

# The amazing son in law - The Amazing Son In Law

## Chapter 7128

On the plane, charlie received a text report from Wan Po Jun through the satellite network.

At present, several cargo ships carrying Duke Mining's death squads, cavalry guards and their families have successfully used the range of the Strait of Gibraltar, which also means that they have completely escaped the threat of Po Qinghui.

Since the Strait of Gibraltar is only separated from Syria by the Mediterranean Sea, with a flight distance of more than 3,000 kilometers, they will be able to arrive at Wanlong Hall's base in Syria in about a week.

charlie wanted Song Ruyu to arrive in Jinling as soon as possible, so that she could meet Yun Ruge first, so he asked Lin Wan'er (Alani): "Miss Lin, do you have any channels to send Song Ruyu to China? What I mean is, don't leave any entry and exit records, even if it's a false identity, and don't let her be seen by other people entering the country."

Lin Wan'er (Alani) thought about it and said, "Then sir, let Wan Pojun take her to Syria first. The relationship between Wanlong Hall and the government army and the revolutionary army in Syria is very delicate. They will definitely not bring people in through official channels. Let them bring people into Syria first, and let her give classes to the soldiers of Wanlong Hall and teach them the experience of practicing martial arts. I will ask Lao Sun if there are any planes from China flying to Syria for humanitarian aid recently. If there are, let Song Ruyu go back on the return plane." Come, then he will definitely be able to help solve the entry problem, so that no record will be left, and no one will see her. "

charlie praised: "This is a good idea, then Miss Lin will come back to help consult."

Lin Wan'er (Alani) asked charlie: "I wonder if the young master is sure to get rid of the strange poison in Song Ruyu and Yun Ruge before the poison breaks out?"

charlie shook his head and said: "I don't have any clues for the time being. Sara's cultivation is far above mine. The poison she left in these cultivators is more like a formation that has accumulated a lot of spiritual energy over time, and the formation only obeys her. I can't break the formation and save their lives."

Lin Wan'er (Alani) nodded and said: "Then the young master still needs to be careful of Yun Ruge. There is also a self-destruct formation left by Sara in her Niwan Palace. With Sara's insidious and vicious style of doing things, , anyone who betrays her will definitely be a thorn in her eyes and a thorn in her flesh. Maybe the poison will trigger the formation she left in the Niwan Palace, and kill all the people around the traitor. "

charlie said, "It's not impossible."

At this point, charlie couldn't help but sighed and said, "The things in the "Nine Profound Heavenly Scripture" can't make me gain stronger strength or skills than Sara, just like the knowledge in the

encyclopedia of middle school students can't cope with college or even graduate school exams. If I want to defeat Sara, my greatest hope is to find out the true potential of the ring. "

Lin Wan'er (Alani) comforted, "Young Master, you are a lucky person. Even Aurora can teach you the hand seals of cultivation. I think you will be able to find out the true face of the ring."

charlie sighed, "These days, as long as I have time In the meantime, he kept running the handprint, and the spiritual energy in his body had doubled compared to before. "

Lin Wan'er (Alani) exclaimed: "Double? Isn't the current strength and cultivation of the young master increased by a lot?"

charlie shook his head and said: "It's strange to say that although the spiritual energy is accumulated by me little by little, and I can indeed feel it clearly, it seems to have nothing to do with me. I don't feel how much I have improved. I have also tried to use some spiritual energy. The spiritual energy consumed is all my own, not generated by the handprint. This is equivalent to me originally having one million, and then I got another million through other means, but the one million is there and can only be seen but not spent. If there is anything to spend money, it is still spent from my own one million. "

Lin Wan'er (Alani) asked: "If the young master spends this 'one million' himself, can the 'one million' be used?"

charlie said: "We have to wait until we land to try it to know. I didn't dare to try it casually before. "

Speaking of this, charlie said again: "To be honest, I am also afraid of being fooled. I am really afraid that it is some monster moth that I have never seen before..."
