

The Amazing Son In Law (Charlie Wade)

Chapter 2894

at the same time.

Charlie has received a call from Kairi Elms – Xion’s Mom.

The Elms family has selected ten family members with the strongest strength, the highest talent, and the highest loyalty this time, and they are ready to set off to Aurous Hill to report to him immediately.

According to Kairi Elms – Xion’s Mom, Lord Elms (Wilfred), who has just broken through the fourth meridian and became a four-star warrior this time, also became one of the ten people.

Charlie didn’t feel much about who came from the Elms family, after all, he didn’t really need the Elms family to work for himself.

However, hearing that the old man of the Elms family personally put on the battlefield did make Charlie feel the sincerity of the Elms family.

Because the Elms family was here tonight, Charlie came to sangri-la and told Xion the news.

Xion was naturally extremely excited when she heard that both her mother and grandpa would come.

After hearing that Grandpa had broken through the four meridians and became a four-star warrior, his eyes were wet with excitement.

She looked at Charlie, choked and said, “Break through the four meridians and become a four-star warrior. Grandpa’s

greatest wish in this life is the biggest wish. After he was 60 years old, he knew that he would definitely have no hope of breaking through in this life. This incident was regarded as the biggest regret of my life...”

Having said this, she said with a grateful expression: “Master Wade, all thanks to the opportunity you gave, if it weren’t for your pill, grandpa would definitely not have such an opportunity, thank you!”

Charlie smiled slightly: “You don’t have to thank me for anything. The cooperation with your Elms family is indeed for your face, but this kind of cooperation is also equal, and it is not my unilateral charity. .”

“Furthermore, I may have many places where I need to use the Elms family in the future. As long as the Elms family can work with me wholeheartedly, I will definitely give the Elms family more opportunities to rise.”

“This kind of opportunity is not only money and pill, it may even include a complete internal martial arts and other internal martial arts.”

When Charlie said this, he paused and asked: “According to my observations, the inner boxing technique that your Elms family cultivates should be a broken scroll. I don’t know if what I said is wrong?”

Xion quickly said: “Mr. Charlie really has a lot of magical powers, you can even see this...”

After all, she explained truthfully: “In fact, the inner boxing techniques that the Elms family has passed down for hundreds of years were not created by the Elms family ancestors, but were obtained by chance by the Elms family ancestors.”

“In fact, when it was first obtained, it was a fragmented volume, and most of the content was missing...”
