I don't know what I can do for you then..."

Charlie smiled slightly and said, "Ms. Kairi, I understand what you mean, but this question is not contradictory to me."

After speaking, Charlie paused slightly and explained: "First of all, I am indeed interested in deep cooperation with the Elms family.

This kind of cooperation is based on me and you and the rest of the Elms family, so it is about whether to accept the cooperation.

At this point, you don't need to consider Xion at all.

Even if the Elms family sends dozens of people to Aurous Hill with you in the future, in principle, they will not know Xion's existence."

Kairi Elms – Xion's Mom nodded gently, and said: "I understand Master Wade, even if the entire Elms family has established in-depth cooperation with you,

but I still can't let anyone other than me know Xion's situation. I understand that. is that OK?"

"No problem." Charlie said with a smile: "The Elms family has now broken with the Banks Family and also needs a stable source of income.

And I am thinking about expanding my sphere of influence a little bit, just because I need to hire people.

At the time, I really hope that the Elms family can cooperate with me, and the remuneration

I can give to the Elms family is definitely something that the Elms family cannot refuse."

Kairi Elms – Xion's Mom bowed slightly and said respectfully: "Master Wade, whether the Elms family cooperates with you or not,

the decision is up to my father, so I have to take the liberty to ask you, what kind of conditions can you give the Elms family?

If it is convenient, You can tell me directly, I will pass it on to my father, who will make the decision."

Charlie smiled and asked, "What conditions did the Banks Family give you before?"

Kairi Elms – Xion's Mom said: "The Banks Family will give the Elms family a fixed contract payment each year.

This amount is 600 million yuan, which is converted into a monthly payment of 50 million yuan.

In addition, there will be an accounting at the end of the year.

If the amount of tasks completed by the Elms family in the whole year reaches the standard, he will be given an additional one to two billion in bonuses.”

Charlie nodded lightly and smiled: “This is basically the same as the basic salary plus performance bonus model for work.”

“Yes.” Kairi Elms – Xion’s Mom said helplessly: “In order to make more money, the Elms family could only do their best to serve the Banks Family in the past.

This is mainly because of the direct descendants of the Elms family, more than 50 people are practicing martial arts.

People, all kinds of medicinal materials needed by so many people to practice martial arts accounted for more than half of the Elms family’s income.

If we broke with the Banks Family after the accident, the Banks Family immediately stopped the cash payment,

even last month’s five. Ten million did not make any further payments.

During this time, the Elms family’s financial situation was unable to make ends meet, and everyone’s cultivation progress was greatly affected.”

When Charlie heard this, he raised his eyebrows and asked curiously, “Ms. Kairi, take the liberty to ask, what medicinal materials do you need for cultivation?”
