

The amazing son in law - The Amazing Son In Law

Chapter 7166

Loreen couldn't help but laugh: "It can be like this..." Sasaki Yukiko smiled and said: "This is a very normal tradition in Japan, so many big families have only one daughter, and the famous Ito family also has only one daughter. "

"I see." Loreen couldn't help but nodded gently.

At this time, the five people headed by Mitsui Yoshitaka had arrived at the center of the party.

A small stage was built in front, which was reserved for important people to speak, so Mitsui Yoshitaka boarded the small stage surrounded by the crowd.

After he came on stage, someone handed a microphone to Mitsui Yoshitaka. After Mitsui Yoshitaka took it, he smiled and said, "Thank you very much for coming to today's party. Today we are honored to invite the famous American female singer Tawanna Sweet. Her talent has amazed me, who never chases stars, and my baby daughter admires her. Please welcome her to Tokyo with the warmest applause!" As

soon as Mitsui Yoshitaka finished speaking, the applause was thunderous.

Everyone looked at Tawanna Sweet and her greasy-looking boyfriend with a mustache.

Tawanna Sweet seemed to have some difficulty in squeezing out a smile to everyone and said, "Thank you, thank you everyone, and thank you Tokyo."

"Strange." Loreen couldn't help muttering, "Why do I think Tawanna doesn't seem very happy today?"

"Yes." Claire also nodded and said, "It seems like she is forcing a smile. Is there something unhappy with the Mitsui family?"

"How could it be." Sasaki Yukiko whispered, "This time, Mitsui Xinmei invited Tawana and her boyfriend to live in her own manor. This treatment is very high. Even many big shots don't have the opportunity to live in the Mitsui family. This time, because Mitsui Xinmei likes Tawana, the Mitsui family has provided Tawana with all the reception and services of super high standards. If she is still unhappy, it would be too outrageous. Even the Speaker of the U.S. House of Representatives came to Tokyo and didn't get this treatment."

Loreen couldn't help gossiping, "Could it be that she had a quarrel with her boyfriend? You can see that her whole face is downcast. She looks very depressed and can't cheer up at all. Or maybe her boyfriend was caught flirting with another woman?"

Claire said quickly: “Loreen, stop guessing, those rumors are all made up by people.”

Loreen laughed and said: “I’m just curious! She is always very excited for every concert, she shouldn’t be so depressed before the performance, I’m worried about the quality of her performance later.”

charlie Wade suddenly said: “Look carefully at her and her boyfriend, although both of them are very unhappy and feel like they have lost their parents, they have been holding hands and have not let go for even half a second. It can be seen that they need each other very much at this time, which proves that Loreen’s guess is wrong. They are not quarreling at all. On the contrary, they should be facing some kind of hardship together, which means they are in the same boat together.”

“Face it together?” Loreen asked curiously, “What hardships do they face together? They have both got enough money and love. Besides making money, they travel around the world on a private jet every day to date and show their affection. What hardships could such a couple face? Could it be that their parents don’t agree with them being together? That’s impossible!”

charlie Wade smiled and said, “It could also be that the bad news from their hometown made them feel devastated.”

“Bad news?” Loreen asked in surprise, “What bad news could there be for such a winner in life?”

charlie Wade smiled and said, “Didn’t you watch the news? The whole country in their hometown is red now. If I remember correctly, these big stars are all of another color.”

Chapter 7167

“Another color?” charlie Wade’s words made Loreen think for a moment, and then she suddenly realized.

She couldn’t help but exclaimed: “charlie Wade, now that you put it that way, it seems to be true. Before, Tawana has been actively promoting the blue camp, making a big fanfare, and has been calling on her fans to vote. I didn’t expect that she would still lose after such an investment. If it were me, I would definitely be very depressed.”

As she said that, she couldn’t help but sigh: “I saw her unhappy face just now, and I thought that the Mitsui family didn’t owe her the performance fee. If this is really a conflict before the performance because of the appearance fee, maybe she won’t be able to watch the performance today. But I changed my mind, it seems that the Mitsui family won’t owe her this little money...”

Claire couldn't help laughing and said: "Loreen, you are too mean."

"Hehe." Loreen laughed, "To be honest, Claire, although I like Tawana's songs, her talent and performance style, but to be honest, I don't like all public figures who have ulterior motives, especially she has always claimed to support sexual minorities. I think she can support it, and no one cares if she supports it silently in her heart, but she can't rely on her large number of fans to talk about it all the time. Many of her fans are still minors, and minors do not have full behavioral and judgment abilities. It is extremely irresponsible to output ideas that are inconsistent with mainstream values to such a group." When

charlie Wade heard Loreen's remarks, he couldn't help but exclaimed, "Loreen, you're awesome, what you said

is impressive." Loreen grinned and said, "Don't think that we don't have much ability. We have always had a strong sense of justice."

Kelly West on the side hadn't spoken a word. She was busy sending messages to Fei Kexin on her mobile phone, telling her that she had met charlie Wade here.

Then, she smiled and asked charlie Wade: "Mr. Wade, what do you think of the current situation in the United States? Are you more blue or red?"

charlie Wade thought for a while and smiled: "I can't say I am biased towards anyone. I just hope that the world can be more normal. I don't know why, but in recent years, there seem to be many bizarre things. We have been taught since childhood that humans have only two genders. Suddenly, some people in the United States said that there are nearly a hundred genders in the world. For me personally, this is not easy to accept."

charlie Wade said, "I watched a game yesterday. In the women's championship battle, there was a person who called himself The male contestant with gender barriers, he defeated countless real women to reach the finals. Perhaps for a few people, his rights were respected, but for the women he defeated, who would respect their rights? Americans always like to say that others are exaggerating, but in fact, they prefer to exaggerate, and they especially like to lose the big picture for the small. Their characteristic is that when a small number of people become the focus of attention, they will sacrifice the rights of a large number of people for the rights of a small number of people, which is very puzzling. "

At this time, Mitsui Yoshitaka had finished his opening remarks and short speech. Then

he looked at Tawanna, who was desperate, and said, "Next, I would like to invite our protagonist today, the most influential international superstar Tawanna Sweet, to come on stage and say a few words to everyone. After all, the guests present, including my daughter, are all fans of Miss Sweet. Everyone usually listens to her singing, and today they finally have the opportunity to meet at this party, and they must also want to hear what she has to say. "

There was a burst of cheers at the scene.

But a large part of the cheers were actually for the face of Mitsui Yoshitaka, the head of the Mitsui family.

When Tawanna heard that she was going to speak on the stage, her brows slightly furrowed, but soon returned to normal.

She knew that this was the original process of the party. After the host Mitsui Yoshitaka finished speaking, she would go on stage and say a few polite words. Generally, this situation is nothing more than a business compliment, and there is nothing special about it. But Tawanna was obviously worried at this time. When she saw Mitsui Yoshitaka inviting her to the stage, she hesitated for a moment and kissed her boyfriend on the cheek, then stood up and walked to the small stage.

Taking the microphone from Mitsui Yoshitaka, Tawanna pondered for a moment, and hadn't thought of what to say for a while.

Many people in the audience had already taken out their mobile phones to record the event. At this time, Mitsui Yoshitaka reminded them, "Everyone, our party today is a purely private party. Miss Sweet is an international public figure. Please do not take photos or videos of her at the party, and do not upload them to the Internet, so as not to cause unnecessary trouble to Miss Sweet."

Upon hearing Mitsui Yoshitaka's reminder, everyone quickly put down their mobile phones.

At this time, Tawanna Sweet suddenly said: "Thank you Mr. Mitsui for your concern, but today I really hope that everyone can record what I am going to say next and upload it to the Internet. If you do this, I will be very grateful."

As everyone was puzzled, Tawanna said indignantly: "I believe you have all heard the latest news from the other side of the ocean. I am also very angry about this news! As a member of the deep blue camp, I just want to say that this is a setback for human progress! We have been running for the LGBT community and working hard to protect their rights over the years, but now, all these achievements will be in jeopardy. I hope that everyone present can personally participate in the just action of safeguarding the rights of the LGBT community, eliminate discrimination, eliminate tinted glasses, and let them have the same rights as ordinary people! Although we have lost these four years, we will definitely get more four years in the future! It may even be fourteen years, forty years, or even four hundred years!"

Most of the Japanese present looked at each other in bewilderment.

They were ready to wait for Tawanna to come on stage to praise Japan, and then declare how much she loves Japan and how important the support of Japanese fans is to her. Although they know that such words are extremely hypocritical, they are the unchanging tone in such occasions.

However, the Japanese who were ready to be praised were surprised to find that Tawana spoke passionately on stage, but did not mention Japan and the Japanese at all. Instead, she spoke for LGBT the whole time.

The Japanese way of thinking is relatively traditional, and the theory of LGBT equality cannot convince the Japanese at all. Tawana suddenly said this in such an occasion, which really made these Japanese people not know how to react for a while.

Mitsui Yoshitaka could only awkwardly smooth things over at this time: “I once heard someone say that the general meaning is that young people must remain angry. It is said that only by remaining angry can young people have greater motivation to move forward and change themselves. Seeing Miss Sweet so attentive and empathetic for certain minority groups, I now agree with this statement more and more.” When

everyone saw Mitsui Yoshitaka come out to smooth things over, they all laughed and applauded, which made Tawana look better.

At this time, Mitsui Yoshitaka’s assistant suddenly walked onto the stage and whispered something in his ear. Mitsui Yoshitaka’s expression immediately relaxed and he said excitedly, “Everyone, I just received good news! Miss Fei Kexin, the chairman of the American Fei Group, is on her way to our party!”

Chapter 7169

Originally, Mitsui Yoshitaka had repeatedly invited Fei Kexin to attend the party, but each time she declined.

Finally, Fei Kexin arranged for Kelly to attend on her behalf, and Mitsui Yoshitaka realized that Fei Kexin was determined, so he had to give up.

But he didn't expect that Fei Kexin would suddenly come to the party after the party had already started, which was simply a huge surprise.

So, he didn't care to continue to smooth things over for Tawanna, and immediately announced the good news.

When everyone heard that the famous Fei Kexin was also going to come to the party, the atmosphere that had just been somewhat cold because of Tawanna suddenly became warm.

Seeing that everyone was not impressed by her impassioned speech just now, Tawanna couldn't help but feel a sense of loss mixed with anger.

She looked at the Japanese people who were whispering to each other in front of her, and couldn't help asking herself in her heart: “Why are these people so indifferent? Why don't they care about those minority groups that need attention?”

At this moment, Mitsui Yoshitaka turned around and whispered to his assistant: “Do you know why Miss Fei changed her mind?”

The assistant hurriedly said: “Ms. Fei's assistant said on the phone that Miss Fei's two good friends are at our party, and she wants to come over to meet them.”

“Ms. Fei's good friends?” Mitsui Yoshitaka asked hurriedly: “Do you know who they are?”

The assistant shook his head and said: “Not sure yet, but I have asked someone to ask.”

“Okay.” Mitsui Yoshitaka urged: “Hurry up! The sooner the better!”

Tawanna didn't expect that because Fei Kexin was coming suddenly, Mitsui Yoshitaka no longer had the energy to take care of herself, and everyone else seemed to have started whispering about Fei Kexin, almost treating her on the stage as air.

Seeing this, Tawanna, who was furious, walked off the stage and returned to her boyfriend. Her boyfriend could see that she was in a bad mood, so he comforted her, "It's okay, sweetheart. Don't try to make these Japanese understand your greatness, let alone try to make them understand true equality. They can't understand it at all. Don't forget that they are still hunting dolphins and whales."

Tawanna held her boyfriend Trevor's hand and whispered, "Trevor, I really didn't expect that woman to win. Besides, I have so many fanatical fans who like me and follow me so much, they will definitely Voted for that woman, but she still lost in the end..."

Trevor spread his hands helplessly and said, "Most Americans are not elites. Maybe they are just like the Japanese, and they can't reach that level to understand your thoughts. There is a saying that the truth is always in the hands of a few people."

Tawanna was relieved when she heard her boyfriend say this. For a long time in the past, she had spared no effort to help the candidate she supported to promote crazily. Not only did she call for her crazily at the concert, but she also often wrote a long paragraph on social software to try to convince all the fans who followed her. In

her opinion, she has hundreds of millions of fans, including tens of millions of fans in the United States. If half of them can be inspired by her, the woman will definitely win. So she once thought that there was absolutely no problem with her betting this time, and even that she would become the other party's benefactor, directly helping her to get on the horse and become the supreme.

But who would have thought that reality was so cruel. Even though she worked so hard to support her, she still couldn't help her win the election.

This not only made her feel lost, but also made her fall into a vortex of self-doubt.

At this time, Mitsui Yoshitaka's assistant came over and whispered in his ear: "Sir, I have already asked clearly that Miss Fei's two good friends were invited by Sasaki Sachiko, the eldest daughter of the Sasaki family."

"Sasaki family?" Mitsui Yoshitaka was surprised. He knew the strength of the Sasaki family very well. They were just small shrimps that depended on the Mitsui family for survival. How could a small shrimp know Fei Kexin's good friends?

The assistant also knew that Mitsui Yoshitaka couldn't figure it out, so he whispered: "Kelly West is with them now."

Mitsui Yoshitaka quickly scanned the surroundings with his eyes, and immediately found Mitsui Yoshitaka chatting with several yellow people in the corner.

So he immediately said to the assistant: "Let's go, you come with me."

After that, he had already walked towards Kelly and Charlie Wade and others.

Claire was naturally surprised and happy to know that Fei Kexin was coming. She asked Kelly, "Didn't Miss Fei say she couldn't come?"

Kelly deliberately glanced at Charlie Wade, and seeing that Charlie Wade's expression didn't change, she said apologetically, "I'm sorry, Claire. I was a little excited to see you just now, so I subconsciously shared the news with Miss Fei. Miss Fei was also very happy, and I really missed you, so I wanted to rush over to meet you and Mr. Wade."

Claire smiled and said, "It doesn't matter. I'm afraid of disturbing her work, otherwise I would have contacted her myself."

At this time, Mitsui Yoshitaka had come to Charlie Wade accompanied by his assistant, and asked Kelly with a smile on his face, "Ms. West, these two are your good friends, right? I don't know what to call them?"

Kelly smiled and said, "Mr. Mitsui, these two are not only my good friends, but also Miss Fei's good friends. Do you know the news that Miss Fei is coming soon?"

"I already know!" Mitsui Yoshitaka said with a smile: "I came here just to meet these two distinguished guests in advance."

After that, he looked at Charlie Wade, took the initiative to extend his hand, and said politely: "Hello, sir, my name is Mitsui Yoshitaka, and I am the current head of the Mitsui family. What is your name?"

Charlie Wade smiled and said: "My last name is Ye, you can call me Mr. Wade, and the one next to me is my wife." Mitsui Yoshitaka nodded repeatedly and took the initiative to say: "Mr. Wade and Mrs. Wade, why don't you move to the core area, I will introduce

some friends to you two."

He was afraid that Charlie Wade would reject him, so he added: "In the core area, you can get close to Tawana Sweet, and even chat with her for a few words. You will also have the opportunity to take photos and ask for autographs. If you two are interested, you can go over and chat with her casually. Then it will be easy to ask for autographs."

Claire was obviously moved. Although she knew that Charlie Wade was just using Fei Kexin's name to bully others, the opportunity to get close to Tawana and even take photos was indeed very rare. If she missed this opportunity, she might not have it anymore.

So, she turned to look at Charlie Wade, wanting to see how Charlie Wade decided.

Charlie Wade was not interested in Tawana, who was always looking for opportunities to express her opinions, but seeing the desire that was hard to conceal in Claire's eyes, he immediately said to Mitsui Yoshitaka: "In that case, I'll trouble Mr. Mitsui to help introduce you."
