The Amazing Son in Law Chapter 2742 (Charlie Wade) part 1

"Do you know where my dad's office is?"

I haven't been here once."

Charlie nodded: "I know, you can just go with me boldly."

At this time, Hank was pacing back and forth in his office.

The only daughter is far away in Syria,

life or death is uncertain, he is naturally very worried, and Charlie has not replied any clear progress,

he does not know whether his daughter can escape this disaster.

Because of the worry in his heart, Hank repeatedly lost his mind and made mistakes during class today.

He felt that his spirit had been strained to the limit. If there is no news from his daughter today,

he can only ask for leave from school temporarily, and then go to Syria in person.

He also knows that he is unable to save his daughter, and may not even be able to reach the

place where his daughter is detained, but he still hopes that he can be closer to his daughter in space.

In that case, he can find a little Consolation.

Just when he was agitated, a knock on the door suddenly rang.

His chaotic thoughts were forcibly interrupted,

so he could only walk to the door and stretched out his hand to open the door.

As soon as the door opened, he saw a young and fashionable woman standing outside,

but the woman was wearing a mask. He did not see her looks, so he asked in surprise:

"Hello, what can I do with you?" "

Hank did not recognize the daughter standing in front of him.

This is not to say how strange he and his daughter are,

but in his memory, his daughter Ziva Hank did not

wear such fashionable and feminine clothes.

The usual Ziva Hank, although she is not a tomboy,

she always wears simple and plain clothes and rarely wears skirts. Because she graduated from Stanford University,

her style of dressing is almost the same as those of Silicon Valley programmers.

Summer is a T-shirt. Pair it with jeans. In winter, it's a sweater and down jacket with jeans.

And the girl in front of me, at first glance, is the kind who is very elegant and cares about her dress,

and she is in line with Ziva Hank's style day by day.

Besides, he didn't think about his daughter at all. After all, in his subconscious,

his daughter was in Syria, thousands of kilometers away, and it was impossible for

him to suddenly come to him.

Ziva Hank didn't expect that his father really didn't recognize himself.

She stared at Hank up and down, and in addition to surprise, she also had some hints in her eyes.

However, Hank was not in that mood at all, carefully trying to figure out the meaning in her eyes.

Seeing the girl in front of him staring at herself but not speaking, Hank didn't have the patience to

continue spending here, and directly said: "If there is nothing wrong, please go back."

After speaking, he closed the door directly.

Ziva Hank outside the door was stupid.

I didn't even dream of it. Dad couldn't recognize himself just by wearing a mask.

Not only could he not recognize himself, but he closed the door.

Charlie, who was leaning on one side of the wall,

looked at her with a smile at this time, and asked in a low voice: "How's it going, have you taken it?"

Ziva Hank said angrily: "It's a big deal to invite you to dinner tonight!"

Charlie waved his hand: "Not tonight. I have to go home tonight. My wife is still waiting for me at home."

Ziva Hank asked in surprise: "You... are you married?"

Charlie nodded: "I have been married for four years."

Ziva Hank suddenly felt a little empty in her heart,

but she adjusted it quickly and said, "Well, I will talk about the meal another day. Anyway,

I will stay in Aurous Hill to work for you in the future, and I can honor the bet at any time."

Charlie smiled slightly: "Okay, remember this meal first."

After all, he pointed to the door of Hank's office and smiled: "Would you like to give your dad another chance?"

Ziva Hank raised his hand in anger and knocked on the door again.

Tuk tuk.

Hank inside was obviously a little irritable. He opened the door with a bit of sullenness.

Seeing that it was still the girl, he asked, "What is the matter with you?"

Ziva Hank stomped angrily, took off the mask directly, and blurted out:

"Hank! You can't even recognize your biological daughter?!"
