiled all over his face, reached out his hand enthusiastically, and said very politely: "Why did you suddenly invite me here? Do you have any instructions?"

Charlie Wade smiled and said: "I don't have any instructions. I asked you to come have a few drinks and meet an old friend by the way."

Steve smiled and said, "I only know you as my friend in Aurous Hill, and I don't seem to know anyone else." Ye

Chen smiled and said, "You'll know when you come in."

After that, he invited Steve in.

After Steve came in, he saw someone busy at the small table. He was about to ask Marvin if this person was the old friend he mentioned, when Zhou Liangyun raised his head.

Looking at each other, Zhou Liangyun smiled and said: "Mr. Rothschild, we meet again."

"I... rub..." Steve trembled with fright, and then muttered: "Mr. Wade, I have something else to do, I have to go back first..."

After saying that, he turned around and walked out in a daze.

Charlie Wade stopped him: "Hey, Steve, where are you going?"

Steve turned around, with an expression on the verge of tears, and said to Charlie Wade aggrievedly: "Mr. Wade, you tricked me again... ....And you still want to trick me..."

charlie Wade smiled and said: "Look what you said, I invited you to dinner, how come I am trying to trick you?"

Steve looked at it? Looking at Zhou Liangyun, he lowered his voice and said to charlie Wade: "Mr. Wade, my father still doesn't know the whereabouts of Peter Zhou, and he doesn't know that Peter Zhou can leave New York. It's all because my son is cheating, and Peter Zhou has already left New York. My father didn't have a chance to figure out the hidden truth, but if word got out that I came here to see Peter Zhou today, I would really be doomed! If my father knew that it was me who sent him and Sifang Baozhuang out of New York, he would have to send him away. I can't break my legs! Please don't torture me, just pretend that I haven't been here tonight..."

charlie Wade patted his shoulder and comforted: "Don't worry, Aurous Hill is my territory. My son, what happened here cannot reach the ears of your old man."

After that, charlie Wade said again: "We are also old friends, can I still cheat you?"

Steve asked him with a sad face: "Mr. Wade, haven't you tricked me enough? If it weren't for your gift, I would have become the head of the family now."

charlie Wade smiled and said, "You can't blame me for this . It's your fault that you are too reserved. If you tell me directly that you don't want your old man to live too long and want to take over as the head of the family as soon as possible, how can I ask Helena to send medicine? The key is that you have to say it, you? How can I know if I don't tell you?"

Steve was so frightened that he waved his hands and said, "No, no, no, no, Mr. Wade, please don't say that. I never meant it. As a son, I certainly hope that my father will live a long and healthy life. How could I not miss him?" You have lived too long..."

charlie Wade asked, "Then why did you say that I cheated you a lot?"

"I...I..." Steve said. Shi Shi didn't know how to answer, so he could only say depressedly: "I was not very strict with my wording, I take it back..."

charlie Wade nodded: "Then I'll give you a chance to do it again."

"Huh?" Tiff didn't quite understand, so he quickly asked: "What...what about one more time?"

charlie Wade patted him on the shoulder again and smiled: "We are old acquaintances, can I still trick you? It's your turn."

Steve understood what charlie Wade meant and cursed inwardly, "Aren't you trying to trick me to death? If I knew that I came to Aurous Hill to be with you two, especially with Zhou. Peter is drinking and talking, and I will definitely lose my position as heir. You are insisting on dragging me down!"

However, even though he was filled with dissatisfaction, he did not dare to speak out at the moment. He could only bite the bullet and said: "No. ....No...Mr. Wade, you must not trick me..."

"That's right." charlie Wade smiled and said, "Come on, the food and drinks are ready, come and drink together. Two cups."

"This...I...he..." Steve turned half a circle to the left and half to the right in a panic, and stopped talking for a long time.

In a daze, he suddenly looked up and saw a surveillance probe hanging in the corner of the ceiling. He immediately knew that he was being manipulated by charlie Wade again today.

Even though he was here, if he turned around and left at this time, the video evidence would be left behind, and charlie Wade would be offended as well.

It's better to go all out and leave the video, and at least take good care of charlie Wade first.

Thinking of this, he simply stopped his heart and sighed: "Hey! Then I will listen to you and have two drinks together!"

charlie Wade nodded with satisfaction: "This is right. We are side by side in New York and Canada. The allies who have fought have finally reunited in Aurous Hill this time, so they naturally want to have a good drink. It's just that the conditions here are a bit rough here, so don't mind."

“How could it be... Steve smiled apologetically and said, “It’s an honor for you to invite me here because you treat me as a friend.”

After saying that, he made up for himself: “Mr. Wade, it’s not because of anything else that I wanted to leave just now .” , I mainly feel embarrassed to ask you to treat me all the time. You invited me last time at Tianxiang Mansion, so it is logical that I should treat you back.”

charlie Wade did not expose him, and said with a smile: “Today is Zhou Dynasty. Uncle Zhou is treating me to a treat, but if you want to return the invitation, it’s okay. You can arrange a meal before you leave. Uncle Zhou and I will go there together.

Steve wanted to slap himself, but he could only slap his chest and said: “You two. Don’t worry, I will treat you two well before I leave Aurous Hill! “

charlie Wade invited him to sit down on another pony. Zhou Liangyun took out a bottle of loose white wine without a packaging box, and poured a cup for charlie Wade and Steve each from a disposable paper cup, and then poured one for himself. Full.

Marven greeted Steve and said, “Uncle Zhou’s conditions are limited, don’t dislike it. “

No, no...” Steve said quickly: “I don’t have high material requirements...”

Zhou Liangyun asked him with a smile: “What does Mr. Rothschild usually drink? Steve

hurriedly said: “Just call me Steve. You don’t have to always call me Mr. Rothschild.”
