

The Amazing Son In Law (Charlie Wade)

Chapter 2917-2918

During the two days of resting at home, what Ziva Hank was thinking about was the shadow of Charlie.

She originally wanted to contact Charlie as soon as possible, and then went directly to Charlie to report and start work.

But her physical condition was indeed a little weak, and her father had been stopping her from letting her go to work so soon, so she couldn't wait any longer.

Now that I heard that Charlie was in his own community, he naturally couldn't wait to see him as soon as possible.

Hank originally persuaded her to rest at home, but when she saw her resolute attitude, he stopped talking and said hurriedly: "Then you change your clothes and go out, Charlie is still waiting."

"Okay!" Ziva Hank was overjoyed, and his whole body was refreshed a lot, and he quickly turned around and went back to his room.

She chose a beautiful dress carefully, but seeing that she was still a little pale, she quickly put on makeup at the fastest speed.

When she came out of the room, she was totally different from the self just now.

Hank didn't expect that his daughter would become so energetic all at once, and he couldn't help but feel a little surprised. He didn't know what she had done.

The father and daughter came out of the house together, and within a few minutes they came to the villa where Charlie was.

When entering the door, Charlie was standing in the courtyard talking to Lord Elms (Wilfred) and Kairi Elms – Xion's Mom.

When Hank and Ziva Hank came in, he hurriedly said with a smile: "Old Elms and Ms. Kairi, I will introduce two friends to the two. They also live in this community. You will be neighbors with Mr. Hank in the future."

Hank also walked over quickly at this time, before he was there, he waved his hand and said, "Charlie, why don't you come over and say hello in advance? I'm ready to have dinner and have a good night at home!"

Charlie smiled and said, "Uncle Hank, you are too polite. I happened to accompany my friend to take a look at the room. I have to go home later, so I will come back to harass another day."

With that said, he looked at Ziva Hank next to Hank. Seeing that Ziva Hank was in good condition and his pretty face was also showing red clouds, he couldn't help but smile and said, "Ziva Hank, it seems that he is in good condition today?"

Ziva Hank said with some embarrassment: "Thank you, Mr. Wade, for your concern. Today is much better, and I can report to you the day after tomorrow."

Charlie waved his hand: "Don't worry, it's okay for you to take a good rest for two days."

Ziva Hank hurriedly said: "I really have almost recovered. If I have a good night's sleep, there should be no problem tomorrow. Do you think I can find you?"

Charlie thought for a while and said, "Well, don't you tomorrow, the day after tomorrow! At nine o'clock the next morning, you go to Emgrand Group to find their chairman Doris Young. Then I will be waiting for you in Doris Young's office."

"Okay!" Ziva Hank nodded without hesitation, and said: "I must be at the Emgrand Group on time the next morning!"

Charlie said, "I happened to ask Jasmine from the Moore Family in Aurous Hill, and Ito Nanako from the Ito family in Japan. The Moore Family is now cooperating with Japan's Nippon Steel to build a factory in China. In the future, it will definitely require a lot of maritime transport capacity. The Ito family itself also has a lot of shipping resources in Japan, and you can integrate them and work together at that time. You can get to know them the day after tomorrow and see how to cooperate next."

Ziva Hank hurriedly said: "No problem, Mr. Wade, I will sort out a basic plan in the past two days."

"Okay." Charlie smiled and nodded, and then hurriedly said: "Oh, I almost forgot to do business!"

As he said, he pointed to Hank and said to Lord Elms (Wilfred): "Old man Elms, this is my mother's classmate and friend back then, Professor Hank, and the beautiful woman next to him is Professor Hank's daughter, Ziva Hank. You will live with them in the future. In the community, if there is anything that needs your help, please take care of it!"

Lord Elms (Wilfred) said without hesitation: "Master Wade can rest assured, Professor Hank and Miss Ziva can come to me at any time if they have anything to do in the future!"

Hank was still a little puzzled, how could Charlie let an old man who was almost able to be his father to take care of and protect himself and his daughter?
