

# The Amazing Son In Law ( Charlie Wade )

## Chapter 3178-3179

Charlie nodded and smiled: "No problem, that's it!"

After speaking, Charlie checked the time and said: "Claire, you will watch TV with your parents for a while, and I will take a shower."

"Okay." Claire nodded, and when Charlie came upstairs, he suggested to Jacob and Elaine: "Dad and Mom, let's stay with Charlie to keep the year old at night. It's until 12 o'clock in the morning. He used to be on his birthday. , I will wait until 12 o'clock to say happy birthday to him for the first time. This year, the three of us can accompany him together."

"Okay!" Elaine clapped his hands and said, "Wait until twelve o'clock, and say happy birthday to my good son-in-law!"

Jacob naturally didn't have any comments, but he kept sighing with emotion: "Oh! Thinking about the attitude towards Charlie in the past few years, I feel uncomfortable as a dad..."

Elaine, who was on the side, didn't think about it. She just kept chanting, "I don't know if this good son-in-law is celebrating his birthday. Will his customers come to give him gifts? When the Chinese New Year was last time, those people didn't Give away less things, behave, all kinds of rare and precious treasures, it's really blinding!"

Claire helplessly said: "Mom...what are you thinking about here...the things that those people gave Charlie, to be honest, I've always been a little worried, I hope they don't send it again in the future."

"I'm afraid of something." Elaine waved his hand indifferently, "My good son-in-law is now a Feng Shui master. The money given by rich people everywhere is billions, which is amazing!"

Jacob said solemnly: "That guy is a big liar, didn't he let him be caught later?"

Elaine curled his lips and said, "What does it matter to my good son-in-law? My good son-in-law shows feng shui to others, that's all true talents!"

As he said, Elaine said with emotion: "Didn't they still give my son-in-law a luxury yacht? My legs and feet are not very convenient. I have never had the opportunity to experience it on a yacht. I feel regretful when I think of it. ..."

Jacob opened the mouth and said, "The weather hasn't really warmed up yet. Go on a yacht to drink the northwest wind on the sea? I want to go and wait for Qingming Festival before going."

Elaine's eyes lit up and he blurted out: "That's good! After the Ching Ming Festival, my leg should be able to remove the plaster too!"

After finishing speaking, he quickly said to Claire:, when that happens, you remember to be arrogant, let the good son-in-law drive us out on the yacht!"

After Charlie came out of the shower, seeing his wife Claire hadn't returned to the room, he put on his pajamas and went to the living room again.

In the living room, a family of three was chatting happily.

Jacob and Elaine, the old friends who had been arguing about separating, unexpectedly stopped choking at each other.

Charlie came down and asked curiously: ", Dad, Mom. Why don't you go back to your room to rest?"

Claire hurriedly got up, ran over to take Charlie's arm, and said with a smile: "My parents said they want to keep you old, your 27th birthday is less than two hours away. Everyone is waiting. Let me tell you a happy birthday!"

Charlie smiled knowingly and said, "Thank you wife, thank you parents."

Elaine immediately flattered and said, "Oh my son-in-law, what you and your mother are doing so politely is really too strange."

After finishing speaking, he immediately asked: "By the way, my son-in-law, tomorrow is your birthday. Will your customers come to your house to give you gifts like the New Year?"

Charlie was startled. He didn't know whether Isaac Cameron and the others would come to give him gifts.

However, he did have some headaches about the scene of queuing to give gifts, so he made up his mind to say to Isaac Cameron after a while and asked him to ask some other people, if he really prepared gifts for himself, don't do it. Delivered to home.

So while he took out his mobile phone to send Isaac Cameron WeChat, he said to Elaine: "Mom, the reason why they came to give gifts during the Chinese New Year is mainly because I helped them a lot last year, so they concentrated on coming over to say thank you at the end of the year. , they will definitely not come on my birthday, after all, people's money is not brought by the wind."

When Elaine heard this, she couldn't help but said with a bit of disappointment on her face: "I thought they would come tomorrow too. If this is the case, then wait patiently until the end of this year."

Claire on the side heard this and shook his head helplessly.

Afterwards, it was rare for the family to sit together and chat quietly.

Both Claire and Jacob talked about their own work.

Although Claire has been very busy recently, she feels very fulfilling.

Although she has been working for so many years before, she has been working in the Wilson Group before. Not only does she have to be blinded by the old lady, she is also constantly squeezed out by Wilson and Wandy. That kind of work is very awkward and it is difficult to perform her own work. Strengths and abilities.

Now that she works for herself after starting her own business, she can naturally sweep away the previous haze, and she has received a lot of resource support and help from the Emgrand Group from the beginning of her business, so she has gradually found a sense of success in her career, and feels very much every day. Full and have a sense of accomplishment.

As for Jacob, he has made considerable progress in the Calligraphy and Painting Association recently.
