There are various shootings in the U.S. all day long, and it will lead to several, even dozens of innocent people.

Civilians died, you still said that no one would dare to kill a U.S. citizen at will. Don't you feel contradictory?

Chinese boy blushed and retorted with a thick neck: "Those things you said all happened in China! No! What happened overseas! How can you count what happened here?"

Charlie smiled and asked, "What do you mean, what happened here is contradictions among the people?"

"That's right!" The Chinese boy immediately agreed and said: "It's the contradiction among the people!

Charlie was not sure whether Ziva Hank really believed in his identity,

so he took out his mobile phone and opened the dialog between him and Ziva Hank from WeChat, then turned the screen to her, pulled up the chat log, and said

Said : "This kind of chat record can't be forged, so you believe my identity?" Ziva Hank said almost without hesitation: "I believe it!

The Indian kid couldn't help exclaiming: "This is impossible! Even if you are really Chairman Wade, you cannot rush to Syria from Eastern China in such a short time!

" Yes! Ah!" The Chinese kid also said: "This is not logical! Even the fastest civil airliner can't do it!"

Charlie sneered and asked: "You two are the best, I ask you, you guys What is the fastest civil airliner known? The

Chinese boy blurted out with a proud face: "Of course I know! I have a deep research on aircraft!

The fastest civil airliner currently is the Gulfstream G650 business jet! This aircraft is used It is the engine of Rolls-Royce in the United Kingdom.

It is powerful. Its flying speed can reach Mach 0.95, which is 95% of the speed of sound! But it is also one of the most expensive business jets in the world.

I can afford it!

Charlie applauded: "You are really a damn good material for learning.

It seems that you must be very good at memorizing the text. I used to see all kinds of keyboard car gods who didn't even have a driver's license on the Internet.

Encountered a keyboard machine god." The

Chinese kid said angrily: "Don't be sneered here! Even if you are really sitting on the Gulfstream G650,

it is impossible to arrive in Syria in such a short time! So you must be hiding something. An unspeakable secret!

Charlie smiled: "I'm sorry, I really didn't come with a G650.

Speaking of this, Charlie put away his smile and said calmly: "I'm here on the Concorde."
