

The Amazing Son in Law (Charlie Wade)

After Charlie sat down next to Hank, Hank looked at the opposite Ziva Hank and said, "Ziva, there are only three of us.

Why are you sitting so far away? Sit here."

Ziva Hank said embarrassingly: "I'd better sit here. With such a big table, it's awkward for three people to sit next to each other."

Hank shook his head helplessly, and said, "Well, it's up to you."

With that said, he asked Charlie: "Charlie, can you drink two glasses?"

Charlie smiled and said, "I'm fine, it depends on whether you still have a job in the afternoon, Uncle."

Hank smiled and said: "There is no class in the afternoon, so I plan to take a half-day vacation with the yard.

It happened that we had two drinks at noon, and then I took Ziva home to rest and rest. She finally came back.

I can't take it. She threw it down and went to the yard."

Charlie nodded and said: "Indeed, Ziva has not suffered less during this period.

I really have to take a good rest these two days.

If this is the case, I will accompany you to drink two cups at noon.

I will have dinner later and let Don albert, drive you and Ziva home."

Hank smiled and said, "Well, then let's open up and have a few drinks!"

At this time, Don Albert just opened the door and asked Charlie: "Master Wade, the cold dishes are ready, can I serve it first?"

Charlie hurriedly said: "Come on, and two more bottles of Moutai by the way. I will accompany Professor Hank to drink two glasses."

"Good!" Don Albert agreed without hesitation, and said:

"The hot dishes will be arranged directly for you according to the specifications of the diamond box."

Charlie waved his hand: "Don't be so extravagant, the dishes in your diamond box are for twenty people,

and we are only three of us. How can we finish eating so much."

Hank also hurriedly said: "Let's eat whatever you want, but don't be too extravagant and wasteful.

Now the whole country is promoting diligence and thrift. We must also respond to the call to eliminate waste.”

Charlie had a clever move, and said: “Professor Hank, or you can go to the back kitchen and see if you are interested,

let the chef arrange it on the spot. For the three of us, it’s almost enough to order four dishes and one soup. .”

Hank hurriedly said, “No, no, I’m not picky, I can just eat anything.”

Charlie smiled and said: “It’s true that I have a choice syndrome, so I still ask you to check it out and choose a few dishes.”

Don Albert on the side was confused when he heard it, and he thought to himself: “Master Wade, what kind of medicine

is sold in this gourd? If I want to order, can I just bring up the menu? Why let this hehe? How about the professor going to the back kitchen to see?

Generally speaking, most restaurant back kitchens refuse to be visited by customers. Heaven Springs has never had this operation process.”

Just as he was wondering, he suddenly caught sight of Ziva Hank, who was sitting across from Charlie with a shocking look,

but with a slightly frowned brow and a sad expression, as charming , and suddenly understood in his heart.

“It turns out that Master Wade wanted to distract Professor Hank and stay with his daughter alone...”

Thinking of this, Don Albert quickly said to Hank: “Professor Hank, you are Master Wade’s distinguished guest.

Of course you have to decide what to order.”

After speaking, he directly made a gesture of invitation and said respectfully:

“Professor Hank, please move to the back of the kitchen,

I will introduce you to our specialty dishes of Heaven Springs!”

When Hank saw this, he felt that his hospitality was difficult, so he had to agree and said:

“Okay, then I’ll be more respectful than fate!”

Immediately afterwards, Hank left the box with Don Albert.

As soon as the two of them left, Charlie looked at Ziva Hank, and said in a slightly embarrassing manner:

“Well, Ziva, isn’t the close-fitting clothes I bought for you in the morning inappropriate?”
