

The Amazing Son In Law (Charlie Wade)

CHAPTER 2891

Zara heard Lord Banks straightforwardly say what he thought in his heart, and couldn't help but sigh in his heart: "Talking to smart people is peace of mind. Everyone is a master who can nod in a word, saving a lot of twists and turns. ."

As a result, she no longer concealed her true motives and said: "You are right. I really want to get some compensation for my mother and me. I think this is what we deserve."

As she said, she added: "By the way, this is not only for me and my mother, but also for my dad! I heard that he, like my second uncle, has disappeared. He is only working for the Banks Family. Those who are missing should receive a certain amount of compensation."

Lord Banks asked her: "Zara, don't you know about your father's disappearance? He disappeared in Aurous Hill, and I think his disappearance has a very big relationship with your benefactor."

Zara denied: "I don't know exactly how my dad disappeared. I only know that he came to Aurous Hill to help bank's family negotiate cooperation with the Japanese."

Lord Banks sighed and said, "Your dad did go to Aurous Hill to discuss cooperation. He was going to see Ito Yuhiko from the Ito family, but he has disappeared before he even meets Ito Yuhiko. Closely, before he disappeared, he used his authority to transfer the family's 100 million U.S. dollars to an unknown overseas account. I suspect that he might have been kidnapped."

After that, Lord Banks asked again: "Do you really know this thing? Did you never ask the benefactor, or he didn't tell you at all?"

Zara said indifferently: "He never told me, but I don't think he has any reason to target my dad. My dad has never offended him, and the danger that my mom and I encountered this time has nothing to do with him. "

When Lord Banks heard this, his face suddenly became very ugly.

"Zara said that Zayne didn't offend her benefactor because Zayne didn't participate in her and her mother's distress. Isn't that just to point me to me?"

"In other words, because I planned the assassination of Deana, I offended her benefactor? Then is he still prepared to deal with me?!"

Zara's words contained a faint threat, which made Lord Banks a headache.

However, he now dare not directly offend Zara.

After all, he also plans to ease the relationship with Zara first, and then find a way to find out who the benefactor is.

If he could provide Master Felix with some clues and let Master Felix use metaphysical means to kill him, then he could solve this problem once and for all in the future.

So, his tone was immediately full of compromise, and he said with emotion: "Zara, what you said is really correct. I'm sorry for you and your mother. And your dad suffered an accident because of the Banks Family. I really have to compensate you well..."

After speaking, Lord Banks said: “Zara, what compensation do you want, just say it, as long as I can do it, I will promise you!”

Originally, Zara did not want to make any transactions with Lord Banks.

She didn't care about money, and it was not so easy to forgive Lord Banks for what she did, and she could never forgive him for what she did all her life.

However, since Charlie let her become Banks Family Patriarch within three years, she has changed her mind.

She used to be in the family, not fighting, not grabbing, and not getting ahead, but now, she wants to change her way.

So she asked Lord Banks: “The reason why my dad wants to meet Yuuhiko Ito must be for the ocean shipping business, right?”

“Yes.” Lord Banks said frankly: “Our ocean shipping business has now been stopped. There was dissatisfaction with Banks from above, so I have not let go of it during this period. Your dad also wants to take our ship and The resources are all transferred to Japan, and the Japanese company's shipping permits, route resources, and terminal resources are used to continue operating this business, but it's a pity...”

Zara said at this time: “Well, I want the Banks Family to transfer this business to me. In the future, all the ocean transportation business of the Banks Family will be in charge of me, and all related resources will be controlled by me.”
