

The amazing son in law - The Amazing Son In Law

Chapter 7156

When they returned to the hotel, Claire and Loreen had just arrived. Loreen was in charlie Wade and Claire's room, chatting with Claire. When she saw charlie Wade coming back, she said to him, "charlie Wade, don't run around tomorrow afternoon. We are going to a party." charlie Wade

asked curiously, "What party?"

Loreen said excitedly, "It's a private party hosted by the Mitsui family in Tokyo. Tawanna Sweet will also be there. We will be able to meet her privately and have the opportunity to take photos and get autographs. The party will be at the back of the dome. It will start at three o'clock and end at six o'clock. After the party, we will go directly to the venue and wait for it. At seven o'clock, The concert officially began. "

Speaking of this, Loreen said: "Such opportunities are rare. Tawana never accepted the host's invitation to attend such private parties before."

charlie Wade asked with a smile: "Why did she give face to the Mitsui family so much? Although the Mitsui family is very famous in Japan, it is still far inferior to those super tycoons on Wall Street, right?"

Loreen explained: "You don't know this. The influence of the Mitsui family in Japan is unmatched. Although the Ito family is the first family in Japan on the surface, it is actually only the most powerful direct family in Japan. The Ito family is not prosperous. There are only a few people with the surname Ito, but the Mitsui family is not... They have been developing in Japan for hundreds of years and have already penetrated into all walks of life in Japan and even the world. The current Mitsui family has at least a dozen relatively independent sub-families, each of which is in charge of different fields, and most of the descendants of the Mitsui family do not actually have the surname Mitsui. They can be said to be the Rothschild of the East, and they are much more low-key than Rothschild. "

Speaking of this, Loreen said: "The Mitsui family is involved in a wide range of fields, including extraordinary strength in the field of commercial sports in Japan, and is also one of the shareholders of Universal Music. They are also the organizer of the Asian stop of Tawana's world tour, so isn't this a perfect match for the three parties? More importantly, the eldest daughter of the Mitsui family is a die-hard fan of Tawana, so the Mitsui family held such a private party and invited Tawana and her current boyfriend. Moreover, the Mitsui family has a huge influence in the financial field in Japan and even the world. No matter how arrogant Tawana is, she can't help but give this face. "

charlie Wade nodded gently. He had heard about the Mitsui family, but most of the time, Mitsui is no longer a family image, but a huge consortium. In addition, the people of the

Mitsui family deliberately weakened the family nature of Mitsui, so many people still think that Mitsui is actually a brand, not a family.

At this time, Loreen remembered something and said mysteriously, "Actually, Tawanna must have selfish motives. Her current boyfriend is a very famous American baseball player, and baseball is also very popular in Japan. It can be said to be the second sport after football. So Tawanna must want to take this opportunity to let her boyfriend connect with the Mitsui family and expand the Japanese market in the future."

charlie Wade smiled and said, "You are really serious about chasing stars. You have done so much homework!"

Loreen said with a smile, "Even if I chase stars, I can't get so many inside gossips. They were all told to me by my good friend. Although she is not a member of the Mitsui family, her family has relied on the Mitsui family for decades, and she is a close friend of the eldest daughter of the Mitsui family, so I was able to get the tickets and learn these inside stories."

Then, Loreen continued, "She also helped to get the invitation letter for tomorrow's party from the eldest lady of the Mitsui family. It is said that this invitation letter is very popular in the Japanese upper class. Some people offer tens of millions of yen for it but cannot buy it."

charlie Wade smiled and said, "Why not just sell my ticket? I'm not a fan anyway, so there's no point in going. It's a pure waste. If I can really sell it for tens of millions of yen, it would be quite a lot of money, enough to cover all the expenses for the three of us to come to Tokyo this time."

Loreen rolled her eyes at him and said, "You're dreaming. The Mitsui family is so powerful. When the Japanese go to the toilet in the morning, the toilet may be made of one of their sanitary ware brands, the paper they use to wipe their butts may also be made of their papermaking brand, and even the tap water for flushing the toilet may be supplied by them. Even the electricity may be inseparable from their shadow. This kind of How can a family party sell tickets to the public? Each invitation has a name written on it, and the identity will be verified when entering. If you want to resell it, the only chance is to find someone who looks like you to sell it to him, otherwise it is impossible."

Claire on the side said with a smile: "Loreen, you are explaining to him so seriously, can't you hear that he is joking with you?"

Loreen made a face at charlie Wade and snorted: "Who knows what he thinks, what if he is really not interested and doesn't want to go."

As she said, she stared at charlie Wade and said seriously: "I'm telling you, charlie Wade, Churan and I are both beautiful and charming super beauties. If we don't have a

flower protector when we go in and out of such occasions, it's easy to be teased, so you must go with us tomorrow!"

charlie Wade smiled helplessly: "Okay, okay, I can't go!"
