

The amazing son in law - Charlie Wade Chapter 7177

charlie Wade's words were not about protection but about production, which made the guests around who were watching the excitement nod their heads involuntarily.

It is natural to protect the legitimate rights and interests of a certain group, but using various subtle propaganda to greatly increase the number of this group, then it immediately changes the taste.

And Tawana has always been a solid supporter of the latter, and it is not an exaggeration to say that she is the vanguard.

In the past, everyone thought that she was just very concerned about this group, but now looking at the problem from another angle, she is indeed fanning the flames and trying to make this group bigger and bigger. What is her intention? It is hard to say clearly.

Even Mitsui Yoshitaka couldn't help but touch his chin at this time, with a serious look on his face as if thinking about something.

At this moment, his wife couldn't help but ask his daughter, Mitsui Xinmei: "Xinmei, in the United States, can you really bypass your guardians to perform gender-changing surgery on minors?"

Mitsui Xinmei thought for a while and whispered: "Oh, I have heard some similar news. Some states in the United States should have laws in this regard."

Mitsui Xinmei's mother couldn't help but exclaimed: "What law can allow such a thing to happen?! Minors are still children. They don't have full behavioral capacity. Major matters must be checked by their guardians. They can actually bypass their guardians. Even if minors really want to do that kind of surgery, they can wait until they are adults to decide! What is the motive for making such a major and irreversible decision for a child in such a hurry? It's simply unreasonable!"

"This..." Mitsui Xinmei also shook her head in confusion and said, "I don't quite understand what their motives are for doing this, but you are right, what Mr. Wade said does seem to make more sense. For such a major matter, the parties involved should be allowed to make decisions after they have full capacity for behavior, rather than hastily inducing them to make decisions and put them into action."

Mitsui Xinmei's mother said angrily, "An idol who doesn't do her job well and publicly supports these things every day, I personally can't understand it. I think it is necessary to say hello to her. We have no right to control how she promotes in her own country, and we are not qualified to ask about it. But in Japan, in Tokyo, and at performances held by the Mitsui family, she must not promote those things. If the Japanese teenagers present today are influenced by her and make decisions that they will regret for the rest of their lives, then our Mitsui family is also responsible!"

Mitsui Xinmei hesitated and said, “This... I’ll find a chance to talk to her later.”

Mitsui Xinmei’s mother rarely He said in a slightly blaming tone: “Xinmei, you are the eldest daughter of the Mitsui family. You must pay attention to your influence. It is best not to get too close to certain people in public. Your father and I have never stood on the side of any group over the years, and we have tried not to let any movement have anything to do with us. This is because there are too many variables in the world. We can keep ourselves clean, but the people around us may not be able to do so. Many similar things have been exposed in the United States in the past two years. Many hypocritical social elites are actually evil devils behind the scenes. Once you accidentally get close to some devils, once this devil is exposed, you will inevitably be affected, and if you are affected, the Mitsui family will also be affected.”

Mitsui Xinmei lowered her head in shame and said, “What Ogasan criticized is true. Xinmei will pay more attention in the future and will not have too much contact with public figures.”

At this time, Trevor did not expect the other party to refute him from this angle, and he became speechless all of a sudden, while Tawanna on the side was obviously a little flustered.

Seeing that Trevor was speechless, Tavana could only bite the bullet and say, “Mr. Wade, I think this may be the gap between Eastern and Western cultures. In the United States, no one will hold the same point of view as you.”

When she said this, she knew in her heart that her defense was very pale, so she wanted to quickly end the conversation with charlie Wade, and then said, “Mr. Wade, actually we don’t need to argue about this. On this matter, you have your opinion and I have mine. I support LGBT, and whether you support it is your freedom. If you don’t support it, I have no right to force you to support it. I think we should not continue the discussion. What do you think?”

Tavana was already regretting it at this time. She had just received verbal support from Claire and Loreen, and had the video recorded by Trevor. In fact, it was enough for her. She shouldn’t have provoked charlie Wade and tried to “convince” him, but ended up losing face in front of so many people.

Seeing that Tawanna took the initiative to call a truce, Mitsui Yoshitaka on the side quickly acted as a peacemaker and said with a smile: “The debate you two just now really opened my eyes, but the time of the party before today’s performance is tight, I think you two should not continue to discuss this matter. What do you think, Mr. Wade?”

charlie Wade shrugged indifferently and said, “The guest should follow the host’s wishes. Since Mr. Mitsui said so, I, the guest, naturally have no objection.” Tawanna

finally breathed a sigh of relief. She looked at Trevor on the side, and saw that Trevor put away his phone silently, which made her feel more at ease.

Unexpectedly, charlie Wade looked at Trevor at this time and said lightly: “If I’m not mistaken, this gentleman should have taken a video of the whole process, right?” Trevor

quickly shook his head and said: “No, no, I was watching the news on my mobile phone just now, and I didn’t take any video.”

charlie Wade smiled and said, “It doesn’t matter. What I want to say is that if you took a video and you happen to plan to post it on the Internet, then I hope you can do two things. First, since you upload it, you must upload the entire process. Don’t cut off the beginning and the end. That would be no different from fakery; second, neither I nor the two ladies around me are public figures, so when uploading the video call, please mosaic our faces. Now the uploading tools of video websites have AI functions, which can be mosaiced with one click. As for Miss Sweet, it’s your freedom to mosaic or not.”

Trevor was silent for a moment, nodded lightly, and said, “Okay, Mr. Wade, I understand.”

charlie Wade smiled slightly and said nothing more.

At this time, Mitsui Yoshitaka’s assistant walked quickly to his side and whispered, “Sir, Miss Fei’s car has entered the venue.”

Mitsui Yoshitaka’s eyes immediately lit up and he said, “Let’s go to the door to greet Miss Fei.”

As he said that, he called his wife and daughter and asked them to go with him.

As for charlie Wade and Tawana, Mitsui Yoshitaka hesitated for a moment. He didn’t know whether to invite one of the two parties or invite them to greet Fei Kexin together.

After all, the two of them had been a bit confrontational just now, and the atmosphere was indeed a bit explosive. If they didn’t like each other again, it might be inappropriate to argue in front of Fei Kexin.

After thinking it over, he decided to invite charlie Wade. After all, Fei Kexin decided to come here temporarily because of charlie Wade and the others. This was the person Fei Kexin really cared about.

So, he said to charlie Wade, Claire and Loreen: “If you three are willing, we might as well go to the door and wait for Miss Fei.”

“Okay.” charlie Wade nodded gently. It stands to reason that he didn’t need to greet Fei Kexin, but Fei Kexin’s sudden visit must be a face for him, so he naturally had to return the favor.

Then, Mitsui Yoshitaka looked at Tawana and Trevor on the side and said apologetically: “Please wait here for a moment, the two distinguished guests, I will introduce you to Miss Fei later.”

Tawana knew very well that Charlie Wade was Fei Kexin's friend, but she was not. At this time, it was not easy for her to follow and join in the fun, so she nodded and smiled: "No problem, Mr. Mitsui, we'll wait here."

Seeing that Sanjing Ryotaka and Charlie Wade and others walked out, she hurriedly said to Trevor beside her: "Dear, edit the video you just shot, and only keep the two women in front, and don't keep the one with the surname Wade in the back."

Trevor frowned and replied thoughtfully: "Oh, okay."

In his heart, he already had his own plan.

Tawanna didn't know that Trevor had other ideas, and muttered with displeasure: "That surname Wade is really too much. He actually refuted me with the issue of illegal immigration. It's really unreasonable. He kept making specious arguments just now, which made my brain unable to turn around and couldn't think of how to refute. I don't know what these Japanese think of me."

Trevor subconsciously said: "I think what he said makes sense..."

"What did you say?!" Tawanna's eyes widened and she asked, "You mean he's right? Then my point of view is wrong?"

Trevor nodded and said seriously, "I think what he said is indeed correct. We can support sexual minorities, but we really shouldn't publicize it. When we spare no effort to promote something, there will definitely be many young people who will regard it as a fashion and deliberately move closer to it..."

Trevor said, "I thought about it carefully. It's like when I was a child, I didn't know the specific meaning of tattoos, but those famous athletes and hip-hop musicians all had cool tattoos, so I thought at the time that tattoos were the coolest thing in the world, and what I wanted to do most at the time was to get large, cool tattoos on my legs and arms. My mother strictly prohibited me at the time, but I didn't give up and went to the tattoo shop by myself, but the owner of the tattoo shop saw that I was a minor and not accompanied by a guardian, so he rejected my request. Will what we are doing now have a similar inducement effect on some minors?"

"Look, now we support minors with gender dysphoria to undergo gender reassignment surgery. Isn't this the same situation as when I wanted to get a tattoo? Tattoos require guardians, so why can surgery bypass guardians? This is unreasonable! So I have been reflecting on it just now..."

Tawanna suddenly felt betrayed and shouted angrily: "We have been together for so long, and I have flown all over the US airspace on a private jet for you. Now you are stabbing me in the back and saying that you think a stranger you just met is more reasonable than me?!"

Trevor said awkwardly: “Emotionally, I naturally prefer you, but logically, I do think he is more right...”

Tawanna said coldly: “OK Trevor, shut up now, I don’t want to listen to you! When you figure it out, come and talk to me!”

Tawanna said coldly: “OK Trevor, shut up now, I don’t want to listen to you! When you figure it out, come and talk to me!”

Trevor saw that Tawanna was obviously a little angry, and for a moment he didn’t know what to do.

He thought about whether he should say something that Tawanna would like to hear, so as to ease the tension between the two.

But, somehow, charlie Wade’s words just now always reminded him of his childhood and adolescence.

He remembered that during his childhood and adolescence, American society was full of all kinds of rotten temptations, and tattoos and smoking were just child’s play. Many of his friends joined gangs at a young age because they pursued fashion and coolness. Some of them became drug addicts at a young age, and some of them had robbed and fought with street gangs before they reached adulthood. In the end, they were imprisoned or even died on the streets.

And the reason why he was able to overcome all the obstacles in the field of baseball, get a full scholarship from a prestigious university through baseball, and even join the professional league and reach the peak of his life, more than half of the credit was that his parents had always corrected his direction during adolescence. Whenever he began to deviate from the normal upward trajectory of life, his parents would always pull him back to the right path at the most critical moment.

So, thinking about these things, and looking at the things his girlfriend has always supported, he always felt that something was not right.

At the very least, parents of minors should not be deprived of their guardianship over minors just because of their cognitive impairment, and they should not make irresponsible decisions for minors.

Moreover, sparing no effort to promote these things will indeed make some minors who have no opinions think that such things are cool and trendy, and then affect their own judgment.

With this in mind, he could not say anything to support it.

So, he patiently said to Tawana, “Baby, let’s look at this problem calmly. What Mr. Wade said does make sense. When I was in middle school, many of my classmates started smoking marijuana. The reason many people smoked marijuana was because the social environment at that time gave everyone a feeling that smoking marijuana was the coolest thing at the time, much cooler than owning a pickup truck. As long as a boy smoked it, he would be the most handsome in front of girls. When a boy smelled of marijuana, the girls around him would look up to him. Why? It was because the social environment at that time was like that. In that environment, everyone was influenced by what they saw and heard, and they would deliberately pursue bad things as good. It seemed that the more bad habits they had, the more they would be looked up to by others.”

“If my mother hadn’t been correcting me all the time, I wouldn’t be sitting here as your boyfriend. Maybe I would have died, or I would be serving my sentence in Ohio State Prison. So, we shouldn’t support and promote some things too much, or there will be some unexpected bad results.”

Tawana said coldly, “Trevor! What I want is a loyal supporter of me, not a preacher who refutes me and tells me what to do! I don’t want to talk to you now. You’d better edit the video as I ask as soon as possible. If you can’t do it, then we’d better reconsider our relationship!”

Seeing Tawana’s stubbornness, Trevor was in a dilemma for a while.

The atmosphere between the two of them also became deadlocked as Tawana got angry.

At the same time, Fei Kexin’s motorcade had already arrived inside the Tokyo Dome.

Before the car stopped, she saw Charlie Wade and Claire standing at the door, which made her feel a little flattered. She never expected that she would come to visit Charlie Wade, but Charlie Wade was waiting for her at the door.

After the car stopped, she opened the door herself and walked down immediately without waiting for the assistant to open it. When

Mitsui Yoshitaka saw her, he immediately took his wife and daughter to step forward to greet her, but Fei Kexin didn’t even look at him, but came directly to Charlie Wade, respectfully and a little ashamedly said: “Mr. Wade, Kexin came to see you, how can I take the responsibility of you coming out to greet me in person...”

As soon as these words came out, everyone around was dumbfounded.

Fei Kexin is not the daughter of the Fei family, she is the head of the Fei family!

And she is the number one figure with unparalleled control over the family.

Why is she so respectful to an unknown young man? !

Not to mention that her grandfather supports her 100%, even her uncles and cousins are obedient to her. She has no potential enemies in the Fei family. Whether it is a dragon or a tiger, the Fei family is all her people!

This alone makes Fei Kexin different from all the rich second generations. Even Howard of the Rothschild family is far less capable of controlling the family than Fei Kexin.

The amazing son in law - Charlie Wade Chapter 7179

Trevor saw that Tawanna was obviously a little angry, and for a moment he didn't know what to do.

This alone makes Fei Kexin different from all the rich second generations. Even Howard of the Rothschild family is far less capable of controlling the family than Fei Kexin.

In the eyes of the outside world, when Jamura of the Fei family was exposed for committing all kinds of evil with a group of playboys on the private island built by Qiao Yunfei, the reputation of the Fei family immediately plummeted, and they almost became a rat crossing the street and everyone shouted and beat him.

At the critical moment, Fei Kexin stood up to save the situation. She did not excuse any responsibility, directly paid a huge amount of compensation, apologized publicly, and took all the responsibilities. This kind of responsibility is rare in the world. Everyone also believes that Fei Kexin was a perfect operation that time, which made the entire Fei family convinced and listened to her orders wholeheartedly.

But in fact, only the Fei family knows why Fei Kexin, a young girl, can sit firmly on the throne.

If it weren't for Charlie Wade's support behind the scenes, the Fei family would continue to hunt down Fei Kexin and her grandfather Jian even if they were entangled in scandals.

If it weren't for Charlie Wade's support behind the scenes, even if she helped the Fei family's building to collapse at a critical moment, the Fei family would still banish her to the cold palace afterwards, or even kick her away.

And the reason why the Fei family still didn't dare to rebel against Fei Kexin after surviving the crisis was all because of Charlie Wade's existence.

As long as Charlie Wade is still there, as long as Charlie Wade has not broken up with Fei Kexin, he will be Fei Kexin's pillar of support, and the Fei family, from top to bottom, will not dare to disobey.

Even if it is Fei Shanhai, the number one heir of the Fei family, and his eldest son Fei Xuebin, the two people who were in power in the Fei family at the time, what about it? When Charlie Wade put a gun to Jamura's forehead in front of them and asked them if they accepted killing Jamura today, the father and son were completely defeated by Charlie Wade.

From the moment the bullet penetrated Jamura's head, Charlie Wade became a nightmare that Fei Shanhai and Fei Xuebin, father and son, could not get rid of in their lives.

As for Jian, for the sake of longevity, he had already willingly given up all control over the Fei family, and was content to be his long-lived emperor. Not only was he not dissatisfied with Fei Kexin, but he regarded her as a great savior.

Therefore, it was Charlie Wade's strength, solemnity and elixir that ensured that Fei Kexin could sit firmly in the Fei family and ensured that the Fei family had no ulterior motives towards Fei Kexin.

Therefore, regardless of Fei Kexin's deep love for Charlie Wade, this favor was enough for her to bow to Charlie Wade for the rest of her life.

It was also because of this that even though the head of the Mitsui family was here, Fei Kexin still had to express her respect to Charlie Wade first, as well as her inner fear.

Even Claire was a little confused. She knew that Fei Kexin respected her husband, but she didn't expect that she would respect him to this extent.

But Charlie Wade looked disapproving at this time, as if Fei Kexin's respect for him was what he should do. He looked at Fei Kexin, smiled slightly, and said calmly: "It's okay, it feels dirty in there, it's nice to come out and get some fresh air."

Fei Kexin was so smart that when she heard this, she guessed that there must be someone or something inside that made Charlie Wade dissatisfied, so she said without hesitation: "Since Mr. Wade feels it's dirty in there, then Kexin will stay outside with Mr. Wade and his wife for a while."

Claire was a little dazed and said quickly: "Kexin, why have you become so polite..."

Fei Kexin looked at her, smiled and whispered in her ear: "In formal occasions, you must give Master Wade face to show respect!"

Claire also whispered: "Kexin, we are all friends, why are you so polite to Charlie Wade..."

Fei Kexin whispered, "Claire, although we are all friends, it is thanks to Master Wade who helped me break the Feng Shui situation that I was able to sit on the seat of the head of the Fei family. If it weren't for Master Wade, I might still be in exile. With this favor, I must be respectful to Master Wade in front of outsiders."

Sanjing Ryotaka was stunned. He was excited to welcome Fei Kexin, but he didn't expect that Fei Kexin didn't even bother to go in because of Charlie Wade's casual words. He had already announced the news that Fei Kexin was coming. If Fei Kexin really preferred to stand at the door and didn't go in, then he would have nowhere to put his face. Although it

was a cold day, Sanjing Ryotaka was still sweating anxiously.

He hesitated for a moment, but hurried forward and said attentively: "Ms. Fei, Mr. Wade, it's still quite cold outside, and we shouldn't stay for long. Let's go in and talk. If Mr. Wade doesn't want to pay attention to Sweet, he can just not greet her."

“Sweet?” Fei Kexin asked curiously, “Is it that Tawanna Sweet? Does Mr. Wade have a conflict with her?”

“No.” Charlie Wade smiled and said, “I watched a game yesterday. A grown man insisted that he had gender dysphoria and participated in the women’s fighting competition. He was at a disadvantage during the game and tried to reverse the situation by groping her breasts. It really made me feel a little sick. Today, I kept hearing that female singer sparing no effort to promote these things. I personally don’t agree with it, so I debated with her for a few words. There is no contradiction.”

Then Charlie Wade said, “Mr. Mitsui is the host. Since you are here, there is no reason for you to stay outside the door and not go in. Let’s go in together.”

When Mitsui Yoshitaka heard this, he breathed a sigh of relief in his heart, and at the same time, he couldn’t help but look at Charlie Wade with some gratitude. If Fei Kexin really didn’t go in, he really had no way to do anything. Charlie Wade was completely helping him to relieve the embarrassment.

After hearing what Charlie Wade said, Fei Kexin immediately said readily, “Since Mr. Wade said so, let’s go in together.”

In the eyes of the outside world, when Jamura of the Fei family was exposed for committing all kinds of evil with a group of playboys on the private island built by Qiao Yunfei, the reputation of the Fei family immediately plummeted, and they almost became a rat crossing the street and everyone shouted and beat him.

As for Jian, for the sake of longevity, he had already willingly given up all control over the Fei family, and was content to be his long-lived emperor. Not only was he not dissatisfied with Fei Kexin, but he regarded him as a great savior.

Therefore, it was Charlie Wade's strength, solemnity and elixir that ensured that Fei Kexin could sit firmly in the Fei family and ensured that the Fei family had no ulterior motives towards Fei Kexin.

Therefore, regardless of Fei Kexin's deep love for Charlie Wade, this favor was enough for her to bow to Charlie Wade for the rest of her life.

It was also because of this that even though the head of the Mitsui family was here, Fei Kexin still had to express her respect to Charlie Wade first, as well as her inner fear.

Even Claire was a little confused. She knew that Fei Kexin respected her husband, but she didn't expect that she would respect him to this extent.

But Charlie Wade looked disapproving at this time, as if Fei Kexin's respect for him was what he should do. He looked at Fei Kexin, smiled slightly, and said calmly: "It's okay, it feels dirty in there, it's nice to come out and get some fresh air."

Fei Kexin was so smart that when she heard this, she guessed that there must be someone or something inside that made Charlie Wade dissatisfied, so she said without hesitation: "Since Mr. Wade feels it's dirty in there, then Kexin will stay outside with Mr. Wade and his wife for a while."

Claire was a little dazed and said quickly: "Kexin, why have you become so polite..."

Fei Kexin looked at her, smiled and whispered in her ear: "In formal occasions, you must give Master Wade face to show respect!"

Claire also whispered: “Kexin, we are all friends, why are you so polite to charlie Wade...”

Fei Kexin whispered, “Claire, although we are all friends, it is thanks to Master Wade who helped me break the Feng Shui situation that I was able to sit on the seat of the head of the Fei family. If it weren’t for Master Wade, I might still be in exile. With this favor, I must be respectful to Master Wade in front of outsiders.”

Sanjing Ryotaka was stunned. He was excited to welcome Fei Kexin, but he didn’t expect that Fei Kexin didn’t even bother to go in because of charlie Wade’s casual words. He had already announced the news that Fei Kexin was coming. If Fei Kexin really preferred to stand at the door and didn’t go in, then he would have nowhere to put his face. Although it

was a cold day, Sanjing Ryotaka was still sweating anxiously.

He hesitated for a moment, but hurried forward and said attentively: “Ms. Fei, Mr. Wade, it’s still quite cold outside, and we shouldn’t stay for long. Let’s go in and talk. If Mr. Wade doesn’t want to pay attention to Sweet, he can just not greet her.”

“Sweet?” Fei Kexin asked curiously, “Is it that Tawanna Sweet? Does Mr. Wade have a conflict with her?”

“No.” charlie Wade smiled and said, “I watched a game yesterday. A grown man insisted that he had gender dysphoria and participated in the women’s fighting competition. He was at a disadvantage during the game and tried to reverse the situation by groping her breasts. It really made me feel a little sick. Today, I kept hearing that female singer sparing no effort to promote these things. I personally don’t agree with it, so I debated with her for a few words. There is no contradiction.”

Then charlie Wade said, “Mr. Mitsui is the host. Since you are here, there is no reason for you to stay outside the door and not go in. Let’s go in together.”

When Mitsui Yoshitaka heard this, he breathed a sigh of relief in his heart, and at the same time, he couldn’t help but look at charlie Wade with some gratitude. If Fei Kexin really didn’t go in, he really had no way to do anything. charlie Wade was completely helping him to relieve the embarrassment.

After hearing what charlie Wade said, Fei Kexin immediately said readily, “Since Mr. Wade said so, let’s go in together.”

When the young and beautiful Fei Kexin walked into the party, everyone focused their attention on her.

Fei Kexin is no stranger to the world. When she handled the Fei Haoyang incident that once shocked the world, she once made the world shine. Since then, she has become a world-renowned business elite.

Even Tawana, who is also world-famous, admires Fei Kexin very much in her heart.

However, she can't focus on Fei Kexin now, because her boyfriend Trevor has not started to edit the video according to her request, and the two have been maintaining the cold war just now, and no one has taken the lead in breaking the silence.

When Fei Kexin came in, many guests who had admired her for a long time came forward to greet her. Tawanna took advantage of no one paying attention to her and immediately said to Trevor, "Trevor, give me your phone and I'll edit it myself!"

Trevor shook his head and said, "No, I promised that Mr. Wade that the video cannot be edited, and he and his family must be censored."

Seeing that he still didn't give in, Tawanna said coldly, "If you insist on doing this, then let's break up!"

Trevor was silent for a moment, then said, "It doesn't matter if we break up. To be honest, I didn't expect you to be with me for a long time. From the day I was with you, I was ready to break up." Then,

Trevor said, "However, even if we break up, I have to make my attitude clear. You really don't want to break up with me." You can continue to promote those views in public. You are a public figure. Any statement you make may influence many young people to make life-changing decisions. In the past, you were talented and promising at a young age. You set a good example for many young people. Many young people were inspired by you and bravely pursued their dreams. However, you have now deviated from your original self. When I was a teenager, although I was not a good student with excellent character and academic performance, I was fortunate that I was not led astray by the influence of the outside world, and I did not influence others to go astray. But now, you have led many people on the wrong path. I am powerless to change you, but I cannot allow myself to continue to be your helper. I am sorry. "

Tawana was so angry that tears welled up in her eyes.

She did not expect that her boyfriend would rather break up with her than continue to support her. This made her feel extremely betrayed and dealt her a huge blow.

Just when her tears were about to burst out, Mitsui Yoshitaka had already brought Charlie Wade, Fei Kexin and others back to the core area of the party.

Although Sanjing Ryotaka knew that Charlie Wade was not very interested in Tawana, Tawana was the nominal protagonist today and had already taken a seat in the core area. If he took Fei Kexin away from the core area, outsiders would not know what to think. So he decided to follow the normal process and introduce the two parties to each other. If they could continue the conversation, it would be the best. If not, he would focus all his energy on Fei Kexin.

Even if Tawana felt ignored, considering that he was a major shareholder of Universal Music, he would not dare to delay tonight's performance.

So, he came to Tawanna and introduced her to Fei Kexin with a smile: "Miss Fei, this is the famous Tawanna Sweet, you should know her, right?"

Fei Kexin smiled and said calmly: "Miss Sweet is so popular in the West that no one can compare to her. How could I not know her?"

Tawanna stood up nervously and said politely: "Miss Fei, you are too kind. In comparison, you are truly world-famous."

Fei Kexin smiled and said: "Miss Sweet is the most influential and commercially capable star today. In terms of fame, there are few people in the world who can compare with you. Many young people don't know what Bill Gates does. They only know that he is a very rich old man, but there are probably very few young people who don't know you, Miss Sweet. "

After saying that, Fei Kexin asked her again: "By the way, Miss Sweet, I heard that you are now keen on promoting some charity activities?"

Tawanna didn't expect Fei Kexin to take the initiative to talk about charity. Thinking that she had a good relationship with Charlie Wade, she guessed that she probably wanted to target herself, but she didn't dare to debate with Fei Kexin, so she said awkwardly: "Yes... I did some charity activities... I didn't do it very well, it's not good enough to be put on the table... I'm sorry to embarrass you, Miss Fei..."

Fei Kexin looked at her and said very seriously: "Miss Sweet, I have a suggestion. I wonder if you are willing to listen to it?"

Tawanna hurriedly said humbly: "Please go ahead, Miss Fei. I will listen carefully and learn seriously."

Fei Kexin said calmly: "It's not a learning, it's just my little summary."

Then she said seriously: "From my personal experience and observations over the years, the best way to do charity is to make a louder sound with money than with your mouth."

Tawanna asked subconsciously: "The sound of money is louder than that of the mouth? What do you mean specifically?"

Fei Kexin said: "It's very simple. As the old Chinese saying goes, it's nothing more than talking less and doing more. If you want to get better treatment for a certain group, it's better to donate silently than to speak out loudly, because once this matter goes wrong, the first person to be dragged into the water is often the one with the loudest voice."

Tavana understood what Fei Kexin meant. She was implicitly reminding herself that she had said too much.

Although she was indignant, she did not dare to argue with Fei Kexin. She could only say with a pious face: "Miss Fei is right. I am really educated!"

Fei Kexin nodded, and said casually but deliberately: "The situation in the country is not optimistic for some people who have always been more reckless. As far as I know, some people dare not go back. Miss Sweet should also be more careful."

Fei Kexin's words made Tawana nervous and seemed to be thinking about something for a while.

At this time, Mitsui Yoshitaka's assistant came over again and whispered in Mitsui Yoshitaka's ear: "Sir, people from the Ministry of Foreign Affairs are here. They also brought a few Americans. They are said to be CIA agents specially dispatched here."

"What are the people from the Ministry of Foreign Affairs bringing the CIA here for?" Mitsui Yoshitaka frowned. The Ministry of Foreign Affairs is specifically responsible for diplomatic affairs. What important case are they bringing the CIA from the United States to handle?

The assistant was also confused and said, "I have checked their credentials and there is no problem. But when I asked them what they were doing here, they said it was confidential and they had nothing to say."

Mitsui Yoshitaka murmured, "Maybe they are here to see me. Let them come in and I will ask them carefully."

The assistant nodded and walked out immediately.

Soon, several Japanese in suits and leather shoes came in with several white men in black suits and black models.

The Japanese in front was very fast and handed his credentials to Mitsui Yoshitaka with both hands. He said respectfully, "Mr. Mitsui, I am Hasegawa Ichiro from the Ministry of Foreign Affairs. These CIA agents are sent by the US Embassy. They want to find Miss Tawana Sweet to find out something."

Mitsui Yoshitaka didn't expect that these people were here to see Tawana. Before he could come to his senses, a white man with a stern expression stepped forward and said to Tawana, "Hello, Miss Tawana Sweet, I am CIA agent Pete Roger. We need you to go to the embassy with us for something. Time is tight, so it's best to go now!"
