

The Amazing son in law Chapter 7659

After taking a shower, charlie Wade sat on one side of the bed, covered with a quilt as usual. He habitually picked up his phone to deal with some remaining WeChat messages.

When Claire came out of the bathroom after taking a shower, charlie Wade discovered that she was wearing a light pink suspender nightgown. The nightgown was made of silk, and the shiny surface glowed softly. Her skin looked white and rosy because she had just drunk some wine. The contrast between the two made people even more stunned and amazed.

Although Claire was tall and slender, her figure was well-proportioned, with firm and full breasts. The neckline of her suspender nightgown was wide and low, making her breasts seem to be about to burst out. When they trembled slightly with her body in the nightgown, the swaying soft light of the nightgown became even more seductive.

The waistlines on both sides of the nightgown are tightened inward, showing off Claire's slender waist curve perfectly. This working woman who always wears professional attire on weekdays actually has an S-shaped curve that top models would envy, whether viewed from the front or the side.

Claire had bought this nightgown a long time ago, but had never worn it.

The reason she never wore it was because she always felt that the skirt was too revealing.

In fact, nightgowns are designed to be comfortable and not cover the body too much. Moreover, pajamas are worn at home or in the bedroom, which is a private environment. No one would wear them outside, so there is no question of whether they are revealing.

Claire's situation has always been different from that of others.

Other single women can wear pajamas however they want in their own boudoirs, or even not wear them at all.

Married women are naturally free in the bedroom between themselves and their husbands and do not have to worry about anything.

Claire was neither a single woman nor a married woman. Although she and charlie Wade lived in the same room, she always felt an indescribable embarrassment because they had never broken through the last hurdle.

So, even though she bought this nightgown, she didn't dare wear it at home.

But today is different. She spent a long time preparing herself mentally for today, so she brought this skirt out specially.

charlie Wade looked in a trance. Being young and full of vigor, he naturally felt a little excited at the moment, but out of respect for Claire, he couldn't stare at Claire all the time, so he suppressed the impulse in his heart and shifted his gaze to the phone.

Claire saw through his thoughts, she knew that charlie Wade was as nervous as she was.

So she reached out and turned off the main light in the bedroom, leaving only two dim lights at the head of the bed.

Then, she crawled into the bed on her side, lying flat on her back, her beautiful eyes staring at the ceiling without blinking.

A few minutes later, charlie Wade suddenly felt that Claire lifted a corner of his quilt from one side. Before he could come to his senses, Claire had squeezed into his quilt.

Claire's silk nightgown felt cool to the touch, but the exposed skin on her body was surprisingly hot. The double touch made charlie Wade's body stiffen instantly.

In his life, he had such close contact with women twice. One was when he was on the verge of death and was picked up from the hot spring by Lin Wan'er, and the other was when he lost consciousness and was hugged tightly by Helena.

Because of the special circumstances, he actually didn't have any clear memories of both times. But it was different with Claire beside him at the moment. charlie Wade felt that the touch of every inch of his skin was so clear, so real, and so impressive.

He didn't know Claire's motive for doing this, but subconsciously asked: "Wife, you...what are you..."

The words were already on the tip of his tongue, but charlie Wade still couldn't ask too directly.

They are in a legal relationship as husband and wife. If you suddenly ask your wife how she got into your bed, it will sound awkward and even more awkward to ask.

Claire also knew what he meant, and mustered up the courage to say: "charlie Wade, we have been married for so long, it's time to take it a step further, what do you think?"

charlie Wade was surprised and delighted, and said uncertainly: "Wife, didn't you say before that you wanted to upgrade little by little?"

Claire said shyly and ashamedly: "Actually, since I agreed to marry you, I should have been married to you. It's just that I was young and ignorant at that time. Although I didn't resist grandpa's arrangement, I always had some subconscious resistance in my heart. That's why we have maintained this abnormal relationship for so many years..."

At this point, she sighed and said to charlie Wade very seriously: "In fact, I have thought it through a long time ago and have thought about changing this situation. It's just that I set the tone at the beginning, and suddenly I have to change it. I am still a little reserved in my heart. But no matter

how reserved I am, I have to take this step. That's why I made up my mind to give myself to you today, just as a birthday gift for you!"

charlie Wade was silent for a moment, without taking any action, with mixed feelings in his heart.

Of course he loved Claire deeply.

But he always felt that Claire might not really love him.

It's just that the two of them living together for so many years have developed a family relationship between her and me, but although the family relationship has been developed, love has not been developed at the same time.

However, he never forced it.

Because when he first married, he felt that he was not worthy of her. didn't love him back then, but was willing to marry him when he was penniless. For him, he was already very grateful. The subsequent life together with such respect also made him develop a habit.

The Amazing son in law Chapter 7660

Later, although his strength continued to improve, he still did not dare to hope that Claire would fall in love with him, because he knew that if he did not love someone from the beginning, no matter how good the other person was, it would be difficult to cultivate love. Wasn't it the same with Stefanie sun? He treated her as a relative and a sister, and would even take all risks for her, including death. But if he really asked himself to marry her and have children with her, he would probably find it difficult to cross that hurdle in his heart.

Precisely because of this experience, in his heart, Claire should treat him the same way he treats Stefanie sun.

But he never expected that in the sixth year of their marriage, on the night of his 29th birthday, Claire would take the initiative to have s*x with him.

Claire, who was standing by, saw that charlie Wade didn't make any move at this time, and asked him with a guilty conscience: "charlie Wade, have you always just treated me as a family member?"

"No!" charlie Wade said immediately: "From the moment you married me, no matter how you positioned me in your heart, in my heart, I positioned you as my wife."

Claire felt a little aggrieved and asked him, "Then why don't you move at all? If you delay any longer, it will be past twelve o'clock..."

It was impossible for charlie Wade not to think about it, but he was a little worried that Claire was not 100% emotional, so he subconsciously asked: "Wife, you drank a lot of wine tonight, is it the effect of alcohol?"

"No!" Claire denied categorically, blurting out, "I made this decision before coming here, otherwise I wouldn't have brought this nightgown. We've been married for so long, when have you ever seen me wear such revealing clothes in front of you?"

charlie Wade thought about it for a moment, smiled foolishly and said: "I really haven't worn it..."

Claire was so embarrassed that she blurted out, "I've already taken the initiative, and you're still hesitating and asking questions. If I had known this would happen, I wouldn't have said anything!"

charlie Wade suddenly realized and quickly hugged her, saying softly: "I'm sorry, honey, it's all my fault. I was just afraid that you didn't think it through and made a hasty decision that you'd regret later."

Claire looked at him and said in a small but very firm voice: "I don't regret giving myself to you. If I really regret it, it's that I made this decision too late..."

After she finished speaking, she looked into charlie Wade's eyes and said emotionally, "Husband, the past is over. No matter what we missed in the past, all we have to do is seize the present, right?"

At this moment, charlie Wade realized that Claire's decision was well considered.

In addition to being touched, he was also full of desire for her.

After all, the couple had been married for six years, which was a normal thing between a couple, but they delayed it for six years due to various reasons.

Today is my birthday, and taking this belated step tonight seems to be the best outcome.

People often say that the best time to plant a tree is ten years ago, and the second best time is now. The same goes for love.

No matter what the reason for the delay in the past, it has already been substantially delayed. No matter how you look back, it is impossible to make up for it substantially.

And the best way to truly make up for it is to seize the present.

So, without any hesitation, charlie Wade turned over, gently pressed Claire under him, and kissed her red lips.

At that moment, Claire's body trembled slightly, and he responded awkwardly but enthusiastically.

It was the first time in six years of marriage that the two kissed each other so deeply.

charlie Wade's heart was full of love for Claire, and in Claire's heart, besides love, there was also the pain of impending farewell.

At this moment, the pain turned into an even stronger love, drowning her like a tide.

Everything that followed went smoothly as if it were a natural progression.

Claire's body was tense, her brows were slightly furrowed, and her fingertips were clasp ing charlie Wade's back. In the sixth year of their marriage, she truly became charlie Wade's wife.

And in the last few hours before she left charlie Wade, she gave charlie Wade her most precious thing.

No matter how charlie Wade had deceived her before, she completely forgave him at this moment.

Giving herself to him at the moment of parting was also a decision made by Claire after careful consideration.

She had already fallen deeply in love with charlie Wade when she first arrived. Even if she had to leave charlie Wade, she felt that she would never fall in love with another man in her life.

Secondly, she felt that she owed charlie Wade too much in the past six years of marriage, and the gap between her and charlie Wade was extremely large. The only thing she could give him in return was probably her wholehearted love.

It was at this moment that charlie Wade transformed into a true adult man.

After several violent storms and the clouds cleared and the rain stopped, he hugged Claire tightly, and a strong sense of unreality surged in his heart, and even an inexplicable uneasiness.

However, Claire in his arms seemed so real that it swept away all the uneasiness in his heart, and he hugged Claire tightly.

That night, for the first time in the twenty years since his parents were murdered, he slept soundly like a baby...
