

# The Amazing son in law Chapter 7429

After charlie sent Stefanie sun back home, when he returned to the Wade family's old house alone, tonight's concert had completely dominated all social media at home and abroad.

On domestic Weibo, eight out of ten trending searches are related to it.

Moreover, there are actually four items related to charlie himself.

"Tavanna kisses mysterious male dancer"

"Who is the mysterious male dancer?"

"Searching the entire internet for clues about the mysterious male dancer!"

"Chinese swordsmanship can be so cool!"

charlie suddenly felt a little regretful.

If I had known that Tawana's concert would have such a great influence, I would never have agreed to her and Stefanie sun's request to get a backup dancer.

After looking at a few trending searches, I seemed to have become the mysterious person that the star-chasers and gossip lovers all over the world most wanted to dig out.

This is definitely not a good thing for charlie, who has always been low-key.

At this moment, in Aurous Hill, Claire also saw various news pushed on his mobile phone.

She herself likes Tawana very much, and she has established a certain personal relationship with Tawana some time ago. More importantly, her husband charlie is currently the Feng Shui Director in her team, so she is also paying special attention to Tawana's concert in Eastcliff.

When she saw these hot news, she also went in to watch the relevant videos. When she saw charlie, who was masked, in the video, her first intuition was that this figure looked very familiar.

After all, she and charlie have been married for many years. Although they have never made it to the final step, they have been together day and night for several years and are very familiar with each other.

charlie was on the stage, almost armed to the teeth. His entire body was covered. He was wearing assassin's armor, long boots on his feet, gloves on his hands, and the mask on his

face did not even reveal his mouth. And from his flowing ancient-style hairstyle, it was obvious that it was a wig, so even his original hairstyle was covered.

Under normal circumstances, it is difficult to be recognized.

But Claire always felt that this figure, this outline, this person's steps, and his every move, all had a sense of déjà vu.

At a certain moment, she was also wondering in her heart: "Why does this dancer look a bit like charlie?"

But the next second, she denied her own judgment.

She thought to herself: "charlie went to Eastcliff to be the Feng Shui Director for Tawanna. He shouldn't be allowed to dance on stage, right? Besides, I never knew he could dance with a sword. That dancer is very good at swordsmanship and looks very professional at first glance."

However, she felt something was wrong.

After thinking about it carefully, she asked herself a question in her heart: "Tavanna has never invited guests in so many concerts before, why did she invite Stefanie sun this time? It feels so strange."

"Besides, it seems that Stefanie sun also held the first concert of her school tour in Aurous Hill. She is from Eastcliff..."

Claire was confused for a moment.

I always feel like something is wrong, but I can't figure out what the problem is.

This was the first time she felt uneasy since she married charlie.

So she subconsciously took out her cell phone and sent a video call to charlie.

At this time, charlie had just finished washing up in the old house of the Wade family. He was not in a hurry to go to bed. Instead, he sat in front of his father's desk and looked through some of his father's relics and books.

He was a little surprised when he suddenly received a WeChat video message on his mobile phone.

Most of the people around him respect him and will not rashly send him video calls.

Claire and he also respect each other and don't post videos most of the time.

But when charlie opened his phone, he found that the video was actually sent by his wife Claire.

He was unusually nervous and for a moment he didn't know whether he should accept the video.

But she was alone outside. If she didn't answer Claire's video, she might think too much.

After thinking it over for a moment, he finally nodded to accept.
