

# The amazing son in law - The Amazing Son In Law

## Chapter 7119

When Wu Shuhang heard this, he knew that it was useless to complain and beg for mercy. Even if a god came, he couldn't save his left hand.

Even if the mysterious man gave him another remodeling pill, it would be useless. If Sara knew, she would cut off both of his hands again.

Thinking of this, Wu Shuhang shuddered instantly.

He thought, "What if that bastard comes again and forces another Reshaping Pill into my mouth? What should I do?"

At this time, Jadiel no longer had the patience to wait for him to express his opinion, so he said to Andre, "General Yuan, the Lord has ordered you to cut off the left hand of the Grand Commander. You must do it immediately. I will be here to witness the whole process!"

Andre didn't know what to do at this time. He quickly looked at Wu Shuhang and subconsciously said, "Grand Commander... Your subordinate... Your subordinate..."

Wu Shuhang knew that he could not escape this disaster, so he sighed and said to him, "Since the Lord has ordered you to cut it off, you should cut it off!"

Andre was panicked for a moment and stammered, "Grand Commander... .. Your subordinate... Your subordinate does not have a suitable knife... Besides... Besides, your subordinate does not have the strength to transform qi into sword like the three elders..."

Wu Shuhang stood up and walked to the cabinet. After opening the door, he took out Song Ruyu's sword from it, and then handed the sword to Andre. He gritted his teeth and said, "Just use this sword. It is a magic weapon given to Song Chenshi by the wise emperor. It can cut iron like mud. Use it to cut, and your movements should be more nimble."

Andre was helpless. He did not know whether Wu Shuhang would hate him for this in the future. Even if he knew that he was only forced to do so by orders and did not hate himself, it would be difficult for a normal person not to feel psychologically uncomfortable when seeing someone cutting off his left hand.

However, he had no choice at the moment, so he could only take the long sword and said, "Grand Commander, how about I tie your wrists tightly to stop the bleeding in advance!"

“Okay.” Wu Shuhang pulled out the belt with one hand, handed it to him and said, “Tie it, tie it tightly.”

Andre put the long sword and the mobile phone aside, tied Wu Shuhang’s wrists tightly with the belt, then picked up the long sword and said to Wu Shuhang, “Grand Commander, I’m sorry...”

Wu Shuhang nodded, put his hands on the table, then turned his face to the side, tears streaming down his face.

When he killed his own brother with his own hands, he thought his chance had finally come, and he would rise to prominence in the future.

But he didn’t expect that he would lose both hands as the price of rolling down from the position of Grand Commander after sitting for only a few months.

He was unwilling to give up, and at the same time, he also felt a little ashamed.

At this moment, a sound of breaking wind came from his ears, and Andre raised his sword and cut off Wu Shuhang’s left hand. The severe pain made Wu Shuhang jump up and wailed while shaking his wrist.

On the other side of the video, Jadiel couldn’t help but sigh.

Andre carefully wrapped Wu Shuhang’s left hand and asked him: “Grand Commander, what should I do with your left hand?”

Wu Shuhang said with a painful expression: “It’s a burden to keep it, burn it!”
