

# The Amazing Son in Law Chapter (Charlie Wade)

## CHAPTER 2636

After speaking, he completely collapsed and lay on the ground all of a sudden, crying.

Hank was also taken aback.

He always thought that Charlie was deliberately angry with the old man, but he didn't expect that Charlie would become a confession.

He hurriedly asked Charlie: "What's wrong with

Charlie? Charlie shrugged helplessly: "That's how it is, judging from his face and hexagram, he shouldn't have anything. Son, in the end he had three more, which was obviously wrong, but now the case has been solved, he does not have a son.

Hank couldn't help asking, "Can you really see the

facts with fortune-telling so accurate? This is amazing, right?" Charlie stood up, and while pulling Hank into the distance, he whispered: "Uncle Hank, In fact, I was deliberately teasing him just now. I didn't expect my crow's mouth to be said to be right."

"Ah?!" Hank said dumbfounded: "Can this be said to be right?!"

Charlie smiled and said, "Blind cat I met a dead mouse! What's impossible."

Hank asked again: "Then what did he say about the difficult things in

Qiuqiu? Charlie waved his hand: "That's all he is talking about. Don't take it to heart.

Hank breathed a sigh of relief when he heard this.

He also found that the old fortune-telling man was indeed a big fool.

Therefore, the tension in his heart was immediately relieved a lot.

Charlie remembered the hexagram he had just made, and said to Hank: "Uncle Hank, if you have time in the afternoon, pay more attention to the news about the situation in Syria. Ziva joined the government forces in military operations, so I believe that their safety is also guaranteed. If there is any accident, there should be some relevant clues in the news.

Hank nodded in agreement, and said: "What you said makes sense, then I will pay more attention to the local news. I have some media friends who are close to each other, and they can speak well in major media companies. Major media should have war reporters and news networks. I asked them to help me follow first-hand information.

Charlie hurriedly said: "If there is any news, you should tell me as soon as possible.

"Okay!

Charlie checked the time and said: "Uncle Hank, go back to school, and I'm leaving.

Hank pointed to the old man lying on the ground crying in the distance, and said with some sympathy: "What about this old man?"

Charlie said helplessly, "I can't help him. He has no son. He changed one. Let him digest this

matter slowly. Hank sighed helplessly, and said, "That's OK, then I'll leave first. We must keep in touch today, no matter who it is. If you have any information, you can exchange it with each other as soon as possible."

"No problem. After

watching Hank cross the road, Charlie couldn't help but sighed and muttered sadly: "I always feel that Ziva Hank's accident is imminent and there is no time left for her. It's too much, but how can I save her? I-I don't know where she is, and I don't know how to go to Syria".

"You know, Syria is now full of wars! The situation is too turbulent, any city in the country, There are no direct flights to this country.

"There is even news on the Internet that Syria's civil aviation system has already been completely stopped. Maybe you have to fly to a neighboring country first, and then find a way to enter the country by land.

" "In that case, the time spent on the road is at least For more than 24 hours, if there is any danger, there is no time to react at this time.
