

The Amazing Son in Law Chapter (Charlie Wade)

Chapter 2693

2693

When the sky in Aurous Hill just turned white, the Concorde airliner that Charlie and Ziva Hank took finally landed at Aurous Hill Airport.

After the plane landed, Charlie, Ziva Hank and Isaac Cameron took the helicopter arranged by Isaac Cameron and flew directly to Shangri-La Hotel.

Not long after the plane took off, Charlie asked Ziva Hank's opinion and asked her if she would like to meet with Hank immediately.

If she wanted to, Charlie could call Hank directly using the satellite phone on the plane and tell him the news that Ziva Hank had been rescued. Let him meet Ziva Hank at the airport as soon as possible.

However, after careful consideration, Ziva Hank felt that his whole spirit and spirit were relatively decadent.

He wanted to take a break, at least take a bath and change into clean clothes before meeting his father.

So Charlie decided to take her to Shangri-La Hotel to settle down first, and then give her a few hours to rest.

When her condition was almost adjusted, he would go to Aurous Hill University of Finance and Economics and give Hank a surprise.

As for Charlie himself, he did not expect that this time to save Ziva Hank, it only took more than ten hours from start to finish.

Originally, he mentioned to Claire that wanted to go out of town.

If he went home early in the morning, how much more would it be? It didn't seem a little weird, so he planned to also go to Shangri-La Hotel and let Isaac Cameron arrange a room for himself to rest.

In Syria last night, he used Reiki as a psychological suggestion one after another, so that the Reiki in his body was already extremely scarce, which really made him feel more or less tired.

By the time when the sun is rising, Charlie's helicopter had landed at Shangri-La Hotel.

After getting off the plane, Charlie said directly to Isaac Cameron: "Isaac, arrange a room for Miss Ziva.

We both need to rest. In addition, you have to toss about it all night. Go back to your office and also take a good rest. Right!"

Isaac Cameron hurriedly said: "Good young master!"

After that, he immediately asked his subordinates: "Is the presidential suite still available? If it still available, the young master would like to rest there immediately!"

The other party immediately replied: "Sir Isaac, our presidential suite was booked by Mr. Ito from Japan, don't you remember?"

Isaac Cameron slapped his forehead and blamed himself: "Look at my brain!"

After that, he said to Charlie again: "Master, the entire East District where the Presidential Suite is located has been rented by Ito Takehiko,

or you can go to the West District Executive Deluxe Suite to rest."

Charlie frowned and said, "Don't Zara and her mother and daughter live there, and Xion, to be on the safe side, I still don't go there, so I don't get any monster moths. Just arrange an ordinary one for me. The room is fine."

Isaac Cameron hurriedly said: "Then I will arrange for you and Miss Ziva to live in the luxurious suite on the second top floor for the time being!"

Charlie nodded slightly: "Okay."

Soon, the staff prepared two suite cards.

They opened two luxurious suites on the second top floor for Charlie and Ziva Hank.

Their rooms were door to door, with only one passageway.

Isaac Cameron personally escorted the two to the door of the room.

Before Charlie swiped his card to enter the door, he said to Ziva Hank: "Miss Ziva will take a good rest.

I will send you to Aurous Hill University of Finance and Economics."

Ziva Hank nodded lightly and said gratefully: "Thank you, MR. Wade."

Charlie waved his hand: "You don't need to be so polite. In the future, everyone will have to deal with each other."

Ziva Hank replied and said, "MR. Wade, then I will go in and take a rest."

Charlie nodded: "Go ahead."

Ziva Hank looked at Isaac Cameron on the side again and said gratefully: "Mr. Isaac, thank you very much."

Isaac Cameron said without hesitation: "Miss Ziva is too polite, this is what I should do."

Chapter 2693/2

Seeing Ziva Hank entering the room, Charlie opened the door of his room.

Isaac Cameron saw that they both went back to the room to rest, so he immediately returned to his office.

Charlie entered the room, the first thing was to lock the door, then took off all his clothes, stepped into the bathroom, and took a cold shower.

After cleaning himself, Charlie sat on the bed, feeling the spiritual energy in his body, and seeing that the spiritual energy was almost exhausted,

his heart was also very painful.

At the beginning, he discovered the existence of spiritual energy in the piece of peace and wealth that he bought from Dr. Simmons.

It's a pity that the aura in that stone has been absorbed cleanly by me. Since then, although I have seen many treasures of heaven and earth,

I have never encountered anything that contains aura.

Moreover, among the high-rise buildings in this city, there is almost no trace of aura, and it will take at least a few months to replenish the aura.

This also gave him a sense of crisis in his heart.

Reiki is fast to use, but it is far from easy to accumulate.

If there is no lasting and effective way to replenish Reiki, I am afraid it will be more difficult in the future.

Thinking of this, he couldn't help but recall the content of the "Nine Profound Sky Classics" in his mind.

In the "Nine Profound Heaven Scriptures", a kind of pill that is higher than the rejuvenating pill, called Peiyuan Pill, is recorded.

Regardless of the name of the Peiyuan Pill, it seems that it is not as arrogant as the Rejuvenation Pill, but this kind of medicine is directly higher than the Rejuvenation Pill.

Rejuvenation pills can make ordinary people live longer and resurrect from the dead, but it does not contain aura.

After all, aura is the most refined and pure energy between heaven and earth.

It is the most powerful kind of power.
