

The amazing son in law - The Amazing Son In Law

Chapter 7136

This further strengthened charlie Wade's judgment that the mysterious things in his sea of consciousness are inseparable from the Four-sided Treasure Tower.

He thought, could this be the method of Buddhist cultivation of spiritual energy? Otherwise, how could there be so many complicated handprints?

However, charlie Wade still had some worries in his heart. Last time, he practiced that hand seal, so that weird thing took the opportunity to trick him.

Now, there are several times more hand seals on the wall. If he accidentally practices a big bug, wouldn't it be a bigger loss?

With this thought, charlie Wade thought about withdrawing his consciousness and no longer paying attention to the Four-sided Treasure Tower, and even no longer using that set of hand seals, so as not to be deceived again.

But the next second, he changed his mind and thought: "Although I don't know what these hand seals are used for, I can only come to this place again if I want to see them in the future. Although the quality of this thing cannot be determined for the time being, it is useful to find a way to remember them."

So, charlie Wade did not dare to delay and immediately began to familiarize himself with all the Buddha's hand seals in the entire package until he knew all the hand seals by heart.

After doing all this, charlie Wade's consciousness wandered inside the Four-sided Treasure Tower again. After finding that there was no other hidden content, he withdrew his consciousness and took the elevator back to the ground with everyone.

Sun Zhidong (Meir) didn't know why charlie Wade came all the way to touch the Four-sided Treasure Tower, but he was taught by Lin Wan'er (Alani) to be very sensible since he was a child. He knew that he shouldn't ask questions, no matter how curious he was. So he didn't say a word about it. Instead, after the military representative left, he asked Lin Wan'er (Alani) and charlie Wade: "Miss, what are Mr. Wade's plans for next?"

Lin Wan'er (Alani) looked at charlie Wade, her eyes seemed to say that everything was up to him.

charlie Wade didn't hesitate at all and said directly: "Thank you, Grandpa Sun, for arranging a car to take us to the airport. We will return to Aurous Hill."

"Okay, Mr. Wade."

...

Sun Zhidong (Meir) sent the two back to the airport, and they immediately took the business jet they came in and set off to return to Aurous Hill.

On the plane, Lin Wan'er (Alani) asked Charlie Wade: "Sir, is the thing that sucked your spiritual energy really related to the Four-sided Treasure Tower?"

Charlie Wade nodded and said: "It should be related, but I haven't figured out what the specific relationship is."

As he said, Charlie Wade also told Lin Wan'er (Alani) about his discovery.

After hearing this, Lin Wan'er (Alani) asked in surprise: "There are still many hand seals in the treasure tower? Are you going to give it a try, sir?"

Charlie Wade shook his head and said: "The spiritual energy created by the hand seals does not seem to be created for me, but for the things in my sea of consciousness. That thing is so overbearing that I dare not try it again for a while."

Lin Wan'er (Alani) smiled and said: "Sir, don't be too nervous. Although a lot of spiritual energy and elixirs have been lost this time, it may be a blessing in disguise. It may be a good thing for you."

Charlie Wade said: "The Four-sided Treasure Tower is a national treasure. That thing originated from the Four-sided Treasure Tower. It should not be a very evil thing. It's just that it is too scheming, which makes me a little uneasy. I can ignore the previous things, but it makes me depressed. "I will never dare to use that handprint again. The spiritual energy generated by that handprint is completely out of my control, and that kind of spiritual energy is even more overbearing. My spiritual energy can't resist it at all."

Lin Wan'er (Alani) couldn't help but say with regret: "Young Master, you finally found a valuable channel to obtain spiritual energy, but you didn't expect it to be a trap. It seems that you have to find other ways in the future."

After saying that, she suddenly thought of something and asked Charlie Wade: "Young Master, have you ever thought about when that mysterious thing entered your sea of consciousness?" Charlie Wade

said: "It is likely that when I first got the Four-sided Treasure Tower, the Four-sided Treasure Tower once sucked my consciousness into it. When the consciousness retreated, the thing might have followed into the sea of consciousness."

Lin Wan'er (Alani) nodded slightly and murmured, "The Four-sided Treasure Tower told you all its secrets, so I think it trusts you. If it sent something into your sea of

consciousness at that time, I think it probably wouldn't have any bad intentions. You found more handprints inside it today, so maybe it did it on purpose!"
