

The amazing son in law - Charlie Wade Chapter 7191

The sudden shout of the ninja surprised everyone else.

What era is this? To shout that the other party is an immortal devil, this person must be a bit sick in the head!

Pete Roger, who was the farthest away, shouted angrily: "Hank! Kill them all! Damn, the Japanese are unreliable!"

The two people in the third row heard this, and their first thought was to push the medicine quickly and deal with Tawanna and Trevor first.

charlie Wade suddenly made a move at this time, grabbing the hair of the two killers from the left and right from behind, and then suddenly pulled them directly from the seats to the back row!

Under charlie Wade's huge force, the bodies of the two people were directly in a C-shape along the headrest of the seat. The lumbar spine was shattered during the deformation of the body. At the moment of falling, they had become high-level paraplegics.

The two people were dragged to the back row, and naturally there was no chance to push the liquid in the syringe again, so that Tawanna and Trevor could still keep their lives for the time being.

The two lovers looked at the syringes on each other's necks, and when they saw charlie Wade suddenly attacking the two people, they immediately realized that they were being assassinated, so they screamed in fear. At

this time, the two were already extremely panicked. In addition to crying and screaming, they couldn't even think of pulling the syringes out of their necks.

The two people sitting in the front row of Tawanna and Trevor, and Pete Roger in the co-pilot seat, never thought that such a determined hunt would turn out to be unexpected.

The two people in the front row almost turned around immediately, and at the same time reached out to grab the syringes on Tawanna and Trevor's necks, wanting to quickly complete the injection of the drug.

At this time, Peter Roger also realized that charlie Wade was a difficult target, so he immediately took out his loaded pistol and turned on the safety, wanting to kill charlie Wade as soon as possible, but charlie Wade was in the last row at this time, and there were two of his own people blocking him in front, so he couldn't finish shooting at all.

More importantly, the vehicle was now driving in the downtown area of Tokyo. Fortunately, the vehicle was very private, and the inside could not be seen from the outside, and the sound

insulation was also very good, but once he shot, the result would be hard to say. If the glass was broken, it would definitely attract the attention of the outside world, and it would be difficult to escape.

So, he immediately yelled: “Kill that Chinese first! Quick!”

As soon as the voice fell, the two people in the first row immediately rushed towards charlie Wade.

The ninja next to charlie Wade also recovered from the shock just now, swung his arm, and prepared to stab charlie Wade with the shuriken again.

His shuriken has been poisoned, and as long as it pierces the enemy’s skin, the enemy will surely die.

Facing these killers and ninjas who were not up to the task, charlie Wade was extremely calm. He grabbed the arm of the ninja next to him and lifted him up. The two people in the front row just arrived at this time, and charlie Wade used the ninja as a weapon to hit them.

The body weighing more than 100 pounds was wrapped in the huge force of charlie Wade’s attack and hit them directly. The two people could not resist at all. They were directly hit far back and then fell heavily to the ground. After falling to the ground, the two people felt that their ribs were completely broken. Not to mention struggling to get up, even pushing the ninjas away was as difficult as ascending to heaven. They almost lost their combat effectiveness instantly.

Pete Roger was stunned. He never expected that his five men were instantly relieved of their combat effectiveness by charlie Wade. Now there was only one driver left in the car besides himself. If he didn’t shoot at this time, he would probably die!

The amazing son in law - Charlie Wade Chapter 7192

So, Pete Roger immediately pointed the muzzle of the gun at charlie Wade, aiming at the crosshairs, wanting to shoot him dead.

Trevor saw Pete Roger raising his gun to shoot charlie Wade in the passenger seat, and subconsciously shouted: “Mr. Ye, be careful!”

charlie Wade smiled slightly, and pulled the syringe out of his neck at a very fast speed, and then threw the syringe directly to Pete Roger at a speed that was invisible to the naked eye.

Pete Roger had just aimed the crosshairs at charlie Wade’s head and was about to pull the trigger, but suddenly he felt a sharp pain in his wrist, and his five fingers loosened instantly as if they were electrocuted, and the pistol fell directly out of his hand. He looked at his wrist and was

immediately scared to death. The syringe filled with poison had pierced his wrist at an angle, leaving only the part that pushed the poison!

At this moment, charlie Wade pulled the syringe off Tawanna's neck again and strode to the front of the car.

When Peter Roger saw charlie Wade rushing over, he immediately leaned over to pick up the gun, but as soon as he lowered his head and didn't have time to see where the gun fell, charlie Wade had already arrived.

charlie Wade stabbed the driver's neck with another syringe without hesitation, and grabbed Peter Roger's right wrist with his other hand. The thumbs of both hands were placed on the bottom of the drug pusher, and he said coldly: "You two better be obedient, otherwise, I will inject the poison you prepared into your body."

The driver was so scared that he didn't dare to move, and hurriedly said: "Sir, please don't be impulsive, I will do whatever you ask me to do..."

Peter Roger also said in panic: "Sir...you...what do you want..."

charlie Wade said to the driver: "Find an intersection to get rid of other vehicles and drive the car back to the dome!"

The driver knew that saving his life was important, and immediately said: "Okay sir! I will turn left at the next intersection!"

Peter Roger said to him, "If you drive back, we will die! They won't let us go!"

charlie Wade said coldly, "Do you think I will let you go?"

Peter Roger gritted his teeth and said, "I'll die anyway, so I'd rather die in your hands!"

There was one thing Peter Roger didn't say. If he had to choose, being poisoned by charlie Wade now might be the best choice, because those people behind him were cruel and even perverted. If he fell into their hands, he would definitely die in the most painful way. In comparison,

it would be better to let charlie Wade give him a quick death.

The driver seemed to be enlightened by Pete Roger, and immediately made up his mind and said to charlie Wade: "Kill us, kill us, and take them away by yourself. We just want you to give us a quick death!"

charlie Wade probably guessed why the two were not afraid of death, so he said: "If you cooperate obediently, I will let Mitsui Yoshitaka save your lives. Japan is the territory of the Mitsui family. Those who remotely control you in the United States, no matter how long their hands are, can never bypass the Mitsui family to come to Japan and kill you."

Pete Roger asked him: “Why do you think the Mitsui family will protect us? We robbed and killed Tawanna on their territory today, under their noses. Once we succeed, the Mitsui family will lose its reputation all over the world. If he knows about it, I’m afraid he will want to kill us with his own hands!”

charlie Wade sneered: “I saved Tawanna from you, which helped the Mitsui family save its face and reputation and avoid being ridiculed and mocked by the whole world. If he doesn’t give me this little face, then he doesn’t deserve to be the head of the Mitsui family!”

The amazing son in law - Charlie Wade Chapter 7193

If Tawanna simply came to Japan for a concert and was murdered or disappeared before the concert, it

would be the Japanese Metropolitan Police Department that would be embarrassed in front of the whole world. However, if Tawanna disappeared from the Mitsui family’s party, then the Mitsui family would have to bear the blame.

Considering Tawanna’s influence around the world, if charlie Wade did not take action today and let Pete Roger and his gang succeed, the Mitsui family would become a laughing stock in the world and a sinner in the eyes of Tawanna’s hundreds of millions of fans. The impact on the reputation and business of the Mitsui family would be immeasurable.

charlie Wade believed that this incident would definitely make Mitsui Yoshitaka owe him a huge favor. He dared not say that he would obey him in the future, but at least he would respond to his requests.

Peter Roger was not a fool. He understood what charlie Wade meant. He thought carefully about the logic and it was feasible. If he failed, he would die even if he went back. If he did not cooperate with charlie Wade, he would die. If he was handed over to the Japanese police, even if he was not sentenced to death, he would at least be sentenced to life imprisonment. If his boss knew his whereabouts, he would not let him go. So he would still die.

Now his only hope of survival was to cooperate with charlie Wade. As long as charlie Wade said so, the Mitsui family would definitely save his life. If that didn’t work, putting him under house arrest would be much better than other options.

After thinking for a moment, Peter Roger immediately said to the driver: “Listen to this gentleman and drive the car back!”

The driver also thought this was the best choice. Seeing that Peter Roger accepted charlie Wade’s conditions, he finally breathed a sigh of relief and hurriedly said: “Boss, what about the other brothers?”

Peter Roger looked at Charlie Wade and said: "Sir, except for those ninjas in the other cars, the rest are brothers who have been through life and death with me. If we go back with you, they will surely die. Can we let them go with us?"

Charlie Wade asked him: "Do you think they will listen to you?"

"Yes!" Pete Roger nodded heavily and said, "They trust me unconditionally. They will do whatever I ask them to do. If they know that our operation has been disrupted by you, they will understand that I saved their lives."

Charlie Wade nodded and said, "Okay, you ask them to turn around and go back. I will contact the Mitsui family to make preparations. When they arrive at the place, all of them must lay down their weapons, get out of the car and surrender. Anyone who dares to resist, I will have them killed on the spot!"

Pete Roger said, "Don't worry, I will explain it to them clearly."

Charlie Wade hummed and said, "Okay, you communicate with them."

Pete Roger pressed the switch of the communicator on his ear and said, "Everyone, pay attention. We will turn around at the intersection ahead and return. Dome."

A question came from the communicator immediately: "Boss, why do you want to go back? ! We finally succeeded in bringing them out..."

Pete Roger said lightly: "The plan failed. We have a master in the car. The brothers have lost their combat effectiveness. Now is the downtown area of Tokyo. Even if you come together to kill us, it is impossible to succeed. Once the plan fails, what will happen to us? You should all know it very well. I don't need to say more. Going back now is the only chance to survive. If you don't want to go back, you can disband on the spot now. Everyone escapes and prays not to be caught. "

After that, he immediately said to the driver: "Turn around now, don't wait for their reply."

The driver nodded, immediately slowed down and turned around to drive towards the dome.

At this time, Tavana and Trevor came to the front of the car hand in hand, still in shock. Tavana looked at Charlie Wade with a complicated expression. Her tone was no longer as proud and domineering as before. Instead, she said timidly: "... Mr. Wade, I want to call my family and the embassy. It is such a serious matter, I must seek shelter from the embassy..."

Charlie Wade said expressionlessly: "No, go back and sit down."

Tavana couldn't help asking: "Why not? These people are killers. Such a serious matter should at least be reported to the Japanese police first, right?"

“No.” charlie Wade’s answer was still cold, and he said sternly: “From now on, this matter will be decided by me. Without my permission, you have no right to make any decision.”

“But...”

Tavana wanted to argue, but was interrupted by charlie Wade: “No buts, if you disagree, I will get out of the car and leave immediately. I don’t care how they treat you, and your life or death has nothing to do with me! What do you think?”

Tavana didn’t expect charlie Wade to be so domineering and didn’t give her any chance to choose. She subconsciously wanted to get angry, but when she thought of what had just happened, the anger disappeared instantly.

She also knew that charlie Wade had saved her and Trevor’s lives, but if she didn’t cooperate with him, once he gave up saving her, she would surely die.

So, she could only say angrily: “I... I agree...”

The amazing son in law - Charlie Wade Chapter 7194

“Okay.” charlie Wade nodded and said: “Remember what you said, everything is up to me.”

After that, he immediately took out his mobile phone and called Fei Kexin.

Fei Kexin was chatting with Claire. After receiving charlie Wade’s call, she immediately walked aside and asked in a low voice: “Mr. Wade, what do you want?”

charlie Wade said: “Someone in the car wanted to assassinate Tawana, and I have subdued them. I asked them to drive back now. You go and tell Mitsui Yoshitaka to clear all irrelevant people in the internal parking lot and strictly prohibit party members from coming out.”

Fei Kexin was startled, and immediately realized the seriousness of the matter, and hurriedly said: “Please wait, I’ll go now.”

After that, she hung up the phone and immediately walked towards Mitsui Yoshitaka.

At this time, Mitsui Yoshitaka had not yet realized the seriousness of the problem. His daughter Mitsui Xinmei always felt that something was wrong, so she asked him: “Odosan, why did those American agents take Tawanna away? I always feel that something seems to be wrong.”

Mitsui Yoshitaka smiled and said, “Hey Xinmei, you may not understand politics very well. Although Tawanna is a popular star, she has participated in many things that she should not be involved in with her status, and she also made the wrong bet. To borrow an old Chinese saying,

the winner is the king and the loser is the bandit. She is now a part of the 'bandit'. It is only a matter of time before she is liquidated.”

Then, Mitsui Yoshitaka said, “The winner himself has many dissatisfactions with her previous behavior, and has publicly stated that once he wins, he will... Initiate relevant investigations. In addition, he is a person who never waits for revenge. It is expected that he will immediately initiate an investigation into Tawanna. Maybe he has a lot of evidence unknown to the outside world. Once these evidences are brought out, Tawanna’s career may be over. “

Mitsui Xinmei pursed her lips, hesitated for a moment, and then said: “But father, if the other party is really a person who takes revenge, then at this time, why not bring Tawanna back to the United States for investigation? Once Tawanna is brought back to the United States for investigation before the concert, this matter will inevitably become a big news that shocks the world. In that case, it will also be a big blow to Tawanna. After all, breaking an appointment with tens of thousands of audiences is not a small matter in any country.”

“This...” Mitsui Yoshitaka seemed to be stumped by Mitsui Shinmei’s question, but he didn’t think there was anything wrong with his judgment, so he casually said, “Maybe it’s just to leave a way out for everything. Talk to Tawanna privately now. If Tawanna can turn from evil to good, it will be a good thing for him. Politics is inherently complicated, just like a top-level business war. Two companies were fighting to the death yesterday, but tomorrow the contract may be merged. You are still young, and you will have plenty of opportunities to experience it slowly in the future.”

Mitsui Shinmei hesitated for a moment and did not express any different opinions. Instead, she said, “Odosan, there are only three hours left before the concert starts. Why don’t you take the time to call the Ministry of Foreign Affairs and ask about the specific situation, and ask them to help find out when Tawanna can come back. It’s not a big deal if the performance is delayed by half an hour, but if it is delayed by an hour, some audiences may make trouble.”

Mitsui Yoshitaka smiled and said, “They just left not long ago and haven’t reached the embassy yet. Don’t worry. I’ll call the people from the Ministry of Foreign Affairs in half an hour and ask them to help find out.” “

Okay.” Seeing this, Mitsui Shinmei said no more.

At this time, Fei Kexin came to Mitsui Yoshitaka and whispered, “Mr. Mitsui, I have something urgent to tell you.”

Mitsui Yoshitaka immediately nodded and said politely, “Miss Fei, please go ahead.”

Fei Kexin glanced at Mitsui Shinmei and her mother and whispered, “Let’s move to the side to talk.”

Mitsui Yoshitaka saw this and guessed that the matter might be really important, so he quickly got up and came to the side with Fei Kexin.

Mitsui Xinmei quickly got up and followed. Seeing that she followed, Mitsui Yoshitaka hurriedly said, “Xinmei, Odoan and Miss Fei have important things to discuss, you don’t have to follow.”

Mitsui Xinmei hurriedly asked, “Miss Fei, Xinmei dares to ask, is it related to Tawanna?”

Fei Kexin saw that there was some worry in her expression, and knew that she must have noticed something, so she didn’t plan to avoid her. Seeing that there was no one else around, she said to the two of them, “Mr. Wade just called me, and the people in the car are all assassins sent by the United States to kill Tawanna Sweet!”

“Ah?!” Mitsui Yoshitaka’s expression instantly became horrified, and he blurted out: “This... How is this possible...”

Fei Kexin looked at his shocked expression, shook her head helplessly and said: “Mr. Mitsui, you are so lucky today. If it weren’t for Mr. Wade, Tawanna and her boyfriend would have become two corpses now. By then, your Mitsui family would probably be scolded by the media all over the world for several years. Tawanna’s fans would also boycott everything of the Mitsui family all over the world. As the head of the Mitsui family and the initiator of this party, you will become a rat crossing the street all over the world. In the style of the Western media, you will definitely be labeled as the shame of Japan. More than 100 million Japanese people will also be ashamed because of you. You will never be able to hold your head up in your life!”

The amazing son in law - Charlie Wade Chapter 7195

Mitsui Yoshitaka is not a stupid person, but he made a wrong judgment before, and his subsequent thinking pattern can’t help but continue to diverge on that wrong judgment.

It is precisely because of this that when his daughter Mitsui Xinmei questioned it, he not only didn’t care, but even instinctively refuted his daughter’s point of view.

But now after listening to Fei Kexin’s explanation of the situation, he suddenly realized how stupid the mistake he made this time was! After understanding

the interests, he was suddenly shocked and broke into a cold sweat. What Fei Kexin said was not an exaggeration at all. If Tawanna really died because of this, the reputation of the Mitsui family would be completely ruined! I’m afraid I will have to resign at that time, otherwise I won’t be able to give the public an explanation.

Moreover, although the social atmosphere in Japan is very hypocritical, everything is based on the premise that the dark side will not be exposed. Once the hypocrisy and filth of the dark side are made public, it will instantly make people become abandoned children of society, despised and even abandoned by the whole society.

Therefore, a situation often occurs in Japan: a boss or a company can make and sell counterfeit goods for decades, and the boss can make dirty money with a clear conscience, without any sense of guilt. However, once such a thing is exposed, the boss will often commit suicide under the scorn of the whole society.

Over time, Japanese society has developed a tacit understanding that if a person makes a big mistake, but chooses to commit suicide to apologize, then everyone can respect him as a man, and public opinion generally will not severely criticize him, and slowly the matter will be turned over;

on the contrary, if a person makes a big mistake but does not commit suicide to apologize, then everyone will think that he is not only a sinner, but also a sinner with a very thick skin, and will be despised by the whole society.

Therefore, those who make a big mistake and do not commit suicide are basically telling the whole society that I am shameless, and such people have completely given up their social value.

Under this kind of social atmosphere, if Tawana really died in Japan and was deceived by the killer in front of Mitsui Yoshitaka, even if Mitsui Yoshitaka did not commit suicide to apologize, he would have to give up the position of head of the family. The family would not allow him to continue to sit in this position.

Thinking of this, he was even more grateful to Charlie Wade, and hurriedly asked Fei Kexin: “Miss Fei, have Mr. Wade and the others returned?”

“They are back.” Fei Kexin said: “You should immediately gather all the security personnel of the Mitsui family, block the inside and outside, do not let outsiders enter the parking area, and do not let people in the party go out.”

“Hi!” Mitsui Yoshitaka bowed respectfully and said: “I will arrange it right away! Thank you Miss Fei and Mr. Wade for everything!”

Fei Kexin said: “Why thank me, I’m just a messenger. If you really want to thank me, wait for Mr. Wade to come and thank him well!” “

Of course!” Mitsui Yoshitaka nodded repeatedly, wiping the cold sweat, and said: “Miss Fei, I will arrange everything right away. Would you like to go out and wait with me?”

Fei Kexin said: “Let’s go together, but don’t disturb the guests.”

“Hi!”

Mitsui Yoshitaka was now like a grandson in front of Fei Kexin, and his status suddenly lowered by more than one level.

Mitsui Xinmei on the side hurriedly said: “Odo-san, Xinmei wants to go with you!”

Mitsui Yoshitaka hesitated for a moment and wanted to refuse, but when he thought that his daughter saw more clearly than himself, he said: "Then you can come with me."

Then, Mitsui Yoshitaka immediately summoned the bodyguards of the Mitsui family and asked them to guard the entrance and exit of the VIP parking lot. This place is semi-enclosed and located on the underground floor of the dome. The vehicles enter through a spacious underground passage, which is exclusively for VIPs and performance teams to enter and exit. The purpose is to guard the entrance and exit so that paparazzi and other irrelevant personnel will not see it.

The bodyguard team of the Mitsui family is very large. There are more than 30 people on the scene today. These people not only have to protect the safety of Mitsui family members and guests, but also maintain order on the scene. However, the more Mitsui Yoshitaka looked at these people, the more ashamed he felt. With so many people guarding and himself on the scene, he was able to let the liar cheat Tawanna away from here. If this were to get out, it would be a huge shame.

Although Mitsui Yoshitaka is not very professional, fortunately, the bodyguards are carefully selected. These people immediately made all preparations and were on high alert in case of any emergencies.

At this time, the Toyota bus drove back to the dome first.

Several security guards at the door still wore white gloves and stood in a row to bow and salute.

The driver drove the car directly into the dome, and the following cars followed.

Mitsui Yoshitaka looked at the returning convoy, and the whole person could not help trembling. On the one hand, he was afraid, and on the other hand, he was really angry.

He tricked people away and killed them in front of him, Mitsui Yoshitaka. Not only was he digging a hole on the head of Tai Sui Ye, but after digging the ground, he also dug a hole and shit on the head of Tai Sui Ye. It was more than a humiliation, it was simply a humiliation!

When the car stopped in front of Mitsui Yoshitaka and Fei Kexin, the door opened, Charlie Wade stood inside the door, turned around and called Tawana and Trevor inside: "You two get off first."

The two did not dare to delay, and quickly jumped out of the car as if escaping, with a look of shock on their faces.

There was a bloody hole on the neck of both of them, and the side was already a little black and purple, which was shocking to see.

Mitsui Xinmei hurriedly shouted: "Tawana, are you okay?"

Tawana saw Mitsui Xinmei, ran over and threw herself into Mitsui Xinmei's arms and cried: "Xinmei, you almost couldn't see me..."

Mitsui Yoshitaka hurriedly stepped forward to ask Trevor: "Mr. Kennedy, are you okay?"

Trevor nodded repeatedly, unable to hide his panic and said: "Thanks...Thanks to Mr. Wade, otherwise we would have died..."
