

The Amazing Son in Law Chapter (Charlie Wade)

Chapter 2602

Charlie said: "It's not necessary, I am calling you, I want to ask you about something."

Doris Young quickly said: "Master, you are too polite, if you have any questions, just say, I will do everything. I can answer for you."

Charlie said: "I am interested in trying the ocean shipping industry. It just so happens that the Ito family in Japan can provide a lot of resources and help. I have more funds in my own hands, so I want to find opportunity to do this business."

"But the problem now is that I can't find a suitable person to take charge of this project. I want to ask if you have any good ideas, or can you temporarily put this piece of business Bring up business;"

"If I can, I will never be stingy with salary, and I will definitely give you a satisfactory explanation."

After listening to this, Doris Young said very seriously: "Master, if you need, I can do anything for you. Things..."

Speaking of this, Doris Young hesitated for a moment, and then said: "But for a large project like ocean transportation, if you do it casually, the start-up capital will cost tens of billions. It really matters a lot... .."

"Although I did a good job at Emgrand Group, I am mainly responsible for commercial real estate development projects. One is that I don't know the ocean shipping industry, and the other is that I don't understand international trade rules.

"In particular, I don't understand the import and export trade regulations and tax-related policies of other overseas countries. If you ask me to deal with this project, it may take a long time for me to understand these conditions clearly, and then build the team. If this is the case, the preliminary preparations may take several years..."

Charlie heard this and already understood what Doris Young meant, so he asked her, "Then you suggest me to find a professional counterpart?"

"Yes." Doris Young explained: "Ocean shipping industry needs to connect with mainstream trading countries in the world."

"The closest is Japan and South Korea, followed by oil producing countries in the Middle East and Australia, and then Europe and North America;"

"This is just what I'm talking about. Although the single demand of other second-tier countries is not large, the total amount is still very huge;"

"If you want to do this business, you must first The country's policies are well understood, and there must be certain local resources to quickly connect with the local government and ports."

"So, this must be done by very professional people."

Charlie asked her: "Then what do you have? Can you recommend someone?"

“This...” Doris Young thought for a while and said: “To be honest, I really have a very ideal candidate, but I don’t know if he wants it or not.”

Charlie is busy. “Who is it? If it’s really suitable, I can talk to him.”

Doris Young seriously said: “he was a professor when I was studying in the United States. He resigned and came to Aurous Hill some time ago and taught at Aurous Hill University of Finance and Economics. “

Charlie was startled and blurted out: “Is the person you talking about called Hank?!”

Doris Young exclaimed: “Master, do you know Professor Hank?!”

Charlie smiled and said, “I just met last night.” , But I didn’t have much contact with him.”

Doris Young hurriedly said: “That’s great! Professor Hank is really amazing!”

“He is a high-achieving student in economics and management. Before going to teach at MIT, he was in Silicon Valley. Worked, and then went to Wall Street. The companies

he worked for were all Fortune 500 companies, and the positions were very high;” “He has an impeccable work experience for 20 years. Later, because of a little change in his family, he I resigned from Wall Street and went to teach at the Massachusetts Institute of Technology.” After

that, Doris Young continued: “Master, based on what I know about Professor Hank, there should be no second managerial talent like him in China! “

“Moreover, he has served in overseas multinational groups for many years, flying around several continents all the year round, knowing well the policies of the world’s major trading countries, and there are many local resources everywhere;”

“If you can convince him to join, then yours The business will be able to start in the fastest time and maintain rapid growth!”
