

# The Amazing Son In Law ( Charlie Wade )

## Chapter 3260-3261

A family of four was full of food and drink. Jacob was already drinking a little bit, and he started to have a big tongue when he spoke. At first glance, he drank too much.

Elaine and Claire are both inferior to the wine, but after Elaine heard that this red wine is also worth one hundred thousand one bottle, he bit his teeth and drank more than half of the bottle.

The whole person drank so much that he was silly holding the bottle. Happy.

Claire drank less. Although his cheeks were a little rosy, his brain was still very clear.

Seeing that everyone was full and there was only one hour left before the concert, he said to Charlie: "Husband, I'll go Change clothes upstairs, let's go to the concert in a while!"

Charlie nodded and smiled: "Go, I'll wait for you downstairs."

At this time, Elaine, who had drunk too much, held Lafite's red wine bottle, and said with emotion: "Oh...I Elaine is real..."

I didn't expect that our family's life... can live like this. , Driving a luxury car, living in a luxury house, using hundreds of thousands of skin care products, drinking more than a hundred thousand bottles of high-end red wine...

Damn, even when she was the most glorious before, lady Wilson had never enjoyed this Treatment!"

Under the stimulation of alcohol, Jacob also said with some emotion: "Who...who won't say? I...my mother's old...old villa, old, dilapidated and dirty, it has long been like a mansion.

Now, how can it be compared with our Tomson first-class villa..."

Elaine rarely agreed with Jacob's words, nodded and said: "I told you Jacob, this is the good fortune of our family!

If I had not given you such a good daughter, could we have today?"

As she said, she said a little bit angrily: "Back when you married me and came in, your whole family looked down on me, especially your mother.

In her eyes, I just relied on a big belly, and a mother married you with her son. Coming from home, I feel that I marry you, Elaine made the climb..."

Speaking of this, Elaine's eyes were a little red and said: "At that time, she liked Christopher Wife as much as she hated me.

Christopher Wife is different! People are beautiful, and they will make old ladies happy.

Taking such a daughter-in-law out to save face, unlike me, who was born in a rural area, did not look as beautiful as Christopher Wife, and did not wear as much as hers, it felt as if I lost the face of the Wilson family.

I was in your home for so many years I don't know how many eyes, how much anger..."

Elaine paused, rubbed his eyes, sighed, and then said: "But look now! Whether it's your mother or your brother's family, who has had a good time with us?"

Jacob chuckled awkwardly and did not speak.

Elaine asked, "Jacob, why don't you say anything? What should I ask you? Tell yourself, who has a good life with us?"

Jacob said helplessly: "Yes, yes, you are right, right?"

Elaine felt aggrieved and couldn't help but choke out: "You will confuse me! After so many years of marriage, you have been doing it as if you were aggrieved, but have you ever thought about it, how wronged is in my heart?"

Jacob couldn't help scratching his head, and said with a smile: "Hurt! It's been so many years, why do you say this?"
