

The Amazing Son In Law (Charlie Wade)

2807

Seeing these two envelopes, Elaine looked straight.

For a woman her age, the most important thing is the maintenance of the body.

To put it bluntly, it is nothing more than body skin care and body management.

Body management is a tricky thing for many middle-aged women.

After all, if you want to shape your body, you have to exercise yourself.

Many people are lazy or lack perseverance, so they can't keep up.

But skin care is much easier. I went to the beauty salon and lay down on the bed.

I didn't have to worry about anything. A lot of light-skinned, delicate little girls took various high-end skin care products to greet them.

It is equivalent to enjoying a massage process, and I have done all the skin care for my whole body.

Therefore, wealthy and wealthy wives in general love to go to beauty salons and health salons.

However, the price and cost of this high-end beauty SPA is extremely high.

Generally speaking, it costs at least five thousand yuan to get in for a full body care.

Moreover, five thousand yuan is only the basic gear, first of all,

the duration will not be too long, and secondly, the skin care product brands used for care will be relatively ordinary.

Generally speaking, a full-body SPA with a first-line skin care brand costs at least tens of thousands.

If you use a super first-line brand, such as the caviar skin care product that Charlie originally gave to Elaine, the price at that time might be approaching.

One hundred thousand.

When Elaine was the best in the past, she didn't have the confidence and strength to go to Shangri-La for SPA.

Nowadays, the unlimited number and unlimited amount of VIP cards directly sent to Shangri-La by Isaac Cameron directly meets

all Elaine's needs for skin care in one step. How could

she not be excited.

On the contrary, Claire was very embarrassed and said: "Mr. isaac, I am really embarrassed to accept such an expensive gift..."

Isaac Cameron smiled and said, "Mrs. Wade, you are welcome.

For Shangri-La, two VIP cards are nothing but Master Wade has helped us in Shangri-La.

If it weren't for Master Wade to adjust the Feng Shui for us, I'm afraid that Shangri-La would have long been there. Bankruptcy and bankruptcy."

Isaac Cameron's remarks were nothing more than rhetoric,

but Claire, Jacob, and Elaine were convinced.

After all, in their opinion, the reason why Charlie became Master Wade in Aurous Hill was because he knew Feng Shui,

so many wealthy families asked him for help. Isaac Cameron's words were not a problem.

However, Claire still felt that there was no merit, so he said euphemistically:

“Actually, I am very busy every day and I don't have much time to go to SPA.

Or take my card back. As for the other one, I will first Thank you for my mother!”

Charlie said with a smile at this time: “Wife, don't shirk this little thing.

Don't tell me if you have time. You and Mom will keep the card first.

If you have time in the future, you can directly. Passed.”

After that, he deliberately said to Isaac Cameron: “Mr. isaac,

next time I go to Shangri-La to see Feng Shui, he won't have to pay me again.”

Isaac Cameron knew immediately, and said hurriedly and politely:

“Then how embarrassed Master Wade!”

Charlie waved his hand: “Well, I should be courteous.

I will accept it. President isaac should not shirk this matter anymore.”

Isaac Cameron then borrowed the donkey and said: “If this is the case, then I’m better off respecting my life!”

At this time, Jacob, who had been silent for a long time, started a little embarrassedly and said:

“By the way, President isaac, I have something to ask you for help, don’t know if it’s okay?”

Isaac Cameron hurriedly said, “MR. Jacob, please say!”
