

The amazing son in law - The Amazing Son In Law

Chapter 7108

In short, if I stabilize him first and then trick him into leaving, I will get a pill for nothing. Although I didn't see his appearance today, I have met him and had contact with him. As long as I get through this level, I can investigate and track his whereabouts after he leaves. Maybe I can find out his true identity and make great achievements in front of the Lord!

charlie Wade knew his background. He couldn't persuade such a person to rebel no matter what. Even psychological hints were meaningless, so he didn't really want to bribe him.

So, he smiled and said, "I don't need your help, but since I'm here, please help me tell Sara a message." When

Wu Shuhang heard this, he was relieved. At this time, his left hand had grown to the size of a baby, and it was still growing at a speed visible to the naked eye.

He was so excited that he quickly said to charlie Wade: "Don't worry, sir, just tell me what to say, I will definitely deliver it without missing a word!"

charlie Wade smiled and said: "Don't worry, wait until your left hand grows out completely."

Wu Shuhang looked at his left hand with excitement. His left hand had grown like a teenager of sixteen or seventeen years old!

This speed was really jaw-dropping!

After waiting for about another minute, his palm was almost the same size as before, and the wound had completely disappeared. I'm afraid that no one who didn't know the inside story could tell that this hand had been cut off.

Wu Shuhang was extremely excited. Looking at his intact left hand, he said excitedly: "Thank you sir for your great kindness! Thank you!"

charlie Wade hummed, stood up and said: "Since your left hand has recovered, it's time for me to go. I have something to tell Sara."

Wu Shuhang hurriedly said: "Please tell me!"

charlie Wade said: "Just tell Sara that one day, I will kill her with my own hands, and then order a 1:1 bronze statue for her, and let her kneel in front of Aasif's tomb to atone for her sins!"

Wu Shuhang was immediately surprised, and thought to himself: "It turns out that this guy is related to Lin Wan'er (Alani), whom you are looking for, Lord Ying! No wonder he is always against the Po Qing Society!"

Then, he quickly agreed and said: "Don't worry, sir, I will convey it for you!"

The reason why Charlie Wade mentioned Aasif was mainly to confuse Sara. After all, now is not the time to expose himself. Although he met Wu Shuhang today, he not only disguised himself, but also wore a mask to cover himself. Even if the other party investigated, they would not find any valuable clues.

Seeing Wu Shuhang readily agreed, Charlie Wade smiled and asked him: "You must be very happy that your broken hand has regenerated?"

Wu Shuhang could not hide his joy, nodded and said: "To be honest, I am really very happy!"

Charlie Wade nodded, and a thought-provoking arc suddenly appeared at the corner of his mouth. He then looked at Wu Shuhang and smiled, "But, you are too happy too early."

Wu Shuhang asked subconsciously, "Sir, what do you mean by this?"

Charlie Wade asked him, "Have you ever thought that the old witch cut off your left hand to let others know that you have paid the price. Now that your left hand has grown back, how can she make an example of you?"

"This..." Wu Shuhang had also thought about this problem, but what he thought was that he would immediately report everything to the Lord of England, and tell the Lord of England all the clues about this man. Maybe the Lord of England would forgive him for his meritorious service.

But of course he couldn't tell Charlie Wade this, so he said with difficulty: "Sir, you are right. How to deal with that old witch is indeed a thorny problem, but you don't have to worry about it. I will find a way myself."

Charlie Wade smiled and said, "In fact, I have a good way. I guarantee that you can keep your left hand."

Wu Shuhang asked hurriedly, "Please teach me, sir!"

Charlie Wade narrowed his eyes slightly, and then suddenly grabbed Wu Shuhang's right wrist, and then infused his palm with spiritual energy, turning his palm into a knife. Suddenly, he raised his hand and the knife fell, and he actually cut off Wu Shuhang's right hand!

Wu Shuhang was sweating and twitching in pain. He looked at Charlie Wade in horror and wanted to scream, but found that his throat was tightly sealed by a force and he couldn't scream at all. At

this moment, he finally realized that Charlie Wade didn't mean to give him the elixir, but deliberately wanted to play a trick on him!

The British Lord cut off his left hand, and after a few days, his left hand came back, but his right hand was gone. Isn't this a slap in the face of the British Lord? And he used his regrown left hand to hit the Lord of Ying in the face!

This guy is so sinister and vicious, he deserves to die!

Charlie Wade looked at his extremely painful and angry expression, and smiled: "Don't look at me with such angry eyes, what are you angry about? You just exchanged your right hand for your left hand, isn't it the same which hand you keep? One for one, you don't lose anything, but I gave you a Reshaping Pill for free, in the end, I am the one who suffers!"
