

## The Amazing son in law Chapter 7661

charlie Wade slept soundly, but Claire beside him almost did not sleep all night.

After this night, she clearly realized how much she loved charlie Wade.

If they had taken this step earlier, the past six years of married life would have been filled with many beautiful memories, and they might even have had a child.

It's a pity that people never have the chance to go back.

The next morning, Claire received a WeChat message from Stephen Thompson using a pseudonym.

The content of WeChat is actually a collection of chat records.

The chat record was sent by a person with a female avatar. He first sent a few words: A Chinese man in his sixties was attacked on the streets of Melbourne, and the attackers were all local underage teenagers.

“These people are really too much. They beat an old man so badly that his head was bleeding and he had to be sent to the hospital for emergency treatment!”

This was followed by several pictures, including some pictures of passers-by, screenshots of surveillance footage, and even video clips. The pictures clearly showed Stephen Thompson being surrounded by these people and finally being besieged by them.

Stephen Thompson had almost no ability to resist in front of these young people. He was soon knocked to the ground, his face covered in blood and unconscious.

In the following photos, these teenagers fled the scene slowly, and Stephen Thompson was taken to the hospital by an ambulance called by passers-by.

Someone in the chat log asked the girl: “Holy crap! What’s going on? Why are you hitting people?”

The girl said: “The old man was walking normally on the streets of Melbourne when several local teenagers suddenly rushed out from the alley next to him and surrounded him, asking him for money to buy cigarettes. After being rejected by the old man, several people beat him up in broad daylight, knocked him to the ground, and stole his wallet and watch!”

“Damn, this is too much! How is the old man? Is his life in danger?”

“It’s still unclear. I heard that this old man just immigrated to Australia and has no relatives here. We local Chinese are trying to find a way to contact them for help.”

The chat history collection ended here. Claire was shocked because she could see that Stephen Thompson’s injuries in the pictures and videos did not look fake.

Considering that she had often seen these lawless teenagers in Australia attacking Asian immigrants on the streets some time ago, she realized that Stephen Thompson had personally intervened and created this news in the hope of attracting Charlie Wade’s attention.

While she was surprised, she couldn’t help but sigh in her heart that these old members of the Wade family were indeed loyal to Charlie Wade.

Then, she couldn’t help but ask Stephen Thompson: “Are you okay?”

Stephen Thompson replied: “Thank you for your concern, Madam Wade. It’s not a big deal. I’ll have to trouble you to find an opportunity and find a way to let the young master see these contents.”

“Okay!” Claire replied immediately.

Then she looked at the time. It was already 7:30 in the morning. She didn’t dare to delay and dragged her exhausted body out of the bed.

As soon as she got out of bed, she saw the bed sheet with bright red blood stains on the recliner beside the bed. Her cheeks instantly turned red to her ears. She still remembered that after the bed sheet was soiled last night, charlie Wade simply took it off and spread her quilt under the two of them.

She didn’t pay attention to these details at the time, and only now realized the embarrassing situation, so she quickly folded the bed sheet carefully before charlie Wade got up.

## The Amazing son in law Chapter 7662

Although her movements were very careful and gentle, they still woke charlie Wade from his sleep. charlie Wade opened his eyes and saw his wife packing the sheets. He couldn’t help but ask in surprise: “Wife, why are you packing as soon as you get up?”

Claire was startled by him and said hurriedly: “Ah, it’s okay, I just put it away, you wake up!”

charlie Wade nodded, sat up, opened his arms to her, and said, “Wife, I want to hug you for a while longer.”

Claire blushed and said, “Don’t hug me yet. When you wake up, get up and wash up. I’ll call and order some breakfast to be delivered to your room.”

charlie Wade said subconsciously: “Just go to the restaurant and have the buffet.”

Claire said shyly, “Then go by yourself. I’m sore, painful, and tired all over. I don’t want to bother with it at all.”

charlie Wade suddenly realized what was going on, so he quickly got up from the bed with a smile and said, “Then, honey, you go rest on the sofa for a while, I’ll call and order food.”

At this moment, charlie Wade felt that his life was extremely happy. The improvement in his relationship brought about by this qualitative change was simply earth-shaking.

After making the call, the hotel quickly delivered a breakfast cart to the room. The two sat opposite each other in front of the floor-to-ceiling window where they had eaten cake last night. Outside the window was a world of white. The snow on the road had been cleared, but thick snow still hung on the roofs, treetops, and many passing vehicles.

The weather, which had been warming up somewhat, suddenly dropped a few degrees today. charlie Wade sighed, “It’s so cold, it seems there’s nothing much to do in Eastcliff. Why don’t we go back early?”

Claire pursed her lips and nodded slightly, saying, “I’m fine with anything. I’ll listen to you.”

As she spoke, she started playing with her phone unnaturally.

At this time, the push notification was officially sent to her mobile phone.

Claire clicked it calmly, then frowned slightly and muttered to himself, “These guys are really going too far!”

charlie Wade had no idea at this time that his wife was treating him like a fish.

Hearing Claire muttering, he quickly asked: “What did my wife say? Which group of guys went too far?”

Claire said angrily, “A friend of mine who works in Australia sent me some screenshots of chat logs. A few teenagers in Melbourne, Australia, beat up a local Chinese elderly man. They beat him pretty badly. The key point is that he didn’t do anything; he just walked past them and they beat him up!”

charlie Wade didn’t take it seriously and sighed, “Oh, how should I put it? Even though the white leftists in Europe, America, and Australia are always shouting against racial discrimination, racial bullying still exists. This is especially true among those uneducated teenagers. Anti-Asian hatred is widespread among this group. This kind of thing has happened not only once but twice in Australia, but also in Europe and America.”

## The Amazing son in law Chapter 7663

At this point, charlie Wade couldn’t help but sigh, “I’ve seen children in war-torn areas of the Middle East use some very offensive words towards us Chinese. You see, they clearly don’t have enough food to eat, and they don’t know when their shacks will be blown up by bombs, yet they still have the leisure to discriminate against others. To put it bluntly, they lack education. Moreover, some people are not only uneducated, but are born bad.”

Claire nodded and said in agreement, “You’re right. Teenagers like this are uneducated and inherently bad. In addition, they are at their doorstep, so they are naturally xenophobic and fearless.”

“Yes.” charlie Wade shook his head helplessly: “I hope that overseas Asians can unite. When encountering such things, don’t swallow your anger and must defend your legal rights.”

Claire nodded slightly, looking at the phone and said reluctantly: "This old man is really pitiful. The news said that he just immigrated to Australia not long ago and seems to have no relatives there. Now he is seriously injured and hospitalized. I don't know how his condition is."

As she spoke, she pushed the phone in front of Charlie Wade and sighed, "Look how pitiful he was beaten..."

Charlie Wade subconsciously glanced at Claire's phone screen. Just one glance, and his whole body stiffened as if he had been electrocuted, and his pupils shrank suddenly!

He recognized at a glance that the old man with blood all over his face who was beaten in the picture was the former butler of the Wade family, Stephen Thompson, who had followed his father for many years and devoted himself to the Wade family!

At this moment, he was extremely shocked and anxious.

Although Stephen Thompson's sudden departure last time made him realize that Stephen Thompson might have other loyalties, he could be sure of one thing: Stephen Thompson absolutely had no intention of harming him.

On the contrary, he has gone to great lengths to protect himself over the years, and it is no exaggeration to say that he is a benefactor.

Ever since Stephen Thompson disappeared, although Charlie Wade wanted to find him very much, he never took action because he felt that Stephen Thompson must have his own difficulties in leaving, and there might be some hidden secrets that he didn't want him to know. He had to respect him and couldn't ruin his plan to leave quietly just because of his curiosity.

However, Charlie Wade never expected that Stephen Thompson would appear in Australia, and was even seriously injured by a group of damn teenagers in Australia!

He didn't know what had happened to Stephen Thompson, but he couldn't just stand by and watch.

After looking at these pictures, he became more and more angry, and his fists were unconsciously clenched.

In order to prevent Claire from noticing his intentions, he calmly handed the phone back, sighing, "I hope this old man is safe."

At the same time, he took out his phone and immediately created a WeChat group with Don Albert and Isaac Cameron. He then sent a message: "Butler Stephen was attacked by a group of teenagers in Melbourne. Old Chen, immediately arrange for the Wade family's staff there to verify and investigate. At the same time, book the earliest flight from Eastcliff to Melbourne today, and book a ticket for me as well!"

Then, he sent another message: "Don Albert, you should also check the fastest air tickets immediately to see if there are any direct flights from Nanjing. If not, check Eastcliff and Shanghai!"

Isaac Cameron replied, "How could Butler Stephen be in Australia? Young Master, please wait a moment. I'll follow up on this matter immediately. Also, if you're in a hurry, would you like me to arrange a private plane to go there?"

charlie Wade replied: "Don't arrange a private plane. Steward Tang has worked for the wade family for so many years. His identity is public to the Po Qing Society. Now that he's in trouble in Australia, we don't know if it will reach the ears of the Po Qing Society. If we take a private plane there again, it will be easy for someone with ulterior motives to find a connection. By the way, please inform the local staff of the wade family. This matter should not have been widely reported yet. It would be best to spend some money to bribe the local media to prevent them from reporting further!"

Don Albert replied at this time: "Master wade, I just checked, there are no flights from Shanghai to Melbourne today, but there are flights from Eastcliff this afternoon. I'm leaving for the airport now and will wait at Eastcliff Airport as soon as possible. When Mr. Chen takes the trouble to book a ticket, please book one for me too. I'll go with you!"

## The Amazing son in law Chapter 7664

After deciding to set off for Australia, charlie Wade began to think about how to make up a lie to Claire.

When I thought of this question, I subconsciously thought of the excuse of Feng Shui.

After all, this trick has been used for so long that not only has it gained experience, but it has also become very familiar to us.

Therefore, he specifically asked Don Albert to call him later, but the call should be made after he and Claire had booked tickets to return to Aurous Hill together. In this way, he could change his itinerary at the last minute, but he could send Claire to the airport first and feel at ease.

Then, he calmly exited WeChat, opened the ticketing app, and asked Claire: "Wife, when do you want to return to Aurous Hill? Let me check the tickets."

Claire was a little surprised. She had thought that after charlie Wade learned that Stephen Thompson was in trouble, he would tell her that he had to go out for a while.

Unexpectedly, charlie Wade actually asked to book a ticket back to Aurous Hill.

She wanted to ask charlie Wade whether he would go back alone or together, but after thinking about it carefully, she realized that she couldn't say that, as it would reveal her identity.

So, she casually said, "I'm fine with that. Don't you want to go back today? Then we can check out at noon and go to the airport. You can book the tickets. There are plenty anyway."

charlie Wade browsed the flight information and said calmly: "Wife, how about the one at three in the afternoon?"

The flight to Melbourne doesn't take off until 5:30 pm. charlie Wade can send his wife to the airport first. After confirming that his wife is on the flight back to Aurous Hill, he can go through airport security and customs and board the flight to Melbourne.

Claire didn't know what charlie Wade was up to, but she knew charlie Wade's character. When Stephen Thompson got into trouble, charlie Wade couldn't just stand by and watch, so he must be looking for an opportunity, a suitable opportunity to go to Melbourne.

So she said to charlie Wade, "Three o'clock is a good time. It won't delay our dinner when we get home. Honey, please book this flight."

"Okay!" charlie Wade breathed a sigh of relief and booked the plane ticket first.

At noon, the couple had lunch at the hotel in advance and then took a taxi to the airport.

The two printed their boarding passes, passed security, and went to the airline's VIP lounge to wait for boarding.

At this time, Don Albert played his role.

He called charlie Wade, and immediately asked impatiently after the call was connected: "Master Wade, where are you now?"

charlie Wade said casually: "My wife and I came to Yanjing to watch a concert and are about to take a plane back. Do you have something to talk to me about?"

Don Albert quickly said, "Master Wade, a friend of mine has had some problems with his house in the southwest. The whole family is having a rough time during the New Year, and they'd like to find a master to look at the feng shui. I wonder if you could be so kind as to come over and take a look?"

charlie Wade pretended to be embarrassed: "Oh, to be honest, my schedule has been quite full recently, and I don't plan to go out to read Feng Shui for people for the time being."

Don Albert pleaded, "Master Wade, this person is my sworn brother of many years, and we have a very good relationship. Please help me..."

Claire was right in front of him. Seeing that charlie Wade still had to act at this time, she was not angry, but felt a little sorry for charlie Wade.

It must be very tiring for charlie Wade to have kept so many things from himself for so many years, and to take care of his emotions and prevent himself from having any suspicions.

So, she whispered, "Honey, is Mr. Albert looking for your help?"

charlie Wade nodded. He turned up the volume of the receiver, so it was normal for Claire to hear it.

Claire took the opportunity to persuade him, “Just agree to Mr. Albert. He usually takes good care of our family and respects you very much. It’s better not to offend him with such a small matter.”

charlie Wade didn’t expect Claire to be so reasonable. He pretended to be embarrassed and said, “Don Albert has an urgent errand and needs to leave today. If I agree to him, I won’t be able to go back to Aurous Hill with you.”

“It’s okay.” Claire smiled slightly and said, “I’ll go back by myself. It’ll only take two hours anyway. When I get there, I can take a taxi or ask my dad to pick me up. You can go and do your business and don’t worry about me.”

charlie Wade had originally planned this, and when he saw Claire take the initiative to bring it up, he was naturally relieved, so he said: “Okay, honey, I will take you to the plane later. I won’t board the plane myself. Let Dad pick you up when the time comes.”

## The Amazing son in law Chapter 7665

“Okay.” Claire nodded, and suddenly felt a pang of sadness in his heart.

Originally, Stephen Thompson’s plan was for himself to leave from Yanjing and his parents to leave from Aurous Hill, but he didn’t expect charlie Wade to send him on the plane. It seemed that he had to go back to Aurous Hill first.

But no matter what, once I got on the plane, I would say goodbye to charlie Wade.

As a couple, their relationship will eventually come to an end here.

She was very reluctant in her heart, but for charlie Wade, she had no regrets.

She knew that if she stayed, not only would it not be of any help to charlie Wade, but it would also restrict charlie Wade’s hands and feet.

On weekdays, whenever charlie Wade wanted to go out, he would carefully make up a bunch of white lies, and because he was worried about himself, he would not stay outside for too long. Many things could have been done in one go, but because of his own ties, he might have to go back and forth several times and it might take a long time before they were finally completed.

After I left, he would no longer be bound and could concentrate all his energy on doing his own things, increasing his strength, killing his enemies and avenging his parents.

So, no matter what, I can’t hold him back anymore.

While Claire was feeling extremely sad, charlie Wade didn’t notice the subtle changes in his wife. He quickly informed Isaac Cameron and Don Albert on WeChat that he had made all the arrangements and would meet them at the airport in the afternoon.

Soon after, a VIP lounge attendant approached them and said, “Mr. Wade, Ms. Willson, our flight has already started boarding. Gate 63 is about a five-minute walk away. Please arrange your time accordingly.”

Charlie Wade nodded, thanked her, and then said to Claire: “Wife, let me take you to the plane first!”

Claire was extremely sad, but she could only pretend that nothing was wrong and stood up, holding back her tears and said to him: “Husband, you must pay attention to safety when you go out.”

Charlie Wade smiled and said, “Don’t worry, I’ll be back soon.”

Claire asked with red eyes: “You can definitely take care of yourself, right?”

“Of course.” Charlie Wade said with a smile: “Your husband still has some skills, don’t worry.”

Claire asked again: “Then will you miss me when you are not busy?”

“Of course.”

Claire said solemnly: “You must do what you said.”

For Claire, she can leave Charlie Wade, but she doesn’t want Charlie Wade to forget her.

Charlie Wade had never seen Claire so sentimental like today, and he felt strange for a moment, but when he thought about it carefully, Claire had just become his wife after all. It was normal for a girl to become sentimental after giving him the most precious thing.

So, he gently hugged Claire and promised: “Don’t worry, honey, no matter how busy I am, I will miss you. Wait for me to come back. If you miss me, send me a WeChat or video.”

Claire couldn’t control her tears, and they flowed out in an instant.

But in order to prevent Charlie Wade from getting suspicious, she could only cry and laugh and whisper, “I just let you succeed yesterday, and you’re leaving today. I feel really reluctant to let you go.”

Charlie Wade deliberately asked her: “It’s just that you can’t bear to let go?”

Claire was startled for a moment, then realized what was going on. She said shyly, “You...how did you suddenly become such a bad person!”

Charlie Wade felt wronged: “No way, I didn’t say anything...”

“You still say no.” Claire muttered, “Although I don’t have much experience, I’m not a fool.”

Seeing that he was exposed, Charlie Wade did not make excuses, but just laughed.

Claire wasn't really angry, so seeing charlie Wade acquiesced, she didn't pursue the matter further. She just hugged him tightly and said reluctantly, "In short, take care of yourself when you go out. At any time, physical health and personal safety are the most important, okay?"

"Okay." charlie Wade agreed readily. Feeling Claire's reluctance to leave him, he was moved and said, "I'll rush back as soon as I finish my business!"
