

## The amazing son in law - The Amazing Son In Law Chapter 7109

Wu Shuhang was completely irritated by charlie Wade's remarks, but at this moment, he didn't even have the ability to scold charlie Wade, let alone resist and take revenge.

Originally, he was very excited to watch his left hand grow out little by little, and witnessed this unparalleled miracle with his own eyes.

But who would have thought that charlie Wade would make him suffer the pain of having his hand cut off for the second time.

The key point is that charlie Wade's attack was much more cruel than the three elders.

The three elders were all his great grandfathers, and they were more or less sympathetic to the younger generation. Not only did they cut cleanly and neatly, and the wounds were neatly arranged, but more importantly, the pain was not that intense.

However, charlie Wade was not his great grandfather, so how could he give him any special care? He really relied on the blessing of spiritual energy to cut off his right hand. The pain was no different from being cut off by an axe for chopping wood.

And what Wu Shuhang couldn't accept the most was that losing his right hand would have a much greater impact than losing his left hand.

He is a standard right-handed person. Most of the actions that require fine manipulation in life are basically completed by his right hand. Without his left hand, his life will not be greatly affected. But without his right hand, he even has to relearn and adapt how to pick up food with chopsticks, which has a great impact on his life.

At this time, he hated charlie Wade in his heart. He hated him for being cruel and ruthless, and hated him for playing tricks on him. He couldn't think of how there could be such a mean person in the world. In order to play tricks on him, he didn't take out the priceless things and wasted them in vain!

Seeing the murderous intent in his eyes, charlie Wade smiled and said, "I advise you to soften your eyes. If you continue to look at me like this, I will dig out your eyes. Anyway, the only purpose of keeping you is to let Sara see the left-right exchange technique of your two hands. As for whether your eyes are there or not, it doesn't matter."

Wu Shuhang was so scared that he trembled all over, and his eyes immediately changed from a ferocious wolf to a wronged dog.

He looked at charlie Wade with tears in his eyes, trying to soften his eyes with tears as much as possible so that he would look harmless.

Seeing that he did what he was told, charlie Wade smiled with satisfaction, then stepped on his chest with his foot, and said with a sneer: "I hope that after this time you can remember a truth, there

will never be pie in the sky! Before you expect pie in the sky to fall for you, look in the mirror and see how you look, and then ask yourself a question, do you deserve it?"

Wu Shuhang could only nod his head repeatedly, tears kept falling with the frequency of nodding, crying and saying: "I don't deserve it! I don't deserve it!"

At this moment, he felt wronged and desperate in his heart, just hoping that charlie Wade, the evil star, would leave quickly so that he could report to the Lord of England as soon as possible.

Seeing that his goal had been achieved, charlie Wade smiled and said: "Don't forget what I told you to do. If I asked you to pass it on, you must pass it on, otherwise, I will cut off your left hand next time."

After that, charlie Wade ignored him and turned to leave.

No one of the Tiger Guards who stayed here noticed charlie Wade's whereabouts, and no one knew that Wu Shuhang had obviously lost too much blood at this time, and his face was as pale as paper.

When charlie Wade cut off his right hand, he did not stop the bleeding, but left a small amount of spiritual energy in Wu Shuhang's body. That spiritual energy would save his life at the critical moment, but it would only save his life.

When charlie Wade and Li Yalin met, Li Yalin could not help asking him: "Mr. Wade, did you really give the Reshaping Pill to that Wu Shuhang?"

charlie Wade nodded and smiled: "I gave it to him. This bastard did not believe me at first and refused to eat it. I forced it into his mouth. When he saw his left hand growing out little by little, he immediately obeyed."

Li Yalin felt a pain in his flesh and could not help but sigh: "This bastard is really lucky."
