**The living expenses of the elderly and children have been greatly reduced.**

**The rations of cultivators have also cut most of the medicinal materials.**

**If this continues, within five years, the overall strength of the Elms family will be separated from other families.**

**There is a huge gap. By then, we will never be able to keep the seat of one of the four big families.**

**I am afraid that we will not even be able to keep the top ten.**

**The foundation left by the ancestors will be destroyed in my hands!”**

**Speaking of this, Lord Elms (Wilfred) said with a bit of excitement:**

**“But now, the Banks Family is willing to continue to cooperate with the Elms family at a price of two billion a year.**

With these two billion, the current situation of the Elms family will be achieved in one step.

Complete improvement, or even to an unprecedented new level, when the time comes, the elderly

in our family will have sufficient living security, children will also have sufficient growth security, education security,

and more importantly, the younger generation who are working hard to cultivate, It can also be greatly assisted.

Perhaps in five years, our Elms family will be able to become the top martial arts family in the country.

The revitalization of the Elms family is just around the corner!”

Kairi Elms – Xion ‘s Mom couldn’t help sighing when he heard this, and said,

“Dad... the so-called eight martial arts families, four martial arts families and even the largest martial arts family in the country.

These names are all imaginary and have no practical meaning...”

**“What?!” Lord Elms (Wilfred) said with a bit of sullenness: “Kairi Elms ! How much effort was made by**

**our ancestors of the Elms family to push the Elms family to the status of the four major martial arts families in the country.**

**You said that there is no such thing. In any practical sense? Is this worthy of the ancestors?”**

**Kairi Elms – Xion ‘s Mom said earnestly: “Dad, before today, just like you,**

**I feel that the Elms family can become the four major martial arts families in the country.**

**Among them, the significance is far-reaching and precious,**

**but today I fully understand that we are just frogs at the bottom of the well.”**

**Speaking of this, Kairi Elms – Xion ‘s Mom paused, and then said,**

**“Dad, can you believe that someone in this world can directly connect a**

person's Ren Vessel to the realm of Dacheng by himself?"

Lord Elms (Wilfred) blurted out: "Isn't this a fantasy?"

There are many masters in the ancestors of the Elms family, but who can really achieve the realm of Renmai Dacheng?

Meridians Dacheng is just an ideal state, as if people can live forever, but Just think about it!"

Kairi Elms – Xion 's Mom sighed: "So that's why I said,

why we are the frogs at the bottom of the well.

We always feel that the martial arts journey is very powerful.

Counting them, it may not be able to beat the opponent alone,

and may not be able to stop the opponent with a move..."
