

The Amazing son in law Chapter 7758

That is, after Charlie Wade avenges his parents, he still has me as his wife in his heart. If he doesn't despise me, I will naturally be willing to live with him for the rest of my life.

Of course, if he regained his identity as the young master of the Wade family and stepped back into the spotlight and no longer looked down on me, I would definitely not disturb him or cause him trouble.

No matter what, I will wait for him here. Whether I can wait for him or not will be left to fate.

Ning Xiaolong, who was standing by, stepped forward at the right moment and said respectfully, "Please follow me around to show you around. I have a lot of details to share with you three, and some staff are waiting over there."

Elaine couldn't wait and said quickly: "Let's go, let's go now! Explain it to us!"

Ning Xiaolong took the three of them into a four-seater golf cart and took them around the island.

The hardware on the island was far better and more detailed than what they saw. The south side of the island was designed as a golf course, and the lawn was extremely well maintained, not inferior to professional competition venues.

In addition to the golf course, the outdoor tennis courts are also of top standards. Ning Xiaolong also introduced to the three people that there is a professional swimming pool, gym, billiards and table tennis on the basement floor of the villa.

The more Jacob and Elaine listened, the more they couldn't stop smiling. Claire, on the other hand, felt more relieved. She herself could endure this kind of isolated life, but she was afraid that her parents would not be able to bear it and would do something. The better the hardware here, the less likely they would cause any trouble.

There are many staff members on the entire island. Most of these staff members are young women. They look like very professional butlers and maids, but in fact they are very professional bodyguards.

Ning Xiaolong brought the three of them to the villa area. Because this villa covers a large area, it is built in a magnificent manner and is far from comparable to the villas in the city.

Jacob and Elaine were surprised to see a middle-aged woman and more than ten young ladies waiting in line here.

Everyone greeted the three people respectfully. Ning Xiaolong first introduced the middle-aged woman to them: “Mr. willson, Mrs. willson, Ms. willson, this Xu Lili is the person in charge of the villa and also my wife. She will be responsible for taking care of your daily life, food, and daily living in the villa.”

Xu Lili looked to be around forty years old. Although there were some fine lines at the corners of her eyes, she looked very capable and efficient.

She stepped forward and said with a smile, “Mr. willson, Mrs. willson, Ms. willson, my team and I will do our utmost to serve you three. We will operate a three-shift system to ensure that someone is on duty 24 hours a day. Your rooms are equipped with special pagers. If you need anything, please notify us at any time. We have a weekly supply resupply. If you need anything, please list it on the list and we will arrange the procurement and dispatch.”

She added, “Because we’re quite remote here, there may be a delay in meeting your needs. Generally speaking, the items you need will be delivered in two to three weeks.”

Elaine quickly asked: “Can we use mobile phones here?”

Xu Lili shook her head and said apologetically, “I’m sorry, Mrs. willson. Mr. Wade has instructed that he and the three of you are currently under investigation. Therefore, your specific movements must not be disclosed to the outside world. Therefore, you three must not use mobile phones, computers, or other devices that can communicate with the outside world, so as not to be located by the professionals.”

Elaine immediately gave up the idea of using a mobile phone and blurted out: “Forget it, we don’t use mobile phones or computers!”
