

## The amazing son in law - Charlie Wade Chapter 7181

When the young and beautiful Fei Kexin walked into the party, everyone focused their attention on her.

Fei Kexin is no stranger to the world. When she handled the Fei Haoyang incident that once shocked the world, she once made the world shine. Since then, she has become a world-renowned business elite.

Even Tawana, who is also world-famous, admires Fei Kexin very much in her heart.

However, she can't focus on Fei Kexin now, because her boyfriend Trevor has not started to edit the video according to her request, and the two have been maintaining the cold war just now, and no one has taken the lead in breaking the silence.

When Fei Kexin came in, many guests who had admired her for a long time came forward to greet her. Tawanna took advantage of no one paying attention to her and immediately said to Trevor, "Trevor, give me your phone and I'll edit it myself!"

Trevor shook his head and said, "No, I promised that Mr. Wade that the video cannot be edited, and he and his family must be censored."

Seeing that he still didn't give in, Tawanna said coldly, "If you insist on doing this, then let's break up!"

Trevor was silent for a moment, then said, "It doesn't matter if we break up. To be honest, I didn't expect you to be with me for a long time. From the day I was with you, I was ready to break up." Then,

Trevor said, "However, even if we break up, I have to make my attitude clear. You really don't want to break up with me." You can continue to promote those views in public. You are a public figure. Any statement you make may influence many young people to make life-changing decisions. In the past, you were talented and promising at a young age. You set a good example for many young people. Many young people were inspired by you and bravely pursued their dreams. However, you have now deviated from your original self. When I was a teenager, although I was not a good student with excellent character and academic performance, I was fortunate that I was not led astray by the influence of the outside world, and I did not influence others to go astray. But now, you have led many people on the wrong path. I am powerless to change you, but I cannot allow myself to continue to be your helper. I am sorry. "

Tawana was so angry that tears welled up in her eyes.

She did not expect that her boyfriend would rather break up with her than continue to support her. This made her feel extremely betrayed and dealt her a huge blow.

Just when her tears were about to burst out, Mitsui Yoshitaka had already brought Charlie Wade, Fei Kexin and others back to the core area of the party.

Although Sanjing Ryotaka knew that Charlie Wade was not very interested in Tawana, Tawana was the nominal protagonist today and had already taken a seat in the core area. If he took Fei Kexin away from the core area, outsiders would not know what to think. So he decided to follow the normal process and introduce the two parties to each other. If they could continue the conversation, it would be the best. If not, he would focus all his energy on Fei Kexin.

Even if Tawana felt ignored, considering that he was a major shareholder of Universal Music, he would not dare to delay tonight's performance.

So, he came to Tawanna and introduced her to Fei Kexin with a smile: "Miss Fei, this is the famous Tawanna Sweet, you should know her, right?"

Fei Kexin smiled and said calmly: "Miss Sweet is so popular in the West that no one can compare to her. How could I not know her?"

Tawanna stood up nervously and said politely: "Miss Fei, you are too kind. In comparison, you are truly world-famous."

Fei Kexin smiled and said: "Miss Sweet is the most influential and commercially capable star today. In terms of fame, there are few people in the world who can compare with you. Many young people don't know what Bill Gates does. They only know that he is a very rich old man, but there are probably very few young people who don't know you, Miss Sweet."

After saying that, Fei Kexin asked her again: "By the way, Miss Sweet, I heard that you are now keen on promoting some charity activities?"

## **The amazing son in law - Charlie Wade Chapter 7182**

Tawanna didn't expect Fei Kexin to take the initiative to talk about charity. Thinking that she had a good relationship with Charlie Wade, she guessed that she probably wanted to target herself, but she didn't dare to debate with Fei Kexin, so she said awkwardly: "Yes... I did some charity activities... I didn't do it very well, it's not good enough to be put on the table... I'm sorry to embarrass you, Miss Fei..."

Fei Kexin looked at her and said very seriously: "Miss Sweet, I have a suggestion. I wonder if you are willing to listen to it?"

Tawanna hurriedly said humbly: "Please go ahead, Miss Fei. I will listen carefully and learn seriously."

Fei Kexin said calmly: "It's not a learning, it's just my little summary."

Then she said seriously: “From my personal experience and observations over the years, the best way to do charity is to make a louder sound with money than with your mouth.”

Tavana asked subconsciously: “The sound of money is louder than that of the mouth? What do you mean specifically?”

Fei Kexin said: “It’s very simple. As the old Chinese saying goes, it’s nothing more than talking less and doing more. If you want to get better treatment for a certain group, it’s better to donate silently than to speak out loudly, because once this matter goes wrong, the first person to be dragged into the water is often the one with the loudest voice.”

Tavana understood what Fei Kexin meant. She was implicitly reminding herself that she had said too much.

Although she was indignant, she did not dare to argue with Fei Kexin. She could only say with a pious face: “Miss Fei is right. I am really educated!”

Fei Kexin nodded, and said casually but deliberately: “The situation in the country is not optimistic for some people who have always been more reckless. As far as I know, some people dare not go back. Miss Sweet should also be more careful.”

Fei Kexin’s words made Tawana nervous and seemed to be thinking about something for a while.

At this time, Mitsui Yoshitaka’s assistant came over again and whispered in Mitsui Yoshitaka’s ear: “Sir, people from the Ministry of Foreign Affairs are here. They also brought a few Americans. They are said to be CIA agents specially dispatched here.”

“What are the people from the Ministry of Foreign Affairs bringing the CIA here for?” Mitsui Yoshitaka frowned. The Ministry of Foreign Affairs is specifically responsible for diplomatic affairs. What important case are they bringing the CIA from the United States to handle?

The assistant was also confused and said, “I have checked their credentials and there is no problem. But when I asked them what they were doing here, they said it was confidential and they had nothing to say.”

Mitsui Yoshitaka murmured, “Maybe they are here to see me. Let them come in and I will ask them carefully.”

The assistant nodded and walked out immediately.

Soon, several Japanese in suits and leather shoes came in with several white men in black suits and black models.

The Japanese in front was very fast and handed his credentials to Mitsui Yoshitaka with both hands. He said respectfully, “Mr. Mitsui, I am Hasegawa Ichiro from the Ministry of Foreign

Affairs. These CIA agents are sent by the US Embassy. They want to find Miss Tawana Sweet to find out something.”

Mitsui Yoshitaka didn't expect that these people were here to see Tawana. Before he could come to his senses, a white man with a stern expression stepped forward and said to Tawana, “Hello, Miss Tawana Sweet, I am CIA agent Pete Roger. We need you to go to the embassy with us for something. Time is tight, so it's best to go now!”

Tawanna didn't expect that the CIA would come to Japan to find her. She retreated subconsciously in panic and couldn't help asking: “Why are you looking for me? I don't seem to have done anything illegal, right?”

The agent said coldly: “I'm sorry, Miss Sweet, we didn't say you did anything illegal, but we received an order from the CIA headquarters in China, and there are some important things that require your cooperation in the investigation.”

Tawanna said: “How do I know if you are really the CIA? At least let me call my lawyer first and ask him to come out and confirm it.”

The agent immediately took out the relevant documents and several files, placed them on the table, and said coldly: “Here are my personal documents, and the fax sent by the FBI headquarters, which contains the summons for you, as well as the authorization of the U.S. Embassy in Japan and the official letter of the Japanese Ministry of Foreign Affairs. These are enough to prove our identity, right? In addition, there are officials from the Japanese Ministry of Foreign Affairs on the scene. They received a diplomatic note, so they came to cooperate with our work.”

Tawanna immediately said: “Then I have to call my lawyer and let him know my situation!”

“I'm sorry.” The agent said coldly, “Since this is a serious matter, in order to prevent collusion, from now on, you are not allowed to make or receive phone calls. You are not allowed to touch your phone from now on until the investigation is over.”

Then, the agent whispered, “You should know that something has happened in the country. Some people are being investigated by the FBI. The FBI knows that you are in Japan, so they have commissioned the CIA in Japan to take you to the embassy for remote questioning. This matter has been authorized by the White House and cannot be delayed.”

Tawanna was obviously more nervous when she heard this. She hurriedly said, “Uh... I will be performing in a few hours, and tens of thousands of audiences are waiting...”

The agent said, “As long as you cooperate well at the embassy, the investigation will be over soon, and we will send you back then.”

“No!” Tawana looked nervous and blurted out, “Tens of thousands of fans are waiting for the show to start. If I’m late or can’t attend the performance, they will be very disappointed! If you need my cooperation, at least wait until the end of my concert.”

The agent shook his head and said, “Ms. Sweet, Washington is waiting for us. In order to ensure the synchronization of investigations on both sides, we must take you to the embassy within an hour.”

Then the agent said, “Ms. Sweet, if you cooperate with us, we will try to finish it as soon as possible, send you back as soon as possible, and try not to delay your performance. But if you refuse to cooperate, so that we have to forcibly take you away from here, the whole process will be more troublesome, the delay will be longer, and our attitude will not be as friendly as it is now. “

Trevor on the side immediately stood up and said, “We have a lawyer in the accompanying team this time, but he is not here now. Please wait a moment, I will call the lawyer and ask him to come as soon as possible!”

The agent nodded and said, “You can notify the lawyer, but Miss Sweet must immediately

Come with us now. If Miss Sweet refuses to cooperate, we will have no choice but to take her away from here.”

Seeing that these people were determined to take Tawanna away, Mitsui Yoshitaka immediately stepped forward and said to the Japanese Foreign Ministry staff, “I wonder if you can communicate with them. It’s best not to affect Miss Sweet’s performance.”

One of the Japanese Foreign Ministry officials shook his head and said, “This is the Americans’ own business. The people who came to take people away are American agents, and the people who are to be investigated are American citizens. In addition, the U.S. Embassy in Japan has asked us for assistance, so we have no right to interfere. “

Mitsui Yoshitaka nodded slightly. Apart from the fact that this incident happened in Japan, it had nothing to do with Japan. The Ministry of Foreign Affairs was just cooperating and naturally had no say.

Tawanna felt very uneasy at this moment. She probably knew what the FBI wanted to ask her about. It was nothing more than some recent uproar in the United States, and rumors about her involvement in these things were also rampant. Those people were extremely sensitive now. As long as they were slightly involved, they would inevitably become the focus of attention. More importantly, the person she supported had been defeated in the competition. Now the authorities wanted to investigate these things, which was basically a matter of course.

She really wanted to call her lawyer and ask the lawyer to help mediate with the United States, but when she thought about the fact that the other party did not allow her to use her mobile phone and might forcibly take her away at any time, she became a little worried. Once she was

forcibly taken away in front of so many people, the video would inevitably spread, and she didn't know how the outside world would interpret it.

Thinking of this, she said to her boyfriend Trevor, "Trevor, call my lawyer and tell him the situation and ask him to find me at the embassy. "

When Trevor heard this, he realized that Tawanna had decided to leave with these agents, so he said, "I'll go with you! I'll call a lawyer on the way!"

When Trevor heard this, he realized that Tawanna had decided to leave with these agents, so he said, "I'll go with you! I'll call a lawyer on the way!"

For Trevor, although he had some unpleasantness with Tawanna just now, he still loved her in his heart. How could he let his girlfriend face this situation alone.

More importantly, Tawanna's assistants and entourage were all preparing for the performance backstage. Although they were not far from here, it would be too late to call for help now, so he could only accompany her.

At this moment, the agent looked at him and asked, "You are Trevor Kennedy, right?"

"It's me." Trevor nodded: "I'm Tawanna's boyfriend, and I have the right to protect Tawanna's personal safety. "

The agent nodded and said, "Yes, you have this right, but you are also on the list of people the FBI needs to question, so please go to the embassy with us. There are some questions that you need to answer, but don't worry, there are not many questions you need to answer. You just need to cooperate well and the investigation will be over soon. Then you can contact Miss Sweet's lawyer and ask her to wait at the embassy."

Trevor heard what the other party said pertinently and friendly, so he immediately said, "Okay, then I'll go with you."

When Tawanna saw that Trevor was going with her, her anxiety eased a little. She looked at Trevor with some gratitude in her eyes.

Then, they stood up together and walked out with the agents.

Mitsui Yoshitaka immediately stepped forward, took out a business card of his own, stuffed it into Trevor's hand, and then said to the two of them: "When you arrive at the embassy, if you are short of time, feel free to call me and I can postpone the performance or even cancel it."

The CIA agent smiled and said, "Mr. Mitsui, don't worry too much. Under normal circumstances, we will not delay Miss Sweet's performance. After all, Miss Sweet has a strong social influence, and we don't want to cause any mass incidents."

“That’s good.” Mitsui Yoshitaka was slightly relieved and said, “Then please do it as soon as possible.”

The agent nodded and said, “We will do it as soon as possible, but the specific progress is not controlled by us, but by Washington. It is late at night in Washington, and they are also working overtime. I believe they will not deliberately delay time.”

After that, the agent winked at the entourage around him, and everyone took Tawanna and Trevor away from the party.

As the host, Mitsui Yoshitaka took the initiative to accompany everyone out of the scene and planned to watch Tawanna and Trevor get into the car. Seeing that this happened suddenly, some of the others wanted to follow out to see the excitement, but before leaving, Mitsui Yoshitaka turned around and gestured to everyone to stop. Seeing this, everyone tactfully stopped moving forward.

At this time, charlie Wade, who had been silent, frowned and suddenly said to Claire, “Wife, I’m going out for a while.”

Claire hurriedly said, “Didn’t Mr. Mitsui ask everyone to go out with him?”

charlie Wade said, “I have something to talk to Mr. Mitsui about privately. It’s related to the Feng Shui here.”

Claire hurriedly pulled his sleeve and whispered, “Husband, let’s not expand business here... The Japanese may not believe this...”

charlie Wade smiled and said, “I’m not expanding business, I’m just a friendly reminder. He’s not Miss Fei’s friend.”

Fei Kexin realized that charlie Wade must have other things to do, so she said to Claire, “Claire, just let Mr. Wade go. The Japanese, like us Chinese, believe in Feng Shui and Zhouyi. After all, their traditional culture is almost all learned from China and localized. If not inherited from the same lineage, at least they are close neighbors.”

Seeing Fei Kexin said this, Claire stopped stopping him and said to charlie Wade, “Then go quickly and come back quickly. If he’s not very interested, don’t keep talking to him.”

“Don’t worry.” charlie Wade winked at Claire and smiled, then hurriedly chased after him.

Fei Kexin remembered something and quickly said to Claire, “I’ll go out with you and help Mr. Wade explain to Mitsui.”

After that, she quickly ran a few steps to catch up with charlie Wade and whispered beside him, “Mr. Wade, what happened?”

charlie Wade said two words expressionlessly: “Ninja.”

charlie Wade said two words expressionlessly: “Ninja.”

## **The amazing son in law - Charlie Wade Chapter 7185**

“Ninja?!”

Fei Kexin was shocked and wanted to ask Charlie Wade for more details, but when she thought that there were ninjas among the CIA agents and the Japanese Ministry of Foreign Affairs, she immediately realized that there was a big trick.

The situation was urgent and she couldn't ask too much, so she immediately asked Charlie Wade: “What are your plans, Mr. Wade?”

Charlie Wade said: “I came all the way to accompany my wife to watch the concert. I can't let the singer disappear or be killed.”

As he said, he immediately instructed: “Take good care of Claire, I will solve the problem soon.” Fei Kexin heard this and immediately stopped and said to Charlie Wade's back: “Don't worry, Mr. Wade.”

After that, she turned around and returned to the party.

She knew that Charlie Wade was very powerful and a few ninjas could not be his opponents. She didn't need to worry about Charlie Wade's safety. The most important thing was to do what Charlie Wade told her.

At this time, outside the door, Mitsui Yoshitaka had just sent Tawana, Trevor, and a group of agents to the car.

They drove a total of four cars, three of which had American flags with diplomatic connotations on their fronts. The models were two Cadillac Escalades and a Toyota bus painted all black. The other Toyota commercial vehicle was an official car of the Japanese Ministry of Foreign Affairs.

With such a large lineup, plus all the previous paperwork and relevant documents, Mitsui Yoshitaka has not found any problems so far.

The reason why Charlie Wade was able to find the problem was because he was too familiar with ninjas.

When he came to Japan to rescue Ito Nanako, he had contact with more than half of the top ninja families in Japan and killed many of them. He was very familiar with the characteristics of ninjas and the way they practiced their bodies. So when these people first arrived, he discovered that the so-called Japanese Ministry of Foreign Affairs officials were all ninjas without exception.

At this time, Charlie Wade saw Tawanna and her boyfriend Trevor got on the black Toyota bus, and immediately shouted, “Wait a minute.”

Mitsui Yoshitaka turned around and saw that it was Charlie Wade who came out, and hurriedly asked him politely, “Mr. Wade, what's the matter?”

Charlie Wade strode towards the Escalade where Tawanna and Trevor were, and said to Mitsui Yoshitaka, “Mr. Mitsui, your party is too boring, or things here are more exciting, I plan to join in the fun!”

“Join in the fun?” Mitsui Yoshitaka was stunned. The CIA is handling a case, why are you joining in the fun? Don't think that this is Japan, so you underestimate the influence of American CIA agents. In recent years, officials from the US government have always been sideways in Japan. Charlie Wade doesn't take them seriously. This is purely taking Doubao as a job. So, he quickly pulled Charlie Wade and whispered: “Mr. Wade, I advise you not to join the excitement of the CIA. You are Miss Fei's friend. If something happens, I really can't explain to Miss Fei.”

Charlie Wade smiled and said: “Mr. Mitsui, my biggest advantage is that I don't listen to advice.” As he said, he had passed Mitsui Yoshitaka and came to the front of the Toyota bus.

The fake agent named Pete Roger was about to get on the bus. Seeing Charlie Wade coming up,

he immediately warned in a cold voice: "CIA is performing official duties, please don't approach unrelated personnel."

charlie Wade smiled and said: "I am Tawanna's bodyguard. You just take her away like this, I must accompany her."

Tawanna and Trevor in the car were a little confused. They couldn't understand why charlie Wade, who had always been a little disgusted with Tawanna, suddenly claimed to be Tawanna's bodyguard and insisted on getting on the car to accompany them.

And Pete Roger obviously didn't want to cause trouble, so he explained to charlie Wade: "I'm sorry, sir, it's CIA's case handling time now. We only allow people who are related to the investigation to participate. Others can only say sorry."

charlie Wade said with a rogue attitude: "Don't talk nonsense. If you don't let me get in the car today, you can't leave. I said it."

Pete Roger stared at charlie Wade, suppressing his anger, and warned in a cold voice: "Sir, I'm not kidding you! You'd better get out of the way immediately and don't get yourself into unnecessary trouble!"

charlie Wade didn't He said disdainfully: "You are such a talkative person. I still say the same thing. If you don't let me get in the car, you can't leave. Unless you shoot me, I don't believe that you dare to do it in front of Mr. Mitsui!"

Pete Roger suddenly had a headache. His original task was to take Tawanna away to deal with it alone. As a result, at the party just now, Tawanna's boyfriend Trevor insisted on following. He didn't want to affect his actions, so he could only let Trevor go with him. Now there is a man who claims to be Tawanna's bodyguard. If he lets him get in the car again, there will be two more people than the original plan!

However, he can also see that charlie Wade is obviously not someone who can give up easily. If he doesn't let him get in the car, he will probably stay and not leave. But he can't show his true colors in front of Mitsui Yoshitaka now. In that case, even if he can barely complete the task, it will be difficult for him to get out of it.

He carefully weighed the pros and cons, and finally had no choice but to grit his teeth and said to charlie Wade: "Okay, you can come up, but I warn you, you must strictly abide by our requirements!"

"Okay." Seeing that he had no choice but to do so, charlie Wade smiled triumphantly, and immediately stepped forward stepped onto the step of the Toyota bus.

Pete Roger stood at the door, looked at charlie Wade coldly, and said in his heart: "Since you are looking for death, don't blame me for sending you to the road."

Seeing that he was blocking the door and not moving, charlie Wade couldn't help but urge him: "Haven't you heard? A good dog doesn't block the road. How can I get on if you don't get out of the way?"

Pete Roger was so angry that he almost vomited blood. With a ruthless heart, he flashed to make way for charlie Wade.

charlie Wade stepped into the car and saw that there were six people in the car except the driver. This Toyota bus originally had 20 seats, but it was obviously modified, so only four rows of first-class seats were left, with two seats in each row.

At this time, a white person was already sitting in the first row, and the empty seat was most likely Pete Roger's, while Tawanna and Trevor were sitting in the second row, and there were

two people sitting in the third row.

After charlie Wade got in the car, he looked at the situation. When he met Tawana's eyes, Tawana was surprised and puzzled. She couldn't understand why charlie Wade came to join in the fun when she and charlie Wade didn't like each other.

When charlie Wade made eye contact with her, he was thinking that this woman and her boyfriend were now trapped in the middle. Except for the front windshield, the other windows of the car were all blackened, and the outsiders couldn't see the inside at all. If the four of them wanted to attack them in the car, they would have no chance at all.

Pete Roger said to the man in the first row, "Lucas, go to the last row and let him sit in your seat."

Just as the man named Lucas wanted to stand up, charlie Wade put his hand on his shoulder and pushed him back to his seat. At the same time, he walked towards the last row and said with a smile, "How can I let you give up your seat for me? I'll just go to the last row and make do!"

Pete Roger's heart tightened immediately. His plan was to let the two people in the third row attack Tawanna and Trevor as soon as the car drove out of the dome. The lethal dose of injection drugs had been prepared long ago. He only needed to stand up and stab and push the two people in the neck, and the two would die immediately within half a minute.

Originally, all this was effortless, but he never thought that charlie Wade, the troublemaker, would sit in the last row as soon as he came up. If he really let him sit in the last row, he could see the actions of all the people in front of him clearly. At that time, not to mention injecting drugs into them when they were not paying attention, it is very likely that charlie Wade would find out as soon as the syringe was taken out!

So, Peter Roger subconsciously pulled charlie Wade and said, "Just sit in the first row!" charlie Wade shook his arm, shook off his hand, and said impatiently, "I can sit wherever I want, why do you need to give me instructions?"
