

The Amazing Son in Law Chapter (Charlie Wade)

CHAPTER 2617

Your daughter?

Charlie was a little surprised at once.

At this time, Hank introduced: "My daughter is about the same age as you. She just graduated from Stanford Doctorate last year and has been working for Goldman Sachs Capital on Wall Street. I was a little bit rebellious and rebellious. She didn't listen to what I said.

Charlie couldn't help asking him: "Professor Hank, if I want to cooperate with your daughter, can she agree?"

Hank hurriedly said, "I am Isn't she just persuade her, the domestic economic development momentum is so good now, it is much stronger than the United States and Europe, in terms of development potential, it must be much better than abroad, she is somewhat moved now, but it has a relationship with me. I am nervous, so my mouth is very hard. I think if you talk to her, she should agree.

With that, Hank hurriedly added: My daughter dare not say that she is a genius, but she is indeed very spiritual in finance and management. If you can convince him to help you, then I can help her behind her back. At that time, it will be the two of us, father and daughter, helping you do things together, and I will never show up myself, and only make suggestions and do not violate the oath.

Charlie was overjoyed when he heard this.

It was originally hoped that Professor Hank would be taken down, but according to this situation, it is definitely impossible for Professor Hank to directly help.

However, if he can really persuade his daughter to agree to join, then not only will Professor Hank be able to help, but also her daughter will be such a high student.

No matter how you look at it, it's a very cost-effective thing.

So Charlie hurriedly asked him: "Professor Hank, I don't know where your daughter is now?"

Hank sighed and said: "She is now in Syria or

Syria?!" Charlie exclaimed and blurted out: "I heard that place one day. In the evening turmoil, what is she going to do as a girl with nothing to do?"

Hank sighed, "Hey, when I say this, I get angry. This stinky girl always opposes me everywhere. I let her come to China. After all, China has the most potential and is also the safest. There were various shootings in the place all day long. Walking on the side of the road would happen to be hit by bullets, but when this girl heard what I said, she immediately teamed up with a few classmates to go to Syria and said she was going. Really experience the cruelty of war, and then come back to start an anti-war charity fund

. Hank said helplessly: You said, isn't this just trying to get along with me?"

Charlie nodded and said with a smile: "So to speak. , Her character is indeed a bit rebellious.

"It 's not just a bit!" Hank said uncomfortably, "Do you know what the most annoying thing is?"

Charlie asked

puzzledly : "What is it?" Hank just wanted to speak, but for a moment he was a little bit hesitant and stopped.
